PROGRAMME FOR THE ISSUANCE OF NOTES AND WARRANTS

Index and Equity-Linked Notes and Warrants

On 24 February 1999, HSBC Bank plc (the "**Issuer**") established a Programme for the Issuance of Notes and Warrants (the "**Programme**").

This document (which expression includes all documents incorporated by reference herein) has been prepared for the purpose of providing disclosure information with regard to certain types of notes and warrants issued under the Programme, namely notes ("**Notes**", "**Index-Linked Notes**" or "**Equity-Linked Notes**") and warrants ("**Warrants**", "**Index-Linked Warrants**" or "**Equity-Linked Warrants**") which have an amount payable on maturity or expiry (as applicable) which is linked to the performance of one or more indices or one or more securities, as the case may be.

This base prospectus (as supplemented from time to time, the "**Base Prospectus**") has been approved by the Central Bank of Ireland (the "**Central Bank**"), which is the Republic of Ireland competent authority for the purposes of Regulation (EU) 2017/1129 (the "**EU Prospectus Regulation**"). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of any Notes or Warrants that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in such Notes or Warrants.

In relation to any Notes or Warrants, this Base Prospectus must be read as a whole and together also with the relevant final terms (the "**Final Terms**"). Any Notes or Warrants issued on or after the date of this Base Prospectus and which are the subject of Final Terms which refer to this Base Prospectus are issued subject to the provisions described herein. This does not affect any Notes or Warrants already in issue or any Notes or Warrants issued under any other base prospectus published in connection with the Programme. This Base Prospectus is valid for a period of twelve months from the date of approval.

This Base Prospectus has been prepared for the purposes of providing disclosure information with regards to both Notes and Warrants, and only Index-Linked Notes, Equity-Linked Notes, Index-Linked Warrants and Equity-Linked Warrants may be issued under this Base Prospectus.

Notes may be governed by English law (the "**English Law Notes**") or French law (the "**French Law Notes**"). The terms and conditions of the English Law Notes are set out herein in the sections headed "**Terms and Conditions of the English Law Notes**" (the "**General English Law Conditions**") and "**Alternative Terms and Conditions of the English Law Notes**" (the "**Alternative English Law Conditions**") and the terms and conditions of the French Law Notes (the "**French Law Conditions**") are set out herein in the section headed "**Terms and Conditions of the French Law Notes**". French Law Notes may only be issued in bearer dematerialised form (*au porteur*). Where the Final Terms specify that "**Alternative English Law Conditions**" apply, the conditions set out herein in the section headed "**Alternative Terms and Conditions of the English Law Notes**" apply. References herein to the "**Terms and Conditions of the Notes**" shall mean the General English Law Conditions or the French Law Conditions or the Alternative English Law Conditions, as applicable.

Applications have been made to admit Notes or Warrants (as applicable) to listing on the Official List of the Irish Stock Exchange plc (trading as Euronext Dublin) ("**Euronext Dublin**") and to trading on the regulated market of Euronext Dublin, which is a regulated market for the purposes of Directive 2014/65/EU (as amended, "**MiFID II**"). Application may be made for a listing of Notes or Warrants on Borsa Italiana S.p.A. and admission to trading on the Electronic Bond Market, being the regulated market of the Borsa Italiana S.p.A. ("**MOT**").

Information on how to use this Base Prospectus is set out on pages ii-v and a table of contents is set out on page xi.

EU PRIIPs REGULATION – IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the EU Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

UK PRIIPs REGULATION – IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes or Warrants includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes or Warrants are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union Withdrawal Act 2018 (as amended, the "**EUWA**"); or (ii) a customer within the meaning of the provisions of the United Kingdom Financial Services and Markets Act 2000 (as amended) ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive 2016/97/EU, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or Warrants or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or Warrants or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or the state securities laws of any state of the United States, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons as defined in Regulation S under the Securities Act ("**Regulation S**") except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

In addition, unless the relevant Final Terms specifies otherwise, Warrants may not be offered or sold to, or for the account or benefit of U.S. Persons (as defined in the U.S. Commodity Futures Trading Commission regulation 23.23(a)(23)) at any time.

The Issuer has been assigned the following long term credit ratings: A+ by S&P Global Ratings UK Limited ("**S&P**"); A1 by Moody's Investors Service Limited ("**Moody's**"); and AA- by Fitch Ratings Limited ("**Fitch**"). Each of S&P, Moody's and Fitch is established in the UK and registered under Regulation (EU) No 1060/2009 on credit rating agencies as it forms part of the domestic law of the UK by virtue of the EUWA (the "**UK CRA Regulation**"). As such, each of S&P, Moody's and Fitch appears on the latest update of the list of registered credit rating agencies (as of 31 December 2020) on the UK Financial Conduct Authority's (the "**FCA**") Financial Services Register. The ratings each of S&P, Moody's and Fitch have given to the Issuer are endorsed by S&P Global Ratings Europe Limited, Moody's Deutschland GmbH and Fitch Ratings Ireland Limited, respectively, each of which is established in the European Union and registered under Regulation (EU) No 1060/2009 on credit rating agencies (the "**EU CRA Regulation**").

Interest and/or other amounts payable under the Notes and Warrants may be calculated by reference to certain reference rates, indices or other variables, which may constitute a benchmark under Regulation (EU) 2016/1011 (the "**EU Benchmarks Regulation**"). If any such reference rate, index or variable does constitute such a benchmark, the relevant Final Terms will indicate whether or not the administrator thereof is included in the register of administrators and benchmarks established and maintained by ESMA pursuant to Article 36 of the EU Benchmarks Regulation. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update any Final Terms to reflect any change in the registration status of any administrator.

The Notes are not deposit liabilities of the Issuer and are not covered by the United Kingdom Financial Services Compensation Scheme or insured by the U.S. Federal Deposit Insurance Corporation or any other governmental agency of the United Kingdom, the United States or any other jurisdiction.

It is advisable that investors considering acquiring any Notes or Warrants understand the risks of transactions involving the Notes or Warrants and it is advisable that they reach an investment decision after carefully considering, with their financial, legal, regulatory, tax, accounting and other advisers, the suitability of the Notes or Warrants in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes or Warrants will have on their overall investment portfolio) and the information contained in this Base Prospectus and the relevant Final Terms. The distribution of this Base Prospectus and the offer, distribution or sale of Notes or Warrants may be restricted by law in certain jurisdictions. None of the Issuer, the Programme Arranger nor any Dealer represents that this Base Prospectus may be lawfully distributed, or that any Notes or Warrants may be lawfully offered, or assumes any responsibility for facilitating any such distribution or offering, in any other jurisdiction. In certain circumstances, the actions or omissions of the issuer of securities to which the Notes or Warrants relate or for which the Notes or Warrants are exchangeable, the sponsor of an index to which Notes or Warrants are linked or others outside the control of the Issuer may adversely affect the rights of the Noteholders or Warrantheholders (as applicable) and/or the value of the Notes or Warrants, including actions that may give rise to an adjustment to, or early redemption or termination (as applicable) of, the Notes or Warrants.

None of the Issuer or any of its affiliates is under any obligation to provide information in respect of any Reference Asset (as defined below) or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an equity index) or monitor whether or not any event or circumstance in respect of such Reference Asset(s) or securities has occurred unless it is explicitly and positively stated that such person will do so. The Issuer may have acquired, or during the term of the Notes or Warrants may acquire, non-public information with respect to one or more Reference Assets or the securities underlying the Reference Asset(s) (where the Reference Asset(s) is an equity index). The Issuer is not under any obligation to make such information available to holders of such Notes or Warrants. Therefore, an investor in the

Part I – Information Relating to the Programme Generally
Section I.1 – Overview of the Programme

The price and amount of Notes and Warrants to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

The Warrants may be issued for consideration of more or less than, or equal to, EUR 100,000 (or its equivalent in another currency) per Warrant.
Interest:	<p>Notes may or may not bear interest. For each interest calculation period in respect of which the Notes bear interest, interest may be calculated at a fixed rate, at a floating rate or by reference to the occurrence of certain trigger events.</p> <p>Some Notes may specify in their Final Terms that "Coupon Trigger Event" provisions are applicable. In this case, a coupon payment may be made by the Issuer to an investor, depending on the performance of the Underlying (as defined below) to which a Note is linked.</p> <p>Further, some Notes may specify in their Final Terms that "Lock-In Event" provisions are applicable. In this case, a coupon payment may be made by the Issuer to an investor on a coupon payment date, depending on the performance of the Underlying to which the Note is linked on the related valuation date. Moreover, if the performance of the Underlying exceeds a higher specified level on any valuation date, then coupon payments will be made by the Issuer to an investor in respect of all future coupon payment dates, regardless of the future performance of the Underlying.</p> <p>The Warrants do not bear interest.</p>

able to hold the relevant Underlying itself. The Notes and Warrants may be linked to underlying securities, which may including exchange traded funds ("Underlying Securities") or underlying indices ("Underlying Indices", together with the Underlying Securities, the "Underlyings" and each, an "Underlying").

Final Redemption Amount (in relation to Notes):	On the Maturity Date, Noteholders will be entitled to receive a Final Redemption Amount linked to the performance of the relevant Underlying(s).
Cash Settlement Amount (in relation to Warrants):	Warrantholders are entitled following exercise of their Warrants to receive a Cash Settlement Amount linked to the performance of the relevant Underlying(s).
Exercise of Warrants:	Warrants may be exercised on the date specified in the relevant Final Terms and are "European Style Warrants". Unless "Automatic Exercise" is specified as "Not Applicable" in the relevant Final Terms, the relevant Warrants may be automatically exercised on their Expiry Date.
Events of Default (in relation to the Notes):	<p>The following events constitute events of default (each, an "Event of Default") under the Notes and would entitle (A) with respect to English Law Notes, any Noteholder to accelerate its Notes, or (B) with respect to French Law Notes, the Representative (as defined in the French Law Conditions) acting upon request of any Holder (as defined in the French Law Conditions), to accelerate all the Notes held by such Holder: (i) the Issuer fails to remedy a default in the repayment of any principal due on the Notes or in the payment of any interest due in respect of the Notes, in each case within 14 days of notice of such default having been given to the Principal Paying Agent or other Paying Agent or the Registrar (as the case may be), in relation to the English Law Notes, by any Noteholder in accordance with Condition 12(b) (<i>Notices from Noteholders</i>) and in relation to the French Law Notes, by the Representative acting upon request of any Holder in accordance with Condition 11(b) (<i>Notices from Noteholders</i>), provided that the reason for non-payment is not compliance with any fiscal or other law or regulation or court order, or that there is doubt as to the validity of such law, regulation or order in accordance with independent legal advice from advisers which is acceptable to HSBC Bank plc, acting in its capacity as principal paying agent (the "Principal Paying Agent"); or (ii) the passing of a winding-up order in relation to the Issuer. On an Event of Default, the Notes will be redeemed against payment of an amount per Note equal to the percentage per Calculation Amount calculated in accordance with, and subject to, Condition 5(h) (<i>Redemption and Purchase – Calculation and Rounding</i>) or its Fair Market Value, in each case as specified in the relevant Final Terms.</p> <p>There are no events of default applicable to the Warrants.</p>
Early redemption/termination for illegality:	If the Calculation Agent determines that the performance of the Issuer's obligations has become unlawful or (in the case of Warrants and Notes other than Alternative English Law Conditions Notes only) impracticable in whole or in part for any reason, the Issuer will be entitled to redeem the Notes or terminate the Warrants early and pay the relevant investor an amount per Note or Warrant (as applicable) which may be, if so specified in the relevant Final Terms, equal to the Fair Market Value of such Note or Warrant.

Early redemption for taxation reasons (in relation to Notes):	If the Issuer were required under the terms and conditions of the Notes (as applicable) (the " Conditions ") to pay additional amounts in respect of tax, the Issuer may subject to prior notice to the holders of such Notes, redeem all, but not some only, of such Notes and pay the relevant investor an amount per Note which may be, if so specified in the relevant Final Terms, equal to the Fair Market Value of such Note.
Taxation:	<p>Unless Condition 6(B) is specified as being applicable in relation to a Series of Notes, all payments by the Issuer in respect of the Notes will be made without deduction of any taxes, duties and other similar charges, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct, any such taxes. In the event that the Issuer is so required by law to withhold or deduct the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction and, accordingly, Noteholders will be liable for and/or subject to such taxes so withheld or deducted in respect of the Notes.</p> <p>If Condition 6(B) is specified as being applicable in relation to a Series of Notes, then if the Issuer is required by law to withhold or deduct on account of such United Kingdom taxes, it will, subject to certain exceptions as outlined in Condition 6(B), pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts which would have been receivable in respect of the Notes in the absence of such withholding or deduction.</p> <p>All payments by the Issuer in respect of Warrants will be made without deduction of any taxes, duties and other similar charges, including United Kingdom taxes, unless the Issuer is required by law to withhold or deduct any such taxes or the Issuer exercises its right to withhold or deduct any such taxes. If the Issuer is so required by law to withhold or deduct any such taxes, it shall not be obliged to pay any additional amounts to the Warrantholders. Therefore, Warrantholders will be liable for and/or subject to any taxes, duties and other similar charges, including withholding tax, stamp duty, stamp duty reserve tax and/or similar transfer taxes, payable in respect of the Warrants.</p>
Governing Law:	English Law or French law with respect to Notes; English Law with respect to Warrants.
Ratings:	The Issuer is rated by S&P, Moody's and Fitch. Series of Notes and Warrants will not be individually rated.
Selling Restrictions:	For a description of certain restrictions on offers, sales and deliveries of Notes and Warrants, see Section II.3 " <i>Subscription and Sale of Notes</i> " and Section III.3 " <i>Purchase and Sale of Warrants</i> ".

SECTION I.2 – RISK FACTORS

Guidance on this Risk Factors section

*This section provides details of the principal risks associated with the Issuer and the Notes and Warrants. References to the "Issuer" or the "Bank" are references to HSBC Bank plc, and references to the "Notes" or the "Warrants" are references to index-linked notes or warrants or equity-linked notes or warrants issued under the Programme for the Issuance of Notes and Warrants (the "**Programme**").*

Any investment in the Notes and Warrants is subject to a number of risks. Prior to investing in the Notes and Warrants, investors should carefully consider risk factors associated with any investment in the Notes and Warrants, the business of the Issuer and the industry in which it operates, together with all other information contained in this Base Prospectus, including, in particular the risk factors described below and the risk factors set out in the Registration Document (as defined in the section headed "Incorporation by Reference" below), incorporated by reference. The Issuer considers such risk factors to be the principal risk factors that may affect the Issuer's ability to fulfil its obligations under the Notes and Warrants and/or risk factors that are material for the purposes of assessing the market risk associated with the Notes and Warrants. Words and expressions defined in the Conditions or elsewhere in this Base Prospectus have the same meanings in this section.

This section is divided into a number of sub-sections, details of which are set out in the table below:

Name of sub-section	Page	Applicable to	Explanation
(1) Risks relating to the Bank	7	All Notes and Warrants.	This sub-section will be relevant for all issues of Notes and Warrants, as it details the risk factors which the Issuer deems to be material in respect of itself as issuer of Notes and Warrants, and its ability to perform the obligations owed to holders of any Notes and Warrants.
(2) Risks relating to all issues of Notes and Warrants	7	All Notes and Warrants.	This sub-section will be relevant for all issues of Notes and Warrants, as it details the risk factors which the Issuer deems to be material in respect of all Notes and Warrants.
(3) Risks relating to taxation of the Notes and Warrants	23	All Notes and Warrants.	This sub-section sets out certain withholding tax risks which may apply to issues of Notes or Warrants.
(4) Risks relating to the Notes	26	Notes only.	In some respects, the Notes and Warrants entail different risks from one another on account of the difference in the nature of Notes and Warrants and in their terms.
(5) Risks relating to the Warrants	29	Warrants only.	
(6) Risks relating to emerging markets currencies	29	All Notes and Warrants which are settled in emerging market currencies.	This sub-section will be relevant for Notes and Warrants in respect of which payments will be made in an emerging markets currency, and also sets out risks associated with settlement in Offshore RMB outside the PRC.
(7) Risks relating to ESG Bonds	31	Notes only.	This sub-section will be relevant for Notes in respect of which "Green Bonds", "Social Bonds" or "Sustainable Bonds" has been

Name of sub-section	Page	Applicable to	Explanation
			specified as applicable in the relevant Final Terms.
(8) Additional risks relating to Alternative English Law Conditions Notes	32	Notes only.	This sub-section will be relevant for Notes in respect of which the "Alternative Terms and Conditions of the Notes" has been specified as applicable in the relevant Final Terms (" Alternative English Law Conditions Notes ").

In particular, Investors should be aware that, depending on the terms applicable the relevant Series of Notes or Warrants, repayment of any amount invested and any return on investment is not guaranteed. As a result the investors' capital can fall below the amount initially invested in such Notes or Warrants and, in the worst case, the investors may lose their entire invested amount.

*Investors should note that the risks relating to the Issuer, the industry in which it operates and the Notes and Warrants summarised in an issue specific summary (the "**Issue Specific Summary**") appended to the Final Terms relating to a Tranche of Notes or Warrants are the risks that the Issuer believes to be those key to an assessment by an investor of whether to consider an investment in such Notes and Warrants. However, as the risks which the Notes and Warrants are subject to and which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, investors should consider not only the information on the key risks summarised in the Issue Specific Summary appended to the Final Terms relating to any Tranche of Notes or Warrants (and set out in more detail below) but also, among other things, the other risks and uncertainties described below.*

Additional risks and uncertainties relating to the Issuer or the Notes and Warrants that are not currently known to the Issuer, or that the Issuer currently deems immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of the Issuer, the level of the index or indices or the value of the security or securities underlying the Notes and Warrants or the Notes and Warrants themselves, and, if any such risk should occur, the price of the Notes and Warrants may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes and/or Warrants is suitable for them in light of the information in this Base Prospectus and their personal circumstances.

(1) Risks relating to the Bank

A description of the risk factors relating to the Issuer that may affect the ability of the Issuer to fulfil its obligations under the Notes and/or Warrants are set out in the section entitled "*Risk Factors*" on pages 1 to 22 of the Registration Document (as defined in the section headed "*Incorporation by Reference*" below).

(2) Risks relating to all issues of Notes and Warrants

Set out below is a description of the principal risks that should be taken into consideration by investors in the Notes and Warrants.

Credit Risk

Issuer Credit Risk

The Notes and Warrants are direct, unsecured and unsubordinated obligations of the Issuer and not of any other person. If the Issuer's financial position were to deteriorate, there could be a risk that the Issuer would not be able to meet its obligations under the Notes and Warrants (the Issuer's "credit risk"). If the Issuer becomes insolvent or defaults on its obligations under the Notes and Warrants, **in the worst case scenario investors in the Notes and Warrants could lose all of their invested amounts.** Unlike a savings account or similar investment, an investment in the Notes or Warrants is not covered by the UK Financial Services Compensation Scheme.

Investors should be aware that any rating of the Issuer reflects the independent opinion of the relevant rating agency and is not a guarantee of the Issuer's credit quality. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by its assigning rating agency at any time.

The Notes and Warrants are unsecured obligations

It will be particularly important for the investor to evaluate the Issuer's credit risk when considering an investment in the Notes and Warrants as the Notes and Warrants are not secured. If the Issuer became unable to pay amounts owed to the investor under the Notes and Warrants, such investor does not have recourse to the Reference Asset(s) (as defined below) or any other security or collateral and, **in a worst case scenario, may not receive any payments under the Notes or Warrants.**

Risks related to linkage to underlying Reference Asset(s) and potential limitations on return

The Notes and Warrants are linked to an underlying Index or Security or a number of underlying Indices or Securities (as applicable, the "**Reference Asset(s)**"). Investors should be aware of the following risks related to the linkage to the Reference Asset(s).

The Notes and Warrants are not ordinary debt securities and investors are exposed to the risks relating to the Reference Asset(s)

An investment in the Notes and Warrants is not an equivalent to an investment in a time deposit. The terms of the Notes and Warrants may differ from those of ordinary debt securities because the Notes may not pay interest, the Warrants do not pay interest and, on redemption or expiry (as applicable), depending on the performance of the Reference Asset(s), the Notes and Warrants may return less than the amount invested or nothing.

The repayment of any amount invested in Notes and Warrants and any return on investment is variable and not guaranteed. Unlike a savings account or similar investment with a lower return and little or no capital risk, the Notes and Warrants may potentially have a greater return but there is a greater risk of loss of capital. **As a result, an investor's return may be below the amount initially invested.**

Payment at maturity or expiry (and/or payment on early redemption or termination in certain circumstances) and/or payment of interest amounts depend on the performance of the Reference Asset(s). Investors should therefore be prepared to be exposed to the risks related to the Reference Asset(s). The value or level of the Reference Asset(s) can alter sharply because it reflects the performance of the underlying value or general stock and other market conditions. Therefore, there is a risk that, if the value or level of the Reference Asset(s) does not move in the anticipated direction, **the Notes or Warrants may return less than the amount invested and, in a worst case scenario, investors could lose their entire invested amount.**

In addition, investors should note that there may be a risk that if the issuer of an underlying Security becomes insolvent, the value of such Security will become zero. As a result thereof the value of the Notes or Warrants will be adversely affected and in a worst case scenario become zero as well. Investors in the Notes or Warrants would then lose all of their invested amounts.

The Issuer cannot predict the value or level of the Reference Asset(s) on any date during the life of the Notes or Warrants or at maturity or expiry (as applicable). The total return of the Notes or Warrants may be less than other fixed rate instruments, including other securities available directly from the Issuer. Investors should compare the rates of return and other features of the Notes or Warrants to other available investments before deciding to purchase the Notes or Warrants.

Past performance of the Reference Asset(s)

Past performance of the Reference Asset(s), if provided, should not be taken as an indication of future performance of the Reference Asset(s). The Issuer cannot provide any assurance that the performance of the Reference Asset(s) will result in a positive return on any investment.

Capital risks relating to Notes and Warrants which are not principal protected

Unless the relevant Series of Notes or Put and Call Warrants (when held as a pair) is fully principal protected, the repayment of any amount invested in Notes or Put and Call Warrants and any return on investment is not guaranteed. **As a result the investors' capital can fall below the amount initially**

invested in such Notes or Warrants and, in the worst case, the investors may lose their entire invested amount.

In any event, any principal protection is subject to the Issuer's credit risk (see "*Credit risk*" above).

An investment in the Notes is not the same as an investment in the Reference Asset(s)

An investment in Notes or Warrants relating to Reference Asset(s) is not the same as an investment in the Reference Asset(s). The Notes or Warrants do not confer any legal or beneficial interest in any Reference Asset(s) or the securities underlying any Reference Asset(s) (if the Reference Asset is an equity index) and do not provide a Noteholder or Warrantholder with any of the rights that a holder of such Reference Asset(s) may have (such as voting rights and rights to receive dividends).

Investors intending to purchase Notes or Warrants to hedge against the market risk associated with investing in a Reference Asset(s) should recognise that there is a risk that the value of the Notes or Warrants may not correlate with the value of the Reference Asset(s) to which they relate. Due to fluctuating supply and demand for the Notes or Warrants, there is no assurance that their value will correlate with movements of the Reference Asset(s). In addition, the formula for redemption or exercise may be subject to a cap. For these reasons, among others, it may not be possible to purchase or liquidate assets in a portfolio at the prices used to calculate the value of any relevant Reference Asset. Accordingly, investors who invest in Notes or Warrants as a means of hedging may be exposed to risks arising out of such differences in value.

Pricing

Amounts payable in respect of the Notes and Warrants will be calculated in accordance with the Conditions (an investor-friendly description of how the Notes and Warrants work is set out in "*Section II.1 – Description of the Notes*" and "*Section III.1 – Description of the Warrants*").

As part of the valuation mechanism, Notes and Warrants may specify a time and an exchange or other venue in which the level or value of the Reference Asset(s) is to be observed. Depending on how the level or value of the Reference Asset(s) is calculated, the level or value of such Reference Asset(s) may fluctuate throughout the trading day, and they may change rapidly. As a result, investors should note that return on any Notes and Warrants may be particularly sensitive to the choice of valuation times and valuation methods. The "price discovery" mechanism used to ascertain the value of the underlying at any given time on exchanges or other venues may not be uniform throughout the trading day. This may affect the valuation of any issuance of Notes and Warrants. For example, exchanges may conduct auctions to set an opening or closing price, and trading characteristics and participants in after-hours trading sessions may differ from those during regular hour sessions. As a result, investors may receive less than would have been the case had an alternate valuation time or valuation methodology been specified.

Value of Baskets

The value of a basket of Reference Assets to which any Notes or Warrants relate may be affected by the number of Reference Assets included in such basket. Generally, the value of a basket that includes Reference Assets from a number of companies or obligors or other components or which gives relatively equal weight to each Reference Asset will be less affected by changes in the value of any particular Reference Asset included therein than a basket that includes fewer Reference Assets or that gives greater weight to some Reference Assets.

In particular, if the Reference Assets included in a basket are all in or connected with a particular industry, the value of such basket will be affected to a greater extent by the economic, financial and other factors affecting that industry than if the Reference Assets included in the basket relate to various industries that are affected by different economic, financial or other factors or are affected by such factors in different ways.

Investors in the Notes and Warrants are subject to the risk that other risks relating to the Reference Assets which adversely affect the value of the Notes or Warrants will be exacerbated due to the number of and/or type of Reference Assets.

Capped Return

The terms and conditions of Notes and/or Warrants may provide that the return payable on the Notes or Warrants is subject to a cap. In these circumstances, the exposure to the performance of the relevant Reference Asset(s) may be limited and accordingly, investors could forgo a return that could have been made had they invested in a product without a similar cap.

Risks of adjustments and/or redemption prior to maturity

Additional Disruption Events

Investors intending to purchase Notes or Warrants should note that Additional Disruption Events may occur in relation to the relevant Notes and Warrants in certain circumstances described in the Conditions. If any Additional Disruption Event occurs in relation to the relevant Notes and Warrants, the Issuer may (and in the case of Alternative English Law Conditions Notes, only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date), at its sole and absolute discretion, declare a valuation date and designate an early redemption date in respect of the Notes or a termination date in respect of the Warrants (as applicable) and the Noteholders or Warrantholders will receive an early redemption amount or early termination amount (as applicable) based on the determinations made by the Calculation Agent.

The following Additional Disruption Events may be specified to be applicable in the relevant Final Terms:

- **"Change in Law"** may occur where the Issuer determines (a) (i) (in the case of Warrants and Notes other than Alternative English Law Conditions Notes) it will or has become illegal for it to hedge its obligations under the Notes or (as the case may be) Warrants or (ii) in the case of Alternative English Law Conditions Notes it will or has become illegal for the Issuer to issue, have outstanding and perform its obligations with respect to the Notes or (b) where the Issuer (in the case of Alternative English Law Conditions Notes) or the Issuer or its designated affiliates (in the case of Warrants and Notes other than Alternative English Law Conditions Notes) would incur materially increased costs in performing its obligations under the Notes and Warrants, each due to a change in law;
- **"Hedging Disruption"** may occur if the Issuer or its affiliates become unable to hedge or would suffer material delay in conducting any hedging transactions relating to the Notes and Warrants (other than Alternative English Law Conditions Notes);
- **"Increased Cost of Hedging"** may occur where the Issuer would incur a materially increased cost, other than as a consequence of deterioration in its own creditworthiness, in hedging its obligations under the Notes and Warrants (other than Alternative English Law Conditions Notes); and
- **"Insolvency Filing"** may occur if the issuer of the Reference Asset(s) institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding up or liquidation by it or such regulator, supervisor or similar official or it consents to such petition, **provided that** proceedings instituted or petitions presented by creditors and not consented to by the issuer of the Reference Asset(s) shall not be deemed an Insolvency Filing.

Upon the occurrence of such an early redemption prior to the originally scheduled Maturity Date of the relevant Notes or early termination prior to the originally scheduled Exercise Dates or Expiry Date of the relevant Warrants, Noteholders or, as the case may be, Warrantholders may suffer loss of some or of all of their investment and will forgo any future performance in the Reference Asset(s) that may occur following such redemption or termination (as applicable). If an early redemption date is designated in respect of a Note or an early termination date is designated in respect of a Warrant, there is no guarantee that investors will be able to reinvest the proceeds from the Notes or Warrants at a comparable return for a similar level of risk.

Illegality

Investors in the Notes and Warrants are subject to the risk that the Issuer may terminate its obligations under the Notes or Warrants if the Calculation Agent determines acting in good faith and a commercially reasonable manner that the performance of the Issuer's obligations under such Notes or Warrants (or, in the case of Warrants and Notes other than Alternative English Law Conditions Notes, the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall after the Trade Date have become unlawful or (in the case of Warrants and Notes other than Alternative English Law Conditions Notes only) impracticable in whole or in part, unless the relevant Final Terms in respect of a Series of Notes specifies "Early Redemption for Impracticability" as not applicable, in which case the Issuer will not be entitled to terminate its obligations under such Notes for the reasons of impracticability only. Following such a determination of illegality, the Issuer may redeem the Notes or terminate its obligations under Warrants against payment of an amount determined by the Calculation Agent which may be, if so specified in the relevant Final Terms, the Fair Market Value of such Note or Warrant immediately prior to such redemption or termination (as applicable). In the case of Notes other than Alternative English Law Conditions Notes, the Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such termination. The Fair Market Value of a Note or Warrant will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its designated affiliates in connection with the Issuer's obligations under the Notes or Warrants or any related hedging and/or funding arrangements as a result of such events. Noteholders and Warrantholders may suffer a loss of some or all of their investment. As a result of early redemption or termination (as applicable), investors in the Notes or Warrants (as applicable), will forgo any future performance in the relevant Reference Asset(s) and, in the case of Notes only, future interest payments applicable to the Notes (if any).

Regulation and reform of Benchmarks

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") and other indices which are deemed "benchmarks" are the subject of ongoing national, international and other regulatory guidance and reform. Some of these reforms are already effective whilst others are yet to apply. These reforms may cause such "benchmarks" to perform differently than in the past, or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to a "benchmark". For example, on 5 March 2021 the FCA confirmed that all LIBOR settings will either cease to be provided by any administrator or no longer be representative: (i) immediately after 31 December 2021, in the case of all sterling, euro, Swiss franc and Japanese yen settings, and the 1-week and 2-month U.S. dollar settings; and (ii) immediately after 30 June 2023, in the case of the remaining U.S. dollar settings.

Regulation (EU) 2016/1011, as amended (the "**EU Benchmarks Regulation**"), and Regulation (EU) No. 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**UK Benchmarks Regulation**"), apply to the provision of benchmarks and the contribution of input data to a benchmark within the EU or the UK (as applicable) and prevent certain uses by EU or UK supervised entities (as applicable) of "benchmarks" of unauthorised administrators.

The EU Benchmarks Regulation and the UK Benchmarks Regulation, together with other international, national or other reforms or the general increased regulatory scrutiny of "benchmarks" could have a material impact on any Notes or Warrants linked to a "benchmark". Such reforms could result in changes to the manner of administration of "benchmarks", with the result that such "benchmarks" may perform differently than in the past (and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level) or may have the effect of discouraging market participants from continuing to administer or contribute to certain benchmarks, trigger changes in the rules or methodologies used in certain benchmarks or lead to the discontinuance or unavailability of quotes for certain benchmarks.

A Benchmark Trigger Event could occur in relation to the Notes or Warrants

A "**Benchmark Trigger Event**" (as defined in the Conditions) may occur in relation to a Series of Notes or Warrants linked to a "benchmark" index in a number of scenarios, including:

- upon the cessation of any benchmark;

- where the administrator of a benchmark does not obtain authorisation/registration or is not able to rely on one of the regimes available to non-EU benchmarks; or
- certain other events (including, without limitation, an announcement by or on behalf of the administrator of a Relevant Benchmark that such Relevant Benchmark will cease to be provided or the imposition of restrictions on the use such Relevant Benchmark) determined to have occurred by the Issuer.

Determination of a Benchmark Trigger Event

The circumstances with respect to a Relevant Benchmark that may lead to the occurrence of a Benchmark Trigger Event are beyond the Issuer's control. However, in all cases, the Issuer will make a determination as to whether the relevant circumstances have arisen.

In making a determination as to whether the occurrence of the relevant circumstances constitute a Benchmark Trigger Event the Issuer may take into consideration any factors the Issuer considers relevant to such determination (including prevailing market practice and the impact of such circumstances on any related hedging arrangement of the Issuer and/or its affiliates). The Issuer is under no obligation to act in the best interests of the holders of the Notes or Warrants in making such determination, and there is no guarantee that the determinations made by the Issuer will lead to the best possible outcome for investors.

Consequences of the occurrence of a Benchmark Trigger Event

The occurrence of a Benchmark Trigger Event in relation to a Relevant Benchmark to which the Notes or Warrants are linked could result in such Relevant Benchmark being deemed replaced (for the purposes of the Notes or Warrants) with an alternative benchmark (a "**Replacement Index**") selected by the Issuer (or any Alternative Pre-nominated Index specified in the Final Terms as applicable), adjustment to the terms and conditions pursuant to Condition 13A (*Consequences of a Benchmark Trigger Event*) of the English Law Conditions or the French Law Conditions (as applicable) (in the case of Notes) or Condition 9A (*Consequences of a Benchmark Trigger Event*) (in the case of Warrants), early redemption or termination, discretionary valuation by the Issuer and/or the Calculation Agent, delisting or other consequences in relation to Notes or Warrants linked to such Relevant Benchmark.

There can be no assurance that the amounts payable to investors in relation to any Notes or Warrants following the application of a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 13A (*Consequences of a Benchmark Trigger Event*) of the English Law Conditions or the French Law Conditions (as applicable) (in the case of Notes), or a Replacement Index or the Alternative Pre-nominated Index pursuant to Condition 9A (*Consequences of a Benchmark Trigger Event*) (in the case of Warrants), and any related adjustments to the terms and conditions of the relevant Notes or Warrants, will correspond with the amounts that investors would have received if the original Relevant Benchmark had continued to apply, and investors may accordingly receive less than they would otherwise have received.

The determination and use of a Replacement Index or the Alternative Pre-nominated Index following the occurrence of a Benchmark Trigger Event may result in changes to the Conditions and/or payments that are lower than or that do not otherwise correlate over time with the payments that could have been made on such Notes or Warrants if the Relevant Benchmark remained available in its current form. Any such consequence could have a material adverse effect on the value of and return on any such Notes or Warrants.

Modification, waiver and substitution

Investors in the Notes or Warrants are subject to the risk that modifications to the Conditions of the Notes or Warrants may be made without the consent of any Noteholders or Warranholders, as the case may be, where the Issuer determines that:

- the modification is not materially prejudicial to the interests of the Noteholders or the Warranholders as a whole;
- where the modification of the Notes or Warrants is of a formal, minor or technical nature or is made to correct a manifest error or comply with mandatory provisions of the law of the Issuer's jurisdiction of incorporation; or
- where the Conditions are inconsistent with the term sheet relating to the relevant Notes or Warrants.

There is a commercial risk that the obligations of the Warrantholder or the Noteholder will be owed by a principal debtor other than the Issuer. The English Law Notes and the Warrants permit the substitution of an affiliate of the Issuer as principal debtor in respect of the English Law Notes and the Warrants, **provided that** the Issuer provides a guarantee.

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s)

No investigation has been made of the financial condition or creditworthiness of any issuer of any Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) in connection with the issue of any Notes or Warrants. Investors in the Notes or Warrants should obtain and evaluate the same information concerning the Reference Asset(s) or the securities underlying a Reference Asset(s) (where the Reference Asset(s) is an equity index) and each such issuer as they would if they were investing directly in the Reference Asset(s) or such securities. In addition, investors should understand that the historical performance of the Reference Asset(s) or such securities should not be viewed as predictive of future results.

Currency Related Risks

FX Disruption Event

Investors in the Notes or Warrants should be aware that, following the occurrence of a FX Disruption Event (as defined in the Conditions) the Issuer may (a) unless Redemption following FX Disruption or Termination following FX Disruption (as applicable) is specified as being not applicable in the relevant final terms, elect to redeem the Notes or terminate the Warrants (as applicable) against payment of an amount determined by the Calculation Agent to be the Early Redemption Amount of the Notes or Warrants, which (in the case of Warrants and Notes other than Alternative English Law Conditions Notes) may be an amount determined by the Calculation Agent to be the fair market value of the Notes or Warrants less the cost to the Issuer of unwinding any underlying and/or related hedging and/or funding arrangements (such amount may be less than any amount received at maturity or expiry or exercise and may result in a loss to the investors), or (b) (i) (in the case of Warrants and Notes other than Alternative English Law Conditions Notes) instruct the Calculation Agent to make such adjustments to the Conditions of the Notes or Warrants as it determines to be necessary or desirable to reflect any market practice which develops in respect of the FX Disruption Event or (ii) (in the case of Alternative English Law Conditions Notes) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event.

As a result of any such adjustment, Noteholders or Warrantholders may suffer a loss of some or all of their investment and may forego any future performance in the relevant Reference Asset(s). If an early redemption date is designated in respect of a Note or an early termination date is designated in respect of a Warrant, there is no guarantee that investors will be able to reinvest the proceeds from the Notes or Warrants at a comparable return for a similar level of risk.

Additionally, if, by reason of an FX Disruption Event, the Issuer is unable to settle payments in respect of the Notes or Warrants in the Settlement Currency the Issuer may settle payments by payment of the Alternative Payment Currency Equivalent (which will be an amount in USD or such other currency specified as the Alternative Payment Currency in the relevant Final Terms).

Price Source Disruption

If Price Source Disruption is specified in the relevant Final Terms as being applicable to any Notes or Warrants, then if for any reason a relevant rate of exchange is not available the Calculation Agent may (i) use alternative sources to determine an exchange rate (such source as may be determined by the Calculation Agent), (ii) postpone the determination of the rate of exchange (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Final Terms) after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the rate) and use exchange rates prevailing at later times or (iii) determine the rate of exchange as the arithmetic mean of exchange rates provided by leading dealers in the relevant foreign exchange market. The exchange rate so determined may differ from the rate which would have prevailed but for the

occurrence of the disruption and this may lead to a decrease in the amount payable to the investors. In addition, if the Calculation Agent postpones the determination of the rate of exchange the due dates for any payments in respect of the Notes or Warrants (including, without limitation, the maturity date or cash settlement payment date) may also be postponed.

If a specified fixing date for the determination of a relevant exchange rate is an Unscheduled Holiday, the fixing date will be postponed to the next relevant currency business day which is not an Unscheduled Holiday, (subject to a postponement cut-off of 30 calendar days (or such other number of calendar days as may be specified in the Final Terms) after which the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the relevant rate).

Exchange control risks

Investors in Notes and Warrants should also be aware that there is the risk that authorities with jurisdiction over the Investor's Currency or Settlement Currency such as government and monetary authorities may impose or modify (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or transfer of funds in and out of the country. It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes or Warrants.

As a result of exchange controls and restrictions the Issuer may not be able to make payments under the Notes or Warrants in the Settlement Currency and will therefore pay the equivalent of the amounts due under the Notes in U.S. dollars or another currency. Investors in the Notes or Warrants may therefore receive payment in a different currency than the currency expected, and may forgo any future performance of the Settlement Currency.

Investor converting amounts paid in the Settlement Currency into the Investor's Currency

If an investor anticipates that it will need to convert payments made under the Notes or Warrants from the Settlement Currency into a currency of its choice (the "**Investor's Currency**") (for instance, if other obligations of the investor are payable in the Investor's Currency), then the investor is subject to the risk that the currency conversion rate which it must pay for exchanging the Settlement Currency into the Investor's Currency becomes less attractive and therefore decreases the realisable value of its investment. It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Notes and Warrants.

An appreciation in the value of the Investor's Currency relative to the Settlement Currency at any time would decrease (i) the value of any redemption or exercise amount (as applicable) payable to the investor and (ii) the market value of the Notes and Warrants, in each case where converted into the Investor's Currency at that time. **As a result, the amount that the investors receive in respect of the Notes and/or Warrants, as converted, may be less than expected or zero.**

Market Disruption Events

Investors in the Notes and Warrants are subject to the risk that a Market Disruption Event will occur in relation to a Reference Asset. A Market Disruption Event may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a related stock exchange closes early without notice; limitations are imposed on trading; trading is suspended; or market participants are prevented from obtaining valuations or effecting transactions.

If the Calculation Agent determines that a Market Disruption Event has occurred, then this will result in the occurrence of a Disrupted Day in relation to the relevant Reference Asset, the consequences of which are discussed in the immediately following paragraphs.

Disrupted Day

Investors in the Notes and Warrants are subject to the risk that a Disrupted Day may occur in relation to a Reference Asset. A Disrupted Day may occur in respect of Notes and Warrants if, as determined by the Calculation Agent: a stock exchange or related stock exchange fails to open for trading during its regular trading session; or on which a Market Disruption Event has occurred; or if an index sponsor fails to publish the level of an index.

If the Calculation Agent determines that a Disrupted Day has occurred, the Calculation Agent may postpone the Valuation Date to a later date which is not a Disrupted Day, **provided that** the Valuation Date will not be postponed beyond the eighth consecutive Scheduled Trading Day (or such other number of Scheduled Trading Days as may be specified in the Final Terms) after the Scheduled Valuation Date (the "**Limit Valuation Date**"). If the Calculation Agent postpones the Valuation Date the due dates for any payments or delivery in respect of the Notes or Warrants (including, without limitation, the maturity date, settlement date or cash settlement payment date) may also be postponed. Any such postponement may have an adverse effect on the value of such Notes or Warrants.

Risks relating to disposal of Notes or Warrants prior to expiry or maturity

There may be no active trading market or secondary market liquidity for the Notes or Warrants

Any Series of Notes or Warrants issued will be new securities which may not be widely distributed and for which there is no active trading market (even where, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche which is already issued). If the Notes or Warrants are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar Notes or Warrants (as applicable), general economic conditions, commissions paid by the Issuer and the financial condition of the Issuer and existing liquidity arrangements (if any) might not protect Noteholders from having to sell the Notes at substantial discounts to their principal amount in case of financial distress of the Issuer. Accordingly, the investor is subject to the risk that its investment in the Notes and Warrants may be difficult or impossible to trade. If a market does develop, it may not be very liquid and such liquidity may be sensitive to changes in financial markets.

It is not possible to predict whether any trading market for the Notes and Warrants will develop or, if it does, the price at which Notes and Warrants will trade in the secondary market or whether such market will be liquid or illiquid. If any Notes and Warrants are not listed or traded on any exchange, pricing information for the Notes and Warrants may be more difficult to obtain and the liquidity of the Notes and Warrants may be adversely affected. Also, to the extent that Notes are redeemed or purchased and cancelled or Warrants are exercised or purchased and cancelled, the number of Notes or Warrants outstanding will decrease, resulting in a lessening of the liquidity of the Notes and Warrants. A lessening of the liquidity of the Notes and Warrants may cause, in turn, an increase in the volatility associated with the price of the Notes and Warrants. An investor in the Notes or Warrants is subject to the risk, therefore, that to the extent that there is no liquid market in the Notes and Warrants, an investor may have to wait until redemption of such Notes or until it is able to exercise such Warrants in order to realise the value of its investment and, as such, an investor should proceed on the assumption that they may have to bear the economic risk of an investment in the Notes or Warrants until their maturity or exercise date (as applicable).

Certain factors affecting the value and trading price of Notes and Warrants

The value of Notes and Warrants prior to maturity or expiry (as applicable) is expected to depend on a number of factors including, without limitation: (i) the financial condition and funding costs of the Issuer; (ii) the value and volatility of the Reference Asset(s) and liquidity of the Reference Asset(s); (iii) the time remaining to expiration or maturity; (iv) any change(s) in interest rates and dividend yields and inflation rates; (v) any change(s) in currency exchange rates; (vi) economic and market conditions and (vii) any related transaction costs. As a result of these factors the price at which a Noteholder or Warrantholder will be able to sell the Notes or Warrants prior to maturity or expiry (as applicable) may be less than the initial amount invested in the Notes or Warrants. Each of these factors interrelate in complex ways (for example, one factor may offset an increase in the value of the Notes or Warrants caused by another factor). Investors are subject to the risk that the value of Notes or Warrants may be adversely affected by one or more of the following factors:

(a) *Fluctuations in the value or level of the Reference Asset(s)*

Fluctuations in the value or level of the Reference Asset(s) may affect the value of the Notes or Warrants, but equally an investor in the Notes or Warrants is subject to the risk that expectations of fluctuations in value or level of the Reference Asset during the remaining period to the maturity of the Notes or expiry of the Warrants (as applicable) or any earlier redemption or exercise date would adversely affect amounts payable in respect of the Notes or Warrants. The level or value of

the Reference Asset(s) may vary over time and may increase or decrease by reference to a variety of factors which may include corporate actions, macro-economic factors and speculation.

(b) *Interest rates*

Rising interest rates may lower the value of the Reference Asset(s), and thus, the value of the Notes and Warrants. Changes in interest rates may also affect the economy of a country in which the Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are traded, and which may adversely affect the value of the Notes and Warrants.

(c) *Volatility of Reference Asset(s)*

If the size and frequency of market fluctuations in value of the Reference Asset(s) increase or decrease, the trading value of the Notes and Warrants may be adversely affected.

(d) *Time remaining to maturity or expiry*

The Notes and Warrants may trade at a value above that which would be expected based on the level of interest rates and the level of the Reference Asset(s). Any such difference will reflect a "time premium" resulting from expectations concerning the Reference Asset(s) during the period prior to the maturity of the Notes or expiry of the Warrants. An investor in the Notes and Warrants should be aware of the risk that, as the time remaining to the redemption or exercise (as applicable) of the Notes and Warrants decreases, this time premium would likely decrease, which would adversely affect the value of the Notes and Warrants.

(e) *Dividend rates*

An investor in the Notes and Warrants is subject to the risk that changes in dividend or other distribution rates on the Reference Asset(s) may adversely affect the trading value of the Notes and Warrants. If the dividend or other income rates on the Reference Asset(s) increase, the trading value of the Notes and Warrants are likely to decrease as the Notes and Warrants generally do not reflect such distributions by way of increase in amounts payable on exercise or redemption, or pass-through payments of such distributions.

Potential conflicts of interest

The Issuer and/or affiliates of the Issuer may from time to time: (i) advise or engage in business with the issuers of or obligors in respect of Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) regarding transactions to be entered into by them; (ii) engage in transactions involving Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) for their proprietary accounts, for other accounts under their management or to facilitate client orders; (iii) carry out hedging activities related to the Notes and Warrants by purchasing or entering into derivatives transactions relating to the Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) (but will not be obliged to do so); (iv) publish research reports relating to Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index) or (v) acquire non-public information about Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index). In undertaking any such activities, neither the Issuer nor any affiliate of the Issuer is under any obligation to consider the interests of the Noteholders or Warrant holders and any such activities may have a negative effect on the value or level of such Reference Asset(s) and therefore on the value of any Notes and Warrants to which they relate.

In addition, the conditions of the Notes or Warrants may provide for (a) the early redemption of the Notes, or early termination of the Warrants, as the case may be, and/or (b) a lesser amount being payable in respect of the Notes or Warrants, if the value of any Reference Asset(s) exceeds, falls below, is equal to or does not stay within pre-determined reference levels ("**Threshold Events**"). The activities described in the preceding paragraph may cause such Threshold Events to be triggered, which could potentially have a negative impact on the value of any Notes and Warrants to which they relate.

Certain affiliates of the Issuer or the Issuer itself may (i) be the counterparty to the hedge of the Issuer's obligations under an issue of Notes and Warrants; (ii) be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and Warrants; or (iii) publish research reports

which express opinions or provide recommendations that are inconsistent with purchasing or holding the Notes and Warrants referencing the Reference Asset(s). Accordingly, there is a risk that certain conflicts of interest may arise both among the Issuer or these affiliates and between the interests of the Issuer or these affiliates and the interests of Noteholders or Warrantholders (as applicable).

Calculation Agent's discretion and valuations

Calculation of the interest payments (if applicable) and/or amount payable in respect of redemption or expiry or exercise may be by reference to certain specified screen rate(s), level(s) or value(s) published on an exchange or other quotation system, or if any such rate(s), level(s) or value(s) is not displayed at the relevant time, rate(s), level(s) or value(s) (as applicable) determined by the Calculation Agent acting in good faith and a commercially reasonable manner, or otherwise, an exercise of its discretion in accordance with and pursuant to the terms and conditions of the applicable Notes and Warrants. The Calculation Agent may also have other discretionary powers (including without limitation, powers to (i) adjust terms and conditions of Notes and Warrants; (ii) in certain circumstances, substitute the Reference Asset; (iii) postpone payment; (iv) redeem or terminate the Notes and Warrants prior to their scheduled maturity or expiry, as applicable; or (v) apply any combination of the foregoing).

Investors should be aware that the exercise of its discretionary powers as Calculation Agent (which may be the Issuer or an affiliate of the Issuer) under the conditions of the Notes and Warrants, or (in circumstances where the Issuer has entered into hedging arrangements), as calculation agent under any related hedge, may have an adverse impact on the performance of the Notes and Warrants, which may result in a lower return, or no return at all. The Calculation Agent shall have no obligations to the holders of Notes or Warrants and all calculations and determinations made by the Calculation Agent in relation to the Notes and Warrants shall (save in the case of manifest error at the time the relevant determination is made) be final and binding on the Issuer and all Noteholders and Warrantholders. Further, the Calculation Agent may be permitted to use its proprietary models in setting the terms of an adjustment, and it may be difficult for investors to predict the resulting adjustments in advance. In such case, an investor would be subject to the risk that it would be difficult to verify that adjustments made to payments under the Notes and Warrants are legitimate and consistent with the terms of an issue of Notes and Warrants without expertise in applying valuation models.

Fees, commission and cost of hedging

Investors may be liable for distribution commissions or fees charged by the Issuer and/or its affiliates and/or the cost or expected cost of hedging the Issuer's obligations under the Notes or Warrants (if any). Such fee, commission and cost of hedging may be deducted from the redemption or settlement amount payable in respect of the Notes (in the case of Notes other than Alternative English Law Conditions Notes) or Warrants, which may reduce the amounts payable on the Notes or Warrants. Alternately, if such fees, commissions and costs of hedging are included in the issue price of the Notes or Warrants, investors will be exposed to the risk that the price at which they may be able to sell the Notes or Warrants in any secondary market (including the price (if any) at which the Issuer or its affiliates may be willing to purchase Notes from the investor) would be lower than the original issue price. Such price differential may also be greater than may be the case if the investor had purchased a similar product from a different issuer as the issue price for the Notes or Warrants will be determined by pricing models used by the Issuer or affiliates which may differ from comparable models used by other issuers.

Hedging activities of the Issuer and affiliates

The Issuer or its affiliates may carry out hedging activities relating to the obligations of the Issuer to make payments and/or deliveries under the Notes and Warrants, including purchasing Reference Asset(s) or securities underlying Reference Asset(s) (where such Reference Asset(s) is an equity index), but will not be obliged to do so. Certain of the Issuer's affiliates may also purchase and sell the Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) on a regular basis as part of their securities businesses. Trading activity in relation to such securities (including those undertaken by the Issuer, either as part of its hedging activities or as part of their securities businesses) may affect the value of such Reference Asset(s) or securities. For example, the Issuer's trading activities may contribute to increased demand for the securities which may lead to an increase in value (as the number of securities of any type available are limited to those in issue), or conversely may contribute to decreased demand for the securities, which may lead to a decrease in value. The value of an equity index is dependent on the value of the securities underlying such Index, thus any effect on the value of the securities underlying

such an Index (either positive or negative) may affect the value of such Index and, accordingly, the value of the Notes or Warrants.

Clearing systems

English Law Notes and Warrants may be held by or on behalf of Euroclear and Clearstream, Luxembourg. While the English Law Notes and Warrants are represented by a global Note or Warrant held by or on behalf of Clearstream, Luxembourg, investors will be able to trade their interests only through Euroclear and/or Clearstream, Luxembourg. In addition, English Law Notes and Warrants may be issued as Uncertificated Registered Notes or Uncertificated Registered Warrants, in which case CREST will maintain records of the interests in such Notes or Warrants and investors will be able to trade their interests only through CREST. Investors in the English Law Notes or Warrants will have to rely on procedures of such clearing systems for transfer, payment and communication with the Issuer to receive payments under the English Law Notes or Warrants. Investors are therefore subject to the risk of those settlement procedures failing such that payments due under the English Law Notes may be delayed and that book entries or entries in the register are entered incorrectly which may lead to difficulties with an investor asserting ownership of its Notes or Warrants.

The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, interests in the global Notes or Warrants. Holders of interests in the global Notes or Warrants will not have a direct right to vote in respect of the relevant English Law Notes or Warrants. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg or CREST to appoint appropriate proxies.

Change of law

The Conditions are based on English or French law, as the case may be, and United Kingdom tax law in effect as at the date of this Base Prospectus. There is a risk that the interpretation and/or effect of the Conditions may be subject to change in such a manner as to adversely affect the contractual rights of Noteholders and Warranholders.

Applicable Bank Resolution Powers

The BRRD provides an EU-wide framework for the recovery and resolution of credit institutions and their parent companies and other group companies. The BRRD is designed to provide relevant authorities with a set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system. In the United Kingdom the Banking Act 2009 (the "**Banking Act**") has implemented the majority of the provisions of the BRRD, and was recently amended by, amongst other statutory instruments, The Bank Recovery and Resolution (Amendment) (EU Exit) Regulations 2020, which implement into United Kingdom law certain of the recent amendments to BRRD which were required to be implemented prior to IP Completion Day (as defined in the EUWA).

Statutory Intervention Powers

The Issuer is subject to the Banking Act which gives wide powers in respect of UK banks and their parent and other group companies to HM Treasury, the Bank of England, the Prudential Regulation Authority and the United Kingdom Financial Conduct Authority (each a "**relevant UKRA**") in circumstances where a UK bank has encountered or is likely to encounter financial difficulties.

These powers include powers to: (a) transfer all or some of the securities issued by a UK bank or its parent, or all or some of the property, rights and liabilities of a UK bank or its parent (which would include the Notes and Warrants issued by the Issuer under the Programme), to a commercial purchaser or, in the case of securities, to HM Treasury or an HM Treasury nominee, or, in the case of property, rights or liabilities, to an entity owned by the Bank of England); (b) override any default provisions, contracts or other agreements, including provisions that would otherwise allow a party to terminate a contract or accelerate the payment of an obligation; (c) commence certain insolvency procedures in relation to a UK bank; and (d) override, vary or impose contractual obligations, for reasonable consideration, between a UK bank or its parent and its group undertakings (including undertakings which have ceased to be members of the group), in order to enable any transferee or successor bank of the UK bank to operate effectively.

The Banking Act also gives power to HM Treasury to make further amendments to the law for the purpose of enabling it to use the special resolution regime powers effectively, potentially with retrospective effect.

Power to reduce Noteholders' and Warranholders' claims

The powers granted to the relevant UKRA also include powers to vary or extinguish the claims of certain creditors. These powers include a "bail-in" power.

The bail-in power gives the relevant UKRA the power to cancel all or a portion of the principal amount of, or interest on, certain unsecured liabilities (which could include the Notes and/or Warrants) of a failing financial institution or its holding company, to convert certain debt claims (which could be amounts payable under the Notes and/or Warrants) into another security, including ordinary shares of the surviving entity, if any and/or to amend or alter the terms of such claims, including the maturity of the Notes or the expiry of the Warrants or amendment of the amount of interest payable on the Notes, or the date on which interest becomes payable, including by suspending payment for a temporary period. The Banking Act requires the relevant UKRA to apply the bail-in power in accordance with a specified preference order which differs from the ordinary insolvency order. In particular, the relevant UKRA must write-down or convert debts in the following order: (i) additional tier 1, (ii) tier 2, (iii) other subordinated claims and (iv) certain senior claims. The claims of some creditors whose claims would rank equally with those of the Noteholders and/or Warranholders may be excluded from bail-in. The impact of bail-in on the Noteholders and/or Warranholders will be greater the more of such creditors there are.

Although the exercise of bail-in power under the Banking Act is subject to certain pre-conditions, there remains uncertainty regarding the specific factors (including, but not limited to, factors outside the control of the Issuer or not directly related to the Issuer) which the relevant UKRA would consider in deciding whether to exercise such power with respect to the Issuer and its securities (including the Notes or the Warrants). Moreover, as the relevant UKRA may have considerable discretion in relation to how and when it may exercise such power, holders of the Issuer's securities may not be able to refer to publicly available criteria in order to anticipate a potential exercise of power and consequently its potential effect on the Issuer and its securities.

Powers to direct restructuring of the Issuer and its subsidiaries

As well as a bail-in power, the powers of the relevant UKRA under the Banking Act include the power to (i) direct the sale of the relevant financial institution or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply, (ii) transfer all or part of the business of the relevant financial institution to a "bridge institution" (an entity created for such purpose that is wholly or partially in public control) and (iii) separate assets by transferring impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only). In addition, the Banking Act gives the relevant UKRA power to amend the maturity date or expiry date and/or any interest payment date of debt instruments, securities or other eligible liabilities of the relevant financial institution and/or impose a temporary suspension of payments and/or discontinue the listing and admission to trading of debt instruments or securities.

The exercise by the relevant UKRA of any of the above powers under the Banking Act may limit the Issuer's capacity to meet its obligations under the Notes or Warrants and the exercise of any such powers (including especially the bail-in power) could lead to the holders of the Notes or Warrants losing some or all of their investment.

Moreover, trading behaviour in relation to the securities of the Issuer (including the Notes and Warrants), including market prices and volatility, may be affected by the use of, or any suggestion of the use of, these powers and accordingly, in such circumstances, the Notes and Warrants are not necessarily expected to follow the trading behaviour associated with other types of securities. There can be no assurance that the taking of any actions under the Banking Act by the relevant UKRA or the manner in which its powers under the Banking Act are exercised will not materially adversely affect the rights of holders of the Notes or Warrants, the market value of the Notes or Warrants and/or the Issuer's ability to satisfy its obligations under the Notes and Warrants.

Although the Banking Act also makes provision for public financial support to be provided to an institution in resolution subject to certain conditions, it provides that the financial public support should only be used as a last resort after the relevant UKRA has assessed and exploited, to the maximum extent practicable, all the resolution tools, including the bail-in power. Accordingly, it is unlikely that investors in the Notes or Warrants will benefit from such support even if it were provided.

Further and other issues of Notes and Warrants

The Issuer shall be at liberty from time to time without the consent of the Noteholders or Warrantheolders to create and issue further notes or warrants to be consolidated with and form a single series with the outstanding Notes or Warrants. In addition, the Issuer may issue other notes, warrants and/or other instruments, the value of which is linked to the relevant Reference Asset(s). Any such issue of further notes or warrants may increase the availability of such instruments and consequently may have an adverse effect on the value of Notes or Warrants.

Specific risk factors relating to Index-Linked Notes and Warrants

Successor Index, Index Modification, Index Cancellation

In certain circumstances, certain adjustments may be made to an Index, which may result in a loss to the Noteholders or Warrantheolders. The Issuer considers the following to be material risks of adjustment:

- (i) the replacement of the relevant Index by a successor index if the relevant Index is not calculated or announced by the relevant Index Sponsor or is replaced by a successor index;
- (ii) the modification of the relevant Index by the relevant Index Sponsor which may have a material effect on the Notes and Warrants; and
- (iii) the cancellation of the relevant Index by the relevant Index Sponsor which may result in either (A) the redemption of the relevant Notes or the termination of the relevant Warrants upon payment of such amount as may be determined by the Calculation Agent to be the Fair Market Value of the Notes or Warrants immediately prior to such redemption or termination (or, in the case of Alternative English Law Conditions Notes, the Early Redemption Amount, but only if the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration of the economic balance of the Notes compared to that which existed at Issue Date) or (B) the continuation of the Notes and Warrants, in which case the relevant level of the Index will be determined by the Calculation Agent.

As a result of any such replacement, modification or cancellation, Noteholders or Warrantheolders may suffer a loss of some or all of their investment and may forego any future performance in the relevant Index. If an early redemption date is designated in respect of a Note or an early termination date is designated in respect of a Warrant, there is no guarantee that investors will be able to reinvest the proceeds from the Notes or Warrants at a comparable return for a similar level of risk.

Specific risk factors relating to Equity-Linked Notes and Warrants

Extraordinary Events

There is a risk in respect of Equity-Linked Notes or Warrants that certain Extraordinary Events may occur in respect of Reference Asset(s) (such as a merger, a takeover or exchange offer, delisting, nationalisation or transfer to a governmental agency or the insolvency or bankruptcy of the issuer of the Reference Asset(s)). If such event has occurred, the Calculation Agent may take certain actions, such as adjusting certain Conditions or redeeming the Notes or terminating the Warrants.

Upon the occurrence of such an early redemption or termination of the relevant Equity-Linked Notes or Warrants, the holders thereof may suffer a loss of some or all of their investment and will forego any future performance in the relevant Reference Asset(s) that may occur following such redemption or termination.

Potential Adjustment Events

Investors in Equity-Linked Notes or Warrants are subject to the risk that certain circumstances in respect of Reference Asset(s) occur (such as a subdivision, consolidation or reclassification of securities, a

distribution of dividend or extraordinary dividend or any other event that may have a diluting or concentrative effect on the theoretical value of the relevant Reference Asset(s)). If the Calculation Agent determines that such circumstances have occurred, the Calculation Agent may (but is not obliged to) make such corresponding adjustment(s) as it determines to be appropriate, to the number of Reference Asset(s) to which each Equity-Linked Note or Warrant relates and to any other exercise, settlement, payment or other term of the relevant Equity-Linked Notes or Warrants to account for that diluting or concentrative effect, and determine the effective date(s) of such adjustment(s). In the case of Alternative English Law Conditions Notes only, such adjustment(s) must be made with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event. Such adjustments may adversely affect the value of the relevant Equity-Linked Notes or Warrants and/or any amount payable on redemption or termination of the Notes or Warrants and the holders thereof may suffer a loss of some or all of their investment as a result.

Specific risks relating to Equity-Linked Notes and Warrants where the Securities are Units in an exchange-traded fund

In respect of Equity-Linked Notes and Warrants where the Reference Asset(s) are units in an exchange-traded fund, one of the following events may occur:

- (i) the relevant fund is (or is to be) wound-up or similar, or makes a restructuring arrangement with its creditors or certain insolvency proceedings or similar are commenced against the fund;
- (ii) breach by the relevant fund of any applicable leverage restriction or any contractual restriction binding on or affecting the fund or any of its assets;
- (iii) resignation, termination or replacement of the fund adviser;
- (iv) any change or modification of the fund documents that could reasonably be expected to affect the value of the Units or the rights or remedies of any holders thereof from those prevailing on the Issue Date;
- (v) any breach of any strategy or investment guidelines stated in the fund documents that is reasonably likely to affect the value of the Units or the rights or remedies of any holders thereof;
- (vi) in the case of Warrants and Notes other than Alternative English Law Conditions Notes, it becomes impractical or impossible for the Issuer to hedge its obligations under the Notes or Warrants, as applicable;
- (vii) cancellation, suspension or revocation of the registration or approval of the Units or the fund by any governmental, legal or regulatory entity with authority over the Units or the fund;
- (viii) any change in the legal, tax, accounting or regulatory treatments of the fund or the fund adviser that is reasonably likely to have an adverse impact on the value of the Units or on any investor therein;
- (ix) the relevant fund becoming subject to any investigation, proceeding or litigation by any relevant governmental, legal or regulatory authority involving the alleged breach of applicable law for any activities relating to or resulting from the operation of the fund;
- (x) it becomes impractical or impossible for the Calculation Agent to be able to determine the value of the units in the fund and this is likely to continue for the foreseeable future, or if there is an information failure which would make it difficult to monitor the fund;
- (xi) in the case of Warrants and Notes other than Alternative English Law Conditions Notes, the Calculation Agent has determined that it has become illegal to hold the units in the fund or that the Issuer would incur a materially increased cost in performing its obligations under the Notes or Warrants;
- (xii) in the case of Warrants and Notes other than Alternative English Law Conditions Notes, the Issuer would incur a materially increased amount of tax on its hedge of the Notes and Warrants except for where this is solely due to a deterioration in the Issuer's creditworthiness;

- (xiii) the index underlying a fund is cancelled, or there is a material change in the formula or method of calculating the underlying index or other material modification of the relevant index, or the index sponsor fails to calculate and announce the underlying index; or
- (xiv) in the case of Alternative English Law Conditions Notes, the Calculation Agent determines in good faith that the Issuer will incur a materially increased cost in performing its obligations under the Notes due to any change in any applicable law or regulation (including tax law) or due to the change in the interpretation of any applicable law or regulation by any court or tribunal (including a taxing authority).

Following the occurrence of such event ("**Extraordinary ETF Event**"), the Calculation Agent may make certain adjustments to or substitutions for the Affected Units as the Calculation Agent may determine or the Calculation Agent may determine that the relevant Notes or Warrants shall be terminated upon payment to the holders thereof of the Fair Market Value (or, in the case of Alternative English Law Conditions Notes, the Early Redemption Amount) of the Notes or Warrants (as applicable), each of which may result in a loss to such holders.

Tax and Currency Risk

The tax status of funds in those jurisdictions in which they conduct their business and/or any change in taxation rules or treatment in such jurisdictions could affect the value of the assets of such funds or the ability of funds to achieve their investment objectives. Consequently this could adversely affect the value of the Notes or Warrants linked to such funds. In addition, remittance of income and capital gains generated by underlying investments of funds in certain countries may be dependent on there being liquidity in the relevant local currency and the absence of foreign exchange controls which inhibit or prevent the repatriation of such gains. In any such circumstances, the value of the notional shares of funds may be adversely affected and as a result the relevant funds and the value of the Notes or Warrants may be adversely affected.

Class of Investments

Prospective purchasers or investors should note that funds may have legal or other discretions in relation to their investments and no assurance can be given that the exercise of such discretions will achieve the investment objectives of such funds. Therefore, there is a risk that return on an investment in funds may not be achieved. This would have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

Investment Risk

There can be no assurance that any fund will achieve its investment objectives. The investment income of each fund is based on the income earned on the securities it holds, less expenses incurred. Therefore, the funds' investment income may be expected to fluctuate in response to changes in such expenses or income and this may have an adverse effect on the value of the Notes or Warrants and any amounts payable thereunder.

High yield

Some reference funds may invest in high yield securities. High yield securities are typically medium or lower rated securities and are sometimes referred to as "junk bonds". Such securities are more likely to react to developments affecting market and credit risk than are more highly rated securities, which primarily react to movements in the general level of interest rates. The risk of loss due to default by issuers of high yield securities is significantly greater because lower rated and unrated securities of comparable quality generally are unsecured and frequently are subordinated to the prior payment of senior indebtedness. In addition, funds which invest in such securities may find it more difficult to sell high yield securities or may be able to sell the securities only at prices lower than if such securities were widely traded. Furthermore, such funds may experience difficulty in valuing certain securities at certain times. Prices realised upon the sale of such lower rated (or unrated) securities, under these circumstances, may be less than the prices used in calculating the value of such funds. All such risks could adversely affect the value of Notes or Warrants linked to funds which invest in high yield securities.

(3) **Risks relating to taxation of the Notes or Warrants**

Taxation and other charges in relation to the Notes and Warrants

Transactions involving Notes and Warrants may be subject to United Kingdom stamp duty or stamp duty reserve tax, and are subject to the risk that instruments effecting or evidencing transfers of Notes or Warrants and executed in the United Kingdom may not be admissible in evidence in civil proceedings unless duly stamped. An instrument of transfer executed outside the United Kingdom is also subject to the risk that it may be inadmissible in United Kingdom civil proceedings unless duly stamped after it has been first received in the United Kingdom.

Under the terms and conditions of the Notes all payments and deliveries will be subject to any fiscal or other laws and regulations in the place of payment and Noteholders may be responsible for paying, or suffer a deduction for, any applicable duties, taxes or other charges imposed by such laws and regulations, subject only to the Issuer's obligation to gross-up in relation to certain United Kingdom taxes under Condition 6B (*Taxation - Gross-up*). This gross-up obligation is applicable provided Condition 6B (*Taxation - Gross-up*) is specified as applying to a Series of Notes and is subject to a number of exceptions and covers only certain withholdings and deductions on account of United Kingdom taxes; in particular, it does not cover stamp duty, stamp duty reserve tax and/or similar transfer taxes.

If Condition 6B (*Taxation - Gross-up*) is not specified as applying to a Series of Notes in the relevant Final Terms, the Issuer will not be required to gross-up or pay any additional amounts in respect of the Notes in respect of which any withholding or deduction has been required to be made in respect of any tax. Accordingly, investors may receive a lower return than would be received on an investment where no withholding tax is payable or where the relevant issuer has an obligation to gross-up for such withholdings or deductions.

Under the terms and conditions of the Warrants, Warrantholders are responsible for paying all stamp duties, stamp duty reserve tax and/or other taxes or duties, securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of the Warrants. The Issuer will not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants nor shall it be obliged to pay any additional amounts to the Warrantholders in respect of any withholdings or deductions that are made on payments to them on account of any taxes.

Potential investors who are in any doubt about the tax consequences of purchasing any Notes or Warrants should consult and rely on their own tax advisors.

French FTT

Pursuant to Article 235 *ter* ZD of the French tax code, acquisitions for consideration of equity securities (*titre de capital*) within the meaning of Article L 212-1 A of the French Monetary and Financial Code or similar instruments within the meaning of Article L 211-41 of the French Monetary and Financial Code that provide or could provide access to capital or voting rights, resulting in a transfer of ownership within the meaning of Article L 211-17 of the French Monetary and Financial Code (that is resulting from the registration of the acquired securities in the securities accounts of the purchaser), admitted to trading on a French, European or foreign regulated market within the meaning of Articles L 421-4, L 422-1 or L 423-1 of the French Monetary and Financial Code and issued by a company having its head office in France and whose market capitalisation as of 1 December of the year preceding the year in which the acquisition occurs exceeds EUR 1 billion ("**French Qualifying Securities**"), are subject to the French financial transactions tax ("**French FTT**"), levied at the rate of 0.3 per cent. The French FTT also applies to an acquisition of securities (irrespective of which entity issued such securities) when these securities represent French Qualifying Securities ("**Synthetic French Qualifying Securities**"). If applicable, the cost of the French FTT may be deducted from the amounts payable to the Warrantholders and/or Noteholders.

The French FTT could also be triggered if the Issuer and/or its affiliates choose to purchase Reference Asset(s) or securities underlying the Reference Asset(s) (where Reference Asset(s) is an equity index) to hedge their exposure under the Notes and/or Warrants if such Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) are French Qualifying Securities or Synthetic French Qualifying Securities and assuming none of the French FTT exemptions provided for by Article 235 *ter* ZD of the French tax code applies to the relevant acquisition. Therefore, Noteholders

and/or Warrantholders are subject to the risk that payments under the Notes and/or the Warrants may be adversely affected by the French FTT, where applicable, as this tax may be deducted from the Final Redemption Amount or Cash Settlement Amount amounts payable to the Noteholders and/or Warrantholders (as applicable).

Italy

Italian financial transaction tax may apply to Notes and Warrants linked to Reference Assets that are securities issued by Italian issuers or are Indices in respect of which the underlying securities are securities issued by an Italian issuer

A financial transaction tax has been introduced under Italian law, ("**Italian FTT**"), pursuant to Article 1, paragraphs 491 – 500, of Law 24 December 2012, no. 228, as implemented by Ministerial Decree issued on 21 February 2013 and amended by Ministerial Decree issued on 16 September 2013. The Italian FTT applies, *inter alia*, on cash settled derivatives ("**Italian FTT on Derivatives**") executed or modified on or after 1 September 2013, both traded or not on Qualifying Markets (as defined below) and unlisted, whose underlying are mainly shares or participating financial instruments issued by Italian resident companies or the value of shares issued by Italian resident companies, including warrants and certificates. The condition is met when more than 50 per cent. of the equity portion of the underlying is represented by the market value of shares or participated financial instruments issued by Italian resident companies.

Accordingly, there is a risk that the Italian FTT on Derivatives could be triggered where the issuer of a Reference Asset relating to the Warrants and, where deemed to represent the underlying equity instruments or characterised as derivative instruments, the Notes (together with the Warrants, the "**Affected Instrument**") is an Italian resident or the issuer of a security underlying an Index is an Italian resident. The residence and nationality of the Issuer and any holder of the Affected Instrument and the place of execution of the Affected Instrument would be irrelevant as the application of the Italian FTT on Derivatives is exclusively dependent on the residence of the issuer of the underlying Reference Asset(s) or of the securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index).

The Italian FTT on Derivatives applies at a fixed amount, due from both parties equally, as follows:

- Index-linked Affected Instruments where a security that forms part of the Reference Asset is issued by an Italian-resident company: from EUR 0.01875 to EUR 15, depending on the notional value of the contract;
- Equity-Linked Affected Instruments where the underlying Reference Asset is issued by an Italian-resident company: from EUR 0.125 to EUR 100, depending on the notional value of the contract; and
- Affected Instruments linked to a basket of Reference Assets: from EUR 0.25 to EUR 200 depending on the notional value of the contract.

The above amounts are reduced by 80 per cent. where the transaction is implemented in a regulated market or in a multilateral trading facility. An investor in the Affected Instruments is subject to the risk that payments under the Affected Instrument will be adversely affected by this Italian transaction tax as these charges will be deducted from the Cash Settlement Amount.

The issuance of financial instruments qualifying as transferable securities (*valori mobiliari*) according to article (1)(1-bis)(c) of Legislative Decree no. 58 of 24 February 1998, is exempt from Italian FTT on Derivatives. The Italian Ministry of finance clarified that, following the issuance, if a number of intermediate transfers (e.g. intermediate transfers between financial intermediaries) are required before the initial placement of the warrants to the ultimate investors, said intermediate transfers are exempt from Italian FTT. However, Italian FTT will apply to the transactions following the initial placement. In the case of cash-settled transferable securities, the cash settlement of such transferable securities is a transaction outside the scope of Italian FTT on Derivatives.

Besides the Italian FTT on Derivatives, the Italian FTT also applies to transfers of certain shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter ("**Italian FTT on Shares**"), both traded or not on Qualifying Markets (as defined below) and unlisted.

Italian FTT on Shares applies on transactions negotiated and settled as from 1 March 2013. Accordingly, there is a risk that the Italian FTT on Shares could be triggered where the Issuer and/or its Affiliates purchase Reference Asset(s) or securities underlying the Reference Asset(s) (where such Reference Asset(s) is an equity index) to hedge their exposure under the Notes and/or Warrants if such securities are shares and participating financial instruments issued by Italian resident companies and other instruments representing the latter and are not exempted from the Italian FTT requirement ("**in-scope securities**"). The residence and nationality of the parties to the transaction and the place of execution of the transaction would be irrelevant as the application of the Italian FTT on Shares is exclusively dependent on the residence of the issuer of the in-scope securities.

The Italian FTT on Shares is levied at the following rates, which would be due from the Issuer and/or its Affiliates on acquisition of the shares:

- 0.1 per cent. of the acquisition price on transfers transacted on a Qualifying Market (as defined below); and
- 0.2 per cent. of the acquisition price otherwise.

For the purpose of the application of the lower rate, "**Qualifying Markets**" are deemed to be:

- (i) regulated markets or multilateral trading facilities pursuant to Article 4, paragraph 1, points 21 and 22 of Directive 2014/65/EU, of an EU Member State and of an EEA Member State which allows an adequate exchange of information with Italy; and
- (ii) markets recognised by the Italian regulator Consob, established in an EU Member State or a state which allows for an adequate exchange of information with Italy.

Italian FTT on Derivatives and Italian FTT on Shares are required to be levied and subsequently paid to the Italian tax authority by financial intermediaries (e.g. banks, trusts and investment companies) or other subjects involved in the execution of the transaction. Where more intermediaries are involved in the execution of the transaction, Italian FTT on Derivatives and Italian FTT on Shares is payable by the subject who receives the order of execution directly from the ultimate purchaser or counterparty. Intermediaries and other non-Italian resident subjects having no permanent establishment in Italy which are liable to collect and pay Italian FTT on Derivatives and Italian FTT on Shares to the Italian tax authority may appoint an Italian tax representative for the purposes of collecting and paying Italian FTT on Derivatives and Italian FTT on Shares. If no intermediary or other subjects are involved in the transaction, Italian FTT on Derivatives and Italian FTT on Shares is directly paid by the ultimate purchaser or counterparty.

An investor in the Notes and/or Warrants is subject to the risk that payments under the Affected Instruments will be adversely affected by the Italian FTT as these charges may be deducted from the Cash Settlement Amount.

Spain – Spanish Financial Transactions Tax

On 16 October 2020, the Spanish Parliament approved the Law 5/2020, of 15 October, on the Tax on Financial Transactions ("**Spanish FTT Law**") introducing the Spanish FTT that has entered into force on 16 January 2021.

The Spanish FTT is aligned with the French and Italian financial transactions tax. Specifically, the Spanish FTT is an indirect tax levied on the acquisitions for consideration of shares issued by Spanish companies regardless of the residency of the parties involved in the transaction, or of the jurisdiction where the shares are traded, **provided that** they comply with the following conditions: (i) the shares should be admitted to trading on a regulated market under Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (or in a foreign market declared equivalent by the European Commission), and (ii) the stock market capitalization value of the company should exceed €1,000,000,000 (the "**Qualifying Shares**").

The taxable base of the Spanish FTT is the total consideration paid excluding certain items such as transaction costs and intermediary fees. The applicable rate is 0.2 per cent.

In principle, Spanish FTT does not apply to the acquisition of financial instruments (including derivatives) different from Qualifying Shares or certificates of deposit representing such Qualifying Shares (the

"Qualifying Certificates of Deposit") such as the Notes or Warrants. However, if the liquidation or settlement of such financial instrument results in the physical delivery of Qualifying Shares or Qualifying Certificates of Deposit, Spanish FTT may be triggered.

U.S. withholding tax may apply to Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers

Where Notes or Warrants are linked to Reference Asset(s) and some or all of the Reference Asset(s) are securities of U.S. issuers, certain payments on the Notes or Warrants could be subject to U.S. withholding tax (up to 30 per cent., depending on the applicable treaty or other exemption). In addition, U.S. withholding tax could be imposed on holders of the Notes or Warrants to the extent U.S.-source dividends are paid on the Reference Asset(s), even if no corresponding payment is made on the Notes or Warrants to such holders.

If U.S. withholding tax is required on Notes or Warrants linked to Reference Asset(s) that are securities issued by U.S. issuers, the Issuer will not be required to pay any additional amounts with respect to the withheld amounts. See "*Taxation— Other Taxation Matters – Notes and Warrants – U.S. Withholding on Dividend Equivalent Payments*" below.

(4) Risks relating to the Notes

General

Risks relating to Fixed Rate Notes

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Investors will not benefit from any increases in market interest rates above the fixed rate payable in respect of the relevant Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount to or premium above their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Early Redemption for Taxation Reasons

Noteholders are subject to the risk that, unless the Final Terms do not specify Condition 6B (*Taxation – Gross-up*) as applicable, the Issuer may terminate its obligations under the Notes if the Issuer determines that it would be required to gross-up payments to the holders following a withholding or deduction required by law of taxes, duties, assessments or governmental charges imposed or levied by or on behalf of the United Kingdom. Following such a determination, the Issuer may terminate its obligations under the Notes against payment of the Early Redemption Amount specified in the relevant Final Terms. In the case of Notes other than Alternative English Law Conditions Notes, the Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such termination. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and/or funding arrangements. Noteholders may suffer a loss of some or all of their investment as a result of such early termination and will forego any future performance in the relevant Reference Asset(s) and future interest payments applicable to such Notes (if any).

English Law Notes with multiple denominations

Where the English Law Notes are specified as having a denomination consisting of a minimum denomination plus a higher integral multiple of another smaller amount, it is possible that such English Law Notes may be traded in the clearing systems in amounts in excess of such minimum denomination that are not integral multiples of the minimum denomination. In such a case, should Definitive Notes be required to be issued, Noteholders who, as a result of trading such amounts, hold a principal amount that is less than the minimum denomination may not receive a Definitive Note in respect of such holdings and would need

to purchase a principal amount of English Law Notes such that their holding amounts to, or is an integral multiple of, the minimum denomination.

Risks relating to Floating Rate Notes

Floating Rate Notes have returns that are variable as a result of the method by which the interest is calculated. The rate of interest is not fixed and is tied to the performance of an underlying benchmark and, if so specified in the relevant Final Terms, may be subject to a maximum rate or minimum rate on the interest payable. The rate of interest can periodically go down and therefore return on the Notes is not guaranteed and may in a worst case become zero. Investors should be aware that in respect of Floating Rate Notes which are subject to a maximum interest rate investors will not benefit from any increases of the underlying benchmark above such maximum interest rate.

The market continues to develop in relation to near risk-free rates which may be reference rates for Floating Rate Notes

To avoid the problems associated with the potential manipulation and financial stability risks of interbank offered rates ("**IBORs**"), regulatory authorities in a number of key jurisdictions are requiring financial markets to transition away from IBORs to near risk-free rates which exclude the risk-element of interbank lending. Near risk-free rates may differ from IBORs in a number of material respects. In particular, in the majority of relevant jurisdictions, the chosen near risk-free rate is an overnight rate (for example, the Sterling Overnight Index Average as the Sterling Overnight Index Average ("**SONIA**"), in respect of GBP, the Secured Overnight Financing Rate ("**SOFR**") in respect of USD, and the euro short-term rate ("**€STR**") in respect of EUR), with the interest rate for a relevant period calculated on a backward looking (compounded or simple weighted average) basis, rather than on the basis of a forward-looking term. As such, investors should be aware that near risk-free rates may behave materially differently from LIBOR, EURIBOR and other IBORs as interest reference rates for the Notes.

Investors should also be aware that the market continues to develop in relation to near risk-free rates such as SONIA, SOFR and €STR as reference rates in the capital markets. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, SOFR and €STR which seek to measure the market's forward expectation of such rates over a designated term.

The market or a significant part thereof (including the Issuer) may adopt an application of SONIA, SOFR, €STR and/or any other near risk-free rate that differs significantly from that set out in the Conditions (including in relation to fallbacks in the event that such rates are discontinued or fundamentally altered) and used in relation to Floating Rate Notes referencing near risk-free rates such as SONIA, SOFR and/or €STR issued under this Programme.

Since near risk-free rates are relatively new in the market, Notes linked to such rates may have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities linked to SONIA, SOFR, €STR and/or any other near risk-free rate, such as the spread over the rate reflected in interest rate provisions, may evolve over time, and trading prices of the Notes linked to SONIA, SOFR, €STR and/or any other near risk-free rate may be lower than those of later-issued debt securities linked to the same rate as a result.

Historical levels are not an indication of future levels

Hypothetical or historical performance data and trends are not indicative of, and have no bearing on, the potential performance of near risk-free rates and therefore Noteholders should not rely on any such data or trends as an indicator of future performance. Daily changes in near risk-free rates have, on occasion, been more volatile than daily changes in comparable benchmark or market rates. As a result, the return on and value of debt securities linked to near risk-free rates may fluctuate more than floating rate securities that are linked to less volatile rates. The future performance of any near risk-free rate is impossible to predict, and therefore no future performance of any near risk-free rate should be inferred from any hypothetical or historical data or trends.

Calculation of Interest Rates based on near risk-free rates are only capable of being determined at the end of the relevant Interest Period

Interest on Notes which reference near risk-free rates such as SONIA, SOFR or €STR is only capable of being determined at the end of the relevant Interest Period and immediately prior to the relevant Interest

Payment Date. It may be difficult for investors in Notes that reference such rates to reliably estimate the amount of interest that will be payable on such Notes. Further, if the Notes become due and payable under Condition 9 (*Events of Default*), the Rate of Interest applicable to the Notes shall be determined on the date the Notes became due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of SONIA, SOFR, €STR and/or any other near risk-free rate in the structured products markets may differ materially compared with the application and adoption of the such rate in other markets, such as the Eurobond, derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of such rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes referencing near risk-free rates. Investors should consider these matters when making their investment decision with respect to any such Notes.

The Issuer has no control over the determination, calculation or publication of near risk-free rates

The Issuer has no control over the determination, calculation or publication SONIA, SOFR, €STR and/or any other near risk-free rate. There can be no guarantee that such rates will not be fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Notes linked to the relevant rate. If the manner in which the relevant near risk-free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Notes and the trading prices of such Notes.

Near Risk-Free rates may cease to be available

There can be no guarantee that SONIA, SOFR, €STR and/or any other near risk-free rate will not cease to be published, be discontinued, be suspended and/or be otherwise unavailable for use by the Issuer.

In relation to a near risk-free rate other than SOFR, a discontinuation (or certain other events which may affect the Reference Rate) may constitute a Benchmark Trigger Event (as further described above in the risk factor entitled "A Benchmark Trigger Event could occur in relation to the Notes or Warrants").

In relation to SOFR, a discontinuation (or certain other events including the prohibition of use of SOFR as a Reference Rate) may result in the rate applicable to the Notes being replaced with a successor or equivalent rate selected or recommended by the relevant governmental body, an overnight funding rate or a rate determined by reference to ISDA provisions relating to SOFR. These alternative rates are uncertain and no market convention currently exists, or may ever exist, for their determination. Further, in such circumstances the Issuer (in consultation with its designee) may, without the consent of Noteholders be entitled to make conforming changes to the Conditions relating to the calculation and determination of interest to give effect to such replacement rate in a manner that may be materially adverse to the interests of investors in Floating Rate Notes linked to SOFR. If it is not possible to determine a successor or equivalent rate, the floating interest rate on the Floating Rate Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the initial Interest Period, the Initial Interest Rate), effectively converting the Floating Rate Notes (during the Interest Period) into fixed rate instruments.

In relation to SONIA, a discontinuation (or certain other events including the prohibition of use of SONIA as a Reference Rate), unless the relevant event constitutes a Benchmark Trigger Event (in which case Condition 13A (*Consequences of a Benchmark Trigger Event*) will apply), may result in the rate applicable to the Notes being replaced with the Bank of England's Bank Rate plus an average spread of SONIA to the Bank Rate over a specified period. If, however, it is not possible to determine the floating rate of interest applicable to any Floating Rate Notes in accordance with such provisions, then the floating interest rate on such Notes may accrue at the same rate as the immediately preceding Interest Period (or, in the case of the initial Interest Period, the Initial Interest Rate), effectively converting such Floating Rate Notes (during the Interest Period) into fixed rate instruments.

Early Redemption upon the occurrence of an Event of Default

If the Notes have become immediately due and payable following an Event of Default (as defined in the Conditions) with respect to the Notes such Notes may be redeemed early against payment of the Early Redemption Amount. The Final Terms may specify the Early Redemption Amount as being the Fair Market Value of such Note immediately prior to such redemption. The Fair Market Value of a Note will be adjusted to account fully for any reasonable expenses and costs incurred by the Issuer and/or its affiliates of unwinding any underlying and/or related hedging and/or funding arrangements. Noteholders may suffer a

loss of some or all of their investment as a result of such early redemption and will forego any future performance in the relevant Reference Asset(s) and future interest payments applicable to such Notes (if any).

Meetings of Noteholders

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. In addition, the French Law Conditions provide that holders of French Law Notes will, in respect of all Tranches comprised in a Series, be grouped automatically for the defence of common interests in a *masse*. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority, so investors in the Notes are subject to the risk that the Conditions may be modified without their consent.

(5) Risks relating to the Warrants

Limitations on exercise

If so indicated in the relevant Final Terms, a Holder must tender a specified minimum number of Warrants and integral multiples of Warrants thereafter at any one time in order to exercise. Thus, Holders with fewer than the specified minimum number of Warrants or specified multiples thereof will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Therefore Holders of such Warrants incur the risk that they may have to sell their holding at a trading price below the Cash Settlement Amount, or purchase additional Warrants at a trading price above the Cash Settlement Amount in order to realise their investment.

(6) Risks relating to emerging markets currencies

Notes and Warrants issued may be denominated and/or settle in an emerging market currency. Investors in such Notes and Warrants should be aware that these markets are subject to greater risks than well developed markets. Investment in the Notes and Warrants will involve additional risks and special considerations not typically associated with investing in Notes and Warrants which are settled in more conventional currencies such as Euros or U.S. dollars.

Emerging market risk

Economies in emerging markets may be heavily dependent upon international trade and, accordingly, may be affected adversely by trade barriers, foreign exchange controls (including taxes), managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries with which they trade. These economies also may be affected adversely by their economic, financial, military and political conditions, volatile exchange rates, high inflation and the supply and demand for such Settlement Currencies or currencies of denomination in the global markets. Investors should be aware that the value of investments denominated and/or settling in an emerging markets currency can fluctuate significantly due to the foregoing factors.

Exchange and FX Risk

The rapid pace of political and social change in emerging market countries increases the likelihood that currency exchange risks will eventuate where the Settlement Currency is linked to an emerging market country. The risks set out in the section entitled "*Risks relating to all issues of Notes and Warrants – Currency Related Risks*" may be more likely to arise in relation to Notes or Warrants which are denominated and/or settle in an emerging market currency, and investors should consider such risks carefully.

Risks relating to Notes and Warrants settled in Offshore RMB outside the PRC

Notes and Warrants settled in Offshore RMB outside the PRC may be issued. Set out below is a description of some of the risks that should be taken into consideration by prospective investors in such Notes and Warrants.

- (a) ***RMB is not freely convertible; Restrictions on RMB conversion through relevant Offshore RMB Centres (as specified in the relevant Final Terms) may adversely affect the liquidity of the Notes and Warrants***

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC, which may negatively impact on the liquidity of the Notes and Warrants and the value of the Notes and Warrants. In addition, if Renminbi outside the PRC is unavailable, this will impact on the ability of the Issuer to source Renminbi to perform its obligations under Notes and Warrants denominated in Renminbi as set out in the paragraph below.

Additional information relating to liberalisation of convertibility of Renminbi is set out Section I.6 "**Additional Information regarding Offshore RMB**".

- (b) ***RMB payment risk***

If the Settlement Currency for the Notes or Warrants is Offshore RMB and "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, an investor is subject to the risk that payments in respect of such Notes or Warrants will be made in the Alternative Payment Currency specified in the relevant Final Terms instead of Offshore RMB. To the extent the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay the Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due as a result of Offshore RMB Disruption (as defined in the Conditions), the Issuer will be entitled to settle any such payment in the Alternative Payment Currency specified in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent (as defined in the Conditions) of any such Final Redemption Amount and/or Cash Settlement Amount (as applicable) and/or any other amounts due. In this case, the risk factors in the section entitled "*Risks relating to all issues of Notes and Warrants – Currency Related Risks*" would apply as if the relevant Alternative Payment Currency were the Settlement Currency.

- (c) ***RMB interest rate risk***

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility and, as a result, the value of the Notes and Warrants may fluctuate as well. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

Renminbi-denominated Notes may carry a fixed interest rate ("**Fixed Rate Notes**") or have a resettable interest rate ("**Resettable Notes**"). Consequently, the trading price of Renminbi-denominated Notes which are Fixed Rate Notes or Resettable Notes will vary with the fluctuations in the Renminbi interest rates. If holders of such Renminbi-denominated Notes propose to sell their Renminbi-denominated Notes before their maturity, they may receive an offer lower than the amount they have invested.

- (d) ***RMB exchange rate risk***

Offshore RMB represents a market which is different from that of RMB deliverable in the PRC. The exchange rate of Offshore RMB against the U.S. dollar, Hong Kong dollar or other foreign currencies may be different from the exchange rate of RMB deliverable in the PRC against such currencies. Apart from its own supply and demand, the Offshore RMB exchange rate may be influenced by the onshore exchange rate (which currently trades within a band set by authorities in the onshore interbank market), and the two rates may converge with or diverge from each other.

The value of Renminbi against other foreign currencies is susceptible to PRC internal and external factors. Recently, the People's Bank of China ("**PBoC**") implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies.

If the value of Offshore RMB depreciates against the U.S. dollar, Hong Kong dollar or other foreign currencies, the value of a Noteholder or a Warrantheader's investment in U.S. dollar, Hong Kong dollar or other applicable foreign currency terms will decline.

(e) ***Payments with respect to the Notes and Warrants may be made only through Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre***

Investors in the Notes and Warrants should be aware that all Offshore RMB payments under the Notes and Warrants will be made solely by credit to Renminbi bank accounts maintained at banks in the relevant Offshore RMB Centre as specified in the relevant Final Terms in accordance with the law and applicable regulations and guidelines issued by the relevant authorities in the relevant Offshore RMB Centre as specified in the relevant Final Terms. Investors are subject to the risk that they may not be able to receive amounts due under the Notes or Warrants if they do not hold such an offshore RMB account at the time the relevant payment is due.

(7) **Risks relating to ESG Bonds**

The use of proceeds of the Notes may not meet investor expectations or requirements.

In relation to Tranches of Notes which are specified in the relevant Final Terms as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", (together, "**ESG Bonds**"), the Issuer will exercise its judgement and sole discretion in determining the businesses and projects that satisfy certain eligibility requirements that purport to promote green, social and/or sustainable initiatives, as applicable ("**ESG Assets**") and will be financed by an amount equivalent to the net proceeds of the Notes (the "**Proceeds**"). If the use of the proceeds of the Notes is a factor in an investor's decision to invest in the Notes, they should consider the disclosure in "*Green Bonds, Social Bonds and Sustainable Bonds*" below and/or and in the relevant Final Terms relating to any specific Tranche of Notes and consult with their legal or other advisers before making an investment in the Notes. There is no contractual obligation to allocate such funding to finance eligible businesses and projects or to provide annual progress reports, as described in "*Green Bonds, Social Bonds and Sustainable Bonds*" below and/or and in the relevant Final Terms. The Issuer's failure to so allocate or report, the failure of any of the businesses and projects funded with the Proceeds to meet a specific framework or the failure of external assurance providers to opine on the ESG Assets, conformity with a specific framework, will not constitute an Event of Default (as defined in the Base Prospectus) with respect to the Notes and may affect the value of the Notes and/or have adverse consequences for certain investors with portfolio mandates to invest in ESG Assets, which may in turn affect the liquidity of the Notes. Furthermore, any such failure will not lead to an obligation of the Issuer to redeem such Notes.

No assurance can be given that ESG Assets will meet investor expectations or requirements regarding "green", "social", "sustainable" or similar labels (including Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the EU Taxonomy) or Regulation (EU) 2020/852 as it forms part of the domestic law of the UK by virtue of the EUWA), or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds, which may affect the value of the Notes. Legal or regulatory definitions or market views as to what constitutes a "green", "social" or "sustainable" or an equivalently-labelled project or as to what precise attributes are required for a particular project to be defined as "green", "social" or "sustainable" or any such other equivalent label may vary. Accordingly, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any of the businesses and projects funded with the Proceeds will meet any or all investor expectations regarding such "green", "social", "sustainable" or other equivalently-labelled performance objectives.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Notes and in particular with any of the businesses and projects funded with the Proceeds to fulfil any environmental, social, sustainable and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall it be deemed to be, incorporated in

and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold the Notes. Any such opinion or certification is only current as at the date that opinion was initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in the Notes. The providers of such opinions and certifications are not currently subject to any specific regulatory or other regime or oversight.

If a Tranche of Notes is at any time listed or admitted to trading on any dedicated "green", "environmental", "social", "sustainable" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any of the businesses and projects funded with the Proceeds. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer or any other person that any such listing or admission to trading will be obtained in respect of a Tranche of Notes or, if obtained, that any such listing or admission to trading will be maintained during the life of the Notes, and any failure to obtain or maintain such listing may affect the value of the Notes.

The Issuer gives no representation or assurance as to the environmental, social or sustainable impact of any Reference Asset

No representation or assurance is given by the Issuer or any other person that the Reference Asset(s) or securities underlying any Reference Asset(s) (if the Reference Asset is an equity index), satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any direct or indirect environmental, social or sustainable impact of the businesses or products of the Reference Asset(s) or issuers of such Reference Asset(s) or securities underlying such Reference Asset(s) (if the Reference Asset is an equity index). If such environmental, social or sustainable impact is a factor in an investor's decision to invest in Notes, investors should consult with their legal or other advisers before making an investment in such Notes.

(8) Additional risks relating to Alternative English Law Conditions Notes

The Issuer may redeem the Notes if the economic balance is significantly altered

The Issuer may redeem the Notes upon the occurrence of events that are not attributable to the Issuer, but that have as a consequence that the economic balance between the Issuer and the Noteholders as at the Issue Date is significantly altered. This would include, without limitation, circumstances where such economic balance is altered as a consequence of actions being taken by a regulator, additional or increased solvency or regulatory capital requirements being imposed on the Issuer, nationalisation and similar circumstances. The Early Redemption Amount payable by the Issuer in such circumstances may be less than the amount invested in the Notes or what would have been received under the Notes if the Notes had not been so redeemed and investors will forego any further interest payments (if any) in respect of the Notes.

Noteholders may receive a Monetisation Amount if they do not elect to receive the applicable Early Redemption Amount

The applicable Final Terms may specify that, in the event of an early redemption of the Notes, the Monetisation Option will apply. In that case, the notice of early redemption will specify the applicable Early Redemption Amount as well as the Monetisation Amount. Noteholders that do not elect to receive the Early Redemption Amount in accordance with the procedure set out in the notice of early redemption will not receive the Early Redemption Amount on the date fixed for redemption, but will receive the Monetisation Amount (on the original Maturity Date of the relevant Notes) and will not receive any interest or other amounts between the date fixed for redemption and the payment of the Monetisation Amount on the original Maturity Date.

Part I – Information Relating to the Programme Generally
Section I.3 – Incorporation by Reference

For the avoidance of doubt, unless specifically incorporated by reference into this Base Prospectus, any websites referred to in this Base Prospectus or any information appearing on such websites and pages do not form part of this Base Prospectus.

SECTION I.4 – USE OF PROCEEDS

This section provides details of what the Issuer intends to do with the subscription monies it receives for the Notes or Warrants it issues.

Unless otherwise specified in the relevant Final Terms, the net proceeds from each issue of Notes or Warrants will be used by the Issuer for profit making or risk hedging purposes.

GREEN BONDS, SOCIAL BONDS AND SUSTAINABLE BONDS

If the relevant Final Terms specifies that a Series of Notes are "Green Bonds", "Social Bonds" or "Sustainable Bonds" (together, "**ESG Bonds**") then, unless otherwise specified in the relevant Final Terms, the Issuer will use an amount equivalent to the net proceeds of the issuance of such Series of Notes to fund eligible businesses and projects in eligible green, social or sustainable sectors, respectively (as further described within the applicable framework specified in the relevant Final Terms (the "**Applicable Framework**"), being either the HSBC Green Bond Framework dated 6 November 2015 (the "**HSBC Green Bond Framework**") or the HSBC Sustainable Development Goal (SDG) Bond Framework (the "**SDG Bond Framework**"). The HSBC Green Bond Framework and the SDG Bond Framework are available on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

The Issuer will track the use of such amount via its internal information systems, and provide a progress report (a "**Progress Report**") on an annual basis (as further described in the Applicable Framework). In addition, a second party opinion will be obtained from an appropriate provider to confirm the validity of the Applicable Framework. The second party opinion will be published on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>. For each issuance of Notes that are specified in the relevant Final Terms as being "Green Bonds", "Social Bonds" or "Sustainable Bonds", the Issuer will engage an appropriate external assurance provider to independently assure the relevant Progress Report, on an annual basis and opine on its conformity with the Applicable Framework. The Progress Report and related assurance report will be made available to the public on the following webpage: <https://www.hsbc.com/investors/fixed-income-investors/green-and-sustainability-bonds>.

SECTION I.5 – TAXATION

This section provides a summary of the withholding tax position in relation to the Notes and Warrants in the Republic of Ireland, the United Kingdom, Belgium, France and Italy.

The tax laws of the investor's jurisdiction and of the Issuer's jurisdiction of incorporation may have an impact on the income received from the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries.

Transactions involving the Notes and Warrants may have tax consequences for investors which may depend, amongst other things, upon the status of the investor and laws relating to transfer and registration taxes. Investors who are in any doubt about the tax position of any aspect of transactions involving the Notes and Warrants should consult their own tax advisers.

IRELAND

The following is a summary of the Irish withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes and Warrants. It is based on current law and the practice of the Revenue Commissioners of Ireland which may be subject to change, sometimes with retrospective effect. The comments do not deal with other Irish tax aspects of acquiring, holding or disposing of Notes and Warrants. The comments relate only to the position of persons who are absolute beneficial owners of the Notes and Warrants. Prospective Noteholders and Warranholders should be aware that the particular terms of issue of any of the Notes and Warrants may affect the tax treatment of that and other series of Notes and Warrants. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders and Warranholders should ensure that they understand their tax position before acquiring any Notes and Warrants. Noteholders and Warranholders who may be liable to taxation in jurisdictions other than Ireland in respect of their acquisition, holding or disposal of the Notes and Warrants are particularly advised to make sure they understand their tax position and whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain Irish taxation aspects of payments in respect of the Notes and Warrants. In particular, Noteholders and Warranholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes and Warrants even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Ireland.

This summary is prepared on the assumption that the relevant Issuer is not and will not be an Irish resident for Irish tax purposes and any transactions in connection with the Notes and Warrants are not and will not be attributed or attributable to an Irish branch, permanent establishment or other fixed place of business of the relevant Issuer in Ireland.

This summary does not extend to cover the tax treatment of any investors who are subject to Irish tax by reason of Irish tax residence or by reason of having an Irish branch or permanent establishment in Ireland.

Irish Withholding Tax - Notes

Tax at the standard rate of income tax (currently 20 per cent.) is required to be withheld from payments of Irish source interest. The Issuer will not be obliged to withhold Irish income tax from payments of interest on any Notes so long as such payments do not constitute Irish source income. Interest paid on Notes should not be treated as having an Irish source unless:

- (a) the relevant Issuer is resident in Ireland for tax purposes; or
- (b) the Issuer has a branch or permanent establishment in Ireland, the assets or income of which is used to fund the payments on such Notes; or
- (c) the Issuer is not resident in Ireland for tax purposes but the register for such Notes is maintained in Ireland; or (if the Notes are in bearer form) the Notes are physically held in Ireland.

On the basis that the Issuer is not, and will not become, resident in Ireland for tax purposes, that the assets or income of any branch or permanent establishment of the Issuer in Ireland will not be used to fund the payments on the Notes, and that the Issuer will not maintain a register of any Registered Notes in Ireland and bearer notes will not be physically located in Ireland, payments on the Notes may be made without withholding or deduction for or on account of Irish withholding tax.

If the payments of interest were deemed to have an Irish source, the Issuer will not be obliged to withhold Irish income tax from payments of interest on any Notes where:

- (a) the Notes carry a right to interest, and are, and continue to be, quoted on a recognised stock exchange for the purposes of section 64 of the Irish Taxes Consolidation Act 1997; and
- (b) the person by or through whom the payment is made is not in Ireland, or if such person is in Ireland, either:
 - (i) the Notes are held in a clearing system recognised by the Irish Revenue Commissioners (Euroclear, Clearstream, Luxembourg and Euroclear France are, amongst others, so recognised); or
 - (ii) the Noteholder is not resident in Ireland and has made a declaration to a relevant person (such as a paying agent located in Ireland) in the prescribed form.

Euronext Dublin is a recognised stock exchange for these purposes.

Irish Withholding Tax – Warrants

No Irish withholding tax will be deducted from payments on the issue, exercise, sale or other disposition of the Warrants.

Stamp Duty – Warrants

No Irish stamp duty should be payable on the issue or transfer of the Warrants on the basis that the Warrants constitute stocks or marketable securities of a company which is not registered in Ireland for the purposes of section 88 of the Stamp Duties Consolidation Act 1999 ("SDCA").

In addition, section 90 SDCA provides that no Irish stamp duty is payable in respect of certain financial services instruments including financial futures agreements, forward agreements and option agreements. We consider that this exemption is also applicable to Warrants.

Encashment Tax

In certain circumstances, Irish tax will be required to be withheld at the rate of tax (currently 25 per cent.) from payments on Notes or potentially the Warrants issued by a company not resident in Ireland, where such interest is collected or realised by a bank or encashment agent in Ireland on behalf of any Noteholder who is Irish resident. Encashment tax does not apply where the Noteholder is not resident in Ireland and has made a declaration in the described form to the encashment agent or bank.

UNITED KINGDOM

United Kingdom Taxation – Notes

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest and certain other payments in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("HMRC"), which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect. The comments do not deal with any other United Kingdom tax aspects of acquiring, holding or disposing of Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. Noteholders should be aware that the particular terms of issue of any Series of Notes as specified in the relevant Final Terms may affect the tax treatment of that and other Series of Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a purchaser. Noteholders who are in any doubt as to their tax position should consult their professional

advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) United Kingdom Withholding Tax – Interest

1. Any payments made with respect to the Notes which are considered to be payments of interest for United Kingdom taxation purposes and where such Notes are issued for a term of less than one year (and which are not issued under arrangements the effect of which is to render the Notes part of a borrowing with a total term of one year or more) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax.
2. Notes issued by the Issuer which carry a right to interest will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange (within the meaning of Section 1005 of the Income Tax Act 2007 (the "Act") for the purposes of Section 987 of the Act) or admitted to trading on a "multilateral trading facility" operated by an EEA-regulated recognised stock exchange (within the meaning of Section 987 of the Act). Whilst the Notes are and continue to be quoted Eurobonds, payments on such Notes which are considered to be payments of interest for United Kingdom tax purposes may be made without withholding or deduction for or on account of United Kingdom income tax. Notes will be regarded as "listed on a recognised stock exchange" for this purpose if (and only if) they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part VI of the FSMA) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange. Euronext Dublin is a recognised stock exchange for these purposes, and accordingly the Notes will constitute quoted Eurobonds provided they are and continue to be officially listed on Euronext Dublin and admitted to trading on the regulated market of Euronext Dublin. The Borsa Italiana S.p.A. is also a recognised stock exchange for these purposes. The Issuer's understanding of current HMRC practice is that securities which are officially listed on the Borsa Italiana S.p.A. and are admitted to trading on the Electronic Bond Market, being the regulated market of the Borsa Italiana S.p.A. (also known as the "MOT") may be regarded as "listed on a recognised stock exchange" for these purposes.
3. In addition to the exemptions set out in paragraphs 1 and 2 above, payments on the Notes which are considered to be interest for United Kingdom taxation purposes may be paid without withholding or deduction for or on account of United Kingdom income tax so long as the Issuer is a "bank" for the purposes of Section 878 of the Income Tax Act 2007 and so long as such payments are made by the Issuer in the ordinary course of its business.
4. In all other cases, falling outside the exemptions described in paragraphs 1, 2 and 3 above, payments on the Notes which are considered to be interest for United Kingdom tax purposes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty or to any other exemption which may apply.
5. Any payments made by the Issuer under the Deed of Covenant may not qualify for the exemptions from United Kingdom withholding tax described above.

(B) United Kingdom Withholding Tax – Other Payments

Where a payment on a Note does not constitute (or is not treated as) interest for United Kingdom tax purposes, it would potentially be subject to United Kingdom withholding tax if, for example, it constitutes (or is treated as) an annual payment, a manufactured payment, rent or similar income or royalties for United Kingdom tax purposes (which will be determined by, amongst other things, the terms and conditions specified by the Final Terms of the Note). In such a case, the payment may fall to be made under deduction of United Kingdom tax (the rate of withholding depending on the nature of the payment), subject to any

exemption from withholding which may apply and to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double tax treaty.

(C) Other Rules Relating to United Kingdom Withholding Tax

1. Where interest or any other payment has been paid under deduction of United Kingdom income tax, Noteholders or Couponholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.
2. The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Noteholders or Couponholders should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as those terms are understood in United Kingdom tax law.
3. The above summary under the heading of "*United Kingdom Taxation – Notes*" assumes that there will be no substitution of the Issuer pursuant to Condition 14 (*Meetings of Noteholders, Modification and Substitution*) of the English Law Conditions or the French Law Conditions of the Notes and does not consider the tax consequences of any such substitution.

United Kingdom Taxation – Warrants

The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments in respect of the Warrants and of the treatment of Warrants for the purposes of United Kingdom stamp duty and stamp duty reserve tax. It is based on current law and the practice of HMRC, which may not be binding on HMRC and which may be subject to change, sometimes with retrospective effect.

The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of Warrants. The comments in relation to United Kingdom withholding tax relate only to the position of persons who are absolute beneficial owners of the Warrants. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a purchaser.

Warrant holders who are in any doubt as to their tax position should consult their professional advisers. Warrant holders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Warrants are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Warrants. In particular, Warrant holders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Warrants even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) United Kingdom Withholding Tax

Warrants that are not derivatives

Payments under the Warrants which do not amount to interest, rent or annual payments (and are not treated as, or as if they were, interest, rent or annual payments for United Kingdom tax purposes) may be made without any withholding or deduction for or on account of United Kingdom tax.

Payments where the Warrants constitute derivative contracts

The Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments under Warrants that are treated as derivative contracts for the purposes of Part 7 of the Corporation Taxes Act 2009.

(B) United Kingdom Stamp Duty and Stamp Duty Reserve Tax

United Kingdom stamp duty or stamp duty reserve tax may be payable on any issue, transfer or agreement to transfer the Warrants or any interest in the Warrants.

BELGIUM

This summary is prepared on the assumption that the relevant Issuer is not and will not be a Belgian resident for Belgian tax purposes and any transactions in connection with the Notes and the Warrants are not and will not be attributed or attributable to a Belgian branch, permanent establishment or other fixed place of business of the relevant Issuer in Belgium.

Belgian Taxation – Notes and/or Warrants

The following is a general description of the principal Belgian tax consequences for investors receiving interest in respect of, or disposing of, the Notes and/or Warrants and is of a general nature. It does not purport to be a complete analysis of tax considerations relating to the Notes and/or Warrants whether in Belgium or elsewhere.

This general description is based upon the law as in effect on the date of this Base Prospectus and is subject to any changes in law after such date (including any changes which may have retroactive effect). Investors should appreciate that, as a result of changes in law or practice, the tax consequences may be different from those set out below. Investors should consult their professional advisers on the possible tax consequences of subscribing for, purchasing, holding or selling the Notes and/or Warrants under the laws of their countries of citizenship, residence, ordinary residence or domicile.

Direct taxation of the Notes and/or the Warrants

Individuals resident in Belgium

Belgian residents subject to Belgian personal income tax are normally subject to the following tax treatment with regard to the Notes and/or Warrants.

Any periodic coupon payment as well as any cash payment and/or delivery of a physical delivery amount made by the Issuer in excess of the issue price (upon full or partial redemption, whether or not at maturity, or upon purchase by the Issuer) will be treated as interest for Belgian tax purposes and will be subject to a Belgian withholding tax of 30 per cent. if collected through a financial intermediary established in Belgium. The Belgian withholding tax constitutes the final income tax for Belgian resident individuals (*Bevrijdende roerende voorheffing/Précompte mobilier libérateur*). This means that they do not have to declare the interest obtained in their personal income tax return, provided Belgian withholding tax was levied on these interest payments. However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent., unless progressive personal income tax rates are more favourable.

Even if Belgian withholding tax has been retained, Belgian resident individuals may nevertheless elect to declare the interest in their personal income tax returns. Where an individual opts to declare such interest payments, he/she will normally be taxed separately at a flat tax rate of 30 per cent. (in the present case not increased by communal surcharges) or at the progressive personal tax rates taking into account the taxpayer's other declared income, whichever is lower. If the interest payment is declared, any retained Belgian withholding tax may be credited, and any excess will normally be reimbursed.

Capital gains realised on the sale of the Notes and/or Warrants on the secondary market before maturity are generally not taxable for individuals, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realised on a sale of Notes and/or Warrants which qualify as fixed income Notes and/or Warrants in the meaning of article 2, §1, 8° Belgian Income Tax Code is also taxable as interest. Capital losses realised on a sale of the Notes and/or Warrants are not tax deductible.

Other rules may be applicable in certain specific cases, especially when the investors hold the Notes and/or Warrants within the framework of their professional activity, or when transactions regarding the Notes and/or Warrants fall outside the scope of ordinary private asset management transactions.

Belgian resident companies

Companies that are subject to Belgian corporate tax are normally subject to the tax treatment described below with regard to the Notes and/or Warrants.

The total amount of income from the Notes and/or Warrants derived by Belgian corporate investors who are Belgian residents for tax purposes, i.e. who are subject to Belgian corporate income tax (*Vennootschapsbelasting/Impôt des sociétés*) and capital gains realised on the Notes and/or Warrants will be subject to Belgian corporate income tax, the ordinary rate of which is equal to 25 per cent. (with a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies as defined by article 1:24, §1 to §6 of the Belgian Companies and Associations Code).

The total amount of income from the Notes and/or Warrants will be part of the taxable profit of the company, except for capital gains realised upon settlement of a physically settled warrant, which may under certain conditions benefit from an exemption.

Income which is treated as interest for Belgian tax purposes is subject to a Belgian withholding tax of 30 per cent. if it is collected through a financial intermediary established in Belgium. An exemption of withholding tax may apply if the company receiving the interest delivers a specific residence certificate. The exemption does not apply for income on zero coupon or capitalisation bonds.

In addition, the Belgian withholding tax that has been levied is creditable in accordance with the applicable legal provisions, but only in proportion to the period during which the company held the Notes and/or Warrants.

Capital gains realised on the sale of the Notes and/or Warrants are taxable while capital losses are in principle tax deductible.

Other tax rules apply to investment companies within the meaning of Article 185 bis of the Belgian Income Tax Code 1992 (*Wetboek van inkomstenbelastingen 1992/Code des impôts sur les revenus 1992*) (the "**BITC 1992**").

Other Belgian legal entities

Any periodic coupon payment as well as any cash payment and/or delivery of a physical delivery amount made by the Issuer in excess of the issue price (upon full or partial redemption, whether or not at maturity, or upon purchase by the Issuer) will be subject to a Belgian withholding tax of 30 per cent. if collected through a financial intermediary established in Belgium. If Belgian withholding tax has been withheld, the interest will not be taxed further. Holders of the Notes and/or Warrants who collect the payment abroad without Belgian withholding tax are required to declare this income and to pay the withholding tax on their own initiative.

Capital gains realised on the sale of the Notes and/or Warrants on the secondary market before maturity are generally not taxable for non-profit entities, except if the purchaser is the Issuer. In the latter case, capital gains are taxable as interest and subject to withholding tax if collected through a financial intermediary established in Belgium. The accrued interest part of a capital gain realised on a sale of Notes and/or Warrants which qualify as fixed income Notes and/or Warrants in the meaning of article 2, §1, 8° Belgian Income Tax Code are also taxable as interest. Capital losses realised on a sale of the Notes and/or Warrants are not tax deductible.

*Taxation applicable to Organisations for Financing Pensions ("**OF**P")*

Interest and capital gains derived by Organisations for Financing Pensions in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision, are in principle exempt from Belgian corporate income tax. Capital losses are in principle not tax deductible. Subject to certain conditions, any Belgian withholding tax that has been levied can be credited against any corporate income tax due and any excess amount is in principle refundable.

Belgian non-residents

Investors who are non-residents of Belgium for Belgian tax purposes and are not holding the Notes and/or Warrants through a Belgian establishment and do not invest the Notes and/or Warrants in the course of their Belgian professional activity will in principle not incur or become liable for any Belgian tax on income or capital gains (save as the case may be, in the form of withholding tax).

Any periodic coupon payment as well as any cash payment and/or delivery of a physical delivery amount made by the Issuer in excess of the issue price (upon full or partial redemption, whether or not at maturity, or upon purchase by the issuer) will be subject to a Belgian withholding tax of 30 per cent. if collected through a financial intermediary established in Belgium, unless the investor is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit.

If the income is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident investors that do not hold the Notes and/or Warrants through a Belgian establishment can also obtain an exemption of Belgian withholding tax on interest from the Notes and/or Warrants paid through a Belgian credit institution, a Belgian stock market company or a Belgian-recognised clearing or settlement institution, **provided that** they deliver an affidavit from such institution or company confirming (i) that the investors are non-residents, (ii) that the Notes and/or Warrants are held in full ownership or in usufruct and (iii) that the Notes and/or Warrants are not held for professional purposes in Belgium.

Inheritance duties

No Belgian inheritance duties will be due in respect of the Notes and/or Warrants if the deceased holder of the Notes and/or Warrants was not a Belgian resident at the time of his or her death, even if the Notes and/or Warrants were held in custody in Belgium.

Tax on stock exchange transactions

The acquisition of Notes and/or Warrants upon their issuance (primary market) is not subject to the tax on stock exchange transactions (*Taks op de beursverrichtingen/Taxe sur les opérations de bourse*).

A stock exchange tax will be levied on the purchase and sale of the Notes and/or Warrants on the secondary market carried out by a Belgian resident investor through a professional intermediary if (i) entered into or carried out in Belgium through a professional intermediary, or (ii) deemed to be entered into or carried out in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals having their usual residence in Belgium, or legal entities for the account of their seat or establishment in Belgium.

In the scenario under (ii), the tax on stock exchange transactions is due by the Belgian Investor, unless the Belgian Investor can demonstrate that the tax on stock exchange transactions due has already been paid by the professional intermediary established outside of Belgium. In such a case, the foreign professional intermediary also has to provide each client (which gives such intermediary an order) with a qualifying order statement (*bordereau/borderel*), at the latest on the business day after the day the transaction concerned was realised. The qualifying order statements must be numbered in series and a duplicate must be retained by the financial intermediary. The duplicate can be replaced by a qualifying day-to-day listing, numbered in series. Alternatively, professional intermediaries established outside of Belgium could appoint a stock exchange tax representative in Belgium, subject to certain conditions and formalities ("**Stock Exchange Tax Representative**"). Such Stock Exchange Tax Representative will then be liable toward the Belgian Treasury for the tax on stock exchange transactions due and for complying with the reporting obligations and the obligations relating to the order statement (*bordereau/borderel*) in that respect. If such a Stock Exchange Tax Representative would have paid the tax on stock exchange transactions due, the Belgian Investor will, as per the above, no longer be the debtor of the tax on stock exchange transactions.

The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.12 per cent. with a maximum amount of Euro 1,300 per transaction and per party or, as the case may be, 0.35 per cent. with a maximum amount of Euro 1,600 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

The tax on stock exchange transactions will not be payable by exempt persons acting for their own account including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status and certain Belgian institutional investors as defined in Article 126/1, 2° of the Code of miscellaneous taxes and duties (*Code des droits et taxes divers/Wetboek diverse rechten en taksen*) for the tax on stock exchange transactions.

Tax on securities accounts

The tax on securities accounts applies as of tax assessment year 2022 (income year 2021).

An annual tax of 0.15 per cent. is levied on securities accounts of which the average value of the taxable financial instruments (covering, amongst others, financial instruments such as the Notes and/or the Warrants but also cash and money market instruments) held thereon during a reference period of twelve consecutive months (in principle) starting on 1 October and ending on 30 September of the subsequent year, would exceed EUR 1 million. The tax due is capped at 10 per cent. of the part of the said average value exceeding the EUR 1 million threshold.

The tax targets securities accounts held by resident individuals, companies and legal entities, irrespective as to whether these accounts are held with a financial intermediary which is established or located in Belgium or abroad. The tax also applies to securities accounts held by non-resident individuals, companies and legal entities with a financial intermediary established or located in Belgium.

There are exemptions, such as securities accounts held by specific types of regulated entities for their own account. These regulated entities include, amongst others, (i) financial undertakings as listed in Article 198/1, §6, 1° to 12° of the BITC 1992, (ii) central banks, (iii) stockbroking firms as defined by Article 1, §3 of the Law of 25 April 2014 on the status and supervision of credit institutions and investment companies, and (iv) institutions listed in Article 2, §1, 13°/1, first section, a) to c) of the BITC 1992, with the exception of institutions and compartment listed in Article 2, §1, 13°/1, second and third sections of the BITC 1992.

A new retroactive anti-abuse provision applies as from 30 October 2020, for certain transactions carried out in order to avoid the application of this tax.

In cases where a Belgian financial intermediary is responsible for the tax – i.e. either incorporated under Belgian law, established in Belgium or having appointed a Belgian representative – that intermediary has to submit a return on the twentieth day of the third month following the end of the reference period at the latest. The tax must be paid on this day. In any other case, the taxpayer itself has to submit a tax return within the same time limit as that provided for the filing of its personal income tax return. The tax will have to be paid on the 31st of August of the year following the end of the reference period at the latest.

FRANCE

This summary is prepared on the assumption that the relevant Issuer is not and will not be a French resident for French tax purposes and any transactions in connection with the Notes and the Warrants are not and will not be attributed or attributable to a French branch, permanent establishment or other fixed place of business of the relevant Issuer in France.

French Taxation - Notes

The following is a general description of certain French tax considerations relating to the Notes held by French tax residents to the extent that payments under the Notes would qualify as interest payments. It is not a description of general French tax considerations relating to the Notes. Prospective investors are advised to consult their own professional advisors to obtain information about the tax consequences of the acquisition, ownership, or disposition of the Notes. Only personal advisors are in a position to adequately take into account special tax aspects of the Notes as well as the Noteholder's personal circumstances and any special tax treatment applicable to the Noteholder. This summary is based on French law as in force when drawing up this Base Prospectus. The laws and their interpretation by the tax authorities may change and such changes may have retroactive effect.

Payments of interest and principal by the Issuer, acting out of its head offices or one of its non-French branches, under the Notes will not be viewed as French-source income and therefore will not be subject to withholding tax in France, in accordance with the applicable French law.

Pursuant to Articles 125 A and 125 D of the French *Code Général des Impôts*, and subject to certain limited exceptions, interest and other similar revenues received by French tax resident individuals are subject to a 12.8 per cent. mandatory (non-final) withholding tax which is creditable against the applicable personal income tax liability in respect of the year in which the payment has been made. Social contributions on such interest and other similar revenues are also withheld at source at an aggregate rate of 17.2 per cent. (CSG, CRDS and other related contributions), subject to certain limited exceptions. Practical steps to be taken for purposes of levying this withholding tax will depend on the place where the paying agent is located.

French tax resident individuals holding the Notes as part of their private assets should consult their own tax advisers to determine declarative and payment obligations applicable to them in France in relation to the mandatory withholding tax and social security contributions referred to above. The Issuer does not assume responsibility for French withholding tax at source and is not obliged to make additional payments in case of French withholding tax deductions.

Prospective purchasers of Notes who are French resident for tax purposes or who would hold such Notes through a permanent establishment or a fixed base in France should be aware that transactions involving the Notes, including any purchase or disposal of, or other dealings in, the Notes, may have French tax consequences. The tax consequences regarding interest, premium on redemption and capital gains in particular may depend, amongst other things, upon the status of the prospective purchaser (i.e. legal entities or individuals). Prospective purchasers of the Notes should consult their own tax advisers about the French tax implications of purchasing, holding, disposing the Notes and more generally, of any transactions involving Notes.

French Taxation – Warrants

The following is a general description of certain French withholding tax considerations relating to the payments under the Warrants. It is not a description of general French tax considerations relating to the Warrants. Prospective investors are advised to consult their own professional advisors to obtain information about the tax consequences of the acquisition, ownership, exercise or disposition of the Warrants. Only personal advisors are in a position to adequately take into account special tax aspects of the Warrants as well as the Warrants holder's personal circumstances and any special tax treatment applicable to the Warrants holder. This summary is based on French law as in force when drawing up this Base Prospectus. The laws and their interpretation by the tax authorities may change and such changes may have retroactive effect.

Assuming that the Warrants issued by the Issuer do not constitute debt instruments within the meaning of Article 125 A of the French tax code, payments in respect of such Warrants issued by the Issuer should not be subject to any mandatory withholding tax in France but the potential gain could be taxed in France.

ITALY

Italy Taxation - Notes

The following is a general overview of certain tax consequences of acquiring, holding and disposing of Notes. It does not purport to be a complete analysis of all tax considerations that may be relevant to the decision to purchase, own or dispose of Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of Notes, some of which may be subject to special rules. This section is based upon Italian tax laws and/or practice in force as at the date of this Base Prospectus, which are subject to any changes in law and/or practice occurring after such date, which could be made on a retroactive basis. The Issuer will not update this section to reflect changes in law and, if any such change occurs, the information in this section could be superseded.

Prospective purchasers of Notes should consult their tax advisers as to the overall tax consequences of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

General

Legislative Decree No. 239 of 1 April 1996, as subsequently amended ("**Decree No. 239**") sets out the applicable regime regarding the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as

"Interest") deriving from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) issued, *inter alia*, by non-Italian resident issuers. The provisions of Decree No. 239 only apply to notes issued by the Issuer to the extent that they qualify as bonds or debentures similar to bonds pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986, as amended and supplemented ("**Decree no. 917**").

For these purposes, debentures similar to bonds (*titoli similari alle obbligazioni*) are securities that incorporate an unconditional obligation of the issuer to pay at maturity an amount not lower than their nominal value, with or without the payment of periodic interest, and do not give any right to directly or indirectly participate in the management of the issuer or to the business in connection to which the securities were issued, nor to control the same.

Otherwise, Notes that do not qualify as debentures similar to bonds are characterised for Italian tax purposes as "atypical securities" and as such regulated by Law Decree No. 512 of 30 September 1983.

Notes qualifying as debenture similar to bonds

Italian Resident Noteholders

Pursuant to Decree No. 239, where the Italian resident Noteholder, who is the beneficial owner of the Notes, is:

- (a) an individual not engaged in an entrepreneurial activity to which the Notes are connected; or
- (b) a partnership (other than a *società in nome collettivo* or *società in accomandita semplice* or similar partnership) or a *de facto* partnership not carrying out commercial activities or professional associations; or
- (c) a private or public institution (other than companies), trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or
- (d) an investor exempt from Italian corporate income taxation;

Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent., either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes (unless the Noteholder described in paragraphs (a), (b) and (c) above has entrusted the management of their financial assets, including the Notes, to an authorised intermediary and they have opted for the application of the "*risparmio gestito*" regime pursuant to Article 7 of Italian Legislative Decree No. 461 of 21 November 1997, as amended and supplemented from time to time ("**Decree No. 461**").

All the above categories are qualified as "**net recipients**".

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the *imposta sostitutiva*, on Interest if the Notes are included in a long-term savings account (*piano di risparmio a lungo termine*) that meets the requirements set forth in Article 1, (100-114) of Law No. 232 of 11 December 2016 ("**Law No. 232**") and in Article 1 (211 – 215) of Law No. 145 of 30 December 2018 ("**Law No. 145**") and, for long-term individual savings accounts established from 1 January 2020, Article 13-bis of Law Decree No. 124 of 26 October 2019 ("**Law Decree No. 124**"), each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law no. 178 of 30 December 2020 ("**Law No. 178**"), it is further **provided that** Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realised in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Where the resident holders of the Notes described in paragraphs (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner's Italian income tax return and will be

subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* (so called "**SIMs**"), fiduciary companies, *società di gestione del risparmio* (so called "**SGRs**"), stockbrokers and other qualified entities resident in Italy ("**Intermediaries**", and each, an "**Intermediary**") or by permanent establishments in Italy of a non-Italian resident Intermediary, that intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the Intermediary with which the notes are deposited.

Where the Notes and the relevant coupons are not deposited with an authorised Italian Intermediary (or with a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the holders of the Notes.

Payments of Interest in respect of Notes that fall within the definitions set out above are not subject to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are:

- (a) Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected;
- (b) Italian resident partnerships carrying out commercial activities (*'società in nome collettivo'* or *'società in accomandita semplice'*);
- (c) Italian resident open-ended or closed-ended collective investment funds (together, the "**Funds**", and each, a "**Fund**"), SICAVs, Italian resident pension funds referred to in Legislative Decree No. 252 of 5 December 2005 ("**Decree No. 252**"), Italian resident real estate investment funds, investment companies with fixed capital (SICAFs); and
- (d) Italian resident Noteholders described in paragraphs (a), (b) and (c) above who have entrusted the management of their financial assets, including the Notes, to an authorised financial Intermediary and have opted for the asset management regime (*'regime del risparmio gestito'*).

Such categories are qualified as "gross recipients".

To ensure payment of Interest in respect of the Notes without the application of 26 per cent. *imposta sostitutiva*, gross recipients indicated above under paragraphs (a) to (d) must:

- (a) be the beneficial owners of payments of Interest on the Notes, and
- (b) deposit the Notes in due time, together with the coupons relating to such Notes, directly or indirectly with an Italian authorised Intermediary (or a permanent establishment in Italy of a foreign Intermediary).

Gross recipients that are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected are entitled to deduct *imposta sostitutiva* suffered from income taxes due.

Interest accrued on the Notes would be included in the corporate taxable income (and in certain circumstances, depending on the "status" of the Noteholder, also in the net value of production for purposes of regional tax on productive activities – IRAP) of beneficial owners who are Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected, subject to tax in Italy in accordance with ordinary tax rules.

Italian resident individuals holding Notes not in connection with entrepreneurial activity who have opted for the asset management regime (*'regime del risparmio gestito'*) are subject to a 26 per cent. annual substitute tax (the "**Asset Management Tax**") on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised Intermediary.

If the investor is resident in Italy and is a Fund, a non-real estate SICAF or a SICAV and the relevant Notes are held by an authorised intermediary, Interest accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the financial results of the Fund, non-real estate SICAF or SICAV. The Fund, non-real estate SICAF or SICAV will not be subject to taxation on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders (the "**Collective Investment Fund Substitute Tax**").

Where a Noteholder is an Italian resident real estate investment fund, to which the provisions of Law Decree No. 351 of 25 September, 2001, as subsequently amended, apply, or a real estate SICAF, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the real estate investment fund or real estate SICAF. The income of the real estate fund or real estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Where an Italian resident Noteholder is a pension fund (subject to the regime provided for by article 17 of the Legislative Decree No. 252 of 5 December 2005) and the Notes are deposited with an Italian resident intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. annual substitute tax (the "**Pension Fund Tax**").

Subject to certain conditions (including minimum holding period requirement) and limitations, Interest relating to the Notes may be excluded from taxable base of the Pension Fund Tax if the Notes are included in long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and, for the long-term individual savings account established from 1° January 2020, Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time.

Non-Italian resident Noteholders

Interest payments relating to Notes received by non-Italian resident beneficial owners are not subject to taxation in Italy.

If the Notes are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign Intermediary) or are sold through an Italian Intermediary (or permanent establishment in Italy of foreign Intermediary) or in any case an Italian resident Intermediary (or permanent establishment in Italy of foreign Intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation, a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a statement (*autocertificazione*) stating that he or she is not resident in Italy for tax purposes.

Notes qualifying as atypical securities

Notes that do not qualify as *obbligazioni* (bonds) or as *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44, paragraph 2, lett. c) of Decree No. 917 are characterised for Italian tax purposes as "atypical securities". Pursuant to Article 44 of Decree No. 917, securities can be qualified, for income tax purposes, as *titoli similari alle obbligazioni* (securities similar to bonds) only to the extent that they incorporate an unconditional obligation to pay at maturity or upon redemption (to the Noteholder) an amount not less than therein indicated without providing any right to the Noteholders to participate in, or to control, the activity carried on by the Issuer.

Income of any kind, including interest and any sum paid to Noteholders at maturity in excess over the issue price and relating to Notes characterised as "atypical securities" may be subject to withholding tax levied at the rate of 26 per cent. The 26 per cent. withholding tax mentioned above does not apply to interest payments made to a non-Italian resident Noteholder and to an Italian resident Noteholder which is (a) a commercial partnership, (b) a company or similar commercial entity, (c) a permanent establishment in Italy of a foreign entity, and (d) a commercial private or public institution.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Notes not falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle*

obbligazioni) and qualify as *titoli atipici* ("**atypical securities**") pursuant to Article 5 of Law Decree No. 512 of 30 September 1983, if such Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114), of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020, Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further **provided that** Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realised in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Capital Gains

Pursuant to Decree No. 461, a 26 per cent. substitute tax on capital gains referred to as "*imposta sostitutiva*" is applicable to capital gains realised by:

- (a) an Italian resident individual not engaged in entrepreneurial activities to which the Notes are connected;
- (b) an Italian resident partnership not carrying out commercial activities; or
- (c) an Italian private or public institution not carrying out mainly or exclusively commercial activities.

Under the so called tax declaration regime (*regime della dichiarazione*), which is the standard regime for taxation of capital gains, the 26 per cent. *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains net of any relevant incurred capital losses realised pursuant to all investment transactions carried out during any given fiscal year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with Italian tax authorities and *imposta sostitutiva* must be paid on such capital gains together with any balance income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding fiscal year.

Alternatively to the tax declaration regime, holders of the Notes who are:

- (a) Italian resident individuals not engaged in entrepreneurial activities to which the Notes are connected;
- (b) Italian resident partnerships not carrying out commercial activities;
- (c) Italian private or public institutions not carrying out mainly or exclusively commercial activities,

may elect for the administered savings regime (*risparmio amministrato* regime) to pay *imposta sostitutiva* separately on capital gains realised on each sale or transfer or redemption of the Notes. Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with banks, SIMs and any other Italian qualified intermediary (or permanent establishment in Italy of foreign intermediary) and (ii) an express election for the administered savings regime being made in writing in due time by the relevant holder of the Notes. The intermediary is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or transfer or redemption of the Notes, as well as on capital gains realised as at revocation of its mandate, net of any relevant incurred capital losses, and is required to pay the relevant amount to the Italian tax authorities on behalf of the holder of the Notes, deducting a corresponding amount from proceeds to be credited to the holder of the Notes. Where a sale or transfer or redemption of the Notes results in a capital loss, the intermediary is entitled to deduct such loss from gains of the same kind subsequently realised on assets held by the holder of the Notes within the same relationship of deposit in the same tax year or in the following tax years up to the fourth.

Special rules apply if the Notes are part of a portfolio managed in an asset management regime (*risparmio gestito* regime) by an Italian asset management company or an authorised intermediary. The capital gains realised upon sale, transfer or redemption of the Notes will not be subject to 26 per cent. *imposta sostitutiva* on capital gains but will contribute to determine the annual accrued appreciation of the managed portfolio, subject to the Asset Management Tax. Any depreciation of the managed portfolio accrued at year end may

be carried forward against appreciation accrued in each of the following years up to the fourth. Also under the asset management regime the realised capital gain is not required to be included in the annual income tax return of the Noteholder.

In the case of Notes held by Funds, SICAFs and SICAVs, capital gains on Notes contribute to determinate the increase in value of the managed assets of the Funds, SICAFs or SICAVs accrued at the end of each tax year. The Funds, SICAFs or SICAVs will not be subject to taxation on such increase, but the Collective Investment Fund Substitute Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains realised by a Noteholder that is an Italian real estate fund to which the provisions of Law Decree No. 351 of 25 September, 2001, as subsequently amended, apply, or a real estate SICAF, shall not be subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund or real estate SICAF. The income of the real estate fund or real estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Noteholder that is an Italian pension fund (subject to the regime provided for by article 17 of the Decree No. 252) will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. Subject to certain conditions (including minimum holding period requirement) and limitations, capital gains in respect of Notes realised upon sale, transfer or redemption by Italian pension fund may be excluded from the taxable base of the Pension Fund Tax if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114) of Law 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020 of Law Decree No. 124, each of them as amended and applicable from time to time.

Any capital gains realised by Italian resident corporations or similar commercial entities or permanent establishments in Italy of non-Italian resident corporations to which the Notes are connected, will be included in their business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to tax in Italy according to the relevant ordinary tax rules.

Subject to certain limitations and requirements (including a minimum holding period), capital gains in respect of Notes realised upon sale, transfer or redemption by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26 per cent. *imposta sostitutiva*, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant Article 1, (100 – 114), of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020 of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further **provided that** Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realised in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

The 26 per cent. *imposta sostitutiva* on capital gains may in certain circumstances be payable on any capital gains realised upon sale, transfer or redemption of the Notes by non-Italian resident individuals and corporations without a permanent establishment in Italy to which the Notes are effectively connected, if the Notes are held in Italy.

However, pursuant to Article 23 of Presidential Decree No. 917, any capital gains realised by non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected through the sale for consideration or redemption of the Notes are exempt from taxation in Italy to the extent that the Notes are listed on a regulated market in Italy or abroad, and in certain cases subject to timely filing of required documentation (in the form of a declaration (*autocertificazione*) of non-residence in Italy) with Italian qualified intermediaries (or permanent establishments in Italy of foreign intermediaries) with which the Notes are deposited, even if the Notes are held in Italy and regardless of the provisions set forth by any applicable double tax treaty.

Where the Notes are not listed on a regulated market in Italy or abroad:

- (a) pursuant to the provisions of Decree No. 461 non Italian resident beneficial owners of the Notes with no permanent establishment in Italy to which the Notes are effectively connected are exempt from the *imposta sostitutiva* in the Republic of Italy on any capital gains realised upon sale for consideration or redemption of the Notes if they are resident, for tax purposes, in a state or territory listed in the Italian Ministerial Decree dated 4th September, 1996, as amended and supplemented from time to time (the "**White List**"). According to Article 11, par. 4, let. c), of Decree 239, the White List will be updated every six months period. Under these circumstances, if non Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the asset management regime or are subject to the administrative savings regime, exemption from Italian capital gains tax will apply upon condition that they file in time with the authorised financial intermediary an appropriate declaration (*autocertificazione*) stating that they meet the requirement indicated above. The same exemption applies where the beneficial owners of the Notes are (i) international entities or organisations established in accordance with international agreements ratified by Italy; (ii) certain foreign institutional investors established in countries which allow for an adequate exchange of information with Italy; or (iii) Central Banks or entities which manage, *inter alia*, the official reserves of a foreign state; and
- (b) in any event, non-Italian resident individuals or entities without a permanent establishment in Italy to which the Notes are effectively connected that may benefit from a double taxation treaty with Italy, providing that capital gains realised upon sale or redemption of Notes are to be taxed only in the country of tax residence of the recipient, will not be subject to *imposta sostitutiva* in Italy on any capital gains realised upon sale for consideration or redemption of Notes.

Italy Taxation - Warrants

The following is a general summary of current Italian law and practice relating to certain Italian tax considerations concerning the purchase, ownership and disposal of the Warrants by Italian resident holders. It does not purport to be a complete analysis of all tax considerations that may be relevant to a decision to purchase, own or dispose of the Warrants and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of the Warrants, some of which may be subject to special rules. This summary is based upon Italian tax laws and practice in effect as at the date of this Base Prospectus, which may be subject to change, potentially with retroactive effect.

Prospective holders should consult their own tax advisers as to the consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of Warrants.

General

The Warrants may be subject to different tax regimes depending on whether:

- (a) they represent derivative financial instruments or bundles of derivative financial instruments, through which the Warranholders purchase indirectly underlying financial instruments; or
- (b) they represent a debt instrument implying a "use of capital" (*impiego di capitale*), through which the Warranholders transfer to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the right to obtain a (partial or entire) reimbursement of such amount at maturity.

Warrants representing derivative financial instruments or bundles of derivative financial instruments

Payments in respect of Warrants qualifying as securitised derivative financial instruments received by Italian Warranholders as well as capital gains realised by Italian Warranholders (not engaged in entrepreneurial activities to which the Warrants are connected) which are Italian resident individuals on any sale or transfer for consideration of the Warrants or redemption thereof are subject to a 26 per cent. capital gains tax, which applies under the following taxation regime: tax declaration regime ("*Regime della dichiarazione*"), administrative savings regime ("*Regime del risparmio amministrato*") and asset management regime ("*Regime del risparmio gestito*") as described under paragraph "Capital Gains Tax" below.

Capital Gains Tax

A 26 per cent. *imposta sostitutiva* is applicable on capital gains realised on the disposal of the Warrants by Warrantheolders included among the following categories of Italian resident persons:

- (a) an Italian resident individual not engaged in entrepreneurial activities to which the Warrants are connected, or
- (b) an Italian resident partnership not carrying out commercial activities, or
- (c) an Italian private or public institution not carrying out mainly or exclusively commercial activities.

In respect of the application of *imposta sostitutiva*, taxpayers may opt for one of the three regimes described below:

- (a) Under the tax declaration regime ("*regime della dichiarazione*"), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Warrants are effectively connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any offsetable capital losses, realised by the Italian resident individual holding the Warrants. In this instance, "capital gains" means any capital gain not connected with an entrepreneurial activity pursuant to all sales or redemptions of the Warrants carried out during any given fiscal year. Italian resident individuals holding the Warrants not in connection with an entrepreneurial activity must report the overall amount of the capital gains realised in any fiscal year, net of any offsetable capital losses, in the annual tax return and pay the *imposta sostitutiva* on those gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding fiscal years.
- (b) As an alternative to the tax declaration regime, Italian resident individual holding the Warrants not in connection with an entrepreneurial activity may elect to pay under the administrative savings regime ("*regime del risparmio amministrato*") the *imposta sostitutiva* separately on any capital gain realised on each sale or redemption of the Warrants. Such separate taxation of capital gains is allowed subject to:
 - (1) the Warrants being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and
 - (2) an express election for the administrative savings regime being timely made in writing by the relevant Warrantheolder.

The depository must account for the *imposta sostitutiva* in respect of any capital gain realised on each sale or redemption of the Warrants (as well as in respect of any capital gain realised upon the revocation of its mandate), net of any incurred capital loss. The depository must also pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Warrantheolder or using funds provided by the Warrantheolder for this purpose. Under the administrative savings regime, where a sale or redemption of the Warrants results in a capital loss, which may be deducted from any capital gain subsequently realised, within the same securities management, in the same fiscal year or in the following fiscal years up to the fourth. Under the administrative savings regime, the Warrantheolder is not required to declare the capital gains in the annual tax return.

- (c) Under the asset management regime ("*regime del risparmio gestito*"), any capital gain realised by Italian resident individuals holding the Warrants not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Warrants, to an authorised intermediary, will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26 per cent. *imposta sostitutiva*, to be paid by the managing authorised intermediary. Any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding fiscal years. The Warrantheolder is not required to report the capital gains realised in the annual tax return.

Any capital gain deriving from the sale or redemption of the Warrants and realised by Italian resident companies (including Italian permanent establishments of foreign entities to which the Warrants are connected), similar commercial entity, commercial partnership or Italian resident individuals engaged in an entrepreneurial activity to which the Warrants are effectively connected would not be subject to *imposta sostitutiva*, but must be included in the relevant Warrantholder's income tax return and therefore subject to IRES (and, in certain circumstances, depending on the "status" of the Warrantholder, also as part of the net value of the production for regional tax on business activities ("**IRAP**") purposes).

In the case of Warrants held by Funds, SICAFs and SICAVs, capital gains on Warrants contribute to determinate the increase in value of the managed assets of the Funds, SICAFs or SICAVs accrued at the end of each tax year. The Funds, SICAFs or SICAVs will not be subject to taxation on such increase, but the Collective Investment Fund Substitute Tax will apply, in certain circumstances, to distributions made in favour of unitholders or shareholders.

Any capital gains realised by a Warrantholder that is an Italian real estate fund to which the provisions of Law Decree No. 351 of 25 September, 2001, as subsequently amended, apply, or a real estate SICAF, shall not be subject to any substitute tax at the fund level nor to any other income tax in the hands of the fund or real estate SICAF. The income of the real estate fund or real estate SICAF is subject to tax, in the hands of the unitholder, depending on the status and percentage of participation, or, when earned by the fund, through distribution and/or upon redemption or disposal of the units.

Any capital gains realised by a Warrantholder that is an Italian pension fund (subject to the regime provided for by article 17 of the Decree No. 252) will not be subject to *imposta sostitutiva*, but will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. Subject to certain conditions (including minimum holding period requirement) and limitations, capital gains in respect of Warrants realised upon sale, transfer or redemption by Italian pension fund may be excluded from the taxable base of the Pension Fund Tax if the Warrants are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100 - 114), of Law 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020, Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time.

Subject to certain limitations and requirements (including a minimum holding period), capital gains in respect of Warrants realised upon sale, transfer or redemption by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26 per cent. *imposta sostitutiva*, if the Warrants are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant Article 1 (100 – 114), of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020, Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further **provided that** Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realised in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Capital gains realised by non-Italian resident Warrantholders are not subject to Italian taxation **provided that** the Warrants are held outside Italy or the capital gain derived from transaction executed in regulated market.

Warrants not having 100% capital protection guaranteed by the Issuer

In accordance with a different interpretation of the current legislation it is possible to consider the Warrants as "atypical securities" pursuant to Article 8 of Law Decree N° 512 of 30 September 1983. In this event any payment relating to the Warrants may be subject to a withholding tax, levied at the rate of 26 per cent.

The 26 per cent. withholding tax is levied by any Italian resident entity which intervenes in the collection of payments on the Warrants or in their repurchase or transfers. In case the payments on the Warrants are not received through any aforementioned Italian resident entity, Italian resident individual Warrantholders are required to report the payments in their income tax return and subject them to a final withholding tax at

26 per cent. rate. Italian resident individual Warrantheolders may elect instead to pay ordinary income tax at the progressive rates applicable to them in respect of the payments; if so, the Italian resident individual Warrantheolders should generally benefit from a tax credit for any withholding tax possible applied outside Italy.

The 26 per cent. withholding tax does not apply to payments made to a non-Italian resident Warrantheolder and to an Italian resident Warrantheolder which is (i) a company (including Italian permanent establishments of foreign entities) or similar commercial entity, (ii) a commercial partnerships or (iii) a private or public institution carrying out commercial activities.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Warrants not falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*) and qualify as *titoli atipici* ("atypical securities") pursuant to Article 5 of Law Decree No. 512 of 30 September 1983, if such Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) that meets the requirements set forth in Article 1 (100-114), of Law No. 232 and in Article 1 (211 – 215) of Law No. 145 and, for long-term individual savings accounts established from 1 January 2020, Article 13-bis of Law Decree No. 124, each of them as amended and applicable from time to time. Pursuant to Article 1, paragraphs 219-225 of Law No. 178, it is further **provided that** Italian resident individuals investing, by 31 December 2021, in long-term individual savings account compliant with Article 13-bis, paragraph 2-bis of Law Decree No. 124 may benefit from a tax credit corresponding to possible capital losses, losses and negative differences realised in respect of certain qualifying financial instruments comprised in the long-term individual savings account, **provided that** certain conditions and requirements are met (e.g. including the loss of the possibility to subsequently set off the relevant capital losses, losses and negative differences against future capital gains).

Inheritance and Gift Tax

The transfer of any valuable assets (including the Notes and the Warrants) as a result of death or donation (or other transfers for no consideration) and the creation of liens on such assets for a specific purpose are taxed as follows:

- (a) 4 per cent. if the transfer is made to spouses and direct descendants or ancestors; in this case, the transfer is subject to tax on the value exceeding EUR 1,000,000 (per beneficiary);
- (b) 6 per cent. if the transfer is made to brothers and sisters; in this case, the transfer is subject to the tax on the value exceeding EUR 100,000 (per beneficiary);
- (c) 6 per cent. if the transfer is made to relatives up to the fourth degree, to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree;
- (d) 8 per cent. in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value exceeding EUR 1,500,000.

Moreover, an anti-avoidance rule is provided by Law No. 383 of 18 October 2001 for any gift of assets (such as the Notes) which, if sold for consideration, would give rise to capital gains subject to the substitute tax (*imposta sostitutiva*) provided for by Decree No. 461 of 21 November 1997. In particular, if the donee sells the Notes for consideration within five years from the receipt thereof as a gift, the donee is required to pay the relevant *imposta sostitutiva* on capital gains as if the gift has never taken place.

Stamp duty

According to Article 13 par. 2-ter of the tariff Part I attached to Presidential Decree No. 642 of 26 October, 1972, a proportional stamp duty applies on an annual basis to any periodic reporting communications which may be sent by a financial intermediary to their clients in respect of any Notes and/or Warrants which may be deposited with such financial intermediary in Italy. The stamp duty applies at a rate of 0.2 per cent. and it cannot exceed EUR14,000 for taxpayers which are not individuals. This stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the Notes and/or the Warrants.

The statement is considered to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release or the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable on a pro-rata basis.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

Wealth tax on financial assets deposited abroad

According to Article 19 of Decree No. 201/2011, Italian resident individuals and, starting from fiscal year 2020, non-commercial entities, non-commercial partnerships and similar institutions holding financial assets – including the Notes – outside of the Italian territory are required to pay a wealth tax at the rate of 0.2 per cent. (*VAFE*). Starting from fiscal year 2020, the wealth tax cannot exceed €14,000 for taxpayers which are not individuals. This tax is calculated on the market value at the end of the relevant year or – if no market value figure is available – on the nominal value or redemption value, or in the case the nominal or redemption values cannot be determined, on the purchase value of any financial asset (including the Notes and/or the Warrants) held outside of the Italian territory.

A tax credit is granted for any foreign property tax levied abroad on such financial assets. The financial assets held abroad are excluded from the scope of the wealth tax if administered by Italian financial intermediaries pursuant to an administration agreement.

Tax monitoring obligations

Pursuant to Law Decree No. 167 of 28 June 1990, as amended from time to time, individuals, non-profit entities and certain partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) resident in Italy who hold investments abroad or have financial activities abroad must, in certain circumstances, disclose the aforesaid to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return). The requirement applies also where the persons above, being not the direct holder of the financial instruments, are the actual owner of the instrument.

Furthermore, the above reporting requirement is not required to comply with respect to (i) Notes and/or Warrants deposited for management with qualified Italian financial intermediaries, (ii) with respect to contracts entered into through their intervention, upon condition that the items of income derived from the Notes and/or Warrants have been subject to tax by the same intermediaries or (iii) if the foreign investments are only composed by deposits and/or bank accounts and their aggregate value does not exceed a EUR 15,000 threshold throughout the year.

OTHER TAXATION MATTERS – NOTES AND WARRANTS

Withholding of U.S. tax on account of FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements (each an "**IGA**") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes and Warrants, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes or Warrants, such withholding would not apply prior to the second anniversary of the date on which final regulations defining the term "foreign passthru payments" are published in the U.S. Federal Register, and Notes or Warrants treated as debt for U.S. federal income tax purposes issued on or prior to the date that is six months after the date on which final regulations defining

"foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes (as described under "*Terms and Conditions of the English Law Notes – Further Issues*" or "*Terms and Conditions of the French Law Notes – Further Issues*") or Warrants (as described under "*Terms and Conditions of the Warrants – Further Issues*") that are not distinguishable from previously issued Notes or Warrants are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes or Warrants, including the Notes or Warrants offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes or Warrants. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes or Warrants, no person will be required to pay additional amounts as a result of the withholding.

U.S. Withholding on Dividend Equivalent Payments

Section 871(m) of the Code and Treasury regulations promulgated thereunder ("**Section 871(m)**") generally impose a 30 per cent. withholding tax on "dividend equivalents" paid or deemed paid to certain persons with respect to certain financial instruments linked to U.S. equities or indices that include U.S. equities (such equities and indices, "**U.S. Underlying Equities**"). A "**dividend equivalent**" is any payment that references a dividend on any U.S. Underlying Equity. Section 871(m) generally applies to instruments that substantially replicate the economic performance of one or more U.S. Underlying Equities, as determined upon issuance, based on tests set forth in the applicable Treasury regulations (such an instrument, a "**Specified Security**").

If a Note or a Warrant is a Specified Security, the relevant Final Terms will specify that the Note is a "Section 871(m) Note" or the Warrant is a "Section 871(m) Warrant" for the purposes of Section 871(m) and also specify the method of Section 871(m) withholding that will be applied to the Note or Warrant.

If "Dividend Withholding" is specified in the relevant Final Terms as being applicable, the Issuer will report the appropriate amount of each payment under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant) that are attributable to dividends on U.S. Underlying Equities, and the applicable withholding agent is expected to withhold 30 per cent. from such payment unless the payee establishes an exemption from or reduction in the withholding tax. In addition, non-U.S. investors may be subject to U.S. withholding tax on proceeds from the sale of a Note or Warrant, to the extent those proceeds reflect dividends on U.S. Underlying Equities.

If "Issuer Withholding" is specified in the relevant Final Terms as being applicable, the Issuer will withhold 30 per cent. of any dividend equivalent payments payable under the Note or Warrant (including possibly a portion of the payments at maturity of the Note or Warrant). If the terms of the Note or Warrant provide that all or a portion of the dividends on U.S. Underlying Equities are reinvested in the Underlyings during the term of the Note or Warrant, the terms of the Note or Warrant will also provide that only 70 per cent. of a deemed dividend equivalent will be reinvested. The remaining 30 per cent. of such deemed dividend equivalent will be treated, solely for U.S. federal income tax purposes, as having been withheld from a gross dividend equivalent payment due to the investor and remitted to the IRS on behalf of the investor. The Issuer will withhold such amounts without regard to either any applicable treaty rate or the classification of an investor as a U.S. or non-U.S. investor for U.S. federal income tax purposes.

If payments to an investor are subject to withholding tax and the investor believes it is eligible for an exemption from, or reduced rate of, withholding tax, the investor may be able to claim a refund of the amounts over-withheld. The Issuer makes no representation regarding investors' eligibility to claim such a refund, and investors may not be able to obtain an IRS Form 1042 from the Issuer or any custodian that would assist investors in obtaining the refund. Furthermore, the Issuer will not be required to pay any additional amounts as a result of this withholding tax, regardless of which withholding method is applicable to the Notes or Warrants, and regardless of whether the investor may have been eligible for an exemption or reduction in the withholding tax on payments from the applicable withholding agent.

The Section 871(m) regulations require complex calculations to be made with respect to Notes or Warrants linked to U.S. securities and their application to a specific issue of Section 871(m) Notes or Section 871(m) Warrants may be uncertain. Prospective investors should consult their tax advisers on the potential application of Section 871(m) to the Notes or Warrants, including, if applicable, the availability of, and process for, claiming a refund of such withholding tax.

SECTION I.6 - ADDITIONAL INFORMATION REGARDING OFFSHORE RMB

There has been a significant reduction in exchange control on Renminbi by the PRC Government in recent years, particularly over trade transactions involving the import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi into and out of the PRC for the purposes of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are developing gradually.

Although, Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund in 2016 and policies further improving accessibility to Renminbi to settle cross-border transactions were implemented by the People's Bank of China ("PBoC") in 2018, there is no assurance that the PRC Government will continue to liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation programme and efforts in recent years to internationalise the currency, there can be no assurance that the PRC Government will not impose interim or long-term restrictions on the cross-border remittance of Renminbi.

PART II – INFORMATION RELATING TO THE NOTES

SECTION II.1 – DESCRIPTION OF THE NOTES

This section provides details of how an investment in the Notes works and how payments under the Notes are calculated, including a number of worked examples.

(1) **Introduction**

The Issuer may from time to time issue Notes. A document known as "**Final Terms**" will be prepared in respect of each issue of Notes. The Final Terms will give further details of the amounts payable under the Notes.

In this sub-section (1), the various types of amounts which may be payable under a Note are described. Some amounts payable under a Note require the performance of indices or securities to be ascertained. In sub-section (2) below, the various processes used in ascertaining the performance of indices or securities are described.

Amounts payable on redemption

Unless a Note has been redeemed (i.e. repaid) early, a Note will be redeemed at the end of its term on the "**Maturity Date**". The amount that an investor will receive at maturity (the "**Final Redemption Amount**") will be calculated using the redemption provisions specified in the relevant Final Terms. The relevant Final Terms will specify one of the following redemption provisions as applying to a particular issue of Notes:

- Booster Redemption;
- Airbag Redemption;
- Autocallable Redemption;
- Reverse Convertible Redemption;
- 100% Protected Growth Redemption;
- 100% Protected Capped Growth Redemption;
- Partially Protected Growth Redemption;
- Partially Protected Capped Growth Redemption;
- Digital Redemption; or
- Lock-In Redemption.

The amount of the Final Redemption Amount will depend on the performance of the index or basket of indices ("**Index**" and "**Basket of Indices**", respectively) or security or basket of securities ("**Security**" and "**Basket of Securities**", respectively) to which the Note is linked and the relevant redemption provision. In this section, an "**Underlying**" shall mean an Index or Security, as the case may be, and a "**Basket of Underlyings**" shall mean a Basket of Indices or Basket of Securities, as the case may be.

Further details and explanations of the above redemption provisions and the various Final Redemption Amounts which may be payable depending on which of the above redemption provisions is specified in the relevant Final Terms are set out in sub-section (3) below, together with some worked examples illustrating how the calculations of such amounts.

In addition, some Notes may specify in the relevant Final Terms that "**Early Redemption for Autocallable Notes**" provisions are applicable. In this case, the Notes may be redeemed on certain specified dates prior to their stated Maturity Date, depending on the performance of the Underlying(s) to which the Notes are linked. Details of the amounts which may be payable in these circumstances are set out in sub-section (4) below, together with a worked example.

Other amounts which may be payable

The Final Terms relating to a Note issued may specify that "**Fixed Rate Note provisions**" or "**Floating Rate Note provisions**" are applicable. If this is the case, an investor will receive on certain specified dates interest payments (each, an "**Interest Amount**"), which will be calculated either by reference to a fixed rate of interest or a floating rate of interest, respectively. Details of the how Interest Amounts are calculated are set out in sub-section (5(a) and (b)) below, together with some worked examples illustrating how the calculations are made in practice.

Some Notes may specify in their Final Terms that "**Coupon Trigger Event**" provisions are applicable (for the avoidance of doubt, these are alternative provisions to the Fixed Rate Note provisions and the Floating Rate Note provisions detailed above and, if Coupon Trigger Event is specified as applicable in the relevant Final Terms, the Fixed Rate Note provisions and/or the Floating Rate Note provisions, will not be applicable). In this case, a coupon payment may be made by the Issuer to an investor, depending on the performance of the Underlying(s) to which a Note is linked. Details of the amounts which may be payable in these circumstances are set out in sub-sections (4(c)) below, together with a worked example illustrating how the calculations are made in practice.

Further, some Notes may specify in their Final Terms that "**Lock-In Event**" provisions are applicable (for the avoidance of doubt, these are alternative provisions to the Fixed Rate Note provisions and the Floating Rate Note provisions detailed above and, if Lock-In Event is specified as applicable in the relevant Final Terms, the Fixed Rate Note provisions and/or the Floating Rate Note provisions, will not be applicable). In this case, a coupon payment may be made by the Issuer to an investor on a coupon payment date, depending on the performance of the Underlying to which the Note is linked on the related valuation date. Moreover, if the performance of the Underlying exceeds a higher specified level on any valuation date, then coupon payments will be made by the Issuer to an investor in respect of all future coupon payment dates, regardless of the future performance of the Underlying. Details of the amounts which may be payable in these circumstances are set out in sub-section (4(c)) below, together with a worked example illustrating how the calculations are made in practice.

The following table sets out for each type of amount payable under each type of Note details of where an explanation of the payments under such Note and a related worked example can be found in this Base Prospectus.

(2) *Ascertaining the performance of the Underlying(s)*

Each Final Redemption Amount, Automatic Early Redemption Amount and Coupon Trigger Amount which may be payable in respect of a Note is linked to the performance of the Underlying or Basket of Underlyings to which the Note is linked. Details of how to ascertain the performance of an Underlying or Basket of Underlyings are set out below, together with worked examples illustrating how the calculations are made in practice.

(a) *The value of the Underlying(s)*

The calculations which are required to be made to calculate the Final Redemption Amount, will be based on the level or price (as applicable) of the relevant Underlying(s) (the "**Relevant Level**" or "**Relevant Price**", as the case may be) determined by the Calculation Agent. The Calculation Agent will determine the Relevant Level or Relevant Price, as the case may be, by reference to:

- in the case of an Index-Linked Note, the level of the Index quoted on a particular exchange or quotation system or, in the case of a Multiple Exchange Index, as calculated by an index sponsor, at a particular valuation time on a particular valuation date; and
- in the case of an Equity-Linked Note, the price of the Security quoted on a particular exchange or quotation system at a particular valuation time on a particular valuation date.

The value of the Relevant Level or Relevant Price, as the case may be, will be determined by reference to either a single date or several dates (the latter are referred to as "**Averaging Dates**"), as set out in the relevant Final Terms.

Consequently, there are two different valuation methods that may be used to ascertain the Relevant Level or Relevant Price, as the case may be. Which valuation method is applicable will depend on whether there are Averaging Dates involved. The following matrix describes which method will be used to ascertain the Relevant Level or Relevant Price, as the case may be, in different circumstances:

Averaging Dates:	are not specified in the relevant Final Terms	Final Index Level or Final Security Price (see page 66)
Averaging Dates:	are specified in the relevant Final Terms	Average Index Level or Average Security Price (see page 66)

Details of each valuation method are set out below.

Final Index Level or Final Security Price valuation method

If no Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will obtain the level or price (as applicable) of the relevant Underlying on a given date and time (the "**Valuation Date**" and the "**Valuation Time**").

Final Index Level worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note linked to the FTSE®100 Index.
- No Averaging Dates are specified in the Final Terms.
- The Valuation Date specified in the Final Terms is 30 June 2023.
- The Valuation Time specified in the Final Terms is 5.00 p.m. (London time).
- The level of the FTSE®100 Index on 30 June 2023 at 5.00 p.m. (London time) is 6,000.

(1) ***What is the Final Index Level?***

In order to determine the Final Index Level, the Calculation Agent will obtain the level of the FTSE®100 Index on 30 June 2023 at 5.00 pm (London time). In this case, the Final Index Level will be 6,000.

Average Index Level or Average Security Price valuation method

If Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will obtain the levels or prices (as applicable) of the relevant Underlying, on those Averaging Dates and calculate the arithmetic average of the levels or prices obtained.

Average Index Level worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note linked to the Hang Seng Index.
- Four Averaging Dates are specified in the Final Terms.
- The Valuation Time specified in the Final Terms is 5.00 pm (Hong Kong time).
- The levels of the Hang Seng Index at the Valuation Time on each of the four Averaging Dates are 23,000, 20,000, 25,000 and 26,500.

(1) ***What is the Average Index Level?***

In order to calculate the Average Index Level, the Calculation Agent will obtain the arithmetic average of the levels of the Index on each of the four Averaging Dates. The Average Index Level is therefore 23,625, being $(23,000 + 20,000 + 25,000 + 26,500)$ divided by 4.

(b) *The performance of the Underlying(s)*

The calculations also rely on a determination by the Calculation Agent of the appreciation or depreciation in the performance of the Underlying(s) over time. It does so by comparing the Relevant Level or Relevant Price, as the case may be, with an initial index level or security price specified in the relevant Final Terms to ascertain the "**Relevant Final Performance**" of the relevant Underlying. The Relevant Final

Performance is a percentage representing any appreciation or depreciation in the Underlying or Underlyings or a specific Underlying in a Basket of Underlyings, in comparison to the initial level or initial price (as applicable) of such Underlying or Underlyings (as applicable).

If a Note is linked to a Basket of Underlyings and no Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will determine the Relevant Final Performance as the weighted arithmetic average of the performance of each constituent Underlying on the Valuation Date and at the Valuation Time.

Relevant Final Performance – Index Basket worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note linked to an equally weighted Basket consisting of the FTSE®100 Index and the S&P 500® Index.
- The initial index level of the FTSE®100 Index is 6,100.
- The initial index level of the S&P 500® Index is 2,300.
- The Valuation Date specified in the Final Terms is 30 June 2023.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time) in respect of the FTSE®100 Index and 5.00 pm (New York time) in respect of the S&P 500® Index.
- The level of the FTSE®100 Index on 30 June 2023 at 5.00 pm (London time) is 6,500.
- The level of the S&P 500® Index on 30 June 2023 at 5.00 pm (New York time) is 2,100.

(1) ***What is the performance of each constituent Index?***

In order to calculate the performance of each Index, the Calculation Agent will in respect of each Index divide the level of such Index determined on the Valuation Date at the Valuation Time by the initial index level of such Index. In respect of the FTSE®100 Index the performance is $6,500 / 6,100 = 1.0656$ and when expressed as a percentage 106.56%. In respect of the S&P 500® Index the performance is $2,100 / 2,300 = 0.9130$ and when expressed as a percentage 91.30%.

(2) ***What is the Relevant Final Performance?***

As the Indices are equally weighted the Relevant Final Performance is determined by adding the performance of each Index and dividing the outcome by 2. This means that the Relevant Final Performance is $(106.56\% + 91.30\%) / 2 = 197.86\% / 2 = 98.93\%$.

If a Note is linked to a Basket of Underlyings and Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will calculate the Relevant Final Performance as follows.

First, the Calculation Agent will calculate the Average Index Level or Average Security Price, as the case may be, in respect of each constituent Index or Security in the Basket. The process for this is described in paragraph titled "*Average Index Level or Average Security Price valuation method*" on page 66 of this Base Prospectus.

Next, the Calculation Agent will determine the performance of each Index or Security by:

- in the case of an Index-Linked Note, dividing the relevant Average Index Level of such Index by the initial level of such index and expressing the outcome as a percentage; and
- in the case of an Equity-Linked Note dividing the relevant Average Security Price of such Security by the initial price of such security and expressing the outcome as a percentage.

Subsequently, the Relevant Final Performance will be calculated as the weighted arithmetic average of the performance of each of the Underlyings.

Relevant Final Performance – Index Basket with Averaging Dates worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note linked to a weighted Basket of Indices comprised of the FTSE®100 Index, the Hang Seng Index and the S&P 500® Index.
- The weightings of each Index specified in the relevant Final Terms is as follows:

Weighting	Index
50%	FTSE®100 Index
30%	Hang Seng Index
20%	S&P 500® Index

- The initial index levels of the FTSE®100 Index, the Hang Seng Index and the S&P 500® Index are 6,400, 22,300 and 2,300 respectively.
- Three Averaging Dates are specified in the Final Terms.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time) in respect of the FTSE® 100 Index, 5.00 pm (Hong Kong time) in respect of the Hang Seng Index and 5.00 pm (New York time) in respect of the S&P 500® Index.
- The levels of the FTSE®100 Index at 5.00 pm (London time) on the three Averaging Dates are 6,550, 6,575 and 6,525.
- The levels of the Hang Seng Index at 5.00 pm (Hong Kong time) on the three Averaging Dates are 22,000, 22,100 and 22,200.
- The levels of the S&P 500® Index at 5.00 pm (New York time) on the three Averaging Dates are 2,500, 2,520 and 2,495.

(1) ***What is the Average Index Level of each constituent Index?***

In order to calculate the Average Index Level, the Calculation Agent will obtain the arithmetic average of the levels of each Index on each of the Averaging Dates. The Average Index Levels of each Index are therefore as follows:

- FTSE®100 Index: 6,550 (being $(6,550 + 6,575 + 6,525) \div 3 = 6,550$)
- Hang Seng Index: 22,100 (being $(22,000 + 22,100 + 22,200) \div 3 = 22,100$)
- S&P 500® Index: 2,505 (being $(2,500 + 2,520 + 2,495) \div 3 = 2,505$)

(2) ***What is the performance of each constituent Index?***

In order to calculate the performance of each Index, the Calculation Agent will in respect of each Index divide the relevant Average Index Level by the initial index level of such Index. The Relevant Final Performance is expressed as a percentage. In respect of the FTSE®100 Index the performance is $6,550 / 6,400 = 1.0234$ and when expressed as a percentage 102.34%. In respect of the Hang Seng Index the performance is $22,100 / 22,300 = 0.9910$ and when expressed as a percentage 99.10%. In respect of the S&P 500® Index the performance is $2,505 / 2,300 = 1.0891$ and when expressed as a percentage 108.91%.

(3) ***What is the Relevant Final Performance?***

The Relevant Final Performance is the weighted average of the Indices and will be calculated as follows:

- FTSE®100 Index: $102.34\% \times 50\% = 51.17\%$
- Hang Seng Index: $99.10\% \times 30\% = 29.73\%$
- S&P 500® Index: $108.91\% \times 20\% = 21.78\%$

The Relevant Final Performance is therefore $51.17\% + 29.73\% + 21.78\% = 102.68\%$

(c) *The performance of the Observation Index or Observation Indices/ Observation Security or Observation Securities*

The calculations for the Automatic Early Redemption Amount, the Coupon Trigger Amount and the Lock-In Coupon Amount rely on a determination by the Calculation Agent of the appreciation or depreciation in the performance of the Underlying or each of the Underlyings over time. It does so by:

- in the case of an Index-Linked Note, comparing the level of the Index or each of the Indices ("**Observation Index Level**") on an Automatic Early Redemption Valuation Date, Coupon Trigger Valuation Date or Lock-In Valuation Date, as applicable, with an initial index level or levels specified in the relevant Final Terms to ascertain the "**Observation Index Level Performance**" of the Index or each constituent Index in a Basket of Indices. If the relevant Final Terms specify that the Average Index Level is used to determine the Relevant Level, these levels will be used instead of the Observation Index Level. The Observation Index Level Performance is a percentage representing any appreciation or depreciation in the Index or in each or a specific Index in the Basket of Indices (as applicable) on an Automatic Early Redemption Valuation Date, Coupon Trigger Valuation Date or Lock-In Valuation Date, as applicable, in comparison to the initial level of the Index or each of such Indices; and
- in the case of an Equity-Linked Note, comparing the price of the Security or each of the Securities ("**Observation Security Price**") on an Automatic Early Redemption Valuation Date, Coupon Trigger Valuation Date or Lock-In Valuation Date, as applicable, with an initial security price or prices specified in the relevant Final Terms to ascertain the "**Observation Security Performance**" of the Security or each constituent Security in a Basket of Securities. If the relevant Final Terms specify that the Average Security Price is used to determine the Relevant Price, these prices will be used instead of the Observation Security Price. The Observation Security Performance is a percentage representing any appreciation or depreciation in the Security or in each or a specific Security in the Basket of Securities (as applicable) on an Automatic Early Redemption Valuation Date, Coupon Trigger Valuation Date or Lock-In Valuation Date, as applicable, in comparison to the initial price of the Security or each of such Securities.

(3) ***Final Redemption Amount***

The calculation of the Final Redemption Amount in respect of each Note depends on the method specified for determining the Final Redemption Amount in the relevant Final Terms. An investor in the Notes should refer to the corresponding paragraphs below to understand how the Final Redemption Amount is calculated for any particular Note.

(a) *Booster Redemption*

Overview of Booster Redemption

Booster Redemption provides the investor with the upside (subject to a maximum cap) on the performance of the Underlying or Basket of Underlyings subject to the performance of the relevant Underlying or Basket of Underlyings being equal to or greater than a specified barrier level. In that case, the investor will be entitled to the specified calculation amount of the Notes together with an amount (subject to a maximum cap) which reflects the appreciation of the relevant Underlying or Basket of Underlyings multiplied by a specified participation factor.

Otherwise, the investor will be entitled to the calculation amount of the Notes multiplied by the Relevant Final Performance.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the relevant Underlying or Basket of Underlyings;
- the barrier level specified;
- whether the Relevant Final Performance is (a) equal to or greater than or (b) less than the barrier level specified;
- the participation factor specified; and
- the maximum cap specified.

Calculation of the Final Redemption Amount

If "Booster Redemption" is stated to be applicable in the relevant Final Terms then the Final Redemption Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than the percentage specified in the relevant Final Terms as the "**Barrier Level**", then an investor will be entitled on redemption to:
 - (i) the calculation amount of the Note; plus
 - (ii) a percentage amount determined as follows:
 - (A) if there has been an appreciation of the Underlying or Basket of Underlyings, an amount equal to the positive performance of the relevant Underlying or Basket of Underlyings multiplied by a factor expressed in percentages (the "**Participation**") and subject to a maximum of a "**Cap**"; OR
 - (B) if there has been a depreciation of the relevant Underlying or Basket of Underlyings, zero.

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{MIN} [\text{Cap}; \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]]$$

- If the Relevant Final Performance is less than the Barrier Level, then an investor will be entitled to an amount on redemption equal to the specified calculation amount of each Note multiplied by the Relevant Final Performance.

Booster Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the FTSE®100 Index which specifies Booster Redemption and has a term of 6 years.
- The calculation amount of the Note is GBP 100.
- The initial index level set out in the relevant Final Terms against which the performance of the Index will be measured is 6,400.
- The Relevant Level of the FTSE®100 Index is 6,450, as determined by the Calculation Agent using the "Final Index Level" valuation method.

<ul style="list-style-type: none"> • The Participation is 200%. • The Cap is 60%. • The Barrier Level is 50% <p>(1) <i>What is the Relevant Final Performance?</i></p> <p>The Relevant Level (6,450) is divided by the initial index level (6,400) which is equal to 1.0078 and, when expressed as a percentage, is 100.78%. 	101.56%		(The percentage ascertained from the formula)										
GBP	101.56		The Final Redemption Amount per Note										

(b) *Airbag Redemption*

Overview of Airbag Redemption

Airbag Redemption provides the investor with protection on its investment plus an upside if the Relevant Final Performance of the relevant Underlying or Basket of Underlyings (as applicable) is equal to or greater than a specified barrier level and there has also been an appreciation of the relevant Underlying or Basket of Underlyings (as applicable). In that case, the investor will be entitled to the specified calculation amount of the Notes together with an amount (not subject to a maximum cap) which reflects the appreciation of the relevant Underlying or Basket of Underlyings (as applicable) multiplied by a specified participation factor.

If there has been a depreciation of the relevant Underlying or Basket of Underlyings (as applicable) then Airbag Redemption provides the investor with protection on its investment if the Relevant Final

Performance of the relevant Underlying or Basket of Underlyings (as applicable) is equal to or greater than a specified barrier level. In that case, the investor will be entitled to the specified calculation amount of the Notes and the investor will not be exposed to the downside.

Otherwise (if the Relevant Final Performance of the relevant Underlying or Basket of Underlyings (as applicable) is less than a specified barrier level), the investor will be entitled to the specified calculation amount of the Notes multiplied by the Relevant Final Performance.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the relevant Underlying or Basket of Underlyings;
- the barrier level specified;
- whether the Relevant Final Performance is (a) equal to or greater than or (b) less than the barrier level specified; and
- the participation factor specified.

Calculation of the Final Redemption Amount

If "Airbag Redemption" is stated to be applicable in the relevant Final Terms then the Final Redemption Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than a level specified in the relevant Final Terms and expressed as a percentage as the "**Barrier Level**", then an investor will be entitled on redemption to:
 - (i) the calculation amount of the Note; plus
 - (ii) a percentage amount determined as follows:
 - (A) if there has been an appreciation of the Underlying or Basket of Underlyings an amount equal to the positive performance of the relevant Underlying or Basket of Underlyings multiplied by a factor, being a percentage in excess of 100% (the "**Participation**"); or
 - (B) if there has been a depreciation of the relevant Underlying or Basket of Underlyings, zero.

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]$$

- If the Relevant Final Performance is less than the Barrier Level, then an investor will be entitled to an amount on redemption equal to the calculation amount of the Note multiplied by the Relevant Final Performance.

Airbag Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to an equally weighted basket of indices comprised of the FTSE®100 Index and the S&P 500® Index and which specifies Airbag Redemption and has a term of 6 years.
- The calculation amount of the Note is GBP 50.

- The initial index level of the FTSE®100 Index set out in the relevant Final Terms is 6,700 and the initial index level of the S&P 500® Index set out in the relevant Final Terms is 2,300.
- The levels of the FTSE®100 Index and of the S&P 500® Index on the Valuation Date at the relevant Valuation Times are 6,500 and 2,300, respectively. Accordingly, the Relevant Level determined by the Calculation Agent using the "Final Index Level" valuation method are 6,500 and 2,300 respectively.
- The Participation is 200%.
- The Barrier Level is 100%.

(1) ***What is the Relevant Final Performance?***

The Relevant Level of the FTSE®100 Index (6,500) divided by the initial index level of the FTSE®100 Index (6,700) is equal to 0.97, which, when expressed as a percentage, is 97%. The Relevant Level of the S&P 500® Index (2,300) divided by the initial index level of the S&P 500® Index (2,300) is equal to 1, which, when expressed as a percentage, is 100%. The Relevant Final Performance is calculated as the weighted arithmetic average of the performance of each of the Indices. Therefore, the Relevant Final Performance is $(97\% + 100\%) / 2 = 98.5\%$

(2) ***Is the Relevant Final Performance equal to or greater than the Barrier Level?***

In this case, the Relevant Final Performance (98.5%) is less than the Barrier Level (100%).

Therefore, an investor will be entitled to an amount on redemption equal to the specified calculation amount of the Note multiplied by the Relevant Final Performance.

The Final Redemption Amount per Note will be:

GBP	50	x	(The specified calculation amount of the Note)
	98.5%		(Relevant Final Performance)
GBP	49.25		The Final Redemption Amount per Note

(c) *Autocallable Redemption*

Overview of Autocallable Redemption

Autocallable Redemption provides the investor an upside if the Relevant Final Performance of the Underlying or the Relevant Final Performance of each of the Underlyings in the Basket of Underlyings (as applicable) is equal to or greater than a specified fixed percentage known as the Final Trigger Level. In that case, the investor will be entitled to the specified calculation amount of the Notes multiplied by a specified redemption rate.

Otherwise, the investor will be entitled to (a) the calculation amount of the Notes if the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is equal to or greater than a specified barrier level or (b) the calculation amount of the Notes multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings, if the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than such specified barrier level.

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Relevant Final Performances of the Underlyings in the Basket of Underlyings.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or the performance of each constituent Underlying in the Basket of Underlyings (as applicable);
- the final trigger level specified;
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than the Final Trigger Level;
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Final Trigger Level;
- the barrier level specified;
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is (a) equal to or greater than or (b) less than the barrier level specified; and
- the redemption rate specified.

Calculation of the Final Redemption Amount

If "Autocallable Redemption" is stated to be applicable in the relevant Final Terms, then the Final Redemption Amount will be calculated as follows:

- If the Relevant Final Performance of the Underlying or the Relevant Final Performance of each Underlying in the Basket of Underlyings (as applicable) is equal to or greater than a fixed percentage specified in the relevant Final Terms as the "**Final Trigger Level**", then an investor will be entitled on redemption to an amount equal to:
 - (i) the calculation amount of the Note; multiplied by
 - (ii) a factor, being a percentage in excess of 100% (the "**Redemption Rate**").
- If the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Final Trigger Level and if the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is equal to or greater than a level or price specified in the relevant Final Terms as the "**Barrier Level**", then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note.
- If the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Final Trigger Level and if the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Barrier Level, then an investor will be entitled on redemption to the specified calculation amount of the Note multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable).

Autocallable Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the ordinary shares of Company A and the ordinary shares of Company B, which specifies Autocallable Redemption.
- The calculation amount of the Note is GBP 1,000.
- The Note has a 5 year term.
- The initial security price set out in the relevant Final Terms against which the performance of the ordinary shares of Company A will be measured is GBP 5,400.
- The initial security price set out in the relevant Final Terms against which the performance of the ordinary shares of Company B will be measured is GBP 2,200.
- The Barrier Level is 75%.
- The Redemption Rate is 110%.
- The Relevant Price of the ordinary shares of Company A is GBP 4,482.54 as determined by the Calculation Agent using the "Final Security Price" valuation method.
- The Relevant Price of the ordinary shares of Company B is GBP 1,500, as determined by the Calculation Agent using the "Final Security Price" valuation method.
- The Final Trigger Level is 85%.

(1) ***What is the Relevant Final Performance of each constituent Security in the Basket of Securities?***

The Relevant Price of the ordinary shares of Company A (GBP 4,482.54) is divided by the initial security price of the ordinary shares of Company A (GBP 5,400) which equals 0.8301 and, when expressed as a percentage is 83.01%. The Relevant Final Performance of the ordinary shares of Company A is 83.01%.

The Relevant Price of the ordinary shares of Company B (GBP 1,500) is divided by the initial security price of the ordinary shares of Company B (GBP 2,200) which equals 0.6818 and, when expressed as a percentage is 68.18%. The Relevant Final Performance of the ordinary shares of Company B is 68.18%.

(2) ***Is the Relevant Final Performance of each constituent Security in the Basket of Securities equal to or greater than the Final Trigger Level?***

The Relevant Final Performance of the ordinary shares of Company A is 83.01%. 83.01% is less than the Final Trigger Level of 85%. The Relevant Final Performance of the ordinary shares of Company B is 68.18%. 68.18% is also less than the Final Trigger Level of 85%.

(3) ***What is the worst performing Security?***

The Relevant Final Performance of the ordinary shares of Company A is 83.01%. The Relevant Final Performance of the ordinary shares of Company B is 68.18%. 68.18% is less than 83.01% and therefore the ordinary shares of Company B are the worst performing Security.

(4) ***Is the Relevant Final Performance of the worst performing Security equal to or greater than the Barrier Level?***

In this case, the Relevant Final Performance of the ordinary shares of Company B (68.18%) is less than the Barrier Level (75%). Therefore an investor will be entitled on redemption to the

specified calculation amount of the Note multiplied by the Relevant Final Performance of the worst performing Security (being the ordinary shares of Company B (68.18%)).

(5) ***Final Redemption Amount***

The Final Redemption Amount per Note will be $\text{GBP } 1,000 \times 68.18\% = \text{GBP } 681.80$.

(d) ***Reverse Convertible Redemption***

Overview of Reverse Convertible Redemption

Reverse Convertible Redemption provides the investor with protection on its investment if the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than a specified barrier level. In that case, the investor will be entitled to the specified calculation amount of the Notes.

Otherwise (if the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than a specified barrier level), the investor will be entitled to the specified calculation amount of the Notes multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable).

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Relevant Final Performances of the Underlyings in the Basket of Underlyings.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or the performance of each constituent Underlying in the Basket of Underlyings (as applicable);
- the barrier level specified;
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than the barrier level specified; and
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the barrier level specified.

Calculation of the Final Redemption Amount

If "Reverse Convertible Redemption" is stated to be applicable in the relevant Final Terms, then the Final Redemption Amount will be calculated as follows:

- If the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than the percentage specified in the relevant Final Terms as the "Barrier Level", then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note.
- If the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Barrier Level, then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable).

Reverse Convertible Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the FTSE®100 Index and which specifies Reverse Convertible Redemption and has a term of 5 years.
- The specified calculation amount of the Note is GBP 200.
- The initial index level set out in the relevant Final Terms against which the performance of the Index will be measured is 6,500.
- The Relevant Level of the FTSE®100 Index is 6,400, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Barrier Level is 80%

(1) ***What is the Relevant Final Performance?***

The Relevant Level (6,400) is divided by the initial index level (6,500). This is equal to 0.9846 and, when expressed as a percentage, is 98.46%. Therefore, the Relevant Final Performance is 98.46%.

(2) ***Is the Relevant Final Performance equal to or greater than the Barrier Level?***

In this case, the Relevant Final Performance (98.46%) is greater than the Barrier Level (80%). Therefore, the redemption amount will be an amount equal to the specified calculation amount of the Note.

(3) ***Final Redemption Amount***

The Final Redemption Amount per Note will be:

GBP	200.00	(The specified calculation amount of the Note)
GBP	200.00	The Final Redemption Amount per Note

(e) ***100% Protected Growth Redemption***

Overview of 100% Protected Growth Redemption

100% Protected Growth Redemption provides the investor with protection on its investment and a potential upside (not subject to a maximum cap) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings. In the event of an appreciation, the investor will be entitled to the specified calculation amount of the Notes together with an upside (not subject to a maximum cap) determined by applying a specified participation factor.

Otherwise, the investor will be entitled to the specified calculation amount of the Notes.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or Basket of Underlyings; and
- the participation factor specified.

Calculation of the Final Redemption Amount

If "100% Protected Growth Redemption" is stated to be applicable in the relevant Final Terms, an investor will be entitled on redemption to:

- (i) the specified calculation amount of the Note; plus
- (ii) a percentage amount determined as follows:
 - (A) if there has been an appreciation of the Underlying or Basket of Underlyings, an amount equal to the positive performance of the Underlying or Basket of Underlyings; or
 - (B) if there has been a depreciation in the Underlying or Basket of Underlyings, zero,
 multiplied by a factor, expressed as a percentage (the "**Participation**").

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]$$

100% Protected Growth Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in USD linked to the ordinary shares of Company X which specifies 100% Protected Growth Redemption and has term of 5 years.
- The specified calculation amount of the Note is USD 100.
- The initial security price set out in the relevant Final Terms against which the performance of the ordinary shares of Company X will be measured is USD 2,000.
- The Relevant Price of the ordinary shares of Company X is USD 1,925, as determined by the Calculation Agent using the "Final Security Price" valuation method.
- The Participation is 180%.

(1) ***What is the Relevant Final Performance?***

The Relevant Price (USD 1,925) is divided by the initial security price (USD 2,000). This is equal to 0.9625 and, when expressed as a percentage, is 96.25%. Therefore, the Relevant Final Performance is 96.25%.

(2) ***Calculating the Formula***

(a) ***What is MAX [0; Relevant Final Performance - 100%]?***

When working out the following formula, the first step is to determine the variables in the formula described using "MAX", which means 'the greater of'.

$$100\% + \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]$$

On the basis of the assumptions provided above, 0 is greater than the Relevant Final Performance - 100% (minus 3.75%, being 96.25% - 100%), so 0 is used as the third number in the formula rather than minus 3.75%.

(b) ***What is Participation x MAX [0; Relevant Final Performance - 100%]?***

The Participation (180%) multiplied by 0 equals 0%.

(c)	<i>Re-inserting the variable</i>		
	Once the variable is re-inserted into the formula, the calculation is 100% + 0, which is equal to 100%.		
(3)	<i>Final Redemption Amount</i>		
	The Final Redemption Amount per Note will be:		
	USD	100	x (The specified calculation amount of the Note)
		100%	(The percentage ascertained from the formula)
	USD	100	The Final Redemption Amount per Note

(f) *100% Protected Capped Growth Redemption*

Overview of 100% Protected Capped Growth Redemption

100% Protected Capped Growth Redemption provides the investor with its protection on investment and a potential upside (subject to a maximum cap) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings. In the event of an appreciation, the investor will be entitled to the specified calculation amount of the Notes together with an upside (subject to a maximum cap) determined by applying a specified participation factor.

Otherwise, the investor will be entitled to the specified calculation amount of the Notes.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or Basket of Underlyings;
- the participation factor specified; and
- the maximum cap specified.

Calculation of the Final Redemption Amount

If "100% Protected Capped Growth Redemption" is stated to be applicable in the relevant Final Terms, then the Final Redemption Amount which an investor will be entitled to is:

- (i) the specified calculation amount of the Notes; plus
- (ii) a percentage amount determined as follows:
 - (A) if there has been an appreciation of the Underlying or Basket of Underlyings, an amount equal to the positive performance of the Underlying or Basket of Underlyings multiplied by a factor, expressed as a percentage (the "**Participation**") and subject to a maximum (the "**Cap**"); or
 - (B) if there has been a depreciation of the Underlying or Basket of Underlyings, zero.

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{MIN} [\text{Cap}; \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]]$$

<p>100% Protected Capped Growth Redemption worked example:</p> <p><i>The hypothetical scenario</i></p> <p>For the purposes of this example, it is assumed that:</p>
--

- An investor purchases a Note denominated in GBP linked to the ordinary shares of Company Y and which specifies 100% Protected Capped Growth Redemption and a term of 5 years.
- The specified calculation amount of the Note is GBP 1,000.
- The initial security price set out in the relevant Final Terms against which the performance of the ordinary shares of Company Y will be measured is GBP 12,500.
- There are four Averaging Dates and the prices of the ordinary shares of Company Y on these dates are GBP 13,000, GBP 10,000, GBP 15,000 and GBP 16,500.
- The Relevant Price of the ordinary shares of Company Y is GBP 13,625, as determined by the Calculation Agent using the "Average Security Price" valuation method.
- The Participation is 125%.
- The Cap (being a percentage that expresses the maximum appreciation of the Security or Basket of Securities that will be considered when determining the Final Redemption Amount) is 15%.

(1) ***What is the Relevant Final Performance?***

The Relevant Price (GBP 13,625) is divided by the initial security price (GBP 12,500). This is equal to 1.09 and, when expressed as a percentage, is 109%. Therefore the Relevant Final Performance is 109%.

(2) ***Calculating the Formula***

(a) ***What is MAX [0; Relevant Final Performance - 100%]?***

When working out the following formula, the first step is to determine the variables in the formula described using "MAX", which means 'the greater of'. On the basis of the assumptions provided above, the Relevant Final Performance - 100% is 9% (being 109% - 100%) which is greater than 0, so 9% is used instead of 0.

(b) ***What is the Participation x MAX [0; Relevant Final Performance - 100%]?***

The Participation (125%) multiplied by 9% is 11.25%.

(c) ***What is MIN [Cap; Participation x MAX [0; Relevant Final Performance - 100%]]?***

The next step is to determine the variables in the formula described using "MIN", which means 'the lower of'. On the basis of the assumptions provided above, 11.25% is less than the Cap, which is 15%, so 11.25% is used instead of 15%.

(d) ***Re-inserting the variable***

Once the variable is re-inserted into the formula, the calculation is 100% + 11.25%, which is equal to 111.25%.

(3) ***Final Redemption Amount***

The Final Redemption amount per Note will be

GBP	1,000.00	x	(The specified calculation amount of the Note)
	111.25%		(The percentage ascertained from the formula)
GBP	1,112.50		The Final Redemption Amount per Note

(g) *Partially Protected Growth Redemption*

Overview of Partially Protected Growth Redemption

Partially Protected Growth Redemption provides the investor with partial protection on its investment and a potential upside (not subject to a maximum cap) or downside (subject to a protection level) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

In the event of an appreciation, the investor will be entitled to the specified calculation amount of the Notes together with an upside (not subject to a maximum cap) determined by applying a specified participation factor.

In the event of a depreciation, the investor will be exposed to the downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation that is taken into account).

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or Basket of Underlyings;
- the participation factor specified; and
- the protection level specified.

Calculation of the Final Redemption Amount

If "Partially Protected Growth Redemption" is stated to be applicable in the relevant Final Terms then the Final Redemption Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; plus
 - (ii) an amount equal to the positive performance of the Underlying or Basket of Underlyings multiplied by a factor, expressed as a percentage (the "**Participation**").

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{Participation} \times [\text{Relevant Final Performance} - 100\%]$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; multiplied by
 - (ii) a percentage equal to the negative performance of the Underlying or Basket of Underlyings subject to a floor which expresses the maximum decrease in the level or price of the Underlying or Basket of Underlyings which will be considered when determining the Final Redemption Amount (the "**Protection Level**").

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$\text{MAX} [\text{Protection Level}; \text{Relevant Final Performance}]$$

Partially Protected Growth Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to a weighted Basket of Indices comprised of the FTSE®100 Index, the Hang Seng Index and the S&P 500® Index and which specifies Partially Protected Growth Redemption and a term of 6 years.
- The specified calculation amount of the Note is GBP 500.
- The weightings of each Index specified in the relevant Final Terms is as follows:

Weighting	Index
50%	FTSE®100 Index
30%	Hang Seng Index
20%	S&P 500® Index

- The initial index level of the FTSE®100 Index set out in the relevant Final Terms is 6,800. The initial index level of the Hang Seng Index set out in the relevant Final Terms is 25,000. The initial index level of the S&P 500® Index set out in the relevant Final Terms is 2,200.
- There are three Averaging Dates. The levels of each Index on these dates are as follows:
 - FTSE®100 Index: 6,550, 6,575 and 6,525
 - Hang Seng Index: 22,000, 22,100 and 22,200
 - S&P 500® Index: 2,500, 2,520 and 2,495
- The Average Index Level of each Index is:
 - FTSE®100 Index: $(6,550 + 6,575 + 6,525) / 3 = 6,550$
 - Hang Seng Index: $(22,000 + 22,100 + 22,200) / 3 = 22,100$
 - S&P 500® Index: $(2,500 + 2,520 + 2,495) / 3 = 2,505$
- The Protection Level (being a percentage which expresses the maximum amount of depreciation that is taken into account) is 95%.

(1) ***What is the Relevant Final Performance?***

In respect of the FTSE®100 Index the performance is determined as the Relevant Level (6,550) divided by the initial index level (6,800), which is 0.9632 and when expressed in a percentage 96.32%. In respect of the Hang Seng Index the performance is determined as the Relevant Level (22,100) divided by the initial index level (25,000), which is 0.884 and when expressed in a percentage 88.40%. In respect of the S&P 500® Index the performance is determined as the Relevant Level (2,505) divided by the initial index level (2,200), which is 1.1386 and when expressed in a percentage 113.86%.

The Relevant Final Performance is determined as the weighted arithmetic average of the performances of Indices in the basket and is therefore calculated as $(50\% \times 96.32\%) + (30\% \times 88.40\%) + (20\% \times 113.86\%) = 48.16\% + 26.52\% + 22.772\% = 97.452\%$. Therefore, the Relevant Final Performance is 97.452%.

(2) ***Is the Relevant Final Performance equal to or greater than 100%?***

In this case the Relevant Final Performance is 97.452% which is less than 100%. Therefore, an investor will be entitled to an amount on redemption equal to the specified calculation amount of the Note multiplied by the following formula:

$$\text{MAX [Protection Level; Relevant Final Performance]}$$

(3) ***Calculating the formula***

When working out the following formula, the first step is to determine the variables in the formula described using "MAX", which means 'the greater of'.

MAX [Protection Level; Relevant Final Performance]

On the basis of the assumptions provided above, the Protection Level (95%) is less than the Relevant Final Performance (97.452%), and so 97.452% is used in the calculation rather than 95%.

(4) ***Multiplying the result of the formula by the specified calculation amount of the Note***

The Final Redemption Amount per Note will be:

GBP	500	x	(The specified calculation amount of the Note)
	97.452%		(The percentage ascertained from the formula)
GBP	487.26		The Final Redemption Amount per Note

(h) ***Partially Protected Capped Growth Redemption***

Overview of Partially Protected Capped Growth Redemption

Partially Protected Capped Growth Redemption provides the investor with partial protection on its investment and a potential upside (subject to a maximum cap) or downside (subject to a protection level) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

In the event of an appreciation, the investor will be entitled to the specified calculation amount of the Notes together with an upside (subject to a maximum cap) determined by applying a specified participation factor.

In the event of a depreciation, the investor will be exposed to the downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation that is taken into account).

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or Basket of Underlyings;
- the participation factor specified;
- the maximum cap specified; and
- the protection level specified.

Calculation of the Final Redemption Amount

If "Partially Protected Capped Growth Redemption" is stated to be applicable in the relevant Final Terms then the Final Redemption Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; plus
 - (ii) an amount equal to the positive performance of the Underlying or Basket of Underlyings multiplied by a factor, expressed as a percentage (the "**Participation**") and subject to a maximum of a "**Cap**".

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{MIN} [\text{Cap}; \text{Participation} \times [\text{Relevant Final Performance} - 100\%]]$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; multiplied by
 - (ii) a percentage equal to the negative performance of the Underlying or Basket of Underlyings subject to a floor which expresses the maximum decrease in the level of or price of the Underlying or Basket of Underlyings which will be considered when determining the Final Redemption Amount the ("**Protection Level**").

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$\text{MAX} [\text{Protection Level}; \text{Relevant Final Performance}]$$

Partially Protected Capped Growth Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in USD linked to the S&P 500® Index which specifies Partially Protected Capped Growth Redemption and a term of 6 years.
- The specified calculation amount of the Note is USD 500.
- The initial index level set out in the relevant Final Terms against which the performance of the S&P 500® Index will be measured is 2,000.
- The Relevant Level of the S&P 500® Index is 1,500, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Participation is 110%.
- The Cap (being a percentage that expresses the maximum appreciation of the Index or Basket of Indices that will be considered when determining the Final Redemption Amount) is 10%.
- The Protection Level (being a percentage which expresses the maximum amount of depreciation that is taken into account) is 90%.

(1) ***What is the Relevant Final Performance?***

The Relevant Level (1,500) is divided by the initial index level (2,000). This is equal to 0.75 and, when expressed as a percentage, is 75%. Therefore, the Relevant Final Performance is 75%.

(2) ***Is the Relevant Final Performance equal to or greater than 100%?***

In this case the Relevant Final Performance is 75% which is less than 100%. Therefore, an investor will be entitled to an amount on redemption equal to the specified calculation amount of the Note multiplied by the following formula:

$$\text{MAX} [\text{Protection Level}; \text{Relevant Final Performance}]$$

(3) ***Calculating the formula***

When working out the following formula, the first step is to determine the variables in the formula described using "**MAX**", which means 'the greater of'.

$$\text{MAX} [\text{Protection Level}; \text{Relevant Final Performance}]$$

On the basis of the assumptions provided above, the Protection Level (90%) is greater than the Relevant Final Performance (75%), and so 90% is used in the calculation rather than 75%.

(4) ***Final Redemption Amount***

The Final Redemption Amount per Note will be:

USD	500	x	(The specified calculation amount of the Note)
	90%		(The percentage ascertained from the formula)
USD	450.00		The Final Redemption Amount per Note

(i) *Digital Redemption*

Overview of Digital Redemption

Digital Redemption provides the investor either with an upside (a so-called "digital amount" which is a fixed percentage increase expressing an enhanced return following an appreciation of the Underlying or Underlyings) or a downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation of the Underlying or Underlyings (as applicable) that is taken into account) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or Basket of Underlyings;
- the digital amount specified; and
- the protection level specified.

Calculation of the Final Redemption Amount

If "Digital Redemption" is stated to be applicable in the relevant Final Terms then the Final Redemption Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; multiplied by
 - (ii) a fixed percentage increase in the specified calculation amount of the Note (the "**Digital Amount**"), which expresses an enhanced return following an appreciation of the Underlying or Basket of Underlyings (as applicable).

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

$$100\% + \text{Digital Amount}$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled on redemption to:
 - (i) the specified calculation amount of the Note; multiplied by
 - (ii) a percentage equal to the negative performance of the Underlying or Basket of Underlyings subject to a floor which expresses the maximum decrease in the level or price (as applicable) of the Underlying or Basket of Underlyings which will be considered when determining the Final Redemption Amount (the "**Protection Level**").

This is calculated by multiplying the specified calculation amount of the Note by the following formula:

MAX [Protection Level; Relevant Final Performance]

Digital Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the S&P 500® Index which specifies Digital Redemption and a term of 6 years
- The specified calculation amount of the Note is GBP 1,000.
- The initial index level set out in the relevant Final Terms against which the performance of the Index will be measured is 1,750.
- The Relevant Level of the S&P 500® Index is 2,000, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Digital Amount is 3%.

The Protection Level (being a percentage which expresses the maximum amount of depreciation that is taken into account) is 98%.

(1) ***What is the Relevant Final Performance?***

The Relevant Level (2,000) is divided by the initial index level (1,750). This is equal to 1.1429 and, when expressed as a percentage, is 114.29%. Therefore, the Relevant Final Performance is 114.29%.

(2) ***Is the Relevant Final Performance equal to or greater than 100%?***

In this case the Relevant Final Performance (114.29%) is greater than 100%. Therefore, an investor will be entitled to an amount on redemption equal to the specified calculation amount of the Note multiplied by the following formula:

$$100\% + \text{Digital Amount}$$

(3) ***Calculating the formula***

Once the Digital Amount (3%) is inserted into the formula, the calculation is 100% + 3%, which is equal to 103%.

(4) ***Final Redemption Amount***

	GBP	1,000	x	(The specified calculation amount of the Note)
		103%		(The percentage ascertained from the formula)
	GBP	1,030		The Final Redemption Amount per Note

(j) *Lock-In Redemption*

Overview of Lock-In Redemption

Lock-In Redemption provides the investor with protection on its investment if a Lock-In Event has occurred during the term of the Note or if the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than a specified barrier level on the final Lock-In Valuation Date. In each case, the investor will be entitled to the specified calculation amount of the Notes.

Otherwise (if a Lock-in Event has not occurred and the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than a specified barrier level), the investor will be entitled to the specified calculation amount of the Notes multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable).

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Relevant Final Performances of the Underlyings in the Basket of Underlyings.

A "**Lock-In Event**" will be deemed to have occurred if the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices (as applicable), or the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities (as applicable), on any Lock-In Valuation Date is equal to or greater than a level specified as the Lock-In Level.

Accordingly, the Final Redemption Amount payable to the investor will depend on:

- the performance of the Underlying or the performance of each constituent Underlying in the Basket of Underlyings (as applicable);
- the barrier level specified;
- the Lock-In Level specified;
- whether a Lock-In Event has occurred;
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than the barrier level specified; and
- whether the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the barrier level specified.

Calculation of the Final Redemption Amount

If "Lock-In Redemption" is stated to be applicable in the relevant Final Terms, then the Final Redemption Amount will be calculated as follows:

- If a Lock-In Event has occurred on any Lock-In Valuation Date, then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note.
- If a Lock-in Event has not occurred and the Relevant Final Performance of the Underlying or the Relevant Final Performance of each constituent Underlying in the Basket of Underlyings (as applicable) is equal to or greater than the percentage specified in the relevant Final Terms as the "Barrier Level", then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note.
- If a Lock-in Event has not occurred and the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable) is less than the Barrier Level, then an investor will be entitled on redemption to an amount equal to the specified calculation amount of the Note multiplied by the Relevant Final Performance of the Underlying or the Relevant Final Performance of the worst performing Underlying in the Basket of Underlyings (as applicable).

Lock-In Redemption worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the FTSE®100 Index and which specifies Lock-In Redemption and has a term of 5 years.
- The specified calculation amount of the Note is GBP 200.
- The Initial Index Level set out in the relevant Final Terms against which the performance of the Index will be measured is 7,000.
- The Observation Index Level of the FTSE®100 Index is 6,500, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Final Index Level of the FTSE®100 Index is 6,500, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Barrier Level is 80%
- The Lock-In Level is 105%
- A Lock-In Event has not previously occurred during the term of the Note.

(1) ***What is the Observation Index Level Performance?***

The Observation Index Level (6,500) is divided by the Initial Index Level (7,000). This is equal to 0.9286 and, when expressed as a percentage, is 92.86%. Therefore, the Observation Index Level Performance is 92.86%.

(2) ***Is the Observation Index Level Performance equal or greater than the Lock-In Level?***

In this case, the Observation Index Level Performance (92.86%) is less than the Lock-In Level (105%), accordingly a Lock-In Event has not occurred in relation to the Observation Index Level Performance. Therefore, the Calculation Agent must then consider whether the Relevant Final Performance is equal to or greater than the Barrier Level in order to determine the Final Redemption Amount.

(3) ***What is the Relevant Final Performance?***

The Final Index Level (6,500) is divided by the Initial Index Level (7,000). This is equal to 0.9286 and, when expressed as a percentage, is 92.86%. Therefore, the Relevant Final Performance is 92.86%.

(4) ***Is the Relevant Final Performance equal to or greater than the Barrier Level?***

In this case, the Relevant Final Performance (92.86%) is greater than the Barrier Level (80%). Therefore, the redemption amount will be an amount equal to the specified calculation amount of the Note.

(5) ***Final Redemption Amount***

The Final Redemption Amount per Note will be:

GBP 200.00 (The specified calculation amount of the Note)

GBP 200.00 The Final Redemption Amount per Note

(4) ***Automatic Early Redemption Amount***

The calculation of an Automatic Early Redemption Amount in respect of a Note is only required if it is specified as being applicable in the relevant Final Terms.

If "Early Redemption for Autocallable Notes" is stated to be applicable in the relevant Final Terms, the following will apply.

- If on an Automatic Early Redemption Valuation Date:
- in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
- in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable,

is equal to or greater than a percentage specified in the relevant Final Terms as the "**Automatic Early Redemption Percentage**", the Note will be redeemed in whole for an amount equal to the principal amount of the Note multiplied by a percentage specified in the relevant Final Terms as the "**Automatic Early Redemption Rate**".

- If on an Automatic Early Redemption Valuation Date:
- in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
- in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable,

is less than the Automatic Early Redemption Percentage specified in the relevant Final Terms, the Note will not be redeemed at that time but will continue until the next Automatic Early Redemption Valuation Date (if any).

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Observation Index Level Performances or Observation Security Performances, as the case may be, of the Underlyings in the Basket of Underlyings.

Automatic Early Redemption Amount worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases an autocallable Note denominated in GBP linked to an equally weighted basket of securities comprised of the ordinary shares of Company A and the ordinary shares of Company B and which specifies Early Redemption for Autocallable Notes as being applicable in the relevant Final Terms and has a term of 6 years.
- The principal amount of the Note is GBP 1,000.
- The initial security price of the ordinary shares of Company A set out in the relevant Final Terms is GBP 3,404.00 and the initial security price of the ordinary shares of Company B set out in the relevant Final Terms is GBP 4,226.50.
- For the first Automatic Early Redemption Valuation Date, the Observation Security Price determined by the Calculation Agent on the specified date, at the specified times on the specified exchanges is in respect of the ordinary shares of Company A, GBP 3,604.00 and in respect of the ordinary shares of Company B, GBP 4,326.50.
- The Automatic Early Redemption Percentage set out in the relevant Final Terms is 110%.

- The Automatic Early Redemption Rate in respect of the first Automatic Early Redemption Valuation Date is 108%.

(1) ***What is the Observation Security Performance in respect of each constituent Security?***

To determine the Observation Security Performance in respect of each Security, the Observation Security Price of each Security is divided by the initial security price of each such Security. In respect of the ordinary shares of Company A, the Observation Security Performance is $\text{GBP } 3,604.00 / \text{GBP } 3,404.00 = 1.0588$ and when expressed as a percentage 105.88%. In respect of the ordinary shares of Company B the Observation Security Performance is $\text{GBP } 4,326.50 / \text{GBP } 4,226.50 = 1.0237$ and when expressed as a percentage 102.37%.

(2) ***Is the Observation Security Performance of the worst performing Security equal or greater than the Automatic Early Redemption Percentage?***

In this case, the Observation Security Performance relating to the ordinary shares of Company B (102.37%) is less than the Observation Security Performance relating to the ordinary shares of Company A (105.88%) and therefore the worst performing Security is the ordinary shares of Company B. The Observation Security Performance relating to the ordinary shares of Company B (102.37%) is less than the Automatic Early Redemption Percentage (110%). Therefore, the Note will not be redeemed and will continue until the following Automatic Early Redemption Valuation Date in respect of which the performance of the Securities will be determined in a similar manner.

(5) ***Interest Amounts, Coupon Trigger Event and Lock-In Coupon Trigger Event***

(a) ***Interest Payments on Fixed Rate Notes***

If "Fixed Rate Note provisions" are specified as applicable in the relevant Final Terms, the Notes will bear interest at a fixed percentage rate. This is referred to in the Final Terms as the "**Rate of Interest**" and will either be expressed as a percentage rate per annum or a percentage rate for another fixed period.

The interest on such Notes will be paid on the dates specified in the relevant Final Terms as being the "**Interest Payment Dates**". The amount of interest or "**Interest Amount**" payable on each such Interest Payment Date will be calculated by applying the Rate of Interest to the specified calculation amount of the Notes (the "**Calculation Amount**") for the period from the last Interest Payment Date until the Interest Payment Date in question (or, in the case of the first Interest Payment Date, from the date which is specified in the relevant Final Terms as being the "**Interest Commencement Date**" until such first Interest Payment Date), and each such period is referred to as an "**Interest Period**". Such amounts may be specified in the relevant Final Terms as the "**Fixed Coupon Amounts**".

If Fixed Coupon Amounts for the Interest Payment Dates are not so specified, or if interest needs to be calculated for a period other than an Interest Period (such as where there is an unscheduled redemption of the Notes), interest will be calculated in relation to the Calculation Amount by applying the Rate of Interest to such Calculation Amount and multiplying the product by a fraction known as a "**Day Count Fraction**". The Day Count Fraction reflects the number of days in the period for which interest is being calculated.

Fixed Rate Note worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that an investor purchases a Fixed Rate Note where the Final Terms specify the following:

- The Notes are issued on 15 June 2023.
- The Calculation Amount is EUR 1,000.
- The Notes are issued in the denominations of EUR 1,000 and EUR 5,000.

- The Interest Payment Dates are specified as being 15 January and 15 June in each year.
- The Fixed Coupon Amount is specified being EUR 8.75 per Calculation Amount.
- The term of the Notes is five years (and thus the Notes specify a "Maturity Date" of 15 June 2028).

(1) ***What is the Interest Amount payable on each Note on each Interest Payment Date?***

The Fixed Coupon Amount of EUR 8.75 per Calculation Amount will be payable on each Interest Payment Date.

Accordingly, where the denomination of a Note equals the Calculation Amount (i.e. where the denomination of the Notes is EUR 1,000), interest of EUR 8.75 will be payable in respect of such Note.

If the Note is a denomination larger than the Calculation Amount, the Interest Amount payable in respect of the Note will be calculated by dividing the denomination of the Note by the Calculation Amount and multiplying the result by the Fixed Coupon Amount, as follows:

$$(i) \quad \frac{\text{EUR 5,000 (Denomination of Note)}}{\text{EUR 1,000 (Calculation Amount)}} \\ = 5$$

then:

$$(ii) \quad 5 \times \text{EUR 8.75 (Fixed Coupon Amount)} \\ = \text{EUR 43.75}$$

Accordingly, where the denomination of a Note is EUR 5,000, the Interest Amount payable in respect of such Note on each Interest Payment Date will be EUR 43.75. As the Interest Amount is paid twice per annum and the Notes have a term of 5 years, during the term of the Notes a total amount of interest will be payable of EUR 87.50 (in respect of Notes with a denomination of EUR 1,000) or EUR 437.50 (in respect of Notes with a denomination of EUR 5,000).

(b) ***Interest Payments on Floating Rate Notes***

If "Floating Rate Note provisions" are specified as applicable in the relevant Final Terms, the Notes will bear interest at a Rate of Interest which is a variable percentage rate per annum or such other period as specified in the relevant Final Terms.

The Rate of Interest for Floating Rate Notes for a given Interest Period will be calculated by the Calculation Agent by reference either to:

- (i) where 'Screen Rate Determination' is specified as applicable in the relevant Final Terms, quotations provided electronically by banks in the "**Relevant Financial Centre**" specified in the relevant Final Terms; or
- (ii) where 'ISDA Determination' is specified as applicable in the relevant Final Terms, a notional interest rate on a swap transaction in the Settlement Currency and,

in either case, where specified in the relevant Final Terms, the addition of an additional percentage rate per annum (known as the "**Margin**").

Where "**Aggregate Outstanding Nominal Amount Rounding**" is not specified in the relevant Final Terms as being applicable, in order to calculate the Interest Amount payable per Note, the Calculation Agent will apply the Rate of Interest for such Interest Period to the Calculation Amount and multiply the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency. Where "**Aggregate Outstanding Nominal Amount Rounding**" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which

are in the form of Uncertificated Registered Notes, in order to calculate the Interest Amount payable per Note, the Calculation Agent will apply the Rate of Interest for such Interest Period to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes and multiply the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency.

Where '**Minimum Interest Rate**' is specified in the relevant Final Terms, the Rate of Interest will be restricted from falling below a fixed percentage level per annum (i.e. a so-called 'floor'). Where a '**Maximum Interest Rate**' is specified in the relevant Final Terms, the Rate of Interest will not exceed a fixed percentage level per annum (i.e. a so-called 'cap').

Floating Rate Notes worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that an investor purchases a Floating Rate Note where the Final Terms specify the following:

- The Notes are issued on 20 August 2022.
- The Settlement Currency is EUR.
- The Calculation Amount is EUR 1,000.
- The Maximum Rate of Interest is 5%.
- The Minimum Rate of Interest is 1.13%.
- Margin is specified as Not Applicable.
- Screen Rate Determination is Applicable and the following information is specified:
 - the Reference Rate is 3-month EURIBOR;
 - the Interest Determination Date is on the first day of the relevant Interest Period;
 - the Relevant Screen Page is Reuters Page EURIBOR01;
 - the Relevant Financial Centre is TARGET2;
 - the Relevant Time is 11 a.m.; and
 - the Relevant Currency is EUR.
- The Interest Commencement Date is 20 August 2022.
- The Interest Payment Dates are 20 August in each year.
- The term of the Notes is five years (and thus the Notes specify a Maturity Date of 20 August 2027).
- The Day Count Fraction is Actual/365 (Fixed).

(1) ***What is the interest amount payable on each Note on a particular Interest Payment Date?***

First, the Calculation Agent calculates the Rate of Interest that applies to the Interest Period ending on such Interest Payment Date (say, 20 August 2023).

As Screen Rate Determination is applicable to the Notes, the Calculation Agent does this by determining what rate is specified as 3-month EURIBOR (the Reference Rate) for EUR (the Relevant Currency) which appears on Reuters Page EURIBOR01 (the Relevant Screen Page)

as of 11 a.m. (the Relevant Time) on 20 August 2022 (being the first day of the first Interest Period (i.e. the Interest Determination Date)).

It is assumed that the Calculation Agent determines that such rate is 2% per annum.

As Margin is specified as being Not Applicable to the Notes, the Rate of Interest for this Interest Period will therefore be 2% per annum. (Conversely, if Margin was applicable, then the Rate of Interest would be the sum of 2% and the percentage rate specified as the Margin.)

Secondly, the Calculation Agent calculates the Interest Amount payable in respect of such Interest Period as follows:

- (i) The Calculation Agent determines the Day Count Fraction applicable to the Interest Period. As the specified Day Count Fraction is Actual/365 (Fixed), this will be equal to the result of dividing the actual number of days in the Interest Period by 365, as follows. For the avoidance of doubt, in a leap year the Day Count Fraction will be determined by referring to 366 as the number of days in the Interest Period and divided by 365.

$$\frac{365 \text{ (Number of days in the Interest Period)}}{365 \text{ (Day Count Fraction)}}$$

$$= 1$$

- (ii) The Calculation Agent then applies the Rate of Interest to the Calculation Amount:

$$2\% \times \text{EUR } 1,000$$

$$= \text{EUR } 20.00$$

and multiplies the result by the Day Count Fraction:

$$\text{EUR } 20.00 \times 1 = \text{EUR } 20.00$$

Accordingly, the Interest Amount payable in respect of a Note for this Interest Period will be EUR 20.00.

- (2) ***What if the rate determined by the Calculation Agent is less than the Minimum Interest Rate or more than the Maximum Interest Rate?***

If the rate determined by the Calculation Agent after adding any applicable Margin is less than 1.13% or more than 5%, then the Rate of Interest will be the Minimum Interest Rate or, as the case may be, the Maximum Interest Rate as specified in the relevant Final Terms.

Accordingly, if, for example, the Rate of Interest so calculated would have been 0.5%, then; as the Minimum Interest Rate is specified as 1.13%, then the Rate of Interest will actually be 1.13%. As applied to the above example, if 2% were replaced by 1.13%, the Interest Amount payable would be EUR 11.30 per Note.

- (c) *Coupon Trigger Event*

The calculation of a Coupon Trigger Amount in respect of a Note is only required if Coupon Trigger Event is specified as being applicable in the relevant Final Terms.

If "Coupon Trigger Event" is stated to be applicable in the relevant Final Terms, then a Coupon Trigger Amount will be calculated as follows.

- If on a Coupon Trigger Valuation Date:
- in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or

- in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable,

is equal or greater than a percentage specified in the relevant Final Terms as the "**Coupon Trigger Level**", then an investor will be entitled to an amount (a "**Coupon Trigger Amount**") equal to the specified calculation amount of the Note multiplied by a fixed percentage specified in the relevant Final Terms as the "**Coupon Trigger Rate**".

- If on a Coupon Trigger Valuation Date:
- in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
- in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable,

is less than the Coupon Trigger Level, a Coupon Trigger Event will not have occurred and therefore no Coupon Trigger Amount will become payable in respect of such Coupon Trigger Valuation Date.

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Observation Index Level Performances or Observation Security Performances, as the case may be, of the Underlyings in the Basket of Underlyings.

Coupon Trigger Amount worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the ordinary shares of Company C which specifies Coupon Trigger Event as being applicable in the relevant Final Terms.
- The principal amount of the Note is GBP 100.
- The initial security price set out in the relevant Final Terms against which the ordinary shares of Company C will be measured is GBP 306.15.
- There are five Averaging Dates set out in the relevant Final Terms on which the Calculation Agent will determine the relevant prices for the purposes of calculating the Observation Security Price. "Omission" is specified in the relevant Final Terms as being applicable.
- For the first Coupon Trigger Valuation Date, the prices determined by the Calculation Agent on the first, second, fourth and fifth Averaging Dates, at the specified time, are GBP 313.25, GBP 312.05, GBP 344.45 and GBP 315.25. On the third Averaging Date, no security price could be determined as the London Stock Exchange failed to open for trading during its regular trading session.
- The Coupon Trigger Level set out in the relevant Final Terms is 103%.
- The Coupon Trigger Rate in respect of the first Coupon Trigger Valuation Date is 5%.

(1) ***What is the Observation Security Performance?***

To determine the Observation Security Performance, the Observation Security Price is divided by the initial security price. To determine the Observation Security Price, the Calculation Agent takes the arithmetic average of the prices determined on the Averaging Dates. As "Omission" was specified relevant Final Terms, the third Averaging Date is ignored. Consequently, the Observation Security Price is GBP 308.75 (being the arithmetical average of the prices

determined on the first, second, fourth and fifth averaging dates i.e. $(\text{GBP } 313.25 + \text{GBP } 312.05 + \text{GBP } 344.45 + \text{GBP } 315.25) / 4 = \text{GBP } 1,285/4 = \text{GBP } 321.25$).

The Observation Security Performance is therefore GBP 321.25 (being the Observation Security Price) divided by GBP 306.15 (being the initial security price). This is equal to 1.0493 and, when expressed as a percentage, is 104.93%. Therefore, the Observation Security Performance is 104.93%.

(2) ***Is the Observation Security Performance equal or greater than the Coupon Trigger Level?***

In this case, the Observation Security Performance (104.93%) is greater than the Coupon Trigger Level (103.00%). Therefore, the investor will be entitled to a Coupon Trigger Amount equal to the specified calculation amount of the Note multiplied by the Coupon Trigger Rate.

(3) ***Calculating the Coupon Trigger Amount***

The Coupon Trigger Amount per Note will be:

GBP	100	x	(The specified calculation amount of the Note)
	5%		(The relevant Coupon Trigger Rate)
GBP	5		The Coupon Trigger Amount per Note

(d) *Lock-In Coupon Trigger Event*

Overview of Lock-In Coupon Trigger Event

If a Lock-In Event (as described above under paragraph (j) Lock-In Redemption) occurs in relation to any Lock-In Valuation Date, then the Issuer shall pay the Lock-In Coupon Amount on the relevant Lock-In Coupon Payment Date and on all subsequent Lock-In Coupon Payment Dates so long as the Notes remain outstanding irrespective of whether a Lock-in Event or Lock-in Coupon Trigger Event has occurred on any subsequent Lock-in Valuation Dates.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, but a Lock-In Coupon Trigger Event occurs in relation to such Lock-In Valuation Date, then the Issuer shall pay the Lock-In Coupon Amount on the relevant Lock-In Coupon Payment Date only.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, and a Lock-In Coupon Trigger Event does not occur in relation to such Lock-In Valuation Date, then no amount of interest is payable on the relevant Lock-In Coupon Payment Date.

A "**Lock-In Coupon Trigger Event**" will be deemed to have occurred on a Lock-in Valuation Date if the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices (as applicable), or the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities (as applicable), on such Lock-In Valuation Date is equal to or greater than a level specified as the Lock-In Coupon Trigger Level.

Calculation of the Lock-In Coupon Amount

The calculation of a Lock-In Coupon Amount in respect of a Note is only required if Lock-In Event is specified as being applicable in the relevant Final Terms.

If "Lock-In Event" is stated to be applicable in the relevant Final Terms, then a Lock-In Coupon Amount will be calculated as follows.

- If on a Lock-In Valuation Date:
 - in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
 - in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable,

is equal or greater than a percentage specified in the relevant Final Terms as the "Lock-In Level", (a "**Lock-in Event**") then an investor will be entitled to an amount (a "**Lock-In Coupon Amount**") equal to the specified calculation amount of the Note multiplied by a fixed percentage specified in the relevant Final Terms as the "Lock-In Coupon Rate" on each Lock-In Coupon Payment Date following such Lock-in Valuation Date as long as the Notes remain outstanding.

- If on a Lock-In Valuation Date:
 - in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
 - in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable; and
 - a Lock-in Event has not occurred on a previous Lock-in Valuation Date,

is equal or greater than a percentage specified in the relevant Final Terms as the "Lock-In Coupon Trigger Level" but less than a percentage specified in the relevant Final Terms as the "Lock-in Level", then an investor will be entitled to an amount (a "**Lock-In Coupon Amount**") equal to the specified calculation amount of the Note multiplied by a fixed percentage specified in the relevant Final Terms as the "Lock-In Coupon Rate" in respect of such Lock-In Coupon Payment Date only.

- If on a Lock-In Valuation Date:
 - in the case of an Index-Linked Note, the Observation Index Level Performance of the Index or the Observation Index Level Performance of the worst performing Index in the Basket of Indices, as applicable; or
 - in the case of an Equity-Linked Note, the Observation Security Performance of the Security or the Observation Security Performance of the worst performing Security in the Basket of Securities, as applicable; and
 - a Lock-in Event has not occurred on a previous Lock-in Valuation Date,

is less than the Lock-In Level and the Lock-In Coupon Trigger Level then no interest shall be payable in respect of the Notes on the relevant Lock-In Coupon Payment Date (unless a Lock-in Event occurred on an earlier Lock-in Valuation Date).

The worst performing Underlying in the Basket of Underlyings is the Underlying in respect of which the Relevant Final Performance is the lowest of the Observation Index Level Performances or Observation Security Performances, as the case may be, of the Underlyings in the Basket of Underlyings.

Lock-In Coupon Amount worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Note denominated in GBP linked to the ordinary shares of Company C which specifies Lock-In Event as being applicable in the relevant Final Terms.
- The principal amount of the Note is GBP 100.
- The initial security price set out in the relevant Final Terms against which the ordinary shares of Company C will be measured is GBP 304.15.
- There are five Averaging Dates set out in the relevant Final Terms on which the Calculation Agent will determine the relevant prices for the purposes of calculating the Observation Security Price. "Omission" is specified in the relevant Final Terms as being applicable.
- For the first Lock-In Valuation Date, the levels determined by the Calculation Agent on the first, second, fourth and fifth Averaging Dates, at the specified time, are GBP 311.25, GBP 310.05, GBP 342.45 and GBP 313.25. On the third Averaging Date, no security price could be determined as the London Stock Exchange failed to open for trading during its regular trading session.
- The Lock-In Level set out in the relevant Final Terms is 103%.
- The Lock-In Coupon Trigger Level set out in the relevant Final Terms is 80%
- The Lock-In Coupon Rate in respect of the first Lock-In Valuation Date is 5%.

(1) ***What is the Observation Security Performance?***

To determine the Observation Security Performance, the Observation Security Price is divided by the initial security price. To determine the Observation Security Price, the Calculation Agent takes the arithmetic average of the prices determined on the Averaging Dates. As "Omission" was specified relevant Final Terms, the third Averaging Date is ignored. Consequently, the Observation Security Price is GBP 319.25 (being the arithmetical average of the prices determined on the first, second, fourth and fifth averaging dates (i.e. $\text{GBP } 311.25 + \text{GBP } 310.05 + \text{GBP } 342.45 + \text{GBP } 313.25 / 4 = \text{GBP } 1,277 / 4 = \text{GBP } 319.25$).

The Observation Security Performance is therefore GBP 319.25 (being the Observation Security Price) divided by GBP 304.15 (being the initial security price). This is equal to 1.0496 and, when expressed as a percentage, is 104.96%. Therefore, the Observation Security Performance is 104.96%.

(2) ***Is the Observation Security Performance equal or greater than the Lock-In Level?***

In this case, the Observation Security Performance (104.96%) is greater than the Lock-In Level (103.00%). Therefore, the investor will be entitled to a Lock-In Coupon Amount equal to the specified calculation amount of the Note multiplied by the Lock-In Coupon Rate in relation to this Lock-In Coupon Payment Date and each subsequent Lock-In Coupon Payment Date as long as the Notes remain outstanding.

(3) ***Calculating the Lock-In Coupon Amount***

The Lock-In Coupon Amount per Note, which will be paid on the relevant Lock-In Coupon Payment Date and each subsequent Lock-In Coupon Payment Date as long as the Notes remain outstanding will be:

GBP 100 x (The specified calculation amount of the Note)

5% (The relevant Lock-In Coupon Rate)

GBP 5 The Lock-In Coupon Amount per Note

(4) ***How would the position be different if the Observation Security Performance was less than the Lock-In Level?***

If the Observation Security Performance was less than the Lock-In Level (say 95% rather than 104.96%), then whether or not an investor is entitled to a Lock-In Coupon Amount in relation to a Lock-In Coupon Payment Date will depend on whether the Observation Security Performance is equal or greater than the Lock-In Coupon Trigger Level.

In this case, the Observation Security Performance (95%) is greater than the Lock-In Coupon Trigger Level (80.00%). Therefore, the investor will be entitled to a Lock-In Coupon Amount equal to the specified calculation amount of the Note multiplied by the Lock-In Coupon Rate in relation to this Lock-In Coupon Payment Date only.

Please note: The worked examples provided in this "Section II.1 – Description of the Notes" are produced for illustrative purposes only. The analysis is based on simplifying assumptions and hypothetical figures, and does not reflect a complete analysis of all possible gain and loss scenarios that may arise under any actual investment in the Notes. No representation or warranty is made by the Issuer or any of its affiliates that any scenario shown above can be duplicated under any actual investment in the Notes. Actual results may vary from the results shown above, and variations may be material. The market-to-market value of the Notes can fluctuate either upward or downward due to changes in prevailing market conditions. Accordingly, if an investment in the Notes is unwound, repurchased or otherwise redeemed whether at or prior to its stated maturity, investors in such Notes may receive less than the purchase price of the Notes and therefore sustain a loss which in a worst case scenario may be equal to their invested amount.

**SECTION II.2 – FORM OF ENGLISH LAW NOTES AND SUMMARY OF PROVISIONS
RELATING TO THE ENGLISH LAW NOTES WHILE IN GLOBAL FORM**

This section provides information regarding English Law Notes issued in global form and issued into certain clearing systems.

English Law Notes may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series comprising either Bearer Notes, Registered Notes or Uncertificated Registered Notes as specified in the relevant Final Terms. The summary that follows is only in relation to Bearer Notes and Registered Notes.

Bearer Notes

Bearer Notes will be issued in classic global note form.

Bearer Notes treated as issued in bearer form for U.S. federal income tax purposes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(D) ("**TEFRA D**", which definition shall include any successor rules in substantially the same form as TEFRA D for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended), unless the relevant Final Terms provides that such Notes will be issued in accordance with the provisions of United States Treasury Regulations 1.163-5(c)(1)(ii) and 1.163-5(c)(2)(i)(C) ("**TEFRA C**", which definition shall include any successor rules in substantially the same form as TEFRA C for the purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended). Bearer Notes issued in accordance with TEFRA D will be represented upon issue by a temporary global note in bearer form without interest coupons (a "**Temporary Global Note**"). Bearer Notes issued in accordance with TEFRA C will be represented upon issue by a permanent global note in bearer form without interest coupons (a "**Permanent Global Note**") or by a Temporary Global Note. Each Temporary Global Note or, as the case may be, Permanent Global Note will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank SA/NV as operator for Euroclear and/or Clearstream, Luxembourg ("**Common Depository**"). Beneficial interests in a Temporary Global Note issued in accordance with TEFRA C will be exchangeable at any time and without any requirement for certification for Bearer Notes in definitive form ("**Definitive Bearer Notes**"), in accordance with the terms of such Temporary Global Note and as specified in the relevant Final Terms. Interests in a Temporary Global Note issued in accordance with TEFRA D will be exchangeable either for Definitive Bearer Notes or for interests in a Permanent Global Note, on or after the date which is 40 days after the date on which such Temporary Global Note is issued and upon certification as to non-U.S. beneficial ownership thereof or otherwise as required by U.S. Treasury Regulations, in accordance with the terms of such Temporary Global Note and as specified in the relevant Final Terms.

For the purposes of complying with TEFRA D, Bearer Notes may not be offered or sold to a United States person. "**United States person**" means any person who is, for U.S. federal income tax purposes, (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organised under the laws of the United States or any political subdivision thereof or therein or (iii) an estate or trust the income of which is subject to United States taxation regardless of its source.

The forms of Temporary Global Note and Permanent Global Note (each, a "**Global Note**") will contain provisions applicable to the Notes represented thereby, some of which may modify the effect of the Conditions of the Notes. Certain of these are summarised in this section.

All payments, if any, in respect of Bearer Notes when represented by a Temporary Global Note or Permanent Global Note will be made against presentation and surrender or, as the case may be, presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents. On each occasion on which a payment is so made, the Issuer shall procure that, record of such payment is noted on a schedule to the relevant Global Note and the payment is entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg.

In respect of Bearer Notes represented by Global Notes, each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as being entitled to an interest in a Global Note (each, an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which,

Section II.2 – Form of English Law Notes and Summary of Provisions relating to the English Law Notes while in Global Form

Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes.

The records of the relevant clearing systems which reflect the amount of Noteholders' interests in the Notes shall be conclusive evidence of the nominal amount of Notes represented by the Global Notes.

An exchange of a Temporary Global Note for Definitive Notes or, as the case may be, a Permanent Global Note will be made only on or after the Exchange Date (as set out in the relevant Final Terms) and provided certification as to the beneficial ownership thereof as required by the U.S. Treasury Regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depositary) has been received.

The bearer of any Temporary Global Note shall not (unless, upon due presentation of such Temporary Global Note for exchange (in whole or in part) for a Permanent Global Note or for delivery of Definitive Notes, such exchange or delivery is improperly withheld or refused and such withholding or refusal is continuing at the relevant payment date) be entitled to receive any payment in respect of the Notes represented by such Temporary Global Note which falls due on or after the Exchange Date or be entitled to exercise any option on a date after the Exchange Date.

If any date on which a payment of principal or interest is due on the Notes of a Tranche occurs whilst any of the Notes of that Tranche are represented by a Temporary Global Note, the related principal or interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by the U.S. Treasury Regulations (in substantially the form set out in the Temporary Global Note or in such other form as is customarily issued in such circumstances by the relevant clearing system or depositary) has been received by Euroclear or Clearstream, Luxembourg. Payments of amounts due in respect of a Permanent Global Note will be made through any of Euroclear or Clearstream, Luxembourg without any requirement for certification.

Interests in a Permanent Global Note will be exchanged, at the cost and expense of the Issuer, by the Issuer in whole, for Definitive Notes (a) at the option of the holder of such Permanent Global Note, for Definitive Notes, if the Notes of the relevant Series become immediately repayable in accordance with Condition 9 (*Events of Default*), or (b) if any of Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention to cease business permanently or in fact does so, or (c) at the option of the Issuer: (i) unless otherwise provided in the Final Terms, if the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form or (ii) where the Issuer or any Paying Agent, by reason of any change in, or amendment to, the laws of the United Kingdom, is or will be required to make any deduction or withholding from any payment under the Notes which would not be required if the Notes were in definitive form.

Where a Permanent Global Note is exchangeable for Definitive Notes, then such Notes shall be tradeable only in principal amounts of at least the denomination of the Notes (or if there is more than one denomination, the lowest denomination).

The Issuer may, at any time in writing, waive or limit its right to exchange a Permanent Global Note for Definitive Notes in the circumstances described above, where the Issuer at its sole discretion considers such limitation or waiver to be desirable in respect of a particular Series of Notes.

SECTION II.3 – SUBSCRIPTION AND SALE OF NOTES

This section sets out details of the arrangements between the Issuer and the Dealer(s) as to the offer and sale of Notes and summarises selling restrictions that apply to the offer and sale of Notes in various jurisdictions.

General

- (1) Each Dealer has, in a Master Note Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Notes. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Notes, the Issuer and the relevant Dealer(s) will agree details relating to the form of such Notes and the Conditions relating to such Notes, the price at which such Notes will be purchased by the relevant Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Note Issuance Agreement contains provisions for the Issuer to appoint other Dealers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Notes.
- (2) No action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Dealer(s) that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required other than in the United Kingdom. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the relevant Dealer(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute this Base Prospectus or any Final Terms or related offering material, in all cases at their own expense.

For the purposes of this provision:

 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"); and

- (b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the EU Prospectus Regulation;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the EU Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

provided that no such offer of Notes referred to in paragraphs (a) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

Notes issued under the Programme do not constitute participations in a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes of 23 June 2006 ("CISA"), as amended. Notes issued under the Programme are neither issued nor guaranteed by a Swiss financial intermediary. Investors are exposed to the credit risk of the Issuer.

The Notes may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act ("**FinSA**") and its implementing ordinance, the Swiss Federal Financial Services Ordinance ("**FinSO**"), and no application has or will be made to admit the Notes to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. Neither this Base Prospectus nor any other offering or marketing material relating to the Notes constitutes a prospectus pursuant to the FinSA. Consequently, this Base Prospectus and any other offering or marketing material relating to the Notes may only be publicly distributed or otherwise made publicly available in Switzerland:

1. if such offer is strictly limited to investors that qualify as professional clients ("**Professional Clients**", as set out below) according to Article 4 para. 3 FinSA and Article 5 para. 1 FinSO. Accordingly, the Notes may only be distributed or offered, and the Base Prospectus or any other marketing material relating to the Notes may be made available to Professional Clients in Switzerland; in this case, the offering of the Notes in, into or from Switzerland is exempt from the requirement to prepare and publish a prospectus under FinSA; or
2. if such offer constitutes an exempt offer pursuant to specific provisions regarding exempt offers pursuant to Article 36 FinSA which (a) is addressed to less than 500 investors, (b) is only addressed to investors that purchase financial instruments in an amount of at least CHF 100,000 (or equivalent in other currencies), (c) has a minimum denomination of CHF 100,000 (or equivalent in other currencies), or (d) does not exceed the value of CHF 8 million (or equivalent in other currencies) calculated over a period of 12 months; in this case, the offering of the Notes in, into or from Switzerland is exempt from the requirement to prepare and publish a prospectus under FinSA.

Professional Clients in terms of the FinSA specifically include:

- (a) Swiss regulated financial intermediaries such as banks, securities houses, fund management companies, asset managers of collective investments, or regular asset managers;
- (b) Swiss regulated insurance companies;
- (c) foreign clients which are subject to a prudential supervision under the laws of their incorporation of jurisdiction equivalent to that applicable to persons listed under paragraphs (a) and (b) above;

In addition, high-net-worth private (retail) clients and private investment structures created for them may declare that they wish to be treated as Professional Clients in accordance with Article 5 FinSA (opting out).

Notwithstanding the fact that this offer does not trigger the requirement to establish a prospectus under FinSA, in the case of offerings of Notes that constitute debt instruments with a "derivative character" that will be made to private (retail) clients in, into or from Switzerland (as such expressions are understood

under FinSA and FinSO), a key information document (KID) prepared in accordance with FinSA and FinSO or in accordance with Regulation (EU) No 1286/2014 of the European Parliament and of the Council of November 26, 2014 on key information documents for packaged retail and insurance-based investment products (PRIIPs) must be made available. The Issuer reserves the right to make available a simplified prospectus pursuant to former Article 5 para. 2 CISA instead of a KID until the expiration of the grandfathering period, i.e. until the end of 2021.

- (B) the Calculation Agent may, in its discretion, determine a rate by reference to such other sources and/or methodology as it considers appropriate,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to (or where the above proviso applies, elects not to) determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if ISDA Determination for Fall-back provisions is specified in the relevant Final Terms as being applicable, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions in circumstances in which Condition 4B(c)(iii)(a) (*Interest - Floating Rate Note Provisions – Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA*) applies.

(d) ***ISDA Determination***

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "**ISDA Rate**" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and

- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Final Terms,

provided, however, that:

- (A) if the application of the above provisions does not result in the determination of an ISDA Rate for any Interest Period and if the Issuer (in consultation with the Calculation Agent) has not determined that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) if in relation to any Interest Period the Issuer (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*) shall apply and the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Final Terms as the manner in which the Floating Rate(s) is/are to be determined, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Final Terms refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that ISDA Reference Banks Fallbacks are not applicable).

- (e) ***Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA***
 - (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
 - (ii) If the Notes become due and payable in accordance with Condition 9 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
 - (iii) If "Payment Delay" is specified as the Observation Method in the relevant Final Terms, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

- (B) if the applicable Unadjusted SOFR Replacement is equivalent to the ISDA Fallback Rate the ISDA Fallback Adjustment; or
- (C) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) giving due consideration to any industry-accepted spread adjustments, or method for calculating or determining such spread adjustment, for the replacement of the then-current Reference Rate with the applicable Unadjusted SOFR Replacement for U.S. dollar-denominated floating rate notes at such time.

"SOFR Replacement Conforming Changes" means, with respect to any SOFR Replacement Rate or a replacement rate determined in accordance with Condition 4B(e)(vi)(B) (the **"Relevant Replacement Rate"**), changes to (1) any Interest Determination Date, Interest Payment Date, Effective Interest Payment Date, Reference Time, Business Day Convention or Interest Period, (2) the manner, timing and frequency of determining the rate and amounts of interest that are payable on the Notes during the Interest Period and the conventions relating to such determination and calculations with respect to interest, (3) rounding conventions, (4) tenors and (5) any other terms or provisions of the Notes during the Interest Period, in each case that the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with Issuer) determine, from time to time, to be appropriate to reflect the determination and implementation of the Relevant Replacement Rate in a manner substantially consistent with market practice (or, if the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) decide that implementation of any portion of such market practice is not administratively feasible or determine that no market practice for use of the Relevant Replacement Rate exists, in such other manner as the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) determine is appropriate (acting in good faith)).

"SOFR Replacement Date" means the earliest to occur of the following events with respect to the then-current Reference Rate (including the daily published component used in the calculation thereof):

- (a) in the case of clause (1) or (2) of the definition of "SOFR Transition Event," the later of (i) the date of the public statement or publication of information referenced therein and (ii) the date on which the administrator of the Reference Rate permanently or indefinitely ceases to provide the Reference Rate (or such component); or
- (b) in the case of clause (3) of the definition of "SOFR Transition Event," the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the SOFR Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the SOFR Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

"SOFR Replacement Rate" means the first alternative set forth in the order below that can be determined by the Issuer (in consultation, to the

extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) as of the SOFR Replacement Date.

- (a) the sum of: (i) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Reference Rate and (ii) the SOFR Replacement Adjustment;
- (b) the sum of: (i) the ISDA Fallback Rate and (ii) the SOFR Replacement Adjustment; or
- (c) the sum of: (i) the alternate rate of interest that has been selected by the Issuer (in consultation, to the extent practicable, with the Calculation Agent) or the Issuer's designee (in consultation with the Issuer) as the replacement for the then-current Reference Rate for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Reference Rate for U.S. dollar-denominated floating rate notes at such time and (ii) the SOFR Replacement Adjustment.

"Corresponding Tenor" with respect to a SOFR Replacement Rate means a tenor (including overnight) having approximately the same length (disregarding business day adjustments) as the applicable tenor for the then-current Reference Rate.

"SOFR Transition Event" means the occurrence of one or more of the following events with respect to the then-current Reference Rate (including the daily published component used in the calculation thereof):

- (a) a public statement or publication of information by or on behalf of the administrator of the Reference Rate (or such component) announcing that such administrator has ceased or will cease to provide the Reference Rate (or such component), permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Reference Rate (or such component); or
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the Reference Rate (or such component), the central bank for the currency of the Reference Rate (or such component), an insolvency official with jurisdiction over the administrator for the Reference Rate (or such component), a resolution authority with jurisdiction over the administrator for the Reference Rate (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Reference Rate, which states that the administrator of the Reference Rate (or such component) has ceased or will cease to provide the Reference Rate (or such component) permanently or indefinitely, **provided that**, at the time of such statement or publication, there is no successor administrator that will continue to provide the Reference Rate (or such component); or
- (c) a public statement or publication of information by the regulatory supervisor for the administrator of the Reference Rate announcing that the Reference Rate is no longer representative.

"Unadjusted SOFR Replacement" means the SOFR Replacement Rate excluding the SOFR Replacement Rate Adjustment.

- (vii) Additional Provisions applicable where "€STR" or "SORA" is specified as the Reference Rate in the relevant Final Terms:

Subject always to the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*) (as applicable), if, in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate has not been published as provided in the definition thereof in respect of the related Reference Rate Determination Date (the "**Relevant Reference Rate Determination Date**"), Reference Rate(i) in respect of such Reference Rate Business Day(i) shall be the Reference Rate as determined on the Reference Rate Business Day preceding the Relevant Reference Rate Determination Date on which the Reference Rate has been published as provided in the definition thereof.

- (f) *Maximum or Minimum Interest Rate*

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (g) *Calculation of Interest Amount*

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the Notes for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes notwithstanding that the formula specified in the relevant Final Terms may provide for calculation in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

(h) *Dividend Equivalent Payments*

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, currency exchange rate, interest rate or other factor (each variable being a "Reference Asset" or, if it is comprised in a basket of variables, a "Reference Asset Component"), if the Final Terms in respect of such Notes states the Notes are "Section 871(m) Notes", the Final Terms shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Final Terms, the relevant Final Terms shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

If "Issuer Withholding" is specified in the relevant Final Terms, the Final Terms shall specify whether any dividend equivalent amounts are to be treated as being reinvested during the term of the Notes and what portion thereof is expected as of the Issue Date to be treated for U.S. federal income tax purposes as having been withheld from a payment due to the Noteholders

(i) *Publication*

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(j) *Notifications etc.*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4B (*Interest – Floating Rate Note Provisions*) by the Calculation Agent will be made by the Calculation Agent and will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

4C. *Coupon Trigger Notes*

This Condition 4C (*Interest – Coupon Trigger Notes*) is applicable to the Notes only if Coupon Trigger Event is specified in the relevant Final Terms as being applicable.

If a Coupon Trigger Event occurs in relation to any Coupon Trigger Valuation Date, then the Issuer shall pay, in respect of each Note, an amount in the Settlement Currency per Calculation Amount equivalent to the Coupon Trigger Amount on the relevant Coupon Trigger Payment Date.

The Calculation Agent will cause any Coupon Trigger Amount required to be determined by it together with details of the Coupon Trigger Valuation Date to be notified to the Paying Agents as soon as practicable after such determination.

If a Coupon Trigger Event does not occur in relation to any Coupon Trigger Valuation Date, then no amount of interest under this Condition 4C shall be payable in respect of the Notes on the relevant Coupon Trigger Payment Date.

4D. ***Lock-In Trigger Notes***

This Condition 4D (*Interest – Lock-In Trigger Notes*) is applicable to the Notes only if Lock-In Event is specified in the relevant Final Terms as being applicable.

If a Lock-In Event occurs in relation to a Lock-In Valuation Date, then the Issuer shall pay, in respect of each Note, an amount in the Settlement Currency per Calculation Amount equivalent to the Lock-In Coupon Amount on the relevant Lock-In Coupon Payment Date and all subsequent Lock-In Coupon Payment Dates so long as the Notes remain outstanding.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, but a Lock-In Coupon Trigger Event occurs in relation to such Lock-In Valuation Date, then the Issuer shall pay, in respect of each Note, an amount in the Settlement Currency per Calculation Amount equivalent to the Lock-In Coupon Amount on the relevant Lock-In Coupon Payment Date.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, and a Lock-In Coupon Trigger Event does not occur in relation to such Lock-In Valuation Date, then no amount of interest under this Condition 4D shall be payable in respect of the Notes on the relevant Lock-In Coupon Payment Date.

In each case, the Calculation Agent will cause any Lock-In Coupon Amount required to be determined by it together with details of the Lock-In Valuation Date to be notified to the Paying Agents as soon as practicable after such determination.

5. **Redemption and Purchase**

(a) ***At Maturity***

The Calculation Agent will, as soon as practicable after the Final Valuation Date, calculate such Final Redemption Amount in relation to each Note. Subject to Condition 5(h) (*Redemption and Purchase – Calculation and Rounding*), the Final Redemption Amount of a Note will be calculated in accordance with one of the following paragraphs of this Condition 5(a) (*Redemption and Purchase – At Maturity*), depending on the type of Final Redemption Amount specified in the relevant Final Terms.

(d) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes (or, the Issuer's or the Issuer's designated affiliates' obligations under any hedging arrangements established in connection therewith) shall after the Trade Date:

- (i) have become unlawful, or
- (ii) unless "Early Redemption for Impracticability" is specified as not applicable in the relevant Final Terms, have become impracticable,

in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 5(d) (*Redemption and Purchase – Early Redemption for Illegality*). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount specified in the relevant Final Terms. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 12 (*Notices*).

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a

global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes, rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Final Terms may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or

- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.

6B. **Taxation – Gross-up**

This Condition 6B (*Taxation – Gross-up*) will only be applicable to a Series of Notes where it is specified in the relevant Final Terms that this Condition 6B (*Taxation – Gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes and/or, as the case may be, Coupons, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by

reason of it having some connection with the United Kingdom or any other relevant jurisdiction, other than the mere holding of such Note or Coupon;

- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent;
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days;
- (d) in the case of Registered Notes, unless it is proved to the satisfaction of the Registrar that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a tax treaty with the United Kingdom or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 12 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 6 (*Taxation*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 6 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m) or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

7. **Payments**

(a) ***Bearer Notes***

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation (save in the case of partial payment, surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph). No payments on Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States or its possessions (as defined in the IRC and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Note or if the Final Terms so specify, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4A (*Interest – Fixed Rate Note Provisions*) or Condition 4B (*Interest – Floating Rate Note Provisions*).

Upon the due date for redemption of any Definitive Note other than a Fixed Rate Note, all unmatured Coupons and Talons (if any) relating to such Definitive Note (whether or not attached) shall become void and no payment shall be made in respect of them.

Definitive Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 6 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall, in its sole and absolute discretion, determine which unmatured Coupons are to become void, and shall select, in its sole and absolute discretion, for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

Upon any Definitive Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from and including the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) ***Registered Notes***

Payment of the amount due on final redemption in respect of Registered Notes will be made against presentation and, save in the case of partial payment of any such amount, surrender of the relevant certificate at the specified office of the Registrar or of the Transfer Agent. If the due date for payment of the Final Redemption Amount or any other redemption amount, as the case may be, of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Final Terms so specify, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4A (*Interest – Fixed Rate Note Provisions*) or Condition 4B (*Interest – Floating Rate Note Provisions*).

Payment of amounts (whether principal, interest or otherwise) due (other than on final redemption) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (local time in the place of the specified office of the Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar or to the Transfer Agent and the Registrar or, as the case may be, the Transfer Agent has acknowledged such application for payment to be made to a designated account denominated in the relevant Settlement Currency, in each case as specified in Condition 7(d) (*Payments – General Provisions*).

(c) ***Uncertificated Registered Notes***

The Issuer shall pay or cause to be paid when due payments of principal and interest (if any) in respect of Uncertificated Registered Notes to the relevant Noteholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Notes must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(d) **General Provisions**

The following provisions apply to both Bearer Notes and Registered Notes (and do not apply to Uncertificated Registered Notes). Subject to Condition 7(e) (*Payments – Payment of Alternative Payment Currency Equivalent*), payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the relevant Settlement Currency either by cheque or, at the option of the payee, by transfer to an account in the relevant Settlement Currency specified by the payee other than, for payments in respect of Bearer Notes, any such account in the United States.

Payments and deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 6 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the U.S. Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(e) **Payment of Alternative Payment Currency Equivalent**

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, then if by reason of a FX Disruption Event or a Clearing System Currency Eligibility Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent of any such amount due.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7(e) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(f) **Price Source Disruption and FX Disruption**

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday), the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
- (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market,

the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and

- (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Day**"), and if the Postponed FX Fixing Day has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Day and the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Day.
- (Y) If at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
 - (A) unless Redemption following FX Disruption Event is specified as being not applicable in the relevant Final Terms, having given not less than five days' notice to the Noteholders in accordance with Condition 12 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, and the Early Redemption Amount is specified as being Fair Market Value in the relevant Final Terms, for the purposes of determining such Fair Market Value the Calculation Agent shall first determine any Relevant Rate (A) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of this Condition 7(f) (*Payments – Price Source Disruption and FX Disruption*) if "Price Source

Disruption" is specified as applicable in the relevant Final Terms or, otherwise (B) in good faith and in a commercially reasonable manner) on the date notified to the Noteholders; or

- (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however that in relation to sub-paragraphs (Y)(A) and (Y)(A) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 7(e) (*Payments – Payment of Alternative Payment Currency Equivalent*).

If a Scheduled FX Fixing Date is postponed in accordance with this Condition 7(f) (*Payments – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable.

8. Redenomination

(a) *General*

Where redenomination is specified in the relevant Final Terms as being applicable and in respect of Notes denominated in a National Currency Unit, the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 12 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the relevant Settlement Currency (whether or not attached to the Notes) will become void on the Euro Exchange Date and no payments will be made in respect thereof;
 - (B) the payment obligations contained in all Notes denominated in the Settlement Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition 8(a)(ii) (*Redenomination – General*)) shall remain in full force and effect; and

- (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the relevant Settlement Currency in such manner as the Issuer may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
- (iv) such other changes will be made to the Conditions as the Issuer may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 12 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) ***Interest***

Following redenomination of the Notes pursuant to Condition 8(a) (*Redenomination – General*):

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from

that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflects the market practice in respect of internationally offered euro denominated securities.

9. **Events of Default**

If any one or more of the following events (each, an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) the Issuer fails to remedy a default in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, in each case within 14 days of notice of such default having been given to the Principal Paying Agent or other Paying Agent or the Registrar (as the case may be) by any Noteholder in accordance with Condition 12(b) (*Notices from Noteholders*), **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or
- (b) an order is made or an effective resolution is passed for the winding-up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof by the Issuer (such date the "**Early Redemption Date**"), declare the Note held by the Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Final Terms, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

10. **Prescription**

Notes and Coupons will become void unless presented for payment within a period of 10 years and five years, respectively, from the Relevant Date (as defined in Condition 6 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent for the payment of the principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 7 (*Payments*).

11. **Replacement, Exchange and Transfer**

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Issue Agent or (in the case of Registered Notes) of the Registrar or of the Transfer Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement and the relevant Final Terms, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the Registrar or of the Transfer Agent, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement, a Registered Note, in definitive form, may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Final Terms) by the Holder or Holders surrendering the Registered Note for registration of transfer at the specified office of the Registrar or the Transfer Agent, duly endorsed by, or accompanied by a written instrument to transfer in form satisfactory to the Issuer and the Registrar or the Transfer Agent, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Final Terms, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issuing and Paying Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of the Principal Paying Agent or of the Registrar or the Transfer Agent, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined below) where the exchange date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 7(b) (*Payments – Registered Notes*)) for such payment of interest and the date on which such payment of interest fall due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for delivery at the specified office of the Registrar or the Transfer Agent, or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation hereto, shall be borne by the Issuer.

The Registrar or the Transfer Agent, as the case may be, shall not be required to register the transfer or exchange of Registered Notes for a period of 15 days preceding the due date for any payment of principal or interest in respect of such Notes.

12. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid: (i) if published, in the case of Bearer Notes and Coupons, in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); (ii) in the case of Registered Notes, if mailed to their registered addresses (as advised by the Registrar) or to that of the first named of them in the case of joint Holders; **provided that**, in each case, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with; and (iii) in the case of Uncertificated Registered Notes, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

(b) ***Notices from Noteholders***

Notices given by any Noteholder shall be in writing and given by lodging the same, together with relevant Note or Notes (if applicable), with the Principal Paying Agent or other Paying Agent or with the Registrar (as the case may be) at its specified office.

13. **Paying Agents, Calculation Agents, Issue Agents, Transfer Agents and Registrars**

- (a) The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Calculation Agents, the initial Issue Agent, the initial Transfer Agent, the initial Registrar and their respective initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar and/or approve any change in the specified office through which any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar acts, **provided that**:

- (i) so long as any Bearer Notes are outstanding, there will at all times be a Principal Paying Agent; and
- (ii) so long as any Registered Notes are outstanding, there will at all times be a Registrar and a Transfer Agent.
- (b) In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 7(a) (*Payments – Bearer Notes*). Any variation, termination, appointment or change shall only take effect (other than in the case of an insolvency, when it shall be of immediate effect) after notice has been given to the Noteholders in accordance with Condition 12 (*Notices*).
- (c) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Notes (including any determinations by the Calculation

Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and a commercially reasonable manner.

- (d) The Agents and the Calculation Agent shall not act as agents for the Noteholders but shall be the agents of the Issuer. All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its absolute discretion, may decide.

13A Consequences of a Benchmark Trigger Event

- (a) This Condition 13A shall apply except that where Condition 4B(e) (*Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Final Terms, this Condition 13A shall not apply in relation to SOFR as the Reference Rate.
- (b) If the Issuer (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
 - (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
 - (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and

- (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or
- (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
- (C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Final Terms on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (c) In making any determination under this Condition 13A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Notes (including in respect of any termination or re-establishment of hedging arrangements) and the Issuer's funding costs; **provided, however, that**, in the case of a Series of Italian Notes, it shall not take account of any such determinations made in respect of such hedging arrangements and/or the Issuer's funding costs.
- (d) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 13A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (e) No further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 13A (*Consequences of a Benchmark Trigger Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 13A) (*Consequences of a Benchmark Trigger Event*) unless, in the case of a Fixed Rate Note or a Floating Rate Note there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Fixed Rate Note Provisions*) or 4B (*Floating Rate Note Provisions*), as appropriate.
- (f) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 12 (*Notices*)).
- (g) Without prejudice to Condition 17(b) (*Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of

Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.

14. **Meetings of Noteholders, Modification and Substitution**

(a) ***Meetings of Noteholders***

The Master Note Issuance Agreement contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Note Issuance Agreement) of a modification of the Notes or any of the provisions of the Master Note Issuance Agreement. Such a meeting may be convened by the Issuer or by Holders of the Notes of any Series holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Holders of the Notes of any Series whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes (including modifying the date of maturity of the Notes, reducing or cancelling the amount of principal payable in respect of the Notes or altering the currency of payment of the Notes), the quorum shall be one or more persons holding or representing not less than 75 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series shall be binding on all the Noteholders, whether or not they are present at the meeting. Any modification of the Notes shall be notified to the Noteholders in accordance with Condition 12 (*Notices*) as soon as practicable thereafter.

(b) ***Modification***

Subject in the case of the Issuing and Paying Agency Agreement and the Master Note Issuance Agreement (as applicable) to the agreement of the other parties thereto the Issuer may agree, without the consent of the Noteholders, to:

- (i) any modification (except as mentioned above) of the Issuing and Paying Agency Agreement or the Master Note Issuance Agreement or the Conditions which is not materially prejudicial to the interests of the Noteholders as a whole;
- (ii) any modification of the Conditions or the Issuing and Paying Agency Agreement or the Master Note Issuance Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (iii) any modification of the Notes which is made to correct an inconsistency between the final terms and conditions of the Note issue (comprising these Conditions as completed by the relevant Final Terms) and the relevant termsheet relating to the Notes.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 12 (*Notices*) as soon as practicable thereafter.

(c) ***Substitution***

The Issuer may also agree, without the consent of the Noteholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Notes of any Series and the Coupons appertaining thereto (if any), **provided that** such Notes and the Coupons appertaining thereto (if any) are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be

construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Noteholders in accordance with Condition 12 (*Notices*). In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

15. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any) to create and issue further notes ranking equally in all respects with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

16. **Consequences of Disrupted Days**

- (a) For the purposes of this Condition 16 (*Consequences of Disrupted Days*), "**Limit Valuation Date**" shall mean, if any Scheduled Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Scheduled Valuation Date, notwithstanding the fact that such day is a Disrupted Day.
- (b) If any Scheduled Valuation Date is a Disrupted Day, then:
- (A) in the case of a Note which relates to a single Index or Security, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Scheduled Valuation Date shall not fall after the Limit Valuation Date. In that case:
- (1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its estimate of the value of the relevant Security as of the Valuation Time on that Limit Valuation Date; and
- (B) in the case of a Note which relates to an Index Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect

prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (C) in the case of a Note which relates to a Securities Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (c) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Security Price, Final Index Level, Final Redemption Amount, Coupon Trigger Amount, Lock-In Coupon Amount or Automatic Early Redemption Amount, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Index, then Condition 16(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on the final Averaging Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event, shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*);
- (2) "**Postponement**", then Condition 16(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant

Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*); or

- (3) "**Modified Postponement**", then:
- (aa) in the case of a Note which relates to a single Index or Security, such Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and
 - (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 16(b)(A)(1) (*Consequences of Disrupted Days*); and
 - (ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 16(b)(A)(2); and
 - (bb) in the case of a Note which relates to an Index Basket and/or a Securities Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and
 - (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 16(b)(B) (*Consequences of Disrupted Days*); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 16(b)(C) (*Consequences of Disrupted Days*).

If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant redemption amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*).

For the purposes of this Condition 16(c)(A)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days

following the Scheduled Final Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

- (d) If a Valuation Date is postponed (x) in accordance with this Condition 16 (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable (if any). In respect of a Note which relates to an Index Basket and/or a Securities Basket, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph (d) will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 16(d) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 16(d)) unless, in the case of a Fixed Rate Note or a Floating Rate Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Interest - Fixed Rate Note Provisions*) or Condition 4B (*Interest - Floating Rate Note Provisions*), as appropriate.

17. **Adjustments to Indices**

This Condition 17 is applicable only in relation to Index-Linked Notes.

(a) ***Successor Index***

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(b) ***Index Modification***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(c) ***Index Cancellation***

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each, an "**Index Cancellation**"), then:

- (A) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*);
- (B) if "Index Substitution" is specified as being applicable in the relevant Final Terms, the Issuer shall, acting in good faith and a commercially reasonable manner, determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (C) if no Substitute Index has been identified within 10 Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and:
 - (1) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Relevant Level, the Observation Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (2) if it determines that the Notes shall not continue, the Issuer shall redeem the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*), specifying the early redemption amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as is determined by the Calculation Agent to be the Fair Market Value of the Notes immediately prior to such early redemption.

(d) ***Correction of Index Levels***

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction.

18. **Adjustments and Events affecting Securities**

This Condition 18 is applicable only in relation to Equity-Linked Notes.

(a) ***Potential Adjustment Events***

If Potential Adjustment Events is specified as "Applicable" in the relevant Final Terms, the Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or

concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and/or any other adjustment(s) and, in any case, any other variable relevant to the payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect and determine the effective date(s) of such adjustment(s).

(b) *Extraordinary Events*

If Extraordinary Events is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in a commercially reasonable manner. If the Issuer determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(c) *Conversion*

If Conversion is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that the Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(d) *Correction of Prices*

If Correction of Prices is specified as 'Applicable' in the relevant Final Terms, in the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant

Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

19. **Additional Disruption Events**

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Notes shall be terminated, then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

20. **Adjustments where the Securities are Units in an ETF**

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in Condition 18 (*Adjustments and Events affecting Securities*) or Condition 19 (*Additional Disruption Events*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under Condition 18 (*Adjustments and Events affecting Securities*) or Condition 19 (*Additional Disruption Events*) would produce a commercially reasonable result:
 - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (B) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes; or
- (ii) if the Calculation Agent determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount and any accrued interest shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

In this Condition 20, "Affected Unit(s)" means each Unit subject to an applicable Extraordinary Event.

21. **Events relating to DR-Linked Notes**

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced

by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities and/or the formula for the relevant Redemption Amount), and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the Notes shall not continue, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

22. **Notes Linked to Units in an ETF – General**

If the relevant Final Terms specifies that the Securities in relation to a Series of Notes are Units in an ETF, then these Conditions shall apply to the Notes as if references herein to "Underlying Company" were references to the "ETF" and as if references therein to "Security" were references to "Unit".

23. **Effects of European Economic and Monetary Union**

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine the effective date of such adjustment) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to make such conversions between amounts denominated in the National Currency Units and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules in Regulation (EC) No. 1103/97 as it determines to be appropriate.

Neither the Issuer nor the Calculation Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.

24. **Third Party Rights**

For the purpose of these Conditions, "**Account Holders**" shall mean any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depositary bank for Clearstream Banking S.A. ("**Clearstream**"), and "**holder of Notes**" or "**holder of any Note**", "**Holder**" or "**Noteholder**" means the individual or entity whose name appears in the account of the relevant Account Holder.

Title to the Notes shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of the Notes may only be effected through, registration of the transfer in such books.

Unless this option is expressly excluded in the relevant Final Terms, in accordance with the provisions of Article L.228-2 of the French *Code de commerce*, the Issuer may at any time request from the central depository the following identification information of the holders of Notes: the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address as well as the quantity of Notes held by each of them.

3. **Status**

The Notes are direct, unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and, at their date of issue, (save for certain obligations required to be preferred by law) with all other unsecured and unsubordinated obligations of the Issuer for the time being outstanding.

4. **Interest**

4A. ***Fixed Rate Note Provisions***

(a) ***Application***

This Condition 4A (*Interest – Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note provisions are specified in the relevant Final Terms as being applicable.

(b) ***Accrual of interest***

Fixed Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 7 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4A (*Interest – Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Fixed Coupon Amount***

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount.

(d) ***Calculation of interest amount***

The amount of interest payable in respect of the Notes for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, the Aggregate Outstanding Nominal Amount of the Notes; or
- (ii) if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

4B. ***Floating Rate Note Provisions***

(a) ***Application***

This Condition 4B (*Interest – Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note provisions are specified in the relevant Final Terms as being applicable.

(b) ***Accrual of interest***

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 7 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4B (*Interest – Floating Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) **Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA**

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis subject always to the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*):

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears in the Relevant Currency on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appears in the Relevant Currency on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date; and
- (iii) if, in the case of sub-paragraph (i) above, such rate does not appear on that page or, in the case of sub-paragraph (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, then:
 - (a) if ISDA Determination for Fall-back provisions is specified in the relevant Final Terms as being applicable, then, subject to the penultimate paragraph of this Condition 4B(c) (*Interest – Floating Rate Note Provisions – Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA*), the Calculation Agent will determine the relevant Rate of Interest for the relevant Interest Determination Date in accordance with Condition 4B(d) (*Interest – Floating Rate Note Provisions – ISDA Determination*) on the basis of the Floating Rate Option, Designated Maturity and Reset Date and other items (if any) specified in the relevant Final Terms and, if so specified in the relevant Final Terms, as if fewer than the minimum number of Reference Banks specified therein had quoted; and
 - (b) in all other cases, the Calculation Agent will:
 - (1) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate in the Relevant Currency at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
 - (2) determine the arithmetic mean of such quotations; and
 - (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided, however, that if the Calculation Agent or the Issuer (in consultation with the Calculation Agent) determines that in its opinion, acting reasonably (x) there is no realistic prospect of

the Reference Banks providing the quotations specified in (iii)(b)(1) above or (y) any such quotations are unlikely to be representative of an underlying market:

- (A) the Calculation Agent shall not be required to request the quotations specified in (iii)(b)(1) above or to make the determination specified in (iii)(b)(3) above; and
- (B) the Calculation Agent may, in its discretion, determine a rate by reference to such other sources and/or methodology as it considers appropriate,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to (or where the above proviso applies, elects not to) determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if ISDA Determination for Fall-back provisions is specified in the relevant Final Terms as being applicable, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions in circumstances in which Condition 4B(c)(iii)(a) (Interest - Floating Rate Note Provisions – Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA) applies.

(d) ***ISDA Determination***

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Final Terms,

provided, however, that:

- (A) if the application of the above provisions does not result in the determination of an ISDA Rate for any Interest Period and if the Issuer acting in a commercially reasonable manner (in consultation with the Calculation Agent) has not determined that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) if in relation to any Interest Period the Issuer acting in a commercially reasonable manner (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*) shall apply and the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Final Terms as the manner in which the Floating Rate(s) is/are to be determined, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Final Terms refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that ISDA Reference Banks Fallbacks are not applicable).

(e) ***Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA***

- (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
- (ii) If the Notes become due and payable in accordance with Condition 9 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
- (iii) If "Payment Delay" is specified as the Observation Method in the relevant Final Terms, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

- (B) If the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (vi) Additional Provisions applicable where "SOFR" is specified as the Reference Rate in the relevant Final Terms:

the SOFR Replacement Rate will replace the then-current Reference Rate for all purposes and in respect of all determinations on such Reference Rate Business Day and (without prejudice to the further operation of this Condition 4(vi) all subsequent determinations; **provided that**, if the Issuer acting in a commercially reasonable manner (in consultation, to the extent practicable, with the calculation agent) or the Issuer's designee acting in a commercially reasonable manner (in consultation with the Issuer) is unable to or does not determine a SOFR Replacement Rate in accordance with the provisions below prior to 5:00 p.m. (New York time) on the relevant Interest Determination Date, the interest rate for the related Interest Period will be equal to (A) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin applicable to the first Interest Period).

- (C) If "ARRC Fallbacks" are not specified as applicable in the relevant Final Terms, if:
 - (I) in respect of any Reference Rate Business Day(i) in the relevant Applicable Period, the Reference Rate is not published as

- (aa) references in Condition 4B(e)(i)-(iv) to "Reference Rate Business Day" were to "New York City Banking Day", but so that in the case of the Applicable Period in which the SOFR Index Cessation Effective Date occurred, "d₀" shall be construed so that it means the aggregate of (x) the number of Reference Rate Business Days in the Applicable Period up to (but excluding) the Rate Switch Date and (y) the number of New York City Banking Days in the Applicable Period relating to such Interest Period from (and including) the Rate Switch Date (and "i" shall be construed accordingly);
 - (bb) references to "daily Secured Overnight Financing Rate" were to the "daily Overnight Bank Funding Rate";
 - (cc) references to "SOFR Index Cessation Event" were references to "OBFR Index Cessation Event"; and

- (ii) unless "Early Redemption for Impracticability" is specified as not applicable in the relevant Final Terms, have become impracticable,

in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 5(d) (*Redemption and Purchase – Early Redemption for Illegality*). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount specified in the relevant Final Terms. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 11 (*Notices*).

(e) ***Purchases***

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be transferred by the Issuer to the Principal Paying Agent for cancellation or, unless otherwise specified in the Final Terms, held in custody by or on behalf of the Issuer and/or sold, resold or otherwise disposed of by the Issuer in accordance and within the limits set by French law from time to time.

(f) ***Cancellation***

All Notes which are redeemed pursuant to Condition 5(a) (*Redemption and Purchase – At Maturity*), 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 5(c) (*Redemption and Purchase – Early Redemption for Autocallable Notes*) or 5(d) (*Redemption and Purchase – Early Redemption for Illegality*), and all Notes purchased by the Issuer for cancellation pursuant to Condition 5(e) (*Redemption and Purchase – Purchases*), shall be cancelled forthwith. All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(g) ***No Other Redemption Provisions***

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 5(a) (*Redemption and Purchase – At Maturity*), 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 5(c) (*Redemption and Purchase – Early Redemption for Autocallable Notes*), 5(d) (*Redemption and Purchase – Early Redemption for Illegality*), Condition 16 (*Adjustments to Indices*), Condition 17 (*Adjustments and Events affecting Securities*), Condition 18 (*Additional Disruption Events*) and Condition 20 (*Events relating to DR-Linked Notes*).

(h) ***Calculation and Rounding***

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 5 (*Redemption and Purchase*) and in rounding any values determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes, rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Final Terms may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or
- (ii) if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency

sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

6. **Taxation**

6A. **Taxation – No gross-up**

This Condition 6A (*Taxation – No gross-up*) will be applicable to all Series of Notes unless it is specified in the relevant Final Terms that Condition 6B (*Taxation – Gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges. In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.

6B. **Taxation – Gross-up**

This Condition 6B (*Taxation – Gross-up*) will only be applicable to a Series of Notes where it is specified in the relevant Final Terms that this Condition 6B (*Taxation – Gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note:

- (a) to, or to a third party on behalf of, a Holder of a Note who is liable to such taxes, duties, assessments or governmental charges in respect of such Note by reason of it having some connection with the United Kingdom or any other relevant jurisdiction, other than the mere holding of such Note;
- (b) unless it is proved, to the satisfaction of the Principal Paying Agent, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest;
- (c) more than 30 days after the Relevant Date (defined below);
- (d) unless it is proved to the satisfaction of the Principal Paying Agent that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a tax treaty with the United Kingdom or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note, or a portion thereof, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the

beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, if the full amount of the money payable has not been received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 11 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 6 (*Taxation*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 6 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m) or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

7. **Payments**

(a) ***Method of Payment***

Payments of principal and interest in respect of the Notes shall be made in the relevant Settlement Currency by transfer to the account denominated in the relevant Settlement Currency of the relevant Account Holders for the benefit of the Noteholders. Any payment validly made to any such Account Holders will be an effective discharge of the Issuer in respect of such payment.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto, but without prejudice to the provisions of Condition 6 (*Taxation*).

(b) ***Payments on Relevant Financial Centre Days***

If the due date for payment of any amount due in respect of any Note is not a Relevant Financial Centre Day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4A (*Interest – Fixed Rate Note Provisions*) or Condition 4B (*Interest – Floating Rate Note Provisions*).

(c) **General Provisions**

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the U.S. Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(d) **Payment of Alternative Payment Currency Equivalent**

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, then if by reason of a FX Disruption Event or a Clearing System Currency Eligibility Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent of any such amount due.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7(d) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(e) **Price Source Disruption and FX Disruption**

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday), the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
- (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
- (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the

Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or

- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Day**"), and if the Postponed FX Fixing Day has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Day and the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Day.
- (Y) If at any time, a FX Disruption Event occurs, the Issuer, acting in a commercially reasonable manner, may elect to either:
 - (A) unless Redemption following FX Disruption Event is specified as being not applicable in the relevant Final Terms, having given not less than five days' notice to the Noteholders in accordance with Condition 11 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, and the Early Redemption Amount is specified as being Fair Market Value in the relevant Final Terms, for the purposes of determining such Fair Market Value the Calculation Agent shall first determine any Relevant Rate (A) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of this Condition 7(e) (*Payments – Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as applicable in the relevant Final Terms or, otherwise (B) in good faith and in a commercially reasonable manner) on the date notified to the Noteholders; or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however that in relation to sub-paragraphs (Y)(A) and (Y)(A) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of

the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 7(d) (*Payments – Payment of Alternative Payment Currency Equivalent*).

If a Scheduled FX Fixing Date is postponed in accordance with this Condition 7(e) (*Payments – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable.

8. Redenomination

(a) *General*

Where redenomination is specified in the relevant Final Terms as being applicable and in respect of Notes denominated in a National Currency Unit, the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 11 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer acting in a commercially reasonable manner determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
- (iii) such other changes will be made to the Conditions as the Issuer acting in a commercially reasonable manner may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 11 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) **Interest**

Following redenomination of the Notes pursuant to Condition 8(a) (*Redenomination – General*):

- (i) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer acting in a commercially reasonable manner determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer acting in a commercially reasonable manner determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iii) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (iv) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflects the market practice in respect of internationally offered euro denominated securities.

9. **Events of Default**

If any one or more of the following events (each, an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) the Issuer fails to remedy a default in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, in each case within 14 days of notice of such default having been given to the Principal Paying Agent or other Paying Agent by the Representative,

acting upon request of any Holder, **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or

- (b) an order is made or an effective resolution is passed for the winding-up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then the Representative, acting upon request of any Holder, may, upon written notice addressed to the Issuer and the Principal Paying Agent, declare all the Notes held by such Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Final Terms, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

10. **Prescription**

Claims against the Issuer for payment in respect of any amount due under the Notes shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the Relevant Date (as defined in Condition 6 (*Taxation*)) in respect thereof.

11. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes will be valid: (i) if published in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); or (ii) by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared; **provided that**, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

(b) ***Notices from Noteholders***

Notices given by any Noteholder shall be in writing and given by lodging the same with the Principal Paying Agent or other Paying Agent at its specified office.

12. **Principal Paying Agent, Paying Agent and Calculation Agent**

The Issuer is entitled to vary or terminate the appointment of any Paying Agent or Calculation Agent and/or approve any change in the specified office through which any Paying Agent or Calculation Agent acts, **provided that**, so long as any Notes are outstanding, there will at all times be a Principal Paying Agent.
- (b) Any variation, termination, appointment or change shall only take effect (other than in the case of an insolvency, when it shall be of immediate effect) after notice has been given to the Noteholders in accordance with Condition 11 (*Notices*).

- (c) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Notes (including any determinations by the Calculation Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such purposes) shall be made in good faith and in a commercially reasonable manner.
- (d) The Paying Agents and the Calculation Agent shall not act as agents for the Noteholders but shall be the agents of the Issuer. 13. **Meetings of Noteholders**

(a) ***Representation of Noteholders***

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**") which will be governed by the provisions of articles L.228-46 *et seq.* of the French *Code de commerce* as amended, except for those Notes with a denomination of less than €100,000 (or its equivalent in any other currency), by this Condition 13.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the Terms and Conditions of the Notes.

(b) ***Legal Personality***

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

(c) ***Representative***

The names and addresses of the Representative (the "**Initial Representative**") and its alternate (if any) (the "**Alternative Representative**"), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by the Alternative Representative, if any. In addition, another Representative may be appointed in such event, pursuant to a Collective Decision of the Noteholders.

Any appointment or change of the Representative in accordance with this paragraph (c) will be notified to the Noteholders in accordance with the provisions of Condition 11 (*Notices*).

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the Alternative Representative (if any) at the head office of the Issuer.

(d) ***Powers of Representative***

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers. All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(e) **Collective Decisions**

One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published in accordance with Condition 11 (*Notices*) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation if the quorum requirement for the General Meeting on first convocation is not met.

General Meetings may deliberate validly on first convocation only if the Noteholders present or represented hold at least one-fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The decisions of the General Meeting shall be taken by a two thirds majority of votes cast by the Noteholders attending such General Meeting or represented thereat.

Each Noteholder or representative thereof will have the right to consult or make a copy of the text of the resolutions which will be proposed and of the reports, if any, which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer and at any other place specified in the notice of the General Meeting, during the fifteen (15) calendar day period preceding the holding of the General Meeting on first convocation, or during the five (5) calendar day period preceding the holding of the General Meeting on second convocation.

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French *Code de commerce*, designate a provisional chairman until a new Representative has been appointed.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(g) ***Written Resolutions and Electronic Consent***

Pursuant to Article L.228-46-1 of the French *Code de commerce*, the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders of such Series by way of a Written Resolution. Subject to the following sentence, a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders of such Series. Pursuant to Article L.228-46-1 of the French *Code de commerce*, approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders ("**Electronic Consent**").

Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 11 (*Notices*) no less than 15 calendar days prior to the date fixed for the passing of such Written Resolution (the "**Written Resolution Date**"). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will, by virtue of having expressed their approval or rejection before the Written Resolution Date, have irrevocably undertaken not to dispose of their Notes until after the Written Resolution Date.

Written Resolutions shall be signed by one or more Noteholders holding together at least 66.67 per cent. of the principal amount of the Notes of the relevant Series which are outstanding, without having to comply with formalities and time limits referred to in Condition 11 (*Notices*). Approval of a Written Resolution may also be given by Electronic Consent. Any Written Resolution shall, for all purposes, have the same effect as a resolution passed at a General Meeting of the Noteholders.

(h) ***Exclusion of certain provisions of the French Code de commerce***

The provisions of Article L.228-65 I 1°, 3° and 4° of the French *Code de commerce*, and the related provisions of the French *Code de commerce*, shall not apply to Notes with a denomination equal to or greater than €100,000 (or its equivalent in any other currency).

(i) ***Expenses***

The Issuer shall pay all reasonable expenses relating to the operations of the *Masse*, including all expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(j) ***Sole Noteholder***

If and for so long as the Notes of any Series are held by a sole Noteholder, such sole Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the Collective Decisions by the provisions of this Condition 13 (*Meetings of Holders*), as appropriate. The Issuer shall hold a register of the decisions the sole Noteholder will have taken in such capacity and shall make them available, upon request, to any subsequent holder of any of the Notes of such Series.

(k) ***Single Masse***

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14 (*Further Issues*), shall, for the defence of their respective common interests, be grouped in a single Masse.

For the avoidance of doubt, in this Condition 13 (*Meetings of Holders*), the term "outstanding" shall not include those Notes that are held by the Issuer and not cancelled.

13A **Consequences of a Benchmark Trigger Event**

- (a) This Condition 13A shall apply except that where Condition 4B(e) (*Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR and SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Final Terms, this Condition 13A shall not apply in relation to SOFR as the Reference Rate.
- (b) If the Issuer acting in a commercially reasonable manner (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
 - (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
 - (A) unless the Issuer acting in a commercially reasonable manner determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer acting in a commercially reasonable manner shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer acting in a commercially reasonable manner determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer acting in a commercially reasonable manner shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer acting in a commercially reasonable manner shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:
 - (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer acting in a commercially reasonable manner shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable,

margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or

- (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
- (C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Final Terms on the date selected by the Issuer acting in a commercially reasonable manner and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (c) In making any determination under this Condition 13A (*Consequences of a Benchmark Trigger Event*), the Issuer acting in a commercially reasonable manner shall take account of such facts and circumstances as it considers relevant, including, without limitation, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Notes (including in respect of any termination or re-establishment of hedging arrangements) and the Issuer's funding costs; **provided, however, that**, in the case of a Series of Italian Notes, it shall not take account of any such determinations made in respect of such hedging arrangements and/or the Issuer's funding costs.
- (d) If the Issuer acting in a commercially reasonable manner is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 13A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (e) No further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 13A (*Consequences of a Benchmark Trigger Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 13A) (*Consequences of a Benchmark Trigger Event*) unless, in the case of a Fixed Rate Note or a Floating Rate Note there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Fixed Rate Note Provisions*) or 4B (*Floating Rate Note Provisions*), as appropriate.
- (f) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 11 (*Notices*)).
- (g) Without prejudice to Condition 16(b) (*Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.

14. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series to create and issue further notes ranking equally in all respects with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

15. **Consequences of Disrupted Days**

- (a) For the purposes of this Condition 15 (*Consequences of Disrupted Days*), "**Limit Valuation Date**" shall mean, if any Scheduled Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Scheduled Valuation Date, notwithstanding the fact that such day is a Disrupted Day.
- (b) If any Scheduled Valuation Date is a Disrupted Day, then:
- (A) in the case of a Note which relates to a single Index or Security, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Scheduled Valuation Date shall not fall after the Limit Valuation Date. In that case:
- (1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its estimate of the value of the relevant Security as of the Valuation Time on that Limit Valuation Date; and
- (B) in the case of a Note which relates to an Index Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and

- (C) in the case of a Note which relates to a Securities Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (c) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Security Price, Final Index Level, Final Redemption Amount, Coupon Trigger Amount, Lock-In Coupon Amount or Automatic Early Redemption Amount, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Index, then Condition 15(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on the final Averaging Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event, shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 15(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 15 (*Consequences of Disrupted Days*);
- (2) "**Postponement**", then Condition 15(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 15(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 15 (*Consequences of Disrupted Days*); or
- (3) "**Modified Postponement**", then:
- (aa) in the case of a Note which relates to a single Index or Security, such Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the

Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and

- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 15(b)(A)(1) (*Consequences of Disrupted Days*); and
 - (ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 15(b)(A)(2); and
- (bb) in the case of a Note which relates to an Index Basket and/or a Securities Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 15(b)(B) (*Consequences of Disrupted Days*); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 15(b)(C) (*Consequences of Disrupted Days*).

If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant redemption amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 15(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 15 (*Consequences of Disrupted Days*).

For the purposes of this Condition 15(c)(A)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following the Scheduled Final Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

- (d) If a Valuation Date is postponed (x) in accordance with this Condition 15 (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following

the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable (if any). In respect of a Note which relates to an Index Basket and/or a Securities Basket, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph 15(d) will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 16(d) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 16(d)) unless, in the case of a Fixed Rate Note or a Floating Rate Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Interest - Fixed Rate Note Provisions*) or Condition 4B (*Interest - Floating Rate Note Provisions*), as appropriate.

16. Adjustments to Indices

This Condition 16 (*Adjustments to Indices*) is applicable only in relation to Index-Linked Notes.

(a) Successor Index

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(b) Index Modification

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification and determine the effective date of any such modification or adjustment.

(c) Index Cancellation

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each, an "**Index Cancellation**"), then:

- (A) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*);
- (B) if "Index Substitution" is specified as being applicable in the relevant Final Terms, the Issuer shall, acting in good faith and a commercially reasonable manner, determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution

Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and

- (C) if no Substitute Index has been identified within 10 Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall, acting in a commercially reasonable manner, determine whether or not the relevant Notes shall continue and:
- (1) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Relevant Level, the Observation Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (2) if it determines that the Notes shall not continue, the Issuer shall redeem the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 11 (*Notices*), specifying the early redemption amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of such amount as is determined by the Calculation Agent to be the Fair Market Value of the Notes immediately prior to such early redemption.

(d) Correction of Index Levels

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction.

17. **Adjustments and Events affecting Securities**

This Condition 17 is applicable only in relation to Equity-Linked Notes.

(a) Potential Adjustment Events

If Potential Adjustment Events is specified as "Applicable" in the relevant Final Terms, the Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and/or any other adjustment(s) and, in any case, any other variable relevant to the payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect and determine the effective date(s) of such adjustment(s).

(b) Extraordinary Events

If Extraordinary Events is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Extraordinary Event, the Issuer acting in a commercially reasonable manner will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in a commercially reasonable manner. If the Issuer determines, acting in a commercially reasonable manner, that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(c) Conversion

If Conversion is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Conversion, the Issuer acting in a commercially reasonable manner will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that the Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

(d) Correction of Prices

If Correction of Prices is specified as 'Applicable' in the relevant Final Terms, in the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer acting in a commercially reasonable manner shall determine.

18. **Additional Disruption Events**

Following the occurrence of any Additional Disruption Event, the Issuer acting in a commercially reasonable manner will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine acting in a commercially reasonable manner any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Notes shall be terminated, then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

19. **Adjustments where the Securities are Units in an ETF**

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in Condition 17 (*Adjustments and Events affecting Securities*) or Condition 18 (*Additional Disruption Events*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under Condition 17 (*Adjustments and Events affecting Securities*) or Condition 18 (*Additional Disruption Events*) would produce a commercially reasonable result:
 - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (B) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes; or
- (ii) if the Calculation Agent determines that the relevant Notes shall be redeemed, then the Notes shall be redeemed as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount and any accrued interest shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

In this Condition 19, "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

20. **Events relating to DR-Linked Notes**

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer acting in a commercially reasonable manner will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities and/or the formula for the relevant Redemption Amount), and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or

- (ii) the Notes shall not continue, then the Notes shall be redeemed as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Fair Market Value of the Notes.

21. **Notes Linked to Units in an ETF – General**

If the relevant Final Terms specifies that the Securities in relation to a Series of Notes are Units in an ETF, then these Conditions shall apply to the Notes as if references herein to "Underlying Company" were references to the "ETF" and as if references therein to "Security" were references to "Unit".

22. **Effects of European Economic and Monetary Union**

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine the effective date of such adjustment) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer acting in a commercially reasonable manner shall be entitled to make such conversions between amounts denominated in the National Currency Units and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules in Regulation (EC) No. 1103/97 as it determines to be appropriate.

Neither the Issuer nor the Calculation Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.

23. **Agreement with Respect to the Exercise of the UK Bail-in Power**

- (a) Notwithstanding and to the exclusion of any other term of any Series of Notes or any other agreements, arrangements or understandings between the Issuer and any Noteholder, by its acquisition of any Notes, each Noteholder (which, for these purposes, includes each holder of a beneficial interest in the Notes), acknowledges and accepts that the Amounts Due (as defined below) arising under any Notes may be subject to the exercise of UK Bail-in Power (as defined below) by the Relevant UK Resolution Authority (as defined below), and acknowledges, accepts, consents and agrees to be bound by:

If at any time:

- (i) a Noteholder ceases for any reason to be a member of CREST; or

3. **Status**

The Notes are direct, unsecured and unsubordinated obligations of the Issuer and rank *pari passu* without any preference among themselves and, at their date of issue, (save for certain obligations required to be preferred by law) with all other unsecured and unsubordinated obligations of the Issuer for the time being outstanding.

(b) ***Accrual of interest***

Fixed Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 7 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4A (*Interest – Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Fixed Coupon Amount***

The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one denomination (as specified in the relevant Final Terms), shall be the relevant Fixed Coupon Amount in respect of the relevant denomination.

(d) ***Calculation of interest amount***

The amount of interest payable in respect of the Notes for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes; or

- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Calculation Amount,

and, in each case, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(b) ***Accrual of interest***

Floating Rate Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 7 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Final Redemption Amount or any other redemption amount, as the case may be, is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 4B (*Interest – Floating Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the day the Calculation Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment, in which case the Notes will continue to bear interest as aforesaid).

(c) ***Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA***

If Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis subject always to the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*):

- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears in the Relevant Currency on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appears in the Relevant Currency on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date; and

- (iii) if, in the case of sub-paragraph (i) above, such rate does not appear on that page or, in the case of sub-paragraph (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, then:
- (a) if ISDA Determination for Fall-back provisions is specified in the relevant Final Terms as being applicable, then, subject to the penultimate paragraph of this Condition 4B(c) (*Interest – Floating Rate Note Provisions – Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA*), the Calculation Agent will determine the relevant Rate of Interest for the relevant Interest Determination Date in accordance with Condition 4B(d) (*Interest – Floating Rate Note Provisions – ISDA Determination*) on the basis of the Floating Rate Option, Designated Maturity and Reset Date and other items (if any) specified in the relevant Final Terms and, if so specified in the relevant Final Terms, as if fewer than the minimum number of Reference Banks specified therein had quoted; and
- (b) in all other cases, the Calculation Agent will:
- (1) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate in the Relevant Currency at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time;
- (2) determine the arithmetic mean of such quotations; and
- (3) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the principal financial centre of the Settlement Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the principal financial centre of the Settlement Currency) on the first day of the relevant Interest Period for loans in the Settlement Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,
- and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

Investors should note that, if ISDA Determination for Fall-back provisions is specified in the relevant Final Terms as being applicable, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions in circumstances in which Condition 4B(c)(iii)(a) (*Interest - Floating Rate Note Provisions – Screen Rate Determination for Floating Rate Notes not referencing SONIA, SOFR, €STR or SORA*) applies.

(d) **ISDA Determination**

If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms;
- (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on LIBOR for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms; and
- (iv) if applicable, the "Applicable Benchmark", "Fixing Day", "Fixing Time" and/or any other items specified in the relevant Final Terms as relating to ISDA Determination (each as defined in the ISDA Definitions, as applicable) are as specified in the relevant Final Terms,

provided, however, that:

- (A) if the application of the above provisions does not result in the determination of an ISDA Rate for any Interest Period and if the Issuer (in consultation with the Calculation Agent) has not determined that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, then the Calculation Agent shall determine the ISDA Rate for such Interest Period having regard to such facts and circumstances as it considers relevant; and
- (B) if in relation to any Interest Period the Issuer (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to the Notes, the provisions of Condition 13A (*Consequences of a Benchmark Trigger Event*) shall apply and the Calculation Agent shall not be required to obtain quotations from Reference Banks (as defined in the ISDA Definitions) for purposes of determining the ISDA Rate for such Interest Period notwithstanding that it might otherwise be required to do so as a fallback procedure for the relevant Floating Rate Option pursuant to the ISDA Definitions.

Investors should note that, if ISDA Determination is specified in the relevant Final Terms as the manner in which the Floating Rate(s) is/are to be determined, then the Calculation Agent may be required to determine the relevant Floating Rate by reference to the rates provided by certain financial institutions selected by it in accordance with the ISDA Definitions if (a) the Floating Rate Option specified in the Final Terms refers expressly to "Reference Banks" in its title or (b) the primary method for determining the ISDA Rate in accordance with the ISDA Definitions fails for any reason (unless the Final Terms specify that ISDA Reference Banks Fallbacks are not applicable).

(e) **Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA**

- (i) If Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA is specified in the relevant Final Terms as being applicable, then the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the Relevant Rate, all as determined by the Calculation Agent on the Interest Determination Date for such Interest Period.
- (ii) If the Notes become due and payable in accordance with Condition 9 (*Events of Default*), the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the applicable Final Terms, be deemed to be the date on which the Notes became due and payable and the Rate of Interest applicable to the Notes shall, for so long as any such Note remains outstanding, be that determined on such date and as if (solely for the purpose of such interest determination) the relevant Interest Period had been shortened accordingly.
- (iii) If "Payment Delay" is specified as the Observation Method in the relevant Final Terms, all references in these Conditions to interest on the Notes being payable on an Interest Payment Date shall be read as reference to interest on the Notes being payable on an Effective Interest Payment Date instead.

If any Maximum Interest Rate or Minimum Interest Rate is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.

- (g) *Calculation of Interest Amount*

The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the amount of interest (the **"Interest Amount"**) payable in respect of the Notes for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes notwithstanding that the formula specified in the relevant Final Terms may provide for calculation in relation to the Calculation Amount; or

and, in each case, multiplying the product by the Day Count Fraction for such Interest Period, rounding the resulting figure to the nearest sub-unit of the Settlement Currency (as defined in Condition 1 (*Definitions*)) (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention). Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the amount of interest payable in respect of such Note or, as the case may be, the amount of interest payable in respect of the Aggregate Outstanding Nominal Amount shall be the product of (1) the amount (determined in the manner provided above) of interest payable in relation to the Calculation Amount and (2)

the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

If interest is required to be paid in respect of the Notes in relation to a period other than an Interest Period, then such interest shall be calculated in accordance with the above paragraph but as if reference therein to "Interest Period" were to such other period.

(h) *Dividend Equivalent Payments*

In respect of any Series of Notes where the principal and/or interest in respect to such Notes is determined by reference to one or more variables such as an index, formula, security, currency exchange rate, interest rate or other factor (each variable being a "**Reference Asset**" or, if it is comprised in a basket of variables, a "**Reference Asset Component**"), if the Final Terms in respect of such Notes states the Notes are "Section 871(m) Notes", the Final Terms shall further specify whether the "Dividend Withholding" or "Issuer Withholding" approach to withholding in relation to Section 871(m) IRC shall be applicable to the Notes.

If "Dividend Withholding" is specified in the relevant Final Terms, the relevant Final Terms shall provide for the Issuer to make payments to Noteholders in respect of any dividend equivalent amounts received or deemed received in respect of any Reference Asset or Reference Asset Component and shall include provisions relating to the amount and timing of such payments.

(i) *Publication*

The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s), to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum denomination, the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum denomination.

(j) *Notifications etc.*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 4B (*Interest – Floating Rate Note Provisions*) by the Calculation Agent will be made by the Calculation Agent and will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

The Calculation Agent will cause any Coupon Trigger Amount required to be determined by it together with details of the Coupon Trigger Valuation Date to be notified to the Paying Agents as soon as practicable after such determination.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, but a Lock-In Coupon Trigger Event occurs in relation to such Lock-In Valuation Date, then the Issuer shall pay, in respect of each Note, an amount in the Settlement Currency per Calculation Amount equivalent to the Lock-In Coupon Amount on the relevant Lock-In Coupon Payment Date.

If a Lock-In Event does not occur in relation to a Lock-In Valuation Date and has not occurred in relation to any previous Lock-In Valuation Date, and a Lock-In Coupon Trigger Event does not occur in relation to such Lock-In Valuation Date, then no amount of interest under this Condition 4D shall be payable in respect of the Notes on the relevant Lock-In Coupon Payment Date.

(b) *Redemption for Taxation Reasons*

If in respect of a Series of Notes Condition 6B (*Taxation – Gross-up*) is specified as applicable in the relevant Final Terms, and:

- (i) on a subsequent date for the payment of interest on such Series of Notes the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 6B (*Taxation – Gross-up*); or
- (ii) if the Issuer were to seek to redeem such Notes (for which purpose no regard shall be had to whether or not the Issuer would otherwise be entitled to redeem such Notes), the Issuer would be required to pay any additional amounts in accordance with the provisions of Condition 6B (*Taxation – Gross-up*);

the Issuer may, having given not less than 30 nor more than 45 days' notice (ending, in the case of Floating Rate Notes, on an Interest Payment Date) to the Noteholders in respect of such Series of Notes, redeem all, but not some only, of such Notes, at their Early Redemption Amount specified in the relevant Final Terms together with interest accrued and unpaid, if any, to the date fixed for redemption **provided that** no such notice of redemption shall be given earlier than 90 days (or in the case of Floating Rate Notes a number of days which is equal to the lesser of the aggregate of the number of days in the then current Interest Period plus 60 days and 90 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to giving any notice of redemption pursuant to this Condition 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*) the Issuer may obtain a certificate of an independent legal adviser or accountant to the effect either that such a circumstance does exist or that, upon a change in or amendment to the laws of the United Kingdom (including any regulations pursuant thereto), or in the interpretation or administration thereof, which at the date of such certificate is proposed and in the opinion of such legal adviser or accountant is reasonably expected to become effective on or prior to the date on which the relevant payment of principal or interest in respect of the Notes would otherwise be made, becoming so effective, such circumstances would exist and any such certificate shall be sufficient to establish the circumstances required by this Condition 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*).

(c) ***Early Redemption for Autocallable Notes***

This Condition 5(c) (*Redemption and Purchase – Early Redemption for Autocallable Notes*) applies only where Early Redemption for Autocallable Notes is specified as being applicable in the relevant Final Terms.

If an Automatic Early Redemption Event occurs in relation to any Automatic Early Redemption Date, then unless previously redeemed or purchased and cancelled, the Notes will be automatically redeemed in whole, but not in part, on such Automatic Early Redemption Date and subject to Condition 5(h) (*Redemption and Purchase – Calculation and Rounding*), the redemption amount payable by the Issuer on such date upon redemption of each Note shall be an amount per Calculation Amount in the Settlement Currency equal to the relevant Automatic Early Redemption Amount.

(d) ***Early Redemption for Illegality***

The Issuer shall have the right to terminate its obligations under the Notes, if the Calculation Agent shall have determined that the performance of such obligations under the Notes shall after the Trade Date have become unlawful in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Notes, and any such opinion shall be sufficient to establish the circumstances required by this Condition 5(d) (*Redemption and Purchase – Early Redemption for Illegality*). In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount specified in the relevant Final Terms. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 12 (*Notices*).

(e) ***Early Redemption for Significant Change Event***

The Issuer shall have the right (but not the obligation) to terminate its obligations under the Notes, if the Issuer shall have determined that an event or circumstance or combination of events or circumstances has occurred that is not attributable to the Issuer but which has as its consequence that the economic balance of the Notes as at the Issue Date is significantly altered, including, without limitation, where such event causes a material increased cost for the Issuer as a consequence of change in tax laws, solvency or regulatory capital requirements, nationalisation, or regulatory action. In such circumstances the Issuer will pay to each Noteholder the Early Redemption Amount. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 12 (*Notices*).

(f) ***Purchases***

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Notes at any price in the open market or otherwise, and such Notes may be held, reissued, resold or, provided such Notes are held by the Issuer, at the option of the Issuer, reissued or cancelled.

(g) ***Cancellation***

All Notes which are redeemed pursuant to Condition 5(a) (*Redemption and Purchase – At Maturity*), 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 5(c) (*Redemption and Purchase – Early Redemption for Autocallable Notes*) or 5(d) (*Redemption and Purchase – Early Redemption for Illegality*) shall, and all Notes purchased by the Issuer pursuant to Condition 5(f) (*Redemption and Purchase – Purchases*) may, at the option of the Issuer, be cancelled forthwith (together with, in the case of Definitive Notes, all unexpired Coupons and unexchanged Talons attached thereto

or surrendered therewith). All Notes redeemed or purchased and cancelled as aforesaid may not be re-issued or resold.

(h) **No Other Redemption Provisions**

The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 5(a) (*Redemption and Purchase – At Maturity*), 5(b) (*Redemption and Purchase – Redemption for Taxation Reasons*), 5(c) (*Redemption and Purchase – Early Redemption for Autocallable Notes*), 5(d) (*Redemption and Purchase – Early Redemption for Illegality*), Condition 17 (*Adjustments to Indices*), Condition 18 (*Adjustments and Events affecting Securities*), Condition 19 (*Additional Disruption Events*) and Condition 21 (*Events relating to DR-Linked Notes*).

(i) **Calculation and Rounding**

Any redemption amount payable on redemption of a Note (the "**Redemption Amount**") shall be calculated pursuant to this Condition 5 (*Redemption and Purchase*) and in rounding any values determined or calculated in connection with such Redemption Amount, the Calculation Agent shall apply the following rounding conventions:

- (i) if "Aggregate Outstanding Nominal Amount Rounding" is specified in the relevant Final Terms as being applicable, in the case of Notes represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be calculated in relation to the Aggregate Outstanding Nominal Amount of the Notes represented by such global Note(s) or, as the case may be, such Uncertificated Registered Notes, rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention) notwithstanding that the formula specified in the relevant Final Terms may provide for the Redemption Amount to be calculated in relation to the Calculation Amount; or
- (ii) in the case of Notes in definitive form or if "Aggregate Outstanding Nominal Amount Rounding" is not specified in the relevant Final Terms as being applicable, the Redemption Amount shall be calculated in relation to the Calculation Amount rounded to the nearest currency sub-unit (half a sub-unit being rounded upwards or otherwise in accordance with applicable market convention).

Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, or the Notes are represented by a global Note or global Notes or Notes which are in the form of Uncertificated Registered Notes, the Redemption Amount shall be the product of (1) the amount (determined in the manner provided above) payable in relation to the Calculation Amount and (2) the amount by which the Calculation Amount is multiplied to reach the Specified Denomination or, as the case may be, the Aggregate Outstanding Nominal Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(j) **Monetisation option**

If "Monetisation Option" is specified in the relevant Final Terms as being applicable, and an event occurs as a consequence of which the Issuer exercises its right to redeem the Notes at the applicable Early Redemption Amount:

- (a) the Noteholder shall receive, on the Maturity Date (and notwithstanding the early redemption notice) the Monetisation Amount, unless the Noteholder elects, in accordance with this Condition 5(j), to receive the Early Redemption Amount on the date fixed for early redemption of the Notes; and

- (b) the Issuer's notice of early redemption must include the following:
- (i) the cut-off date and time for each Noteholder to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes;
 - (ii) the instructions to allow such Noteholder to make such election, substantially in accordance with the paragraph below; and
 - (iii) the Early Redemption Amount Valuation Date;
 - (iv) the Early Redemption Amount;
 - (v) the amount calculated by the Calculation Agent as the Monetisation Amount; and
 - (vi) a confirmation that, in the absence of making an election to receive the Early Redemption Amount, such Noteholder will receive the Monetisation Amount on the Maturity Date.

In order to elect to receive the Early Redemption Amount on the date fixed for early redemption of the Notes, a Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the Issuer with a copy to the Principal Paying Agent in accordance with Condition 12 (*Notices*), and, on or prior to the date on which such notice is given, deposit the Note or Notes in respect of which such notice is given (together, in the case of an interest-bearing Definitive Note, with any unmatured Coupons appertaining thereto) with, in the case of a Bearer Note, any Paying Agent, or, in the case of a Registered Note, the Registrar.

6. **Taxation**

6A. **Taxation – No gross-up**

This Condition 6A (*Taxation – No gross-up*) will be applicable to all Series of Notes unless it is specified in the relevant Final Terms that Condition 6B (*Taxation – Gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges. In the event that the Issuer is so required by law to withhold or deduct, the Issuer shall not be required to pay any additional amounts in connection with such withholding or deduction.

6B. **Taxation – Gross-up**

This Condition 6B (*Taxation – Gross-up*) will only be applicable to a Series of Notes where it is specified in the relevant Final Terms that this Condition 6B (*Taxation – Gross-up*) is applicable.

All payments by the Issuer of principal and interest in respect of the Notes will be made without withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatever nature, present or future, as are imposed or levied by or on behalf of the United Kingdom unless the Issuer is required by law to withhold or deduct any such taxes, duties, assessments or governmental charges.

In the event that the Issuer is so required by law to withhold or deduct, it will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders or Couponholders, as the case may be, after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes and/or, as the case may be, Coupons, in the absence of such withholding or deduction, except that no such additional amounts shall be payable with respect to any Note or Coupon:

Part II – Information Relating to the Notes
Section II.6 – Alternative Terms and Conditions of the English Law Notes

- (a) to, or to a third party on behalf of, a Holder of a Note or Coupon who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of it having some connection with the United Kingdom or any other relevant jurisdiction, other than the mere holding of such Note or Coupon;
- (b) unless it is proved, in the case of Bearer Notes, to the satisfaction of the Principal Paying Agent or the Paying Agent to whom the same is presented, or, in the case of Registered Notes, to the satisfaction of the Registrar, that the Holder is unable to avoid such withholding or deduction by satisfying any statutory requirement or by making a declaration of non residence or other similar claim for exemption to the relevant tax authorities or by notifying (and/or presenting evidence of such notification to) any tax authorities of such payment of principal or interest or by presenting the relevant Note or Coupon at the specified office of another Paying Agent;
- (c) more than 30 days after the Relevant Date (defined below) except, in the case of Bearer Notes, to the extent that the Holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days;
- (d) in the case of Registered Notes, unless it is proved to the satisfaction of the Registrar that the Holder, immediately upon becoming the Holder, (i) was eligible for the benefits of a tax treaty with the United Kingdom or any other relevant jurisdiction that provides for a complete exemption from withholding taxes on payments under the Notes, or (ii) was otherwise entitled to a complete exemption from withholding taxes on payments under the Notes; or
- (e) to, or to a third party on behalf of, a Holder who is not the sole beneficial owner of the Note or any Coupon, or a portion of either, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment.

As used herein, the "**Relevant Date**" means the date on which such payment first becomes due but, in the case of Bearer Notes, if the full amount of the money payable has not been received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such money having been so received, notice to that effect shall have been duly given to the relevant Holders in accordance with Condition 12 (*Notices*).

If the Issuer becomes resident for tax purposes in any taxing jurisdiction other than the United Kingdom, references in this Condition 6 (*Taxation*) to the United Kingdom shall be construed as references to the United Kingdom and/or such other jurisdiction.

Any reference in these Conditions to principal or interest or both in respect of the relevant Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable under this Condition 6 (*Taxation*);
- (ii) the principal amount payable on the relevant Notes on the Maturity Date;
- (iii) the principal amount payable on redemption of the relevant Notes prior to such Maturity Date; and
- (iv) any premium and any other amounts which may be payable under or in respect of the relevant Notes.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m) or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld

by the Issuer, a Paying Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

7. **Payments**

(a) ***Bearer Notes***

Payments of principal and interest (if any) in respect of Bearer Notes will (subject as provided below) be made against presentation (save in the case of partial payment, surrender of the relevant Note or, in the case of payments of interest, surrender of the relevant Coupon at the specified office of any Paying Agent outside the United States (subject to the next paragraph). No payments on Bearer Notes will be made by mail to an address in the United States or by transfer to an account maintained by the Holder in the United States.

Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets will not be made at the specified office of any Paying Agent in the United States or its possessions (as defined in the IRC and Regulations thereunder) unless (a) payment in full of amounts due in respect of interest on such Notes when due or, as the case may be, the exchange of Talons at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (b) such payment or exchange is permitted by applicable United States law, in which case the Issuer shall forthwith appoint a further Paying Agent with a specified office in New York City.

If the due date for payment of any amount due in respect of any Bearer Note is not both a Relevant Financial Centre Day and, if such Bearer Note is a Definitive Note or if the Final Terms so specify, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4A (*Interest – Fixed Rate Note Provisions*) or Condition 4A (*Interest – Floating Rate Note Provisions*).

Upon the due date for redemption of any Definitive Note other than a Fixed Rate Note, all unmatured Coupons and Talons (if any) relating to such Definitive Note (whether or not attached) shall become void and no payment shall be made in respect of them.

Definitive Notes which are Fixed Rate Notes should be presented for payment with all unmatured Coupons appertaining thereto, failing which the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, that portion of the amount of such missing unmatured Coupon which the sum of principal so paid bears to the total amount of principal due) will be deducted from the sum due for payment. Any amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period of 10 years from the Relevant Date (as defined in Condition 6 (*Taxation*)) for the payment of such principal, whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*) or, if later, five years from the date on which such Coupon would have become due.

Notwithstanding the above, if any Definitive Notes should be issued with a Maturity Date and an interest rate or rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption, such unmatured Coupons (whether or not attached) shall become void (and no payment shall be made in respect thereof) as shall be required so that the amount required to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall, in its sole and absolute discretion, determine which unmatured Coupons are to become void, and shall select, in its sole and

absolute discretion, for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

Upon any Definitive Notes becoming due and repayable prior to their Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside the United States (save as provided above) in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.

If (otherwise than by reason of the application of the above) the due date for redemption of any Bearer Note is not the due date for the payment of a Coupon appertaining thereto, interest accrued in respect of such Note from and including the last preceding due date for the payment of a Coupon (or from the Issue Date or the Interest Commencement Date, as the case may be) will be paid only against surrender of such Bearer Note and all unmatured Coupons appertaining thereto.

(b) **Registered Notes**

Payment of the amount due on final redemption in respect of Registered Notes will be made against presentation and, save in the case of partial payment of any such amount, surrender of the relevant certificate at the specified office of the Registrar or of the Transfer Agent. If the due date for payment of the Final Redemption Amount or any other redemption amount, as the case may be, of any Registered Note is not both a Relevant Financial Centre Day and, if such Registered Note is not in global form or if the Final Terms so specify, a local banking day, then the Holder thereof will not be entitled to payment thereof until the next day which is such a day and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 4A (*Interest – Fixed Rate Note Provisions*) or Condition 4B (*Interest – Floating Rate Note Provisions*).

Payment of amounts (whether principal, interest or otherwise) due (other than on final redemption) in respect of Registered Notes will be paid to the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (local time in the place of the specified office of the Registrar) on the fifteenth day prior to the due date for such payment (the "**Record Date**").

Payment will be made in the currency in which such amount is due either by cheque posted to the Noteholder's registered address (or, in the case of joint Holders, the first-named) not later than the relevant due date for payment unless prior to the relevant Record Date the Holder thereof (or, in the case of joint Holders, the first-named) has applied to the Registrar or to the Transfer Agent and the Registrar or, as the case may be, the Transfer Agent has acknowledged such application for payment to be made to a designated account denominated in the relevant Settlement Currency, in each case as specified in Condition 7(d) (*Payments – General Provisions*).

(c) **Uncertificated Registered Notes**

The Issuer shall pay or cause to be paid when due payments of principal and interest (if any) in respect of Uncertificated Registered Notes to the relevant Noteholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Notes must look solely to the settlement bank or institution at which its cash

memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(d) **General Provisions**

The following provisions apply to both Bearer Notes and Registered Notes (and do not apply to Uncertificated Registered Notes). Subject to Condition 7(e) (*Payments – Payment of Alternative Payment Currency Equivalent*), payments of amounts due (whether principal, interest or otherwise) in respect of Notes will be made in the relevant Settlement Currency either by cheque or, at the option of the payee, by transfer to an account in the relevant Settlement Currency specified by the payee other than, for payments in respect of Bearer Notes, any such account in the United States.

Payments and deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 6 (*Taxation*).

Without prejudice to the generality of the foregoing, the Issuer reserves the right to require any person receiving payment of principal or, as the case may be, payment of interest with respect to any Note or Coupon to provide a Paying Agent with such certification or information as may be required to enable the Issuer or any parent or holding company of the Issuer or any subsidiary of any such parent or holding company to comply with the requirements of the U.S. Federal Income Tax laws or such other laws as the Issuer or any such parent or holding company or subsidiary thereof may be required to comply with.

(e) **Payment of Alternative Payment Currency Equivalent**

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, then if by reason of a FX Disruption Event or a Clearing System Currency Eligibility Event, the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may, settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent of any such amount due.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7(e) (*Payments – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agents and all Noteholders. By acceptance thereof, purchasers of the Notes will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(f) **Price Source Disruption and FX Disruption**

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday), the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent) on the Scheduled FX Fixing Date (the "**Fallback Reference Price**"); or
- (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback

Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will request four Reference Dealers to provide a quotation of their rate for the Relevant Rate as of the Scheduled FX Fixing Date. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and

- (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fallback Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fallback Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or
- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Day**"), and if the Postponed FX Fixing Day has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Day and the Calculation Agent, acting in a commercially reasonable manner, shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Day.
- (Y) If at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
- (A) unless Redemption following FX Disruption Event is specified as being not applicable in the relevant Final Terms, having given not less than five days' notice to the Noteholders in accordance with Condition 12 (*Notices*), redeem all, but not some only, of the Notes at their Early Redemption Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, and the Early Redemption Amount is specified as being Fair Market Value in the relevant Final Terms, for the purposes of determining such Fair Market Value the Calculation Agent shall first

determine any Relevant Rate (A) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of this Condition (f) (*Payments – Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as applicable in the relevant Final Terms or, otherwise (B) in good faith and in a commercially reasonable manner on the date notified to the Noteholders; or

- (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for the FX Disruption Event with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant FX Disruption Event,

provided, however that in relation to sub-paragraphs (Y)(A) and (Y)(A) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Notes when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition (e) (*Payments – Payment of Alternative Payment Currency Equivalent*).

If a Scheduled FX Fixing Date is postponed in accordance with this Condition (f) (*Payments – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable.

8. Redenomination

(a) General

Where redenomination is specified in the relevant Final Terms as being applicable and in respect of Notes denominated in a National Currency Unit, the Issuer may, without the consent of the Noteholders, upon giving at least 30 days' prior notice to the Noteholders in accordance with Condition 12 (*Notices*), designate a Redenomination Date.

With effect from the Redenomination Date:

- (i) each Note shall (unless already so provided by mandatory provisions of applicable law) be deemed to be redenominated into such amount of euro in the denomination of euro 0.01 with a principal amount for each Note equal to the principal amount of that Note in the Settlement Currency, converted into euro at the rate for the conversion of the relevant Settlement Currency into euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with EC regulations); **provided, however, that** if the Issuer determines that market practice in respect of the redenomination into euro 0.01 of internationally offered securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (ii) if Notes are in definitive form:
 - (A) all unmatured Coupons denominated in the relevant Settlement Currency (whether or not attached to the Notes) will become void on the Euro Exchange Date and no payments will be made in respect thereof;

- (B) the payment obligations contained in all Notes denominated in the Settlement Currency will become void on the Euro Exchange Date but all other obligations of the Issuer thereunder (including the obligation to exchange such Notes in accordance with this Condition (ii) (*Redenomination – General*)) shall remain in full force and effect; and
 - (C) new Notes and Coupons denominated in euro will be issued in exchange for Notes and Coupons denominated in the relevant Settlement Currency in such manner as the Issuer may specify and as shall be notified to the Noteholders in the Euro Exchange Notice;
- (iii) all payments in respect of the Notes (other than, unless the Redenomination Date is on or after such date as the relevant Settlement Currency ceases to be a sub-division of the euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in euro, as though references in the Notes to the Settlement Currency were to euro. Such payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union; and
 - (iv) such other changes will be made to the Conditions as the Issuer may decide to conform such Notes to conventions then applicable to Notes denominated in euro. Any such other changes will not take effect until after it has been notified to the Noteholders in accordance with Condition 12 (*Notices*).

Neither the Issuer nor any Paying Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) ***Interest***

Following redenomination of the Notes pursuant to Condition 8(a) (*Redenomination – General*):

- (i) where Notes are in definitive form, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of the Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant holder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (ii) in respect of Fixed Rate Notes where interest is payable annually, any interest required to be calculated for a period of less than one year in respect of the Notes shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;
- (iii) in respect of Fixed Rate Notes where interest is payable quarterly or semi-annually, the amount of interest payable in respect of each Note on any Interest Payment Date shall be calculated by applying the Rate of Interest to the principal amount of such Note, dividing the product by four or two (as the case may be) and rounding the figure down to the nearest euro 0.01. If interest is

required to be calculated for any other period, it shall be calculated on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed fall in a leap year, the sum of (a) the number of those days falling in a leap year divided by 366 and (b) the number of those days falling in a non-leap year divided by 365); **provided, however, that** if the Issuer determines that the market practice in respect of internationally offered euro denominated securities is different from that specified above, then the Issuer shall promptly notify the Noteholders, and each listing authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the Paying Agents of the changes that will be required so as to comply with such market practice and such changes shall be deemed to be effective on the date which is 5 days following the date on which such notice is given to the Noteholders;

- (iv) in respect of Floating Rate Notes, the Interest Amount payable in respect of the Notes for each Interest Period will be calculated by applying the Rate of Interest for such Interest Period to the principal amount of such Note during the Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 360 and rounding the resulting figure down to the nearest euro 0.01; and
- (v) in respect of Floating Rate Notes, the Rate of Interest for any subsequent Interest Period shall be determined by the Calculation Agent on the basis of provisions which it determines reflects the market practice in respect of internationally offered euro denominated securities.

9. **Events of Default**

If any one or more of the following events (each, an "**Event of Default**") shall occur and be continuing in relation to a Series of Notes:

- (a) the Issuer fails to remedy a default in the repayment of any principal due on the Notes of such Series or any of them or in the payment of any interest due in respect of the Notes of such Series or any of them, in each case within 14 days of notice of such default having been given to the Principal Paying Agent or other Paying Agent or the Registrar (as the case may be) by any Noteholder in accordance with Condition 12(b) (*Notices from Noteholders*), **provided that** it shall not be such a default to withhold or refuse any such payment (1) in order to comply with any fiscal or other law or regulation or with the order of any court of competent jurisdiction, in each case applicable to such payment or (2) in cases of doubt as to the validity or applicability of any such law, regulation or order, in accordance with advice given at any time during the said period of 14 days by independent legal advisers acceptable to the Principal Paying Agent as to such validity or applicability; or
- (b) an order is made or an effective resolution is passed for the winding-up of the Issuer in England (otherwise than in connection with a scheme of reconstruction or amalgamation the terms of which shall previously have been approved in writing by an Extraordinary Resolution of the Holders of the relevant Series of Notes),

then any Noteholder may, by written notice to the Issuer, effective upon the date of receipt thereof by the Issuer (such date the "**Early Redemption Date**"), declare the Note held by the Holder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount, as specified in the relevant Final Terms, together with interest accrued and unpaid until the date of its redemption, without presentment, demand, protest or other notice of any kind.

10. **Prescription**

Notes and Coupons will become void unless presented for payment within a period of 10 years and five years, respectively, from the Relevant Date (as defined in Condition 6 (*Taxation*)) in respect thereof. Any monies paid by the Issuer to the Principal Paying Agent for the payment of the

principal or interest in respect of any Notes or Coupons and remaining unclaimed when such Notes or Coupons become void will then revert to the Issuer and all liability of the Principal Paying Agent with respect thereto will thereupon cease.

There shall not be included in any Coupon sheet issued in exchange for a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 7 (*Payments*).

11. **Replacement, Exchange and Transfer**

Should any Note or Coupon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office (in the case of a Bearer Note or Coupon) of the Issue Agent or (in the case of Registered Notes) of the Registrar or of the Transfer Agent upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement and the relevant Final Terms, a Registered Note may be exchanged for a Registered Note or Notes of equal aggregate principal amount in such different authorised denominations as may be requested by the Noteholder by surrender of such Registered Note at the specified office of the Registrar or of the Transfer Agent, together with a written request for the exchange.

Upon the terms and subject to the conditions set out in the Issuing and Paying Agency Agreement, a Registered Note, in definitive form, may be transferred in whole or in part only (**provided that** such part is, or is an appropriate multiple of, the minimum denomination set out in the Final Terms) by the Holder or Holders surrendering the Registered Note for registration of transfer at the specified office of the Registrar or the Transfer Agent, duly endorsed by, or accompanied by a written instrument to transfer in form satisfactory to the Issuer and the Registrar or the Transfer Agent, duly executed by the Holder or Holders thereof or his or their attorney duly authorised in writing. A new Registered Note will be issued to the transferee and, in the case of a transfer of part only of a Registered Note, a new Registered Note in respect of the balance not transferred will be issued to the transferor.

If so set out in the relevant Final Terms, the Holder of Bearer Notes may exchange the same for the same aggregate principal amount of Registered Notes upon the terms and subject to the conditions set forth in the Issuing and Paying Agency Agreement. In order to exchange a Bearer Note for a Registered Note, the Holder thereof shall surrender such Bearer Note at the specified office outside the United States of the Principal Paying Agent or of the Registrar or the Transfer Agent, together with a written request for the exchange. Each Bearer Note so surrendered must be accompanied by all unmatured Coupons appertaining thereto other than the Coupon in respect of the next payment of interest falling due after the exchange date (as defined below) where the exchange date would, but for the provisions of this paragraph, occur between the Record Date (as defined in Condition 7(b) (*Payments – Registered Notes*)) for such payment of interest and the date on which such payment of interest fall due.

Each new Registered Note to be issued upon the transfer of a Registered Note or the exchange of a Bearer Note for a Registered Note will, within three Relevant Banking Days of the transfer date or, as the case may be, the exchange date be available for delivery at the specified office of the Registrar or the Transfer Agent, or, at the option of the Holder requesting such exchange or transfer be mailed (by uninsured post at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions, except for the expenses of delivery by other than regular mail or insurance charges that may be imposed in relation hereto, shall be borne by the Issuer.

The Registrar or the Transfer Agent, as the case may be, shall not be required to register the transfer or exchange of Registered Notes for a period of 15 days preceding the due date for any payment of principal or interest in respect of such Notes.

12. **Notices**

(a) ***Notices to Noteholders***

All notices to the Holders of Notes or the Coupons appertaining thereto will be valid: (i) if published, in the case of Bearer Notes and Coupons, in one leading daily newspaper with circulation in London (which is expected to be the *Financial Times* or, if such publication is not practicable, in a leading English language daily newspaper having general circulation in Europe); (ii) in the case of Registered Notes, if mailed to their registered addresses (as advised by the Registrar) or to that of the first named of them in the case of joint Holders; **provided that**, in each case, in the case of Notes admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system the rules of such listing authority, stock exchange and/or quotation system by which the Notes have then been admitted to listing, trading and/or quotation have been complied with; and (iii) in the case of Uncertificated Registered Notes, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such publication or delivery or, if published more than once, on the date of the first such publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

Holders of any Coupons appertaining to Bearer Notes will be deemed for all purposes to have notice of the contents of any notice given to the Holders of such Bearer Notes in accordance herewith.

(b) ***Notices from Noteholders***

Notices given by any Noteholder shall be in writing and given by lodging the same, together with relevant Note or Notes (if applicable), with the Principal Paying Agent or other Paying Agent or with the Registrar (as the case may be) at its specified office.

13. **Paying Agents, Calculation Agents, Issue Agents, Transfer Agents and Registrars**

- (a) The names of the initial Principal Paying Agent, the other initial Paying Agents, the initial Calculation Agents, the initial Issue Agent, the initial Transfer Agent, the initial Registrar and their respective initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar and/or approve any change in the specified office through which any Paying Agent, Calculation Agent, Issue Agent, Transfer Agent or Registrar acts, **provided that**:

- (i) so long as any Bearer Notes are outstanding, there will at all times be a Principal Paying Agent; and
- (ii) so long as any Registered Notes are outstanding, there will at all times be a Registrar and a Transfer Agent.
- (b) In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the second paragraph of Condition 7(a) (*Payments – Bearer Notes*). Any variation, termination, appointment or change shall only take effect (other than in the case of an insolvency, when it shall be of immediate effect) after notice has been given to the Noteholders in accordance with Condition 12 (*Notices*).
- (c) All calculations and determinations made by the Calculation Agent pursuant to the Conditions for the purposes of the Notes (including any determinations by the Calculation Agent as to the exercise or non-exercise by it of its powers, duties and discretions for such

purposes) shall be made in good faith and a commercially reasonable manner, and in exercising any discretion to amend or adjust the Conditions, the Calculation Agent will exercise such discretion with a view to replicating as closely as possible the economic position that existed prior to the occurrence of the event giving rise to the exercise of such discretion.

- (d) The Agents and the Calculation Agent shall not act as agents for the Noteholders but shall be the agents of the Issuer. All calculation functions required of the Calculation Agent under these Conditions may be delegated to any such person as the Calculation Agent, in its absolute discretion, may decide.

13A Consequences of a Benchmark Trigger Event

- (a) This Condition 13A shall apply except that where Condition 4B(e) (*Screen Rate Determination for Floating Rate Notes referencing SONIA, SOFR, €STR or SORA*) is applicable and "SOFR" is specified as the Reference Rate in the relevant Final Terms, this Condition 13A shall not apply in relation to SOFR as the Reference Rate.
- (b) If the Issuer (in consultation with the Calculation Agent) determines that a Benchmark Trigger Event has occurred in relation to a Relevant Benchmark relating to a Series of Notes, then:
 - (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
 - (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:

- (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Notes of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Notes; or
- (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
- (C) determine that the Notes shall be redeemed, in which case the Issuer shall redeem the Notes at the Early Redemption Amount specified in the relevant Final Terms on the date selected by the Issuer and give notice of such redemption to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*);

provided, however, that if (A)(1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Notes, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements and (B) the Issuer will, notwithstanding any other provision of this Condition, make any determination and exercise any discretion as to whether the Alternative Pre-Nominated Index is to be used following such Benchmark Trigger Event or which Replacement Index is to be used, and which adjustments are to be made to the Conditions following such replacement, in such manner as to put the Issuer and the Noteholder in substantially the same economic position as prior to the occurrence of the Benchmark Trigger Event, in each case without prejudice to the right of the Issuer to redeem the Notes in accordance with this Condition.

- (c) In making any determination under this Condition 13A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, prevailing market practice; **provided, however, that**, it shall not take account of any such determinations made in respect of such hedging arrangements and/or the Issuer's funding costs.
- (d) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 13A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (e) No further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 13A (*Consequences of a Benchmark Trigger Event*) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Relevant Benchmark Related Payment Date which is so postponed shall be calculated as if such Relevant Benchmark Related Payment Date had not been postponed pursuant to this Condition 13A) (*Consequences of a Benchmark Trigger Event*) unless, in the case of a Fixed Rate Note or a Floating Rate Note there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Fixed Rate Note Provisions*) or 4B (*Floating Rate Note Provisions*), as appropriate.

- (f) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (b)(i)(A) or (b)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (b)(i)(B) or (b)(ii)(A)(2) (as applicable) to the Principal Paying Agent, the Calculation Agent and the Noteholders (in accordance with Condition 12 (*Notices*)).
- (g) Without prejudice to Condition 17(b) (*Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Notes, or other means of calculating the Relevant Benchmark in respect of a Series of Notes, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.

14. **Meetings of Noteholders, Modification and Substitution**

(a) ***Meetings of Noteholders***

The Master Note Issuance Agreement contains provisions for convening meetings of the Holders of the Notes of any Series to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Master Note Issuance Agreement) of a modification of the Notes or any of the provisions of the Master Note Issuance Agreement. Such a meeting may be convened by the Issuer or by Holders of the Notes of any Series holding not less than five per cent. in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Holders of the Notes of any Series whatever the nominal amount of the Notes so held or represented, except that at any meeting the business of which includes the modification of certain provisions of the Notes (including modifying the date of maturity of the Notes, reducing or cancelling the amount of principal payable in respect of the Notes or altering the currency of payment of the Notes), the quorum shall be one or more persons holding or representing not less than 75 per cent. in nominal amount of the Notes for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Holders of the Notes of any Series shall be binding on all the Noteholders, whether or not they are present at the meeting. Any modification of the Notes shall be notified to the Noteholders in accordance with Condition 12 (*Notices*) as soon as practicable thereafter.

(b) ***Modification***

Subject in the case of the Issuing and Paying Agency Agreement and the Master Note Issuance Agreement (as applicable) to the agreement of the other parties thereto the Issuer may agree, without the consent of the Noteholders, to:

- (i) any modification (except as mentioned above) of the Issuing and Paying Agency Agreement or the Master Note Issuance Agreement or the Conditions which is not materially prejudicial to the interests of the Noteholders as a whole;
- (ii) any modification of the Conditions or the Issuing and Paying Agency Agreement or the Master Note Issuance Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (iii) any modification of the Notes which is made to correct an inconsistency between the final terms and conditions of the Note issue (comprising these Conditions as completed by the relevant Final Terms) and the relevant termsheet relating to the Notes.

Any such modification shall be binding on the Noteholders and any such modification shall be notified to the Noteholders in accordance with Condition 12 (*Notices*) as soon as practicable thereafter.

(c) **Substitution**

The Issuer may also agree, without the consent of the Noteholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Notes of any Series and the Coupons appertaining thereto (if any), **provided that** such Notes and the Coupons appertaining thereto (if any) are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Noteholders in accordance with Condition 12 (*Notices*). In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Noteholder shall be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Noteholder.

15. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of Notes of any Series or Holders of the Coupons appertaining thereto (if any) to create and issue further notes ranking equally in all respects with the Notes of such Series so that the same shall be consolidated and form a single series with such Notes for the time being outstanding.

16. **Consequences of Disrupted Days**

- (a) For the purposes of this Condition 16 "**Limit Valuation Date**" shall mean, if any Scheduled Valuation Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Scheduled Valuation Date, notwithstanding the fact that such day is a Disrupted Day.
- (b) If any Scheduled Valuation Date is a Disrupted Day, then:
- (A) in the case of a Note which relates to a single Security or Index, the Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Scheduled Valuation Date shall not fall after the Limit Valuation Date. In that case:
- (1) in respect of an Index-Linked Note, the Limit Valuation Date will be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its good faith estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (2) in respect of an Equity-Linked Note, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its good faith estimate of the value for the relevant Security as of the Valuation Time on that Limit Valuation Date;

- (B) in the case of a Note which relates to an Index Basket, the Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (C) in the case of a Note which relates to a Securities Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.
- (c) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Final Security Price, Final Index Level, Final Redemption Amount, Coupon Trigger Amount, Lock-In Coupon Amount or Automatic Early Redemption Amount, as applicable, **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Index, then Condition 16(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on the final Averaging Date as if such final Averaging Date were a Valuation Date that was a Disrupted Day. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event, shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*);

- (2) **"Postponement"**, then Condition 16(b) (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable), price or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Notes. If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*); or
- (3) **"Modified Postponement"**, then:
- (aa) in the case of a Note which relates to a single Index or Security, such Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date in relation to the relevant Scheduled Valuation Date, then the Limit Valuation Date shall be deemed to be the Averaging Date notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and
- (i) in respect of an Index-Linked Note, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 16(b)(A)(1) (*Consequences of Disrupted Days*); and
- (ii) in respect of an Equity-Linked Note, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 16(b)(A)(2); and
- (bb) in the case of a Note which relates to an Index Basket and/or a Securities Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date (irrespective of whether that Limit Valuation Date is already an Averaging Date) and
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 16(b)(B) (*Consequences of Disrupted Days*); and
- (ii) in respect of a Security, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 16(b)(C) (*Consequences of Disrupted Days*).

If any Averaging Dates occur after the relevant Valuation Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the relevant redemption amount due under the relevant Note or (ii) the occurrence of an Extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Valuation Date and Condition 16(d) (*Consequences of Disrupted Days*) shall apply as if the relevant Valuation Date had been postponed to such last Averaging Date in accordance with this Condition 16 (*Consequences of Disrupted Days*).

For the purposes of this Condition 16(c)(A)(3) only, "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Note is a Disrupted Day, the Specified Maximum Number of Disrupted Days following the Scheduled Final Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

- (d) If a Valuation Date is postponed (x) in accordance with this Condition 16 (*Consequences of Disrupted Days*) and/or (y) as a result of it not being a Scheduled Trading Day, any Disrupted Day Related Payment Date will also be postponed, if needed, such that the Disrupted Day Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the Final Terms) following the later of (i) the postponed Valuation Date or, if later, the Limit Valuation Date, as applicable and (ii) the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable (if any). In respect of a Note which relates to an Index Basket and/or a Securities Basket, the postponed Valuation Date or Limit Valuation Date referred to in this paragraph (d) will be deemed to be, in respect of a Scheduled Valuation Date, the latest postponed Valuation Date or Limit Valuation Date, as applicable, occurring in respect of such Scheduled Valuation Date.

Unless Interest Adjustment is specified in the relevant Final Terms as being applicable, no further payment on account of interest or otherwise shall be due in respect of any payment postponed pursuant to this Condition 16(d) (so that, for the avoidance of doubt, any interest payable in respect of the Notes on a Disrupted Day Related Payment Date which is so postponed shall be calculated as if such Disrupted Day Related Payment Date had not been postponed pursuant to this Condition 16(d)) unless, in the case of a Fixed Rate Note or a Floating Rate Note, there is a subsequent failure to pay in accordance with these Conditions, in which event interest shall continue to accrue as provided in Condition 4A (*Interest - Fixed Rate Note Provisions*) or Condition 4B (*Interest - Floating Rate Note Provisions*), as appropriate.

17. **Adjustments to Indices**

This Condition 17 is applicable only in relation to Index-Linked Notes.

- (a) **Successor Index**

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

- (b) **Index Modification**

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine

whether such Index Modification has a material effect on the Notes, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Index Modification, and determine the effective date of any such modification or adjustment.

(c) Index Cancellation

If on or prior to any Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each, an "**Index Cancellation**"), then:

- (A) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (Notices);
- (B) if "Index Substitution" is specified as being applicable in the relevant Final Terms, the Issuer shall, acting in good faith and a commercially reasonable manner, determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (Notices) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (C) if no Substitute Index has been identified within 10 Business Days of the giving of such Index Cancellation Notice or if Index Substitution has not been specified as being applicable in the relevant Final Terms, the Issuer shall, in its sole and absolute discretion, determine whether or not the relevant Notes shall continue and:
 - (1) if it determines that the Notes shall continue, then the Calculation Agent shall determine the Relevant Level, the Observation Index Level for such Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date using, in lieu of a published level of that Index, the level for that Index as at that Valuation Date, Automatic Early Redemption Valuation Date or Averaging Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (2) if it determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date, the Issuer shall terminate the relevant Notes as of the date selected by the Issuer and give notice thereof to the Noteholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*), specifying the Early Redemption Amount and early redemption date, and the entitlements of the relevant Noteholders to receive the Final Redemption Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(d) Correction of Index Levels

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Notes is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Notes to account for such correction.

18. **Adjustments and Events affecting Securities**

This Condition 18 is applicable only in relation to Equity-Linked Notes.

(a) *Potential Adjustment Events*

If Potential Adjustment Events is specified as "Applicable" in the relevant Final Terms, the Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and/or any other adjustment(s) and, in any case, any other variable relevant to the payment terms of the relevant Notes as the Calculation Agent determines to be appropriate to account for that diluting or concentrative effect with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Potential Adjustment Event, and determine the effective date(s) of such adjustment(s).

(b) *Extraordinary Events*

If Extraordinary Events is specified as 'Applicable' in the relevant Final Terms, the following provisions shall apply.

- (i) Following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to produce a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the relevant Extraordinary Event, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in good faith and in a commercially reasonable manner.
- (ii) If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(c) *Conversion*

If Conversion is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Conversion, the Issuer will determine whether or not the Notes will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate with a view to producing a commercially reasonable result which will put the Issuer and the Noteholders in substantially the same economic position as prior to the Conversion, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment and determine the effective date(s) of such adjustment(s). If the Issuer determines that continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to this paragraph), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

(d) *Correction of Prices*

If Correction of Prices is specified as 'Applicable' in the relevant Final Terms, in the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Notes is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the amount payable in respect of the Notes and their terms to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Notes and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Noteholder, together with interest on that amount for the period from and including the day on which payment was originally made to (but excluding) the day of payment of reimbursement by the Noteholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

19. **Additional Disruption Events**

- (i) Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the relevant Notes shall continue and, if so, the Calculation Agent shall determine any adjustments to be made with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Additional Disruption Event. If the Issuer determines that the relevant Notes shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms, the number of Securities to which each Note relates, the number of Securities comprised in a Securities Basket and, in any case, any other variable relevant to the payment terms of the relevant Notes and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent.
- (ii) If the Issuer determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible

adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer), as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

20. **Adjustments where the Securities are Units in an ETF**

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in Condition 18 (*Adjustments and Events affecting Securities*) or Condition 19 (*Additional Disruption Events*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under Condition 18 (*Adjustments and Events affecting Securities*) or Condition 19 (*Additional Disruption Events*) would produce a commercially reasonable result:
 - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and
 - (B) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Notes,

in each case with a view to produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the Extraordinary Event; or

- (ii) if the Calculation Agent determines that the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case, after having taken into account any possible adjustment pursuant to paragraph (i) above), then the Notes shall be terminated as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount and any accrued interest shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

In this Condition 20, "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

21. **Events relating to DR-Linked Notes**

In relation to DR-Linked Notes only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Notes shall continue. If the Issuer determines that:

- (i) the Notes shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Notes (including, without limitation, any change to the notional number of Securities and/or the formula for the relevant Redemption Amount) to reflect such election, and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the continuation of the Notes is impossible or would result in a significant alteration to the economic balance of the Notes compared to that which existed at the Issue Date (in each case after having taken into account any possible adjustment pursuant to paragraph (i)

above), then the Notes shall be terminated as of the date selected by the Calculation Agent and the entitlements of the relevant Noteholders to receive the relevant Redemption Amount (or any other payment to be made by the Issuer) as the case may be, shall cease and the Issuer's obligations under the relevant Notes shall be satisfied in full upon payment of the Early Redemption Amount of the Notes.

22. **Notes Linked to Units in an ETF – General**

If the relevant Final Terms specifies that the Securities in relation to a Series of Notes are Units in an ETF, then these Conditions shall apply to the Notes as if references herein to "Underlying Company" were references to the "ETF" and as if references therein to "Security" were references to "Unit".

23. **Effects of European Economic and Monetary Union**

Following the occurrence of an EMU Event, the Calculation Agent shall make such adjustment (and determine the effective date of such adjustment) as it determines to be appropriate, if any, to the formula for the relevant Redemption Amount or any amount of interest set out in the relevant Final Terms and, in any case, any other variable relevant to the settlement or payment terms of the relevant Notes.

Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to make such conversions between amounts denominated in the National Currency Units and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules in Regulation (EC) No. 1103/97 as it determines to be appropriate.

Neither the Issuer nor the Calculation Agent will be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from any currency conversion or rounding effected in connection therewith.

24. **Third Party Rights**

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

25. **Governing Law**

(a) ***Governing law***

The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by and shall be construed in accordance with English law.

(b) ***English courts***

The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**"), arising out of or in connection with the Notes (including any Dispute regarding the existing, validity or redemption of the Notes or the consequence of their nullity).

ANNEX
ADDITIONAL PROVISIONS NOT REQUIRED BY THE SECURITIES NOTE RELATING TO
THE UNDERLYING

[The following [Index] [ETF] disclaimer is applicable [in respect of the [] Index, as agreed between the Index Sponsor and the Issuer]: [].

PART III – INFORMATION RELATING TO THE WARRANTS

SECTION III.1 – DESCRIPTION OF THE WARRANTS

This section provides details of how an investment in the Warrants works and how payments under the Warrants are calculated, including a number of worked examples.

(1) **Introduction**

The Issuer may from time to time issue Warrants. A document known as "**Final Terms**" will give further details of the amounts payable under the Warrants.

In this sub-section (1), the various types of cash payment which may be payable upon exercise of a Warrant (each, a "**Cash Settlement Amount**") are described. All Cash Settlement Amounts payable upon exercise of a Warrant require the performance of indices or securities to be ascertained. In sub-section (2), the various processes used in ascertaining the performance of indices or securities are described.

Unless a Warrant has been terminated earlier, a Warrant will be exercised at the end of its term on the "**Expiry Date**". The Cash Settlement Amount which an investor will receive will be calculated using the Cash Settlement Amount provisions specified in the relevant Final Terms. The relevant Final Terms will specify one of the following Cash Settlement Amount provisions as applying to a particular issue of Warrants:

- Protection Cash Settlement Put Warrant;
- Growth Cash Settlement Call Warrant;
- Capped Growth Cash Settlement Call Warrant;
- Partially Protected Cash Settlement Put Warrant;
- Conditional Growth Cash Settlement Call Warrant;
- Conditional Capped Growth Cash Settlement Call Warrant;
- Digital Cash Settlement Put Warrant; and
- Digital Cash Settlement Call Warrant.

The amount of the Cash Settlement Amount will depend on the performance of the index or basket of indices (the "**Index**" and "**Basket of Indices**", respectively) or security or basket of securities ("**Security**" and "**Basket of Securities**", respectively) to which the Warrant is linked and the relevant Cash Settlement Amount provision. In this section, an "**Underlying**" shall mean an Index or Security, as the case may be, and a "**Basket of Underlyings**" shall mean a Basket of Indices or Basket of Securities, as the case may be.

Further details of the above Cash Settlement Amount provisions and the amounts which may be payable depending on which of the above Cash Settlement Amount provisions is specified in the relevant Final Terms are set out at sub-section (3) below, together with some worked examples.

Warrants may be issued in pairs. If so, in each pair, one of the Warrants will be a 'Put Warrant' and one will be a 'Call Warrant' for the relevant type of cash settlement. Each Warrant in a pair will be exercisable independently of the other Warrant in the pair. A Put Warrant provides protection against a downwards movement of the Underlying(s) during the term of the Warrants. A Call Warrant provides exposure to positive movement of the Underlying(s) during the term of the Warrants. A more detailed description of Put Warrants and Call Warrants is set out at sub-section (3) below.

The following table sets out for each type of Cash Settlement Amount details of where an explanation of the Cash Settlement Amount for each Warrant and a related worked example may be found in this Base Prospectus.

If the Final Terms specify that the following is applicable an explanation and worked example in this Base Prospectus may be found at:
Protection Cash Settlement Put Warrant	Pages 397 to 400
Growth Cash Settlement Call Warrant	Pages 397 to 400
Capped Growth Cash Settlement Call Warrant	Pages 397 to 400
Partially Protected Cash Settlement Put Warrant	Pages 401 to 404
Conditional Growth Cash Settlement Call Warrant	Pages 401 to 404
Conditional Capped Growth Cash Settlement Call Warrant	Pages 401 to 404
Digital Cash Settlement Put Warrant	Pages 404 to 407
Digital Cash Settlement Call Warrant	Pages 404 to 407

(2) *Ascertaining the performance of the Underlying(s)*

Each Cash Settlement Amount which may be payable in respect of a Warrant is linked to the performance of the Underlying or Basket of Underlyings to which the Warrant is linked. Details of how to ascertain the performance of an Underlying or Basket of Underlyings are set out below, together with worked examples.

(a) *The value of the Underlying(s)*

The calculations which are required to be made to calculate the Cash Settlement Amount, will be based on the level or price (as applicable) of the relevant Underlying(s) (the "**Relevant Level**" or "**Relevant Price**", as the case may be) determined by the Calculation Agent. The Calculation Agent will determine the Relevant Level or Relevant Price, as the case may be, by reference to:

- in the case of an Index-Linked Warrant, the level of the Index quoted on a particular exchange or quotation system or, in the case of a Multiple Exchange Index, as calculated by an index sponsor, at a particular valuation time on a particular valuation date; and
- in the case of an Equity-Linked Warrant, the price of the Security quoted on a particular exchange or quotation system at a particular valuation time on a particular valuation date.

The value of the Relevant Level or Relevant Price, as the case may be, will be determined by reference to either a single date or several dates (the latter are referred to as "**Averaging Dates**"), as set out in the relevant Final Terms.

Consequently, there are two different valuation methods that may be used to ascertain the Relevant Level or Relevant Price, as the case may be. Which valuation method is applicable will depend on whether there are Averaging Dates involved. The following matrix describes which method will be used to ascertain the Relevant Level or Relevant Price, as the case may be, in different circumstances:

Averaging Dates:	are not specified in the relevant Final Terms	Final Index Level or Final Security Price see page 393
Averaging Dates:	are specified in the relevant Final Terms	Average Index Level or Average Security Price see page 393

Details of each valuation method are set out below.

Final Index Level or Final Security Price valuation method

If no Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will obtain the level or price (as applicable) of the relevant Underlying on a given date and time (the "**Valuation Date**" and the "**Valuation Time**").

Final Index Level worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Warrant linked to the FTSE®100 Index.
- No Averaging Dates are specified in the Final Terms.
- The Valuation Date specified in the Final Terms is 30 June 2023.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time).
- The level of the FTSE®100 Index on 30 June 2023 at 5.00 pm (London time) is 6,800.

(1) ***What is the Final Index Level?***

In order to determine the Final Index Level, the Calculation Agent will obtain the level of the FTSE®100 Index on 30 June 2023 at 5.00 pm (London time). In this case, the Final Index Level will be 6,800.

Average Index Level or Average Security Price valuation method

If Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will obtain the levels or prices (as applicable) of the relevant Underlying, on those Averaging Dates and calculate the arithmetic average of the levels or prices obtained.

Average Security Price worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Warrant linked to the ordinary shares of Company A.
- Four Averaging Dates are specified in the Final Terms.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time).
- The price of the ordinary shares of Company A at the Valuation Time on each of the four Averaging Dates are GBP 6,650, GBP 7,050, GBP 6,800 and GBP 6,900.

(1) ***What is the Average Security Price?***

In order to calculate the Average Security Price, the Calculation Agent will obtain the arithmetic average of the price of the ordinary shares of Company A on each of the four Averaging Dates. The Average Security Price is therefore GBP 6,850, being (GBP 6,650 + GBP 7,050 + GBP 6,800 + GBP 6,900) divided by 4.

(b) *The performance of the Underlying(s)*

The calculations also rely on a determination by the Calculation Agent of the appreciation or depreciation in the performance of the Underlying(s) over time. It does so by comparing the Relevant Level or Relevant Price, as the case may be, with an initial index level or security price specified in the relevant Final Terms

to ascertain the "**Relevant Final Performance**" of the relevant Underlying. The Relevant Final Performance is a percentage representing any appreciation or depreciation in the Underlying or Underlying(s) (as applicable) in comparison to the initial level or initial price (as applicable) of the Underlying or Underlying(s) (as applicable).

If a Warrant is linked to a Basket of Underlyings and no Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will determine the Relevant Final Performance as the weighted arithmetic average of the performance of each constituent Underlying on the Valuation Date and at the Valuation Time.

Relevant Final Performance – Securities Basket worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Warrant linked to an equally weighted basket consisting of the ordinary shares of Company X and the ordinary shares of Company Y.
- The initial security price of the ordinary shares of Company X is GBP 6,100.
- The initial security price of the ordinary shares of Company Y is USD 2,300.
- The Valuation Date specified in the Final Terms is 30 June 2023.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time) in respect of the ordinary shares of Company X and 5.00 pm (New York time) in respect of the ordinary shares of Company Y.
- The price of the ordinary shares of Company X on 30 June 2023 at 5.00 pm (London time) is GBP 6,500.
- The price of the ordinary shares of Company Y on 30 June 2023 at 5.00 pm (New York time) is USD 2,100.

(1) ***What is the performance of each constituent Security?***

In order to calculate the performance of each Security, the Calculation Agent will in respect of each Security divide the price of such Security determined on the Valuation Date at the Valuation Time by the initial security price of such Security. In respect of the ordinary shares of Company X the performance is $\text{GBP } 6,500 / \text{GBP } 6,100 = 1.0656$ and when expressed as a percentage, 106.56%. In respect of the ordinary shares of Company Y the performance is $\text{USD } 2,100 / \text{USD } 2,300 = 0.9130$ and when expressed as a percentage, 91.30%.

(2) ***What is the Relevant Final Performance?***

As the Securities are equally weighted the Relevant Final Performance is determined by adding the performance of each Security and dividing the outcome by 2. This means that the Relevant Final Performance is $(106.56\% + 91.30\%) / 2 = 197.86\% / 2 = 98.93\%$.

If a Warrant is linked to a Basket of Underlyings and Averaging Dates are specified in the relevant Final Terms, the Calculation Agent will calculate the Relevant Final Performance as follows.

First, the Calculation Agent will calculate the Average Index Level or Average Security Price, as the case may be, in respect of each constituent Index or Security in the Basket. The process for this is described in paragraph titled "*Average Index Level or Average Security Price valuation method*" on page 393 of this Base Prospectus.

Next, the Calculation Agent will determine the performance of each Index or Security by:

- in the case of an Index-Linked Warrant, dividing the relevant Average Index Level of such Index by the initial level of such index and expressing the outcome as a percentage; and
- in the case of an Equity-Linked Warrant, dividing the relevant Average Security Price of such Security by the initial price of such security and expressing the outcome as a percentage.

Subsequently, the Relevant Final Performance will be calculated as the weighted arithmetic average of the performance of each of the Underlyings.

Relevant Final Performance – Index Basket with Averaging Dates worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a Warrant linked to a weighted Basket of Indices comprised of the FTSE®100 Index, the Hang Seng Index and the S&P 500® Index.
- The weightings of each Index specified in the relevant Final Terms is as follows:

Weighting	Index
50%	FTSE®100 Index
30%	Hang Seng Index
20%	S&P 500® Index

- The initial index levels of the FTSE®100 Index, the Hang Seng Index and the S&P 500® Index are 6,400, 22,300 and 2,300 respectively.
- Three Averaging Dates are specified in the Final Terms.
- The Valuation Time specified in the Final Terms is 5.00 pm (London time) in respect of the FTSE®100 Index, 5.00 pm (Hong Kong time) in respect of the Hang Seng Index and 5.00 pm (New York time) in respect of the S&P 500® Index.
- The levels of the FTSE®100 Index at 5.00 pm (London time) on the three Averaging Dates are 6,550, 6,575 and 6,525.
- The levels of the Hang Seng Index at 5.00 pm (Hong Kong time) on the three Averaging Dates are 22,000, 22,100 and 22,200.
- The levels of the S&P 500® Index at 5.00 pm (New York time) on the three Averaging Dates are 2,500, 2,520 and 2,495.

(1) ***What is the Average Index Level of each constituent Index?***

In order to calculate the Average Index Level, the Calculation Agent will obtain the arithmetic average of the levels of each Index on each of the Averaging Dates. The Average Index Levels of each Index are therefore as follows:

- FTSE®100 Index: 6,550 (being $(6,550 + 6,575 + 6,525)$ divided by 3 = 6,550)
- Hang Seng Index: 22,100 (being $(22,000 + 22,100 + 22,200)$ divided by 3 = 22,100)
- S&P 500® Index: 2,505 (being $(2,500 + 2,520 + 2,495)$ divided by 3 = 2,505)

(2) ***What is the performance of each constituent Index?***

In order to calculate the performance of each Index, the Calculation Agent will in respect of each Index divide the relevant Average Index Level by the initial index level of such Index. The Relevant Final Performance is expressed as a percentage. In respect of the FTSE®100 Index the

performance is $6,550 / 6,400 = 1.0234$ and when expressed as a percentage 102.34%. In respect of the Hang Seng Index the performance is $22,100 / 22,300 = 0.9910$ and when expressed as a percentage 99.10%. In respect of the S&P 500® Index the performance is $2,505 / 2,300 = 1.0891$ and when expressed as a percentage 108.91%.

(3) ***What is the Relevant Final Performance?***

The Relevant Final Performance is the weighted average of the Indices and will be calculated as follows:

- FTSE®100 Index: $102.34\% \times 50\% = 51.17\%$
- Hang Seng Index: $99.10\% \times 30\% = 29.73\%$
- S&P 500® Index: $108.91\% \times 20\% = 21.78\%$

The Relevant Final Performance is therefore $51.17\% + 29.73\% + 21.78\% = 102.68\%$

(3) ***Cash Settlement Amount***

The calculation of the Cash Settlement Amount in respect of each Warrant depends on the method specified for determining the Cash Settlement Amount in the relevant Final Terms. An investor in the Warrants should refer to the corresponding paragraphs below to understand how the Cash Settlement Amount is calculated for any particular Warrant.

Warrants may be issued in pairs. If so, in each pair, one of the Warrants will be a 'Put Warrant' and one will be a 'Call Warrant' for the relevant type of cash settlement. Each Warrant in a pair will be exercisable independently of the other Warrant in the pair.

A Put Warrant provides protection against a downwards movement of the Underlying or Underlyings (as applicable) during the term of the Warrants.

A Call Warrant provides exposure to positive movement of the Underlying or Underlyings (as applicable) during the term of the Warrants.

Together, a Put Warrant and Call Warrant provide investors protection against depreciation of the Underlying or Underlyings (as applicable) and exposure to the appreciation of the Underlying or Underlyings (as applicable) subject to a cap (if applicable) and multiplied by a participation (if applicable). In all pair combinations, if both Warrants are held by the same investor and exercised by them at the same time, then the sum of the Cash Settlement Amounts for both Warrants received by that investor will be a minimum of 100%, or a percentage equal to the partial protection level as specified in the relevant Final Terms, of the face value (as specified in the relevant Final Terms relating to both Warrants) (the "**Face Value**") (not, for the avoidance of doubt, 100% or a percentage equal to the partial protection level as specified in the relevant Final Terms of the combined Face Values of both Warrants in a pair).

The pair combinations of Warrants are:

- Protection Cash Settlement Put Warrant and Growth Cash Settlement Call Warrant
- Protection Cash Settlement Put Warrant and Capped Growth Cash Settlement Call Warrant
- Partially Protected Cash Settlement Put Warrant and Conditional Growth Cash Settlement Call Warrant
- Partially Protected Cash Settlement Put Warrant and Conditional Capped Growth Cash Settlement Call Warrant
- Digital Cash Settlement Put Warrant and Digital Cash Settlement Call Warrant

(a) *Warrants specifying Protection Cash Settlement Put Warrant, Growth Cash Settlement Call Warrant or Capped Growth Cash Settlement Call Warrant*

A Warrant specifying "Protection Cash Settlement Put Warrant" may be paired with either a Warrant specifying "Growth Cash Settlement Call Warrant" or a Warrant specifying "Capped Growth Cash Settlement Call Warrant".

Overview of Warrants specifying Protection Cash Settlement Put Warrant, Growth Cash Settlement Call Warrant or Capped Growth Cash Settlement Call Warrant

When a pair of Warrants consisting of a Protection Cash Settlement Put Warrants and a Growth Cash Settlement Call Warrants are exercised together they provide the investor with protection on its investment together with a potential upside (a specified participation factor expressing an enhanced return following an appreciation of the Underlying or Underlyings (as applicable) not subject to a maximum cap) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

When a pair of Warrants consisting of a Protection Cash Settlement Put Warrants and a Capped Growth Cash Settlement Call Warrants are exercised together they provide the investor with protection on its investment together with a potential upside (a specified participation factor expressing an enhanced return following an appreciation of the Underlying or Underlyings (as applicable) subject to a maximum cap) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

Accordingly, the Cash Settlement Amount payable to the investor will depend on:

- the performance of the relevant Underlying or Basket of Underlyings;
- the participation factor specified; and
- the maximum cap specified (if applicable).

Calculation of the Cash Settlement Amount

(i) *Protection Cash Settlement Put Warrant*

If "Protection Cash Settlement Put Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated by multiplying the face value of the Warrant ("**Face Value**") by the product of the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]]$$

(ii) *Growth Cash Settlement Call Warrant*

If "Growth Cash Settlement Call Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated by multiplying the Face Value by the product of the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%] + \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]]$$

(iii) *Capped Growth Cash Settlement Call Warrant*

If "Capped Growth Cash Settlement Call Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated by multiplying the Face Value by the product of the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%] + \text{MIN} [\text{Cap}; \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance}]]]$$

Protection Cash Settlement Put Warrant, Growth Cash Settlement Call Warrant and Capped Growth Cash Settlement Call Warrant:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a pair of Warrants denominated in GBP linked to the FTSE®100 Index (the "**Index**"). The Final Terms of one (the "**Put Warrant**") specify Protection Cash Settlement Put Warrant and the Final Terms of the other Warrant specify either Growth Cash Settlement Call Warrant or Capped Growth Cash Settlement Call Warrant.
- The Face Value of each Warrant is GBP 1,000.
- The initial index level set out in the relevant Final Terms against which the performance of the Index will be measured is 6,450.
- The Relevant Level of the FTSE®100 Index is 6,800, as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Participation (being a percentage that expresses the increase in the Face Value of the Warrant if there is an appreciation of the Index) is 120%.
- The Cap (being a percentage that expresses the maximum appreciation of the Index that will be considered when determining the Cash Settlement Amount) is 10%.

(1) ***What is the Relevant Final Performance?***

To determine the Relevant Final Performance, the Relevant Level (6,800) is divided by the initial index level (6,450). This is equal to 1.0543 and, when expressed as a percentage, is 105.43%. Therefore the Relevant Final Performance is 105.43%.

(2) ***Calculating the formula for Protection Cash Settlement Put Warrant***

When working out the following formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]]$$

(a) ***What is MAX [0; 100% - Relevant Final Performance]?***

0 is greater than 100% - Relevant Final Performance (minus 5.43%, being 100% - 105.43%), and so 0 is used rather than minus 5.43%.

(b) ***What is MIN [90%; MAX [0; 100% - Relevant Final Performance]]?***

0 is less than 90%, and so 0 is used rather than 90%.

(c) ***Re-inserting the variable***

Once the variable is re-inserted into the formula, the calculation is $\frac{1}{90}\% \times 0$, which is equal to 0.

(3) ***Cash Settlement Amount for Protection Cash Settlement Put Warrant***

The Cash Settlement Amount per Put Warrant is:

GBP	1000	x	(The Face Value of the Warrant)
	0%		(The percentage ascertained from the formula)

GBP 0 **The Cash Settlement Amount per Put Warrant**

(4) ***Calculating the formula for Growth Cash Settlement Call Warrant (if applicable)***

For the purposes of this paragraph (4), it is assumed that the investor also purchases a Warrant denominated in GBP linked to the FTSE®100 Index which specifies Growth Cash Settlement Call Warrant ("**Call Warrant**").

An investor will be entitled to an amount equal to the Face Value of the Warrant multiplied by the following formula:

$$\frac{1}{90} \% \times \text{MIN} \left[\begin{array}{l} 90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%] \\ + \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%] \end{array} \right]$$

When working out the above formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

(a) ***What is MAX [0; Relevant Final Performance - 10%]?***

The Relevant Final Performance - 10% is 95.43% (being 105.43% - 10%) which is greater than 0, and so 95.43% is used rather than 0%.

(b) ***What is MIN [90%; MAX [0; Relevant Final Performance - 10%]]?***

90% is less than 95.43%, and so 90%, rather than 95.43%, is multiplied by 1/90% in the first part of the formula.

(c) ***What is MAX [0; Relevant Final Performance - 100%]?***

The Relevant Final Performance - 100% is 5.43% (being 105.43% - 100%) which is greater than 0, and so 5.43% is used in the fourth part of the formula rather than 0.

(d) ***Re-inserting the variables***

Once these variables are re-inserted into the formula, the calculation is 1/90% x 90% + 120% x 5.43%, which is equal to 106.52%.

(e) ***Cash Settlement Amount for Growth Cash Settlement Call Warrant***

The Cash Settlement Amount per Call Warrant will be:

GBP	1,000.00	x	(The Face Value of the Warrant)
	106.52%		(The percentage ascertained from the formula)

GBP 1,065.20 **The Cash Settlement Amount per Call Warrant**

(f) ***Total amount which the investor will receive upon exercising a Warrant specifying "Protection Cash Settlement Put Warrant" and a Warrant specifying "Growth Cash Settlement Call Warrant"***

The total amount which the investor will receive upon exercising this pair of Warrants will be:

GBP	0	(The Cash Settlement Amount per Put Warrant)
+	1,065.20	(The Cash Settlement Amount per Call Warrant)
GBP	<u>1,065.20</u>	The total amount received for this pair of Warrants

(5) **Calculating the formula for Capped Growth Cash Settlement Call Warrant (if applicable)**

For the purposes of this paragraph (5), it is assumed that the investor purchases in addition to the Put Warrant a Warrant denominated in GBP linked to the FTSE®100 Index which specifies Capped Growth Cash Settlement Call Warrant ("**Capped Call Warrant**").

An investor will be entitled on exercise to an amount equal to the Face Value of the Warrant multiplied by the following formula:

$$1/90\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%] + \text{MIN} [\text{Cap}; \text{Participation} \times \text{MAX} [0; \text{Relevant Final Performance} - 100\%]]]$$

When working out the above formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

(a) *What is MAX [0; Relevant Final Performance - 10%]?*

The Relevant Final Performance - 10% is 95.43% (being 105.43% - 10%) which is greater than 0, and so 95.43% is used rather than 0.

(b) *What is MIN [90%; MAX [0; Relevant Final Performance - 10%]]?*

90% is less than 95.43%, and so 90%, rather than 95.43%, is multiplied by 1/90% in the first part of the formula.

(c) *What is MAX [0; Relevant Final Performance - 100%]?*

The Relevant Final Performance - 100% is 5.43% (being 105.43% - 100%) which is greater than 0%, and so 5.43% is used rather than 0%.

(d) *What is MIN [Cap; Participation x MAX [0; Relevant Final Performance - 100%]]?*

The Cap (10%) is greater than the Participation (120%) multiplied by the Relevant Final Performance - 100% (5.43%) (being 6.52%), so 6.52% will be used rather than the Cap (being 10%) in the second part of the formula.

(e) *Re-inserting the variables*

Once these variables are re-inserted into the formula, the calculation is 1/90% x 90% + 6.52%, which is equal to 106.52%.

(f) *Cash Settlement Amount for Capped Growth Cash Settlement Call Warrant*

The Cash Settlement Amount per Capped Call Warrant will be:

GBP	1,000.00	x	(The Face Value of the Warrant)
	106.52%		(The percentage ascertained from the formula)
GBP	1,065.20		The Cash Settlement Amount per Capped Call Warrant

(g) *Total amount which the investor will receive upon exercising a Warrant specifying "Protection Cash Settlement Put Warrant" and a Warrant specifying "Capped Growth Cash Settlement Call Warrant"*

The total amount which the investor will receive upon exercising this pair of Warrants will be:

GBP	0	(The Cash Settlement Amount for the Put Warrant)
+	1,065.20	(The Cash Settlement Amount for the Capped Call Warrant)
GBP	1,065.20	The total amount received for this pair of Warrants

(b) *Warrants specifying Partially Protected Cash Settlement Put Warrant, Conditional Growth Cash Settlement Call Warrant or Conditional Capped Growth Cash Settlement Call Warrant*

A Warrant specifying "Partially Protected Cash Settlement Put Warrant" may be paired with either a Warrant specifying "Conditional Growth Cash Settlement Call Warrant" or a Warrant specifying "Conditional Capped Growth Cash Settlement Call Warrant".

Overview of Warrants specifying Partially Protected Cash Settlement Put Warrant, Conditional Growth Cash Settlement Call Warrant or Conditional Capped Growth Cash Settlement Call Warrant

When a pair of Warrants consisting of a Partially Protected Cash Settlement Put Warrants and a Conditional Growth Cash Settlement Call Warrants are exercised together they provide the investor with a potential upside (a specified participation factor expressing an enhanced return following an appreciation of the Underlying or Underlyings (as applicable) not subject to a maximum cap) or downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation that is taken into account) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

When a pair of Warrants consisting of a Partially Protected Cash Settlement Put Warrants and a Conditional Capped Growth Cash Settlement Call Warrants are exercised together they provide the investor with a potential upside (a specified participation factor expressing an enhanced return following an appreciation of the Underlying or Underlyings (as applicable) subject to a maximum cap) or downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation that is taken into account) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

Accordingly, the Cash Settlement Amount payable to the investor will depend on:

- the performance of the relevant Underlying or Basket of Underlyings;
- the protection level specified;
- the participation factor specified; and
- the maximum cap specified (if applicable).

Calculation of the Cash Settlement Amount

(i) *Partially Protected Cash Settlement Put Warrant*

If "Partially Protected Cash Settlement Put Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated by multiplying the Face Value of the Warrant by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]] - \text{MIN} [100\% - \text{Protection Level}; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]]$$

(ii) *Conditional Growth Cash Settlement Call Warrant*

If "Conditional Growth Cash Settlement Call Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]] + \text{Participation} \times [\text{Relevant Final Performance} - 100\%]$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]]$$

(iii) *Conditional Capped Growth Cash Settlement Call Warrant*

If "Conditional Capped Growth Cash Settlement Call Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]] + \text{MIN} [\text{Cap}; \text{Participation} \times [\text{Relevant Final Performance} - 100\%]]$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]]$$

Partially Protected Cash Settlement Put Warrant, Conditional Growth Cash Settlement Call Warrant and Conditional Capped Growth Cash Settlement Call Warrant worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

- An investor purchases a pair of Warrants denominated in GBP linked to the FTSE®100 Index and S&P 500® Index (together, the "**Basket**"). The Indices in the Basket are equally weighted. The Final Terms of one (the "**Put Warrant**") specify Partially Protected Cash Settlement Put Warrant and the Final Terms of the other Warrant specify either Conditional Growth Cash Settlement Amount Call Warrant or Conditional Growth Capped Cash Settlement Call Warrant.
- The Face Value of each Warrant is GBP 1,000.
- The initial index level of the FTSE®100 Index set out in the relevant Final Terms is 6,700 and the initial index level of the S&P 500® Index set out in the relevant Final Terms is 2,300.
- The Relevant Level of the FTSE®100 Index and of the S&P 500® Index are 7,250 and 1,750, respectively as determined by the Calculation Agent using the "Final Index Level" valuation method.
- The Participation (being a percentage that expresses the increase in the Face Value of the Warrant if there is an appreciation of the Index) is 120%.
- The Cap (being a percentage that expresses the maximum appreciation of the Index that will be considered when determining the Cash Settlement Amount) is 10%.
- The Protection Level (being a percentage that expresses the maximum amount of depreciation that is taken into account) is 85%.

(1) ***What is the Relevant Final Performance?***

To determine the Relevant Final Performance, the Relevant Level in respect of each Index is divided by the relevant initial index level. In respect of the FTSE®100 Index the performance is $7,250 / 6,700 = 1.0821$ and when expressed as a percentage 108.21%. In respect of the S&P 500® Index the performance is $1,750 / 2,300 = 0.7609$ and when expressed as a percentage 76.09%. The Relevant Final Performance is the weighted average of the performances of the Indices and will be calculated as $(108.21\% + 76.09\%) / 2 = 184.30\% / 2 = 92.15\%$. Therefore the Relevant Final Performance is 92.15%.

(2) ***Calculating the formula for Partially Protected Cash Settlement Put Warrant***

When working out the following formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]] - \text{MIN} [100\% - \text{Protection Level}; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]]$$

(a) *What is MAX [0; 100% - Relevant Final Performance]?*

100% - the Relevant Final Performance is 7.85% (being 100% - 92.15%) which is greater than 0, and so 7.85% is used in both parts of the formula rather than 0.

(b) *What is MIN [90%; MAX [0; 100% - Relevant Final Performance]]?*

7.85% is less than 90% and so 7.85% is used in the first part of the formula rather than 90%.

(c) *What is 100% - Protection Level?*

100% - the Protection Level (85%) is 15%.

(d) *What is MIN [100% - Protection Level, MAX [0; 100% - Relevant Final Performance]]?*

7.85% is less than 15%, so 7.85% is used in the second part of the formula rather than 15%.

(e) *Re-inserting the variables*

Once the variables are re-inserted into the formula, the calculation is $\frac{1}{90}\% \times 7.85\% - 7.85\%$, which is equal to 0.872%.

(3) ***Cash Settlement Amount for Partially Protected Cash Settlement Put Warrant***

The Cash Settlement Amount per Put Warrant is:

GBP	1,000.00	x	(The Face Value of the Warrant)
	0.872%		(The percentage ascertained from the formula)
GBP	8.72		The Cash Settlement Amount per Put Warrant

(4) ***Calculating the formula for Conditional Growth Cash Settlement Call Warrant (if applicable)***

For the purposes of this paragraph (4), it is assumed that the investor also purchases a Warrant denominated in GBP linked to an equally weighted basket comprised of the FTSE®100 Index and S&P 500® Index which specifies Conditional Growth Cash Settlement Call Warrant (the "Call Warrant").

(a) *Is the Relevant Final Performance equal to or greater than 100%?*

The Relevant Final Performance (92.15%) is not equal to or greater than 100%

Therefore, an investor will be entitled on exercise to an amount equal to the Face Value of the Call Warrant multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]]$$

When working out the above formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

(b)	<i>What is MAX [0; Relevant Final Performance - 10%]</i>	
	Relevant Final Performance - 10% is 82.15% (being 92.15% - 10%) which is greater than 0, and so 82.15% is used rather than 0.	
(c)	<i>What is MIN [90%; MAX [0; Relevant Final Performance - 10%]]?</i>	
	82.15% is less than 90%, and so 82.15%, rather than 90%, is used in the second part of the formula.	
(d)	<i>Re-inserting the variable</i>	
	Once the variable is re-inserted into the formula, the calculation is 1/90% x 82.15%, which is equal to 91.278%.	
(e)	<i>Cash Settlement Amount for Conditional Growth Cash Settlement Call Warrant</i>	
	The Cash Settlement Amount per Call Warrant will be:	
	GBP	1,000.00 x (The Face Value of the Warrant)
		91.278% (The percentage ascertained from the formula)
	GBP	912.78 The Cash Settlement Amount per Call Warrant
(f)	<i>Total amount which the investor will receive upon exercising a Warrant specifying "Partially Protected Cash Settlement Put Warrant" and a Warrant specifying "Conditional Growth Cash Settlement Call Warrant"</i>	
	The total amount which the investor will receive upon exercising this pair of Warrants will be:	
	GBP	8.72 (The Cash Settlement Amount for the Put Warrant)
	+	912.78 (The Cash Settlement Amount for the Call Warrant)
		8
	GBP	921.50 The total amount received for this pair of Warrants (which equals the performance of the Warrants if the Warrants are held in a pair)
(5)	<i>Calculating the formula for Conditional Capped Growth Cash Settlement Call Warrant) (if applicable)</i>	
	If, in addition to the Put Warrant, the investor purchases a Warrant denominated in GBP linked to the FTSE®100 Index and S&P 500® Index which specifies Conditional Capped Growth Cash Settlement Call Warrant (the " Capped Call Warrant ") the calculations for determining the Cash Settlement Amount for the Capped Call Warrant will be as for the Call Warrant, save that if there is any appreciation of the basket of Indices (as opposed to the depreciation demonstrated in this example), the maximum appreciation that will be considered when determining the Cash Settlement Amount for the Capped Call Warrant will be the Cap (i.e. in this example, 10%).	

(c) *Warrants specifying Digital Cash Settlement Put Warrant and Digital Cash Settlement Call Warrant*

A Warrant specifying "Digital Cash Settlement Put Warrant" will be paired with a Warrant specifying "Digital Cash Settlement Call Warrant".

Overview of Warrants specifying Digital Cash Settlement Put Warrant and Digital Cash Settlement Call Warrant

When a pair of Warrants consisting of a Digital Cash Settlement Call Warrant and a Digital Cash Settlement Cash Settlement Put Warrant are exercised together they provide the investor either with an upside (a so-

called digital amount) which is a fixed percentage increase expressing an enhanced return following an appreciation of the Underlying or Underlyings (as applicable) or a downside (subject to a protection level which is a fixed percentage expressing the maximum amount of depreciation of the Underlying or Underlyings (as applicable) that is taken into account) depending on the appreciation or depreciation of the Underlying or Basket of Underlyings.

Accordingly, the Cash Settlement Amount payable to the investor will depend on:

- the performance of the relevant Underlying or Basket of Underlyings;
- the protection level specified; and
- the digital amount specified.

Calculation of the Cash Settlement Amount

(i) *Digital Cash Settlement Put Warrant*

If "Digital Cash Settlement Put Warrant" is stated to be applicable in the relevant Final Terms, then the Cash Settlement Amount will be calculated by multiplying the face value of the Warrant ('Face Value') by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]] - \text{MIN} [100\% - \text{Protection Level}; \text{MAX} [0; 100\% - \text{Relevant Final}$$

(ii) *Digital Cash Settlement Call Warrant*

If "Digital Cash Settlement Call Warrant" is stated to be applicable in the relevant Final Terms, then an investor will be entitled upon settlement to the Cash Settlement Amount which will be calculated as follows.

- If the Relevant Final Performance is equal to or greater than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$1/90\% \times \text{MIN} [90\%; \text{MAX} [0; [\text{Relevant Final Performance} - 10\%]]] + \text{Digital Amount}$$

- If the Relevant Final Performance is less than 100%, then an investor will be entitled to an amount equal to the Face Value multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]]$$

Digital Cash Settlement Put Warrant and Digital Cash Settlement Call Warrant worked example:

The hypothetical scenario

For the purposes of this example, it is assumed that:

An investor purchases a Warrant denominated in GBP linked to the ordinary shares of Company Z which specifies Digital Cash Settlement Put Warrant (the "**Put Warrant**") and a Warrant denominated in GBP linked to the ordinary shares of Company Z which specifies Digital Cash Settlement Call Warrant (the "**Call Warrant**").

The Face Value of each Warrant is GBP 1,000.

The initial security price set out in the relevant Final Terms against which the performance of the ordinary shares of Company Z will be measured is GBP 6,500.

There are four Averaging Dates and the prices of the Security on these dates are GBP 6,650, GBP 7,050, GBP 6,800 and GBP 6,900.

The Relevant Price of the ordinary shares of Company Z is GBP 6,850 (being (GBP 6,650 + GBP 7,050 + GBP 6,800 + GBP 6,900) divided by 4), as determined by the Calculation Agent using the "Average Security Price" valuation method.

The Protection Level (being a percentage that expresses the maximum amount of depreciation of the Security that is taken into account) is 85%.

The Digital Amount (being a fixed percentage increase which expresses an enhanced return following an appreciation of the Security) is 7%.

(1) ***What is the Relevant Final Performance?***

To determine the Relevant Final Performance, the Relevant Price (GBP 6,850) is divided by the initial security price (GBP 6,500). This is equal to 1.10 and, when expressed as a percentage, is 110%. Therefore the Relevant Final Performance is 110%.

(2) ***Calculating the formula for Digital Cash Settlement Put Warrant***

When working out the following formula, the first step is to determine the variables in the formula described using "MIN" and "MAX", which mean the lower of and the greater of, respectively.

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]] - \text{MIN} [100\% - \text{Protection Level}; \text{MAX} [0; 100\% - \text{Relevant Final Performance}]]$$

(a) ***What is MAX [0; 100% - Relevant Final Performance]?***

0 is greater than 100% - Relevant Final Performance which is minus 10% (being 100% - 110%), and so 0 is used in the second and third parts of the formula rather than minus 10%.

(b) ***What is MIN [90%; MAX [0; 100% - Relevant Final Performance]]?***

0 is less than 90%, and so 0 is multiplied by 1/90% in the first part of the formula, rather than 90%.

(c) ***What is MIN [100% - Protection Level; MAX [0; 100% - Relevant Final Performance]]?***

100% - 85% (the Protection Level) is 15%.

0 is less than 15%, so 0 is used in the third part of the formula rather than 15%.

(d) ***Re-inserting the variables***

Once these variables are re-inserted into the formula, the calculation is $\frac{1}{90}\% \times 0 - 0$, which is equal to 0.

(3) ***Cash Settlement Amount for Digital Cash Settlement Put Warrant***

The Cash Settlement Amount per Put Warrant is:

GBP	1,000	x	(The Face Value of the Put Warrant)
	0%		(The percentage ascertained from the formula)
GBP	0		The Cash Settlement Amount per Put Warrant

(4) ***Calculating the formula for Digital Cash Settlement Call Warrant***

(a) ***Is the Relevant Final Performance equal to or greater than 100%?***

The Relevant Final Performance (110%) is greater than 100%.

Therefore, an investor will be entitled on exercise to an amount equal to the Face Value of the Call Warrant multiplied by the following formula:

$$\frac{1}{90}\% \times \text{MIN} [90\%; \text{MAX} [0; \text{Relevant Final Performance} - 10\%]] + \text{Digital Amount}$$

When working out the above formula, the first step is to determine the variables in the formula described using "MIN", which means the lower of.

- (b) *What is MAX [0; Relevant Final Performance - 10%]?*

The Relevant Final Performance - 10% is 100% (being 110% - 10%) so 100% is used in the second part of the formula.

- (c) *What is MIN [90%; [Relevant Final Performance - 10%]]?*

90% is less than 100%, and so 90% is multiplied by 1/90% in the first part of the formula, rather than 100%.

- (d) *Re-inserting the variables*

Once these variables are re-inserted into the formula, the calculation is $\frac{1}{90}\% \times 90\% + 7\%$, which is equal to 107%.

- (5) ***Cash Settlement Amount for Digital Cash Settlement Call Warrant***

The Cash Settlement Amount per Call Warrant is:

GBP	1,000	x	(The Face Value of the Call Warrant)
	107%		(The percentage ascertained from the formula)
GBP	1,070		The Cash Settlement Amount per Call Warrant

- (6) ***Total Cash Settlement Amount***

The total amount which the investor will receive upon exercising this pair of Warrants will be:

GBP	0		(The Cash Settlement Amount for the Put Warrant)
+	1,070		(The Cash Settlement Amount for the Call Warrant)
GBP	1,070		The total amount received for this pair of Warrants

Please note: The worked examples set out in this "Section III.1 – Description of the Warrants" are produced for illustrative purposes only. The analysis is based on simplifying assumptions and hypothetical figures, and does not reflect a complete analysis of all possible gain and loss scenarios that may arise under any actual investment in the Warrants. No representation or warranty is made by the Issuer or any of its affiliates that any scenario shown above can be duplicated under any actual investment in Warrants. Actual results may vary from the results shown above, and variations may be material. The mark-to-market value of the Warrants can fluctuate either upward or downward due to changes in prevailing market conditions. Accordingly, if an investment in Warrants is unwound, repurchased or otherwise exercised whether at or prior to its stated expiry, investors in such Warrants may sustain a loss which in a worst case scenario may be equal to their invested amount.

SECTION III.2 – FORM OF WARRANTS AND SUMMARY OF PROVISIONS RELATING TO THE WARRANTS WHILE IN GLOBAL FORM

Warrants may, subject to all applicable legal and regulatory requirements, be issued in Tranches or Series and will (as specified in the relevant Final Terms) either (i) be offered in reliance on Regulation S under the Securities Act ("**Regulation S**") in uncertificated registered form ("**Uncertificated Registered Warrants**"), or (ii) be in registered form ("**Registered Warrants**") offered in reliance on Regulation S, and represented by a Regulation S global registered warrant (the "**Regulation S Global Registered Warrant**").

Regulation S Global Registered Warrants

A Tranche of Registered Warrants will be offered and sold pursuant to Regulation S and will be issued in the form of Regulation S Global Registered Warrants. The Issuer will deliver a Regulation S Global Registered Warrant subject to the Master Warrant Issuance Agreement (as defined herein) in accordance with its terms.

The Regulation S Global Registered Warrant will be deposited on or about the issue date for the relevant Tranche with, and registered in the name of the common depository for, Euroclear and Clearstream, Luxembourg. A beneficial interest in the Regulation S Global Registered Warrant may at all times be held only through Euroclear and Clearstream, Luxembourg. In the circumstances described below under "*Exchange and Transfer of Regulation S Global Registered Warrants for Regulation S Definitive Registered Warrants*", interests in any Regulation S Global Registered Warrant will be exchangeable for Regulation S Definitive Registered Warrants.

Each Regulation S Global Registered Warrant will have an ISIN number.

Owner of Regulation S Global Registered Warrants and Payments

Subject to certain provisions of the Master Warrant Issuance Agreement relating to directions, sanctions and consents of Holders of Registered Warrants and to meetings of Holders of Warrants, so long as Euroclear, Clearstream, Luxembourg, or the nominee of their common depository, is the registered owner or holder of a Regulation S Global Registered Warrant, Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, will be considered the sole owner or holder of the Warrants represented by such Regulation S Global Registered Warrant for all purposes under the Master Warrant Issuance Agreement and the Warrants. Payments on Regulation S Global Registered Warrants will be made to Euroclear, Clearstream, Luxembourg or such nominee, as the case may be, as the registered holder thereof. None of the Issuer, the Warrant Registrar, or any Warrant Agent or any affiliate of any of the above or any person by whom any of the above is controlled for the purposes of the Securities Act will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Regulation S Global Registered Warrants or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. Each such payment in respect of a Regulation S Global Registered Warrant will be made to the person shown as the Holder thereof (or, in the case of joint Holders, the first-named) as appearing in the Register at the close of business (in the relevant clearing system) on the business day on which each clearing system for which the Regulation S Global Registered Warrant is being held is open for business which is the business day of each such clearing system before the due date for such payment.

Exchange and Transfer of Regulation S Global Registered Warrants for Regulation S Definitive Registered Warrants

Beneficial interests in a Regulation S Global Registered Warrant will be exchangeable, in whole but not in part, for Regulation S Definitive Registered Warrants: (i) if Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of public holidays) or announces an intention permanently to cease business or in fact does so; or (ii) if the Issuer, at its option, elects to terminate the book entry system through Euroclear and Clearstream, Luxembourg; or (iii) at the option of the Issuer, if the Issuer would suffer a material disadvantage in respect of the Warrants as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Warrants in definitive form; or (iv) at the option of the Issuer, if the Issuer, any Warrant Agent or the Warrant Registrar, by reason of any change in, or amendment to, the laws of the United Kingdom, is or

Part III – Information Relating to the Warrants
Section III.2 – Form of Warrants and Summary of Provisions Relating to
the Warrants While in Global Form

will be required to make any deduction or withholding from any payment under the Warrants which would not be required if such Warrants were in definitive form.

In such circumstances, (a) the Warrant Registrar will be required to notify all Holders of interests in the relevant Regulation S Global Registered Warrants registered in the name of Euroclear, Clearstream, Luxembourg, or the nominee of their common depository, as the case may be, of the availability of Regulation S Definitive Registered Warrants and (b) the Issuer will, at the cost of the Issuer, cause sufficient Regulation S Definitive Registered Warrants to be executed and delivered to the Warrant Registrar for completion, authentication and dispatch to the relevant Holders. A person having an interest in the relevant Regulation S Global Registered Warrant must provide the Warrant Registrar with a written order containing instructions and such other information as the Issuer and the Warrant Registrar may require to complete, execute and deliver the relevant Regulation S Definitive Registered Warrant.

The holder of a Registered Warrant may transfer such Registered Warrant in accordance with the provisions of Condition 2 (*Form and Transfer*) of the Terms and Conditions of the Warrants.

The holder of a Regulation S Definitive Registered Warrant may transfer such Warrant by surrendering it at the specified office of the Warrant Registrar or any Warrant Transfer Agent, together with the completed form of transfer thereon.

The Warrant Registrar will not register the transfer of or exchange of interests in a Regulation S Global Registered Warrant for Regulation S Definitive Registered Warrants for a period of 15 calendar days preceding the due date for any payment in respect of the Warrants.

SECTION III.3 – PURCHASE AND SALE OF WARRANTS

This section sets out details of the arrangements between the Issuer and the Manager(s) as to the offer and sale of Warrants and summarises selling restrictions that apply to the offer and sale of Warrants in various jurisdictions.

General

- (1) Each Manager has, in a Master Warrant Issuance Agreement, agreed with the Issuer a basis upon which it may from time to time agree either as principal or agent of the Issuer to subscribe for or purchase, to underwrite or, as the case may be, to procure subscribers or purchasers for Warrants. When entering into any such agreement to subscribe for or purchase, to underwrite, or as the case may be, to procure subscribers for or purchasers for any particular Series of Warrants, the Issuer and the relevant Manager(s) will agree details relating to the form of such Warrants and the Conditions relating to such Warrants, the price at which such Warrants will be purchased by the relevant Manager(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such subscription or purchase. The Master Warrant Issuance Agreement contains provisions for the Issuer to appoint other Managers from time to time either generally in respect of the Programme or in relation to a particular Tranche of Warrants.
- (2) No action has been or will be taken in any country or jurisdiction by the Issuer or the relevant Manager(s) that would permit a public offering of Warrants, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required other than in the United Kingdom. Persons into whose hands this Base Prospectus or any Final Terms comes are required by the Issuer and the relevant Manager(s) to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Warrants or have in their possession or distribute this Base Prospectus or any Final Terms or related offering material, in all cases at their own expense.

- (b) made only to persons who meet the Professional Client criteria set out in Rule 2.3.3 of the Conduct of Business Module of the DFSA rulebook.

 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"); and

- (a) *Approved prospectus*: if the Final Terms in relation to the Warrants specify that an offer of those Warrants may be made other than pursuant to Article 1(4) of the EU Prospectus Regulation in that EEA Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Warrants which has been approved by the competent authority in that EEA Member State or, where appropriate, approved in another EEA Member State and notified to the competent authority in that EEA Member State, **provided that** any such prospectus which is not a withdrawn prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the EU Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or Final Terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the EU Prospectus Regulation;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the EU Prospectus Regulation), subject to obtaining the prior consent of the relevant Manager or Managers nominated by the Issuer for any such offer; or

provided that no such offer of Warrants referred to in paragraphs (a) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

- (A) a Warrantheadholder ceases for any reason to be a member of CREST; or
- (B) the Uncertificated Registered Warrants cease for any reason to be participating securities capable of being held in CREST,

then the Issuer shall, in accordance with the rules and procedures governing CREST, ensure that Registered Warrants are issued in exchange for the Uncertificated Registered Warrants and that such Registered Warrants are registered in such names as the Operator shall notify to the Issuer.

3. **Status of the Warrants**

The Warrants of each Series constitute direct, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and, at their date of issue, (save for certain obligations required to be preferred by law) with all other unsecured and unsubordinated obligations of the Issuer for the time being outstanding.

4. **Rights on Exercise**

(a) **"European Style" Exercise**

If the Warrants are specified in the relevant Final Terms as being European Style Warrants, then this Condition 4(a) (*Rights on Exercise – "European Style" Exercise*) is applicable and the Warrants are exercisable only on the Expiry Date, prior to termination of the Warrants as provided in the Conditions, **provided that** and subject to Condition 4(d) (*Rights on Exercise – Automatic Exercise*) below, any European Style Warrant with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5(a) (*Exercise Procedure – Exercise Notice*) shall become void in accordance with Condition 4(c) (*Rights on Exercise – Warrants Void on Expiry*).

The Cash Settlement Amount will be rounded down to the nearest minimum unit of the Settlement Currency, with Warrants exercised at the same time by the same Warrantheadholder being aggregated for the purpose of determining the aggregate Cash Settlement Amount payable in respect of such Warrants.

(c) **Warrants Void on Expiry**

Warrants which are not deemed automatically exercised in accordance with Condition 4(d) (*Rights on Exercise – Automatic Exercise*) below and with respect to which an Exercise Notice has not been duly completed and delivered to the relevant Clearing System and to the Principal Warrant Agent, in the manner set out in Condition 5 (*Exercise*

Procedure), before 10.00 a.m. (local time in the place where the Clearing System through which such Warrants are exercised is located) on the Expiry Date, shall become void.

(d) ***Automatic Exercise***

Notwithstanding Condition 4(c) (*Rights on Exercise – Warrants Void on Expiry*) unless Automatic Exercise is specified as "Not Applicable" in the relevant Final Terms, any Warrant which in the determination of the Calculation Agent is "in-the-money" and with respect to which no Exercise Notice has been delivered in the manner set out in Condition 5 (*Exercise Procedure*) by the Expiry Date shall be automatically exercised by the Principal Warrant Agent on behalf of the Warranholders on the Expiry Date and the provisions of Condition 5(h) (*Exercise Procedure – Exercise Risk*) shall apply and in these Conditions the expression "**exercise**" and any related expressions shall be construed to apply to any such Warrants which are automatically exercised in accordance with this Condition 4(d) (*Rights on Exercise – Automatic Exercise*).

5. **Exercise Procedure**

(a) ***Exercise Notice***

Subject to prior termination of the Warrants as provided in the Conditions, Warrants may be exercised on the Exercise Date by the sending of a fax or email (such email to be sent to cta.payingagency@hsbc.com, or such other email address as notified to the Warranholders by the Principal Warrant Agent from time to time), confirmed in writing, of a duly completed Exercise Notice (copies of which may be obtained from the relevant Clearing System or the Principal Warrant Agent) to the Principal Warrant Agent, not later than 10.00 a.m. (local time in the place where the Clearing System through which such Warrants are exercised is located) on the Expiry Date, subject to Condition 4(a) (*Rights on Exercise – "European Style" Exercise*).

Subject to Condition 4(c) (*Rights on Exercise – Warrants Void on Expiry*), any Exercise Notice delivered after 10.00 a.m. (local time in the place where the Clearing System through which such Warrants are exercised) shall be null and void.

Each Exercise Notice shall:

- (A) specify the name, address, telephone and facsimile details of the Warranholder in respect of the Warrants being exercised;
- (B) specify the number of Warrants of each Tranche being exercised (which must be not less than the Minimum Exercise Number (as defined in Condition 6 (*Minimum Number of Warrants Exercisable*)));
- (C) specify the number of the Warranholder's account at the relevant Clearing System to be debited with the Warrants being exercised and irrevocably instruct, or, as the case may be, confirm that the Warranholder has irrevocably instructed, the relevant Clearing System to debit the Warranholder's account with the Warrants being exercised and to credit the same to the account of the Principal Warrant Agent;
- (D) where applicable, specify the number of the Warranholder's account at the relevant Clearing System to be credited with the Cash Settlement Amount for the Warrants being exercised; and
- (E) include an irrevocable undertaking to pay any applicable stamp duty, stamp duty reserve tax and/or other taxes or duties ("**Taxes**") due by reason of the exercise of the Warrants and an authority to the Issuer and the relevant Clearing System to deduct an amount in respect thereof from any Cash Settlement Amount due to such Warranholder or otherwise (on, or at any time after, the Cash Settlement Payment Date) to debit a specified account of the Warranholder at the relevant Clearing System with an amount or amounts in respect thereof, all as provided in the Warrant Agency Agreement.

(b) ***Verification of Warrantholder***

To exercise Warrants, the Holder must duly complete an Exercise Notice and must have Warrants in the amount being exercised in its securities account with the relevant Clearing System on the Exercise Date. The relevant Clearing System will, in accordance with its normal operating procedures, verify that each person exercising such Warrants is the Holder thereof according to the records of such Clearing System and that such Holder has an account at the relevant Clearing System which contains an amount equal to the number of Warrants being exercised. If the Exercise Notice is, in the determination of the relevant Clearing System, improperly completed or sufficient Warrants or sufficient funds equal to the number of Warrants being exercised are not available in the specified account(s) with the relevant Clearing System on the Exercise Date, the Exercise Notice will be treated as null and void and a new duly completed Exercise Notice must be submitted if exercise of the Holder's Warrants is still desired.

On or prior to the Cash Settlement Payment Date, as the case may be, the relevant Clearing System will debit the Warrantholder's account with the Warrants being exercised.

(c) ***Notification to Principal Warrant Agent***

The relevant Clearing System shall notify the Principal Warrant Agent in writing (with a copy to the Issuer) not later than 11.00 a.m. (local time in the place where the Clearing System through which such Warrants are exercised is located) on the Business Day immediately following the Exercise Date of the number of the account with such Clearing System to which the Cash Settlement Amount is to be credited for the benefit of the Warrantholder.

(d) ***Debit of Warrantholder's Account***

The relevant Clearing System will on or before the Cash Settlement Payment Date debit the relevant account of the Warrantholder and credit the relevant account of the Principal Warrant Agent (in favour of the Issuer) with the Warrants being exercised.

(e) ***Payment***

In respect of Warrants which have been exercised, the Calculation Agent shall by close of business or such other time as is specified in the relevant Final Terms on the date specified therefor in the relevant Final Terms determine the Cash Settlement Amount (if any) to be paid on the relevant Cash Settlement Payment Date in respect of the relevant Warrants **provided that** the Calculation Agent has received notification from the relevant Clearing System specifying the number of Warrants which have been exercised in accordance with Condition 5(a) (*Exercise Procedure – Exercise Notice*) and, shall notify the Issuer and the Principal Warrant Agent of such amounts on the Business Day following the date so specified.

The Issuer will transfer to the Principal Warrant Agent the Cash Settlement Amount in respect of the Warrants being exercised, less any amount in respect of Taxes which the Issuer is authorised to deduct therefrom, for value on the Cash Settlement Payment Date, and the Principal Warrant Agent will cause the Warrantholder's account with the relevant Clearing System to be credited with such amount for value on the Cash Settlement Payment Date.

The Issuer shall pay or cause to be paid when due payments in respect of Uncertificated Registered Warrants to the relevant Warrantholder's cash memorandum account (as shown in the records of the Operator), such payment to be made in accordance with the rules of the Operator. Each of the persons shown in the Operator register of corporate securities as holder of a particular principal amount of Uncertificated Registered Warrants must look solely to the settlement bank or institution at which its cash memorandum account is held for its share of each such payment so made by or on behalf of the Issuer.

(f) ***Payment of Alternative Payment Currency Equivalent***

If "Payment of Alternative Payment Currency Equivalent" is specified as applicable in the relevant Final Terms, then if by reason of a FX Disruption Event or a Clearing System Currency Eligibility Event, the Issuer is not able to satisfy payments in respect of the Warrants when due in the Settlement Currency, the Issuer may settle any such payment in U.S. dollars or any other currency specified as the Alternative Payment Currency in the relevant Final Terms on the due date at the Alternative Payment Currency Equivalent of any such amount due.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5(f) (*Exercise Procedure – Payment of Alternative Payment Currency Equivalent*) by the Calculation Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Warrant Agents and all Warrant holders. By acceptance thereof, purchasers of the Warrants will be deemed to have acknowledged and agreed and to have waived any and all actual or potential conflicts of interest that may arise as a result of the calculation of the Alternative Payment Currency Equivalent by the Calculation Agent.

(g) ***Price Source Disruption and FX Disruption***

(X) If "Price Source Disruption" is specified as being applicable in the relevant Final Terms, then, if on any day on which the Calculation Agent is required to determine a Relevant Rate (a "**Scheduled FX Fixing Date**"):

(A) a Price Source Disruption occurs, (other than as a result of an Unscheduled Holiday), the Calculation Agent shall:

- (1) determine the Relevant Rate by reference to the rate of exchange published by available recognised financial information vendors (as selected by the Calculation Agent) on the Scheduled FX Fixing Date (the "**Fall-Back Reference Price**"); or
- (2) unless the Final Terms specify Dealer Poll as not applicable, in the event that the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market, the Calculation Agent will on the Scheduled FX Fixing Date request four Reference Dealers to provide a quotation of their rate for the Relevant Rate on such day. If at least two quotations are provided, the Relevant Rate will be the arithmetic mean of such quotations; and
- (3) if (i) the Final Terms specify Dealer Poll as not applicable and the Calculation Agent is unable to determine a Fall-Back Reference Price in accordance with paragraph (1) above or the Calculation Agent determines that the Fall-Back Reference Price so determined does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; (ii) the Calculation Agent determines that the Relevant Rate determined in accordance with paragraph (2) above does not accurately represent the rate which the Calculation Agent determines that the Issuer would be able to obtain in the general foreign exchange market; or (iii) fewer than 2 quotations are provided by Reference Dealers following the Calculation Agent's request pursuant to paragraph (2) above, the Calculation Agent will

determine the Relevant Rate on the first succeeding Business Day on which the Price Source Disruption ceases to exist; **provided, however, that** if the Price Source Disruption continues for thirty consecutive calendar days (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (the "**FX Cut-off Date**"), the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that FX Cut-off Date; or

- (B) an Unscheduled Holiday occurs (whether or not a Price Source Disruption also occurs), the Scheduled FX Fixing Date for such Relevant Rate and all other Relevant Rates which have the same Scheduled FX Fixing Date shall be postponed to the first succeeding Relevant Currency Business Day; **provided, however that** in the event that the Scheduled FX Fixing Date is postponed as a result of the occurrence of an Unscheduled Holiday (a "**Postponed FX Fixing Day**"), and if the Postponed FX Fixing Day has not occurred on or before the thirtieth consecutive calendar day (or such other number of calendar days as may be specified in the relevant Final Terms) after the Scheduled FX Fixing Date (any such period being a "**Deferral Period**"), then the next day after the Deferral Period that is or would have been a Relevant Currency Business Day but for an Unscheduled Holiday, shall be deemed to be the Postponed FX Fixing Date and the Calculation Agent shall determine its good faith estimate of the Relevant Rate on that Postponed FX Fixing Day.
- (Y) If at any time, a FX Disruption Event occurs, the Issuer, in its sole and absolute discretion, may elect to either:
 - (A) unless Termination following FX Disruption Event is specified as being not applicable in the relevant Final Terms, having given not less than five days' notice to the Warrantheolders in accordance with Condition 12 (*Notices*), terminate all, but not some only, of the Warrants at their Early Termination Amount (and, if the FX Disruption Event occurs on a Scheduled FX Fixing Date on which there is a Price Source Disruption or Unscheduled Holiday, and the Early Termination Amount is specified as being Fair Market Value in the relevant Final Terms, for the purposes of determining such Fair Market Value the Calculation Agent shall first determine any Relevant Rate (A) in accordance with sub-paragraph (X)(A) or (X)(B) above, as applicable, of Condition 5(g) (*Exercise Procedure – Price Source Disruption and FX Disruption*) if "Price Source Disruption" is specified as applicable in the relevant Final Terms or, otherwise (B) on the date notified to the Warrantheolders); or
 - (B) instruct the Calculation Agent to make such adjustment(s) to the Conditions as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the FX Disruption Event,

provided, however that in relation to sub-paragraphs (Y)(A) and (Y)(B) above, if as a result of the FX Disruption Event the Issuer is not able to satisfy payments in respect of the Warrants when due in the Settlement Currency, the Issuer may settle any such payment pursuant to the provisions of Condition 5(f) (*Exercise Procedure – Payment of Alternative Payment Currency Equivalent*).

If a Scheduled FX Fixing Date is postponed in accordance with this Condition 5(g) (*Exercise Procedure – Price Source Disruption and FX Disruption*), any Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of local banking days as may be specified in the applicable Final Terms) following the postponed Scheduled FX Fixing Date or, if later, the FX Cut-off Date or Postponed FX Fixing Day, as applicable.

(h) **Exercise Risk**

Exercise of the Warrants and in payment by the Issuer and the Principal Warrant Agent will be subject in all cases to all applicable fiscal and other laws, regulations and practices in force at the relevant time (including, without limitation, any relevant exchange control laws or regulations and the rules and procedures of the relevant Clearing System) and neither the Issuer nor the Principal Warrant Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations and practices. Any Exercise Notice so determined to be incomplete or not in proper form or which is not copied to the Principal Warrant Agent immediately after being sent to the relevant Clearing System, shall be null and void. If such Exercise Notice is subsequently corrected to the satisfaction of the relevant Clearing System, it shall be deemed to be a new Exercise Notice submitted at the time such correction is delivered to the relevant Clearing System.

(j) **Effect of Exercise Notice**

Delivery of an Exercise Notice shall constitute an irrevocable election and undertaking by the Warrantholder to exercise the Warrants specified therein, **provided that** the person exercising and delivering such Exercise Notice is the person then appearing in the books of the relevant Clearing System as the Holder of the relevant Warrants. If the person exercising and delivering the Exercise Notice is not the person so appearing, such Exercise Notice shall for all purposes become null and void and shall be deemed not to have been so delivered.

After the delivery of an Exercise Notice (other than an Exercise Notice which shall become void pursuant to Condition 5(a) (*Exercise Procedure – Exercise Notice*), the Warrantholder specified in such Exercise Notice may not otherwise transfer such Warrants. Notwithstanding this, if any Warrantholder does so transfer or attempt to transfer such Warrants, the Warrantholder will be liable to the Issuer for any losses, costs and expenses suffered or incurred by the Issuer including those suffered or incurred as a consequence of it having terminated any related hedging operations in reliance on the relevant Exercise Notice and subsequently (i) entering into replacement hedging operations in respect of such Warrants or (ii) paying any amount on the subsequent exercise of such Warrants without having entered into any replacement hedging operations.

8. **Effects of European Economic and Monetary Union**

- (a) Following the occurrence of an EMU Event, the Calculation Agent may make such adjustment (and determine the effective date of such adjustment) as it determines appropriate, if any, to the formula for the Cash Settlement Amount and any other variable relevant to the exercise, settlement or payment terms of the relevant Warrants which in the discretion of the Calculation Agent have been or may be affected by such EMU Event.
- (b) Following the occurrence of an EMU Event, without prejudice to the generality of the foregoing, the Issuer shall be entitled to: (i) make such conversions between amounts denominated in the National Currency Units of the member states of the European Union that have adopted the single currency in accordance with the Treaty and the euro, and the euro and the National Currency Units, in each case, in accordance with the conversion rates and rounding rules established by the Council of the European Union pursuant to the Treaty as it, acting in good faith and a commercially reasonable manner, considers appropriate; (ii) make all payments in respect of the Warrants solely in euro as though references in the Warrants to the relevant National Currency Units were to euro and (iii) make such adjustments as it, acting in good faith and a commercially reasonable manner considers necessary to the formula for the Cash Settlement Amount and any other amount as it determines, acting in good faith and a commercially reasonable manner, to be appropriate.

- (i) if an Alternative Pre-nominated Index has been specified in relation to such Relevant Benchmark in the relevant Final Terms:
 - (A) unless the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, references to such Relevant Benchmark shall be deemed to be replaced with references to the Alternative Pre-nominated Index with effect from the Benchmark Trigger Event Determination Date; and
 - (B) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Alternative Pre-nominated Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; and
 - (ii) if an Alternative Pre-nominated Index has not been specified in relation to such Relevant Benchmark in the relevant Final Terms or the Issuer determines that replacing the Relevant Benchmark with the Alternative Pre-nominated Index would not produce a commercially reasonable result, the Issuer shall do any of the following:
 - (A) determine that references to such Relevant Benchmark shall be deemed to be replaced by references to such index, benchmark or price source as the Issuer determines would have the effect of placing the Issuer in an economically equivalent position to that which it would have been in had the Benchmark Trigger Event not occurred (the "**Replacement Index**") (and in making such determination the Issuer shall be entitled to take into

account such facts and circumstances as it considers relevant including, without limitation, (i) any index, benchmark or other price source which measures the same market or economic reality as the Relevant Benchmark and which is formally designated, nominated or recommended by the administrator or sponsor of the Relevant Benchmark or (ii) any index, benchmark or other price source which is formally designated, nominated or recommended by any Relevant Nominating Body, in each case to replace the Relevant Benchmark), in which case:

- (1) references to such Relevant Benchmark shall be deemed to be replaced with references to such Replacement Index with effect from the Benchmark Trigger Event Determination Date; and
 - (2) the Issuer shall make such other adjustments to the Conditions as it determines are necessary to account for the effect on the Warrants of referencing the Replacement Index in place of such Relevant Benchmark including, without limitation, to any variable, margin, calculation methodology, valuation, settlement, payment terms or any other terms of the Warrants; or
- (B) follow the steps for determining the relevant rate or level set out in the Relevant Reference Asset Fallback Provisions (if any); or
- (C) determine that the Warrants shall be terminated, in which case the Issuer's obligations under the Warrants shall be satisfied in full upon payment in respect of each Warrant of an amount equal to the Early Termination Amount specified in the relevant Final Terms on the date selected by the Issuer and give notice of such termination to the Warrantholders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*);

provided, however, that if (1) it is or would be unlawful at any time under applicable law or regulation or (2) it would contravene any applicable licensing requirements, in each case, for any of the above provisions or determinations to apply to the Warrants, then such provision shall not apply and the Issuer shall not make such determination (as the case may be) and the Issuer shall instead take any of the above actions that complies with the applicable law, regulation or licensing requirements.

- (b) In making any determination under this Condition 9A (*Consequences of a Benchmark Trigger Event*), the Issuer shall take account of such facts and circumstances as it considers relevant, including, without limitation, any determinations made in respect of any of the Issuer's hedging arrangements in relation to the Warrants (including in respect of any termination or re-establishment of hedging arrangements) and the Issuer's funding costs; **provided, however, that**, in the case of a Series of Italian Warrants, it shall not take account of any such determinations made in respect of such hedging arrangements and/or the Issuer's funding costs.
- (c) If the Issuer is not able to determine the Relevant Benchmark in accordance with the provisions of this Condition 9A (*Consequences of a Benchmark Trigger Event*) on any Relevant Benchmark Determination Date, then the Relevant Benchmark Determination Date shall be postponed to such date as it is able to make such determination and any Relevant Benchmark Related Payment Date will also be postponed, if needed, such that the Related Payment Date shall fall at least three (3) local banking days (or such other number of days as may be specified in the applicable Final Terms) following the postponed Relevant Benchmark Determination Date.
- (d) The Issuer shall promptly following the determination of any replacement for a Relevant Benchmark pursuant to paragraph (a)(i)(A) or (a)(ii)(A) above give notice thereof and of any changes pursuant to paragraph (a)(i)(B) or (a)(ii)(A)(2) (as applicable) to the Principal

Paying Agent, the Calculation Agent and the Warrantholders (in accordance with Condition 12 (*Notices*)).

- (e) Without prejudice to Condition 18(b) (*Adjustments to Indices – Index Modification*), if the definition, methodology or formula for a Relevant Benchmark in respect of a Series of Warrants, or other means of calculating the Relevant Benchmark in respect of a Series of Warrants, is changed, then references to such Relevant Benchmark shall be to such Relevant Benchmark as so changed.

10. **Taxes**

A Warrantholder subscribing for, purchasing or exercising a Warrant shall pay all Taxes and securities transfer taxes and any other charges, if any, payable in connection with the subscription, purchase or exercise of such Warrant and the delivery of the Cash Settlement Amount as a result of such exercise. The Issuer shall have the right, but not the duty (unless required by law), to withhold or deduct from any amounts otherwise payable to a Warrantholder such amount as is necessary for the payment of any such taxes, duties or charges or for effecting reimbursement in accordance with the next sentence.

In any case where the Issuer is obliged to pay any such tax, duty or charge referred to in the previous paragraph, the relevant Warrantholder shall promptly reimburse the Issuer therefor.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer or exercise of any Warrants.

Notwithstanding any other provision in these Conditions, the Issuer shall be permitted to withhold or deduct any amounts permitted or required by the rules of IRC Section 871(m) or IRC Sections 1471 through 1474 (or any amended or successor provisions), pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with these provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**U.S. Permitted Withholding**"). The Issuer will have no obligation to pay additional amounts or otherwise indemnify a holder for any U.S. Permitted Withholding deducted or withheld by the Issuer, a Warrant Agent or any other party as a result of any person (other than an agent of the Issuer) not being entitled to receive payments free of U.S. Permitted Withholding.

11. **Illegality**

The Issuer shall have the right to terminate its obligations under the Warrants, if the Calculation Agent shall have determined that the performance of such obligations under any Warrants (or the Issuer's or the Issuer's designated affiliates' obligations under any hedging or funding arrangement established in connection therewith) shall,

- (a) have become unlawful; or
- (b) impracticable

in whole or in part, including, without limitation, as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive or with any requirement or request of any governmental, administrative, legislative or judicial authority or power, **provided, however, that** if the Calculation Agent determines that the relevant obligations have become unlawful, the Issuer may obtain an opinion of an independent legal adviser to that effect prior to terminating its obligations under the Warrants, and any such opinion shall be sufficient to establish the circumstances required by this Condition 11 (*Illegality*). In such circumstances the Issuer will pay to each Warrantholder in respect of each Warrant held by it an amount determined by the Calculation Agent representing the Fair Market Value of such Warrant immediately prior to such termination. Payment will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 12 (*Notices*).

12. **Notices**

All notices to Warrantholders will be deemed to have been duly given (a) in the case of Registered Warrants if notified to the relevant Clearing System or (b) in the case of Uncertificated Registered

Warrants, if sent by first class mail or (if posted to an address overseas) by airmail to the holders at their respective addresses appearing in the Record and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Uncertificated Registered Warrants are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange. Any such notice shall be deemed to have been given on the date of such notification or, in the case of any of Warrants listed on any other listing authority, stock exchange and/or quotation system, the date of such publication or delivery or, if notified or published more than once or on different dates, on the date of the first such notification or publication (or, if required to be published in more than one newspaper, on the first date on which publication shall have been made in all the required newspapers).

13. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Holders of the Warrants of any Series to create and issue further warrants ranking equally in all respects with the Warrants of such Series so that the same shall be consolidated and form a single series with such Warrants for the time being outstanding.

14. **Purchase by the Issuer**

Each of the Issuer and any person directly or indirectly connected with the Issuer may at any time purchase Warrants at any price in the open market or otherwise, and such Warrants may be held, reissued, resold or, provided such Warrants are held by the Issuer, at the option of the Issuer, reissued or cancelled.

15. **Modification**

Subject in the case of the Warrant Agency Agreement and the Master Warrant Issuance Agreement (as applicable) to the agreement of the other parties thereto, the Issuer may agree, without consent of the Warranholders, to:

- (a) any modification (except as mentioned above) of the Warrant Agency Agreement or the Master Warrant Issuance Agreement or the Conditions which is not materially prejudicial to the interests of the Warranholders as a whole;
- (b) any modification of the Conditions or the Warrant Agency Agreement or the Master Warrant Issuance Agreement which is of a formal, minor or technical nature or is made to correct a manifest error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated; or
- (c) any modification of the Warrants which is made to correct an inconsistency between the final terms and the conditions of the Warrant issue (comprising these Conditions as completed by the relevant Final Terms) and the relevant termsheet relating to the Warrants.

Any such modification shall be binding on the Warranholders and any such modification shall be notified to the Warranholders in accordance with Condition 12 (*Notices*) as soon as practicable thereafter.

16. **Substitution**

The Issuer may also agree, without the consent of the Warranholders, to the substitution of a subsidiary or holding company of the Issuer or any subsidiary of any such holding company (the "**New Issuer**") in place of the Issuer as principal debtor under the Warrants of any Series, **provided that** such Warrants are irrevocably guaranteed by the Issuer. In the event of any such substitution, any reference in these Conditions to the Issuer shall be construed as a reference to the New Issuer. Any such substitution shall be promptly notified to the relevant Warranholders in accordance with Condition 12 (*Notices*). In connection with such right of substitution, the Issuer shall not be obliged to have regard to the consequences of the exercise of such right for individual Warranholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory, and no Warranholder shall be entitled to

claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon such Warrantholder.

17. **Consequences of Disrupted Days**

- (a) For the purposes of this Condition 17 (*Consequences of Disrupted Days*) "**Limit Valuation Date**" shall mean, if any Scheduled Valuation Date in respect of a Warrant is a Disrupted Day, the Specified Maximum Number of Disrupted Days following such Scheduled Valuation Date, notwithstanding the fact that such day is a Disrupted Day.
- (b) If any Scheduled Valuation Date is a Disrupted Day, then:
- (A) in the case of a Warrant which relates to a single Index or Security, the Final Valuation Date shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, **provided that** the Scheduled Valuation Date shall not fall after the Limit Valuation Date. In that case:
- (1) in respect of an Index-Linked Warrant, the Limit Valuation Date will be deemed to be the Valuation Date notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine the level of the Index as of the Valuation Time on the Limit Valuation Date determined in accordance with the formula for and method of calculating the Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the Index (or, if an event giving rise to a Disrupted Day has occurred in respect of the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (2) in respect of an Equity-Linked Warrant, the Limit Valuation Date shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day and the Calculation Agent shall determine its estimate of the value of the relevant Security as of the Valuation Time on that Limit Valuation Date; and]
- (B) in the case of a Warrant which relates to an Index Basket, the Final Valuation Date for each Index not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date and the Final Valuation Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day which is not a Disrupted Day relating to that Index, unless each of the succeeding Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Index. In that case, the Limit Valuation Date shall be deemed to be the Final Valuation Date for the relevant Index notwithstanding the fact that such day is a Disrupted Day relating to that Index, and the Calculation Agent shall determine the level of that Index, as of the Valuation Time on the Limit Valuation Date in accordance with the formula for and method of calculating that Index last in effect prior to the occurrence of the first Disrupted Day using the Exchange traded or quoted price as of the Valuation Time on the Limit Valuation Date of each security or other property comprised in the relevant Index (or, if an event giving rise to a Disrupted Day has occurred in respect to the relevant security or other property on the Limit Valuation Date, its estimate of the value for the relevant security or other property as of the Valuation Time on the Limit Valuation Date); and
- (C) in the case of a Warrant which relates to a Securities Basket, the Valuation Date for each Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Security affected by the occurrence of a Disrupted Day shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day relating to that Security, unless each of the

Scheduled Trading Days (up to and including the Limit Valuation Date) immediately following the Scheduled Valuation Date is a Disrupted Day relating to that Security. In that case, (1) the Limit Valuation Date shall be deemed to be the Valuation Date for the relevant Security, notwithstanding the fact that such day is a Disrupted Day, and (2) the Calculation Agent shall determine its estimate of the value for that Security as of the Valuation Time on the Limit Valuation Date.

- (c) If Averaging Dates are specified in the relevant Final Terms, then notwithstanding any other provisions of these Conditions, the following provisions will apply to the valuation of the relevant Index or Security:
- (A) If any Averaging Date is a Disrupted Day, then, if the consequence specified in the relevant Final Terms in relation to "**Averaging Date Market Disruption**" is:
- (1) "**Omission**", then such Averaging Date will be deemed not to be a relevant Averaging Date for purposes of determining the relevant Cash Settlement Amount **provided that**, if through the operation of this provision no Averaging Date would occur with respect to the relevant Index or Security, then Condition 17 (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable) on the final Averaging Date as if such final Averaging Date were a Scheduled Final Averaging Date that was a Disrupted Day. If any Averaging Dates occur after that Scheduled Final Averaging Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of such Cash Settlement Amount or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event, shall be determined by reference to the last such Averaging Date as though it were a Scheduled Final Averaging Date and the Expiry Date will be postponed, if needed, such that the Expiry Date shall fall at least one Exchange Business Day following such Averaging Date;
 - (2) "**Postponement**", then Condition 17 (*Consequences of Disrupted Days*) will apply for purposes of determining the relevant level or relevant value (as applicable) on that Averaging Date as if such Averaging Date were a Scheduled Averaging Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date for the relevant Warrants. If any Averaging Dates occur after the relevant Scheduled Final Averaging Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the Cash Settlement Amount or (ii) the occurrence of an Extraordinary Event or a Potential Adjustment Event, shall be made on the last such Averaging Date as though it were a Scheduled Final Averaging Date and the Expiry Date will be postponed, if needed, such that the Expiry Date shall fall at least one Exchange Business Day following such Averaging Date; or
 - (3) "**Modified Postponement**", then:
 - (aa) in the case of a Warrant which relates to a single Index or Security, such Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date in relation to the relevant Scheduled Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:

- (i) in respect of an Index-Linked Warrant, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 17(b)(A)(1) (*Consequences of Disrupted Days*); and
 - (ii) in respect of an Equity-Linked Warrant, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 17(b)(A)(2) (*Consequences of Disrupted Days*,
- (bb) in the case of a Warrant which relates to an Index Basket and/or a Securities Basket, the Averaging Date for each Index or Security not affected by the occurrence of a Disrupted Day shall be the Scheduled Averaging Date and the Averaging Date for an Index or Security affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Index or Security. If the first succeeding Valid Date in relation to such Index or Security has not occurred as of the Valuation Time on the Limit Valuation Date immediately following the Scheduled Final Averaging Date, then the Limit Valuation Date shall be deemed to be the Averaging Date, notwithstanding the fact that such day is a Disrupted Day (irrespective of whether that Limit Valuation Date is already an Averaging Date) and:
- (i) in respect of an Index, the Calculation Agent shall determine the relevant level for that Averaging Date in accordance with Condition 17(b)(B) (*Consequences of Disrupted Days*); and
 - (ii) in respect of a Security, the Calculation Agent shall determine the relevant value for that Averaging Date in accordance with Condition 17(b)(C) (*Consequences of Disrupted Days*).

If any Averaging Dates occur after a Scheduled Final Averaging Date as a result of the occurrence of a Disrupted Day, then (i) the calculation of the Cash Settlement Amount and (ii) the occurrence of an extraordinary Event or Potential Adjustment Event shall be determined by reference to the last such Averaging Date as though it were a Scheduled Final Averaging Date and the Expiry Date will be postponed, if needed, such that the Expiry Date shall fall at least one Exchange Business Day following such Averaging Date.

For the purposes of this Condition 17(c) (*Consequences of Disrupted Days*), "**Limit Valuation Date**" shall mean, if any Averaging Date in respect of a Warrant is a Disrupted Day, the Specified Maximum Number of Disrupted Days following the Scheduled Final Averaging Date, notwithstanding the fact that such day is a Disrupted Day.

18. **Adjustments to Indices**

This Condition 18 is applicable only in relation to Index-Linked Warrants.

(a) *Successor Index*

If a relevant Index is (A) not calculated and announced by the Index Sponsor but is calculated and published by a successor to the Index Sponsor acceptable to the Calculation Agent, or (B) replaced by a successor index using, in the determination of the Calculation

Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that Index (the "**Successor Index**") will be deemed to be the Index.

(b) *Index Modification*

If on or prior to any Final Valuation Date or Averaging Date, a relevant Index Sponsor announces that it will make a material change in the formula for or the method of calculating that Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation or other routine events) (an "**Index Modification**"), then the Calculation Agent shall determine whether such Index Modification has a material effect on the Warrants, and if so, shall make such adjustment(s) (if any) as it determines appropriate to account for the economic effect of the Index Modification, and determine the effective date of any such modification or adjustment.

(c) *Index Cancellation*

If on or prior to the Final Valuation Date or Averaging Date (A) the Index Sponsor fails to calculate and announce a relevant Index, (B) the Index Sponsor announces that it suspends the calculation and publication of the level of a relevant Index, or (C) the Index Sponsor permanently cancels the Index and no Successor Index exists (each, an "**Index Cancellation**"), then:

- (i) the Issuer shall as soon as is reasonably practicable after determining the same give notice (an "**Index Cancellation Notice**") of such Index Cancellation to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*);
- (ii) if "Index Substitution" is specified as being applicable in the relevant Final Terms, the Issuer shall, acting in good faith and a commercially reasonable manner, determine whether or not and the date as of which the Index is to be substituted with a Substitute Index and, if it so determines, it shall give an Index Substitution Notice to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*) and, with effect from the date so determined, the Substitute Index shall be deemed to be the Index; and
- (iii) if no Substitute Index has been identified within 10 Business Days of the giving of such Index Cancellation Notice or if "Index Substitution" has not been specified as being applicable in the relevant Final Terms, the Issuer shall, in its sole and absolute discretion, determine whether or not the relevant Warrants shall continue and:
 - (A) if it determines that the Warrants shall continue, then the Calculation Agent shall determine the Relevant Level for such Final Valuation Date or Averaging Date using, in lieu of a published level of that Index, the level for that Index as at that Final Valuation Date or Averaging Date as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the Index Cancellation, but using only those components that comprised that Index immediately prior to that Index Cancellation; and
 - (B) if it determines that the Warrants shall not continue, the Issuer shall terminate the relevant Warrants as of the date selected by the Issuer and give notice thereof to the Warrantheolders (with a copy to the Calculation Agent) in accordance with Condition 12 (*Notices*), specifying the early termination amount and early termination date, and the entitlements of the relevant Warrantheolders to receive the Cash Settlement Amount (or any other payment to be made by the Issuer, as the case may be) shall cease and the Issuer's obligations under the relevant Warrants shall be

satisfied in full upon payment of such amount as is determined by the Calculation Agent to be the Fair Market Value of the Warrants immediately prior to such early termination.

(d) *Correction of Index Levels*

If the level of an Index published by the Index Sponsor at any time and used or to be used by the Calculation Agent for any calculation or determination under the Warrants is subsequently corrected and the correction is published by the Index Sponsor after the original publication, the Calculation Agent will make such adjustment as it determines to be appropriate, if any, to the settlement or payment terms of the Warrants to account for such correction.

19. **Adjustments and Events affecting Securities**

This Condition 19 is applicable only in relation to Equity-Linked Warrants.

(a) *Potential Adjustment Events*

If Potential Adjustment Events is specified as "Applicable" in the relevant Final Terms, the Calculation Agent shall determine whether or not at any time a Potential Adjustment Event has occurred and where it determines such an event has occurred, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Securities and, if so, will make such adjustment(s) as it determines to be appropriate, if any, to the Strike Price, the number of Securities to which each Warrant relates, the number of Securities comprised in a Securities Basket and/or to any other exercise, payment or other term of the relevant Warrants, including without limitation the amount of cash, which may be transferred under such Warrants and determine the effective date(s) of such adjustment(s).

(b) *Extraordinary Events*

If Extraordinary Events is specified as 'Applicable' in the relevant Final Terms, following the occurrence of any Extraordinary Event, the Issuer will determine whether or not the relevant Warrants shall continue and, if so, determine any adjustments to be made. If the Issuer determines that the relevant Warrants shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Final Terms and any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent, acting in a commercially reasonable manner. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(c) *Conversion*

If Conversion is specified as 'Applicable' in the relevant Final Terms, in respect of an Equity-Linked Warrant, following the occurrence of any Conversion, the Issuer will determine whether or not the Warrants will continue and, if so, determine any adjustment(s) to be made. If the Issuer determines that the Warrants shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate to the formula for the Cash Settlement Amount set out in the relevant Final Terms and any other variable relevant to the payment terms of the relevant Warrants and/or any other adjustment and determine the effective date(s) of such adjustment. If the Issuer determines that the Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of any Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount pursuant to such exercise shall cease) as of the date selected by the Calculation Agent and the Issuer's

obligations under the Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

(d) *Correction of Prices*

If Correction of Prices is specified as 'Applicable' in the relevant Final Terms, in the event that any price published or announced on a given day and utilised or to be utilised for the purpose of any calculation or determination under the Warrants is subsequently corrected and the correction is published or announced by the Exchange within one Settlement Cycle after the original publication, the Calculation Agent will make such adjustment(s) as it determines to be appropriate, if any, to the payment terms of the Warrants to account for such correction and the Calculation Agent shall determine the effective date(s) of such adjustment(s) **provided that** if any amount has been paid in an amount which exceeds the amount that would have been payable if the correction had been taken into account, no further amount in an amount at least equal to the excess is payable in respect of the Warrants and the Calculation Agent determines that it is not practicable to make such an adjustment to account fully for such correction, the Issuer shall be entitled to reimbursement of, the relevant excess payment (or, as the case may be, the proportion thereof not accounted for by an adjustment made by the Calculation Agent) by the relevant Warranholder, together with interest on that amount for the period from and including the day on which payment or delivery was originally made to (but excluding) the day of payment of reimbursement by the Warranholder (all as calculated by the Calculation Agent). Any such reimbursement shall be effected in such manner as the Issuer shall determine.

20. **Additional Disruption Events**

Following the occurrence of any Additional Disruption Event, the Issuer will determine whether or not the Warrants shall continue and, if so, the Calculation Agent shall determine any adjustments to be made. If the Issuer determines that the relevant Warrants shall continue, the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the formula for the Cash Settlement Amount set out in the relevant Final Terms and any other variable relevant to the payment terms of the relevant Warrants, and/or any other adjustment which change or adjustment shall be effective on such date selected by the Calculation Agent. If the Issuer determines that the relevant Warrants shall be terminated, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warranholders to receive the Cash Settlement Amount, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

21. **Adjustments where the Securities are Units in an ETF**

Where the Securities are specified in the relevant Final Terms as being Units in an ETF, in the case of the occurrence at any time on or prior to the Valuation Date of any Extraordinary Event affecting the ETF or the value of the Units, the Calculation Agent may make any adjustment as provided in Condition 19 (*Adjustments and Events affecting Securities*) or Condition 20 (*Additional Disruption Events*) or:

- (i) if the Calculation Agent determines that no adjustment that it could make under Condition 19 (*Adjustments and Events affecting Securities*) or Condition 20 (*Additional Disruption Events*) would produce a commercially reasonable result:
 - (A) the Calculation Agent will use commercially reasonable efforts to identify a new underlying asset with characteristics, investment objectives and policies similar to those in effect for the Affected Units immediately prior to the occurrence of the relevant Extraordinary Event and any substitution of the new underlying asset for the Affected Units shall be effected at such time and in such manner as determined by the Calculation Agent; and

- (B) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to, adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Units or the Warrants; or
- (ii) if the Calculation Agent determines that the relevant Warrants shall be terminated, then the Warrants shall be terminated as of the date selected by the Calculation Agent in its discretion and the entitlements of the relevant Warrantholders to receive the relevant Cash Settlement Amount shall cease and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

In this Condition 21, "**Affected Unit(s)**" means each Unit subject to an applicable Extraordinary Event.

22. **Events relating to DR-Linked Warrants**

In relation to DR-Linked Warrants only, if a Delisting of the Securities occurs or the Depository announces that the Deposit Agreement is (or will be) (or is at any time, whether or not announced by the Depository) terminated, then the Issuer will determine whether or not the Warrants shall continue. If the Issuer determines that:

- (i) the Warrants shall continue, it shall elect whether the Security shall thereafter be (x) the Replacement DRs or the Underlying Security and the Calculation Agent may make such adjustment(s) as it determines to be appropriate, if any, to the terms of the Warrants (including, without limitation, any change to the notional number of Securities and/or the formula for the Cash Settlement Amount), and which change or adjustment(s) shall be effective on such date selected by the Calculation Agent; or
- (ii) the Warrants shall not continue, then the Warrants shall cease to be exercisable (or, in the case of Warrants which have been exercised, the entitlements of the respective exercising Warrantholders to receive the Cash Settlement Amount, as the case may be, pursuant to such exercise shall cease) and the Issuer's obligations under the relevant Warrants shall be satisfied in full upon payment of the Fair Market Value of the Warrants.

23. **Warrants Linked to Units in an ETF – General**

If the relevant Final Terms specifies that the Securities in relation to a Series of Warrants are Units in an ETF, then these Conditions shall apply to the Warrants as if references herein to "Underlying Company" were references to the "ETF" and as if references therein to "Security" were references to "Unit".

24. **Third Party Rights**

No person shall have any right to enforce any term or condition of the Warrants under the Contracts (Rights of Third Parties) Act 1999.

25. **Governing Law**

(a) ***Governing law***

The Warrants and any non-contractual obligations arising out of or in connection with the Warrants are governed by and shall be construed in accordance with English law.

(b) ***English courts***

The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**"), arising out of or in connection with the Warrants (including any Dispute regarding the existence, validity or termination of the Warrants or the consequences of their nullity).
