¹ For information purposes only – the price payable by the Issuer for the March 2022 Notes validly tendered in the Offer and accepted for purchase by the Issuer will be determined in the manner described in '*Terms and Conditions of the Offer – Purchase Price*' below and assuming the Tender Offer Settlement Date is 16 November 2020, the Purchase Price will be 102.600 per cent. Should the Tender Offer Settlement Date be postponed, the Purchase Price will be recalculated and will be announced, for information purposes only, as provided in '*Terms and Conditions of the Offer – Announcements*' below.

On the terms and subject to the conditions contained in the Tender Offer Memorandum, the Issuer invites Noteholders (subject to the Offer and Distribution Restrictions contained herein and more fully described in the Tender Offer Memorandum) to tender their Notes for purchase by the Issuer at each relevant Purchase Price set out above, together with the relevant Accrued Interest Payment.

The Issuer reserves the right, in its sole and absolute discretion, not to accept any Tender Instructions, not to purchase the Notes or to extend, re-open, withdraw or terminate the Offers and to amend or waive any of the terms and conditions of the Offers in any manner, including, but not limited to, allocating an amount for the purchase of the Notes that is higher or lower than the indicative Maximum Acceptance Amount, which is expected to be announced on 9 November 2020.

Tenders of Notes for purchase must be made to the Issuer in accordance with the procedures set out in the Tender Offer Memorandum. The Issuer intends to announce, *inter alia*, its decision of whether to accept valid tenders of Notes for purchase pursuant to the Offers in an announcement expected to be made on 13 November 2020.

Notes purchased by the Issuer pursuant to the Offers will be cancelled and will not be re-issued or re-sold. Notes which have not been validly submitted and accepted for purchase pursuant to the Offer will remain outstanding.

Rationale for the Offer

The Offers are being made as part of the Issuer's ongoing management of its liabilities, in this particular instance as the Notes shall soon cease to qualify as eligible liabilities items under the CRD Regulation once they have a residual maturity of less than 12 months. The Issuer intends to continue issuing senior unsecured and subordinated liabilities in all major currency markets.

'**CRD Regulation**' means Regulation (EU) No. 575/2013 on prudential requirements for credit institutions and investment firms of the European Parliament and of the Council of 26 June 2013, as amended or replaced from time to time (including as amended by Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019, to the extent then in application) or similar laws in the United Kingdom.

Purchase Price and Accrued Interest Payment

In respect of any Notes validly tendered and accepted by the Issuer for purchase pursuant to the Offers, the purchase price of each Series of Notes (each a '**Purchase Price**') will be as follows:

- (a) in respect of the March 2022 Notes, a price expressed as a percentage of the principal amount of the March 2022 Notes and determined in the manner described in the Tender Offer Memorandum by reference to a fixed purchase yield of -0.45 per cent (the '**Purchase Yield**');
- (b) in respect of the September 2022 Notes, 100.58 per cent of the principal amount of the September 2022 Notes; and
- (c) in respect of the October 2023 Notes, 100.61 per cent of the principal amount of the October 2023 Notes.

The Purchase Price in respect of the March 2022 Notes is intended to reflect a yield to maturity of the Notes on the Tender Offer Settlement Date equal to the Purchase Yield, determined in accordance with market convention. Specifically, the Purchase Price in respect of the March 2022 Notes will equal (i) the value of all remaining payments of principal and interest on the March 2022 Notes up to and including the maturity date of the March 2022 Notes, discounted to the Tender Offer Settlement Date at a discount rate equal to the Purchase Yield, minus (ii) the Accrued Interest in respect of such Notes. Such price will be rounded to the nearest 0.001 per cent with 0.0005 per cent rounded upwards.

In respect of any Notes accepted for purchase, the Issuer will also pay an amount equal to any accrued and unpaid interest on the relevant Notes from (and including) the interest payment date for

such Notes immediately preceding the Tender Offer Settlement Date up to (but excluding) the Tender Offer Settlement Date, which is expected to be 16 November 2020.

Purchase Consideration

The total consideration payable to each Noteholder in respect of each Series of Notes validly submitted for tender and accepted for purchase by the Issuer will be an amount in cash equal to (i) the Purchase Price for such Series of Notes multiplied by each EUR1,000 in aggregate principal amount of such Notes tendered and delivered by such Noteholder and accepted by the Issuer for purchase (ii) plus the Accrued Interest Payment in respect of such Notes.

Maximum Acceptance Amount

If the Issuer decides to accept any validly tendered Notes for purchase pursuant to the Offers, the total amount payable by the Issuer for all Notes so accepted minus all Accrued Interest Payments in respect of such Notes accepted for purchase is expected to be approximately: (a) the total proceeds received by the Issuer from the issue of the New Notes (the '**New Issue Proceeds Amount**'); less (b) EUR1,000,000,000, which would be used by the Issuer to redeem all of its outstanding EUR1,000,000,000 Floating Rate Notes due December 2021 (ISIN: XS1917614569) (the '**December 2021 Notes**') on 4 December 2020, in accordance with the terms and conditions of those notes (the amount so allocated for the purchase of Notes being the '**Maximum Acceptance Amount**'). When accepting validly tendered Notes for purchase pursuant to the Offers, the Issuer will give priority to March 2022 Notes validly tendered for purchase. Subject to the priority provided to the March 2022 Notes, the Issuer will in its sole and absolute discretion determine the aggregate principal amount of each of the September 2022 Notes and the October 2023 Notes accepted for purchase pursuant to the Offers and reserves the right to accept significantly more or less (or none) of the Notes of one such Series as compared to the other Series. The Issuer reserves the right, in its sole and absolute discretion, to allocate an amount for the purchase of the Notes that is higher or lower than the indicative Maximum Acceptance Amount, which is expected to be announced on 9 November 2020.

New Financing Condition

The Issuer is not under any obligation to accept for purchase any Notes tendered pursuant to the Offers. The acceptance for purchase by the Issuer of Notes tendered pursuant to the Offers is at the sole discretion of the Issuer and tenders may be rejected by the Issuer for any reason. In addition, the Issuer expects to announce today its intention to issue new euro-denominated senior unsecured notes (the '**New Notes**'). The purchase of any Notes by the Issuer pursuant to the Offers is subject also to, without limitation, the successful completion (in the determination of the Issuer) of the issue of the New Notes (the '**New Financing Condition**'). The Issuer reserves the right, in its sole discretion, to use some only (and not all) of the New Issue Proceeds Amount to purchase Notes pursuant to the Offers and to apply the remainder of the New Issue Proceeds Amount towards other corporate purposes (and intends to use EUR1,000,000,000 of the New Issue Proceeds Amount to redeem all of its outstanding December 2021 Notes).

Priority in allocation of New Notes

The Issuer will, in connection with the allocation of the New Notes, consider among other factors whether or not the relevant investor seeking an allocation of the New Notes has, prior to such allocation, validly tendered or given a firm intention to the Issuer or the Dealer Manager that they intend to tender their Notes pursuant to the Offers and, if so, the aggregate principal amount of Notes tendered or intended to be tendered by such investor. Therefore, a Noteholder that wishes to subscribe for New Notes in addition to tendering Notes for purchase pursuant to one or more Offers may be eligible to receive, in the sole and absolute discretion of the Issuer, priority (the '**New Issue Priority**') in the allocation of the New Notes, subject to the issue of the New Notes and such Noteholder making a separate application for the purchase of such New Notes to the Dealer Manager (in its capacity as a manager of the issue of the New Notes in accordance with the standard new issue procedures of such manager). However, the Issuer is not obliged to allocate the New Notes to a Noteholder who has validly tendered or indicated a firm intention to tender Notes pursuant to the Offers and, if New Notes are allocated, the aggregate principal amount of New Notes for which New Issue Priority will be given to such a Noteholder will be at the sole discretion of the Issuer and may be

less than, equal to or greater than the aggregate principal amount of Notes validly tendered by such Noteholder in the Offers and accepted for purchase by the Issuer pursuant to the Offers. Any such allocation will also, among other factors, take into account the Minimum Denomination of the New Notes (being EUR100,000). All allocations of the New Notes, while being considered by the Issuer as set out above, will be made in accordance with customary new issue allocation processes and procedures. In the event that a Noteholder validly tenders Notes pursuant to an Offer, such Notes will remain subject to such tender and the conditions of such Offer as set out in the Tender Offer Memorandum, irrespective of whether that Noteholder receives all, part or none of any allocation of New Notes for which it has applied.

Noteholders are advised to contact the Dealer Manager as soon as possible if they would like any tender instruction or any intention to provide a tender instruction pursuant to the Offers to be taken into account as part of the New Notes allocation process.

Series Prioritisation and Acceptance of Tender Instructions on a pro-rata basis

When accepting validly tendered Notes for purchase pursuant to the Offers, the Issuer will give priority to March 2022 Notes validly tendered for purchase. Subject to the priority provided to the March 2022 Notes, the Issuer will in its sole and absolute discretion determine the aggregate principal amount of each of the September 2022 Notes and the October 2023 Notes accepted for purchase pursuant to the Offers and reserves the right to accept significantly more or less (or none) of the Notes of one such Series as compared to the other Series. The Maximum Acceptance Amount and the principal amount of Notes of each Series which the Issuer accepts for purchase (the "**Series Acceptance Amount**") will be announced following the Expiration Deadline. The Issuer reserves the right, in its sole and absolute discretion, to allocate an amount for the purchase of the Notes that is higher or lower than the indicative Maximum Acceptance Amount, which is expected to be announced on 9 November 2020.

In the event that the aggregate principal amount of Notes of a particular Series represented by Tender Instructions is greater than the Series Acceptance Amount, such Tender Instructions will be accepted on a pro rata basis.

Such pro rata allocations will be calculated in relation to each Series of Notes by multiplying the aggregate principal amount of the Notes of the relevant Series represented by each validly submitted Tender Instruction by a factor equal to (i) the relevant Series Acceptance Amount divided by (ii) the aggregate principal amount of the Notes of that Series validly tendered in the relevant Offer (subject to adjustment to allow for the aggregate principal amount of each Series of Notes accepted for purchase, following the rounding of Tender Instructions as set out below) to equal the Series Acceptance Amount exactly. Each tender of Notes reduced in this manner will be rounded to the nearest EUR1,000 principal amount, provided that the Issuer may refuse to accept Tender Instructions where, following pro-rata, the principal amount of Notes of the relevant Series subject to the Tender Instruction, or the residual amount of Notes in the relevant Direct Participant's account (if any), would be less than the Minimum Denomination in respect of the relevant Series.
