HSBC HOLDINGS PLC GROUP REPORTING CHANGES

HSBC has today published details of the previously announced changes to its segmental reporting, which are effective from 1 January 2025.

In advance of the publication of HSBC Holdings plc's 1Q 2025 Earnings Release, the attached data pack presents the impact on the previously reported financial information of HSBC Holdings plc and its consolidated subsidiary undertakings (the 'Group') for each quarter in the years 2023 and 2024, and the full years 2023 and 2024, of the organisational changes outlined in the announcement on 22 October 2024, the details of which are set out on page 103 of the HSBC Holdings plc Annual Report and Accounts 2024.

A copy of the data pack is also available to view and download at:
<https://www.hsbc.com/investors/results-and-announcements/all-reporting>

Effective from 1 January 2025, the Group's reporting segments under IFRS 8 'Operating Segments' comprise four businesses along with Corporate Centre:

- Hong Kong;
- UK;
- Corporate and Institutional Banking ('CIB'); and
- International Wealth and Premier Banking ('IWPB').

These replace our previously reported operating segments up to 31 December 2024.

The Hong Kong business comprises Personal Banking and Commercial Banking of HSBC Hong Kong and Hang Seng Bank.

The UK business comprises UK Personal Banking (including first direct and M&S Bank) and UK Commercial Banking including HSBC Innovation Bank.

CIB is formed from the integration of our Commercial Banking business (outside the UK and Hong Kong) with our Global Banking and Markets business.

IWPB comprises Premier banking outside of Hong Kong and the UK, our Global Private Bank, and our wealth manufacturing businesses of Asset Management and Insurance.

The data pack provides a re-presented view, for illustrative purposes only, of selected financial information for the four businesses and Corporate Centre for (i) all quarters in 2023 and 2024, and (ii) the full years 2023 and 2024, to align with the Group's operating segments effective from 1 January 2025. This re-presentation has no impact on and does not change the consolidated financial results or financial position of the Group. No additional adjustments have been made to this information other than to reflect the presentation of the Group's new operating segments and all data presented is unaudited.

Group Reporting Changes/2

The Group's reported results are prepared in accordance with International Financial Reporting Standards ('IFRSs'), as detailed in the HSBC Holdings plc Annual Report and Accounts 2024. To measure performance, the Group also uses non-GAAP financial measures, including those derived from reported results that eliminate foreign currency translation differences between periods.

Constant currency performance is computed by adjusting comparative period reported results for the effects of foreign currency translation differences, which distort period-on-period comparisons.

The Group considers that constant currency performance provides useful information for investors by aligning internal and external reporting, and reflects how management assesses period-on-period performance.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This announcement contains both historical and forward-looking statements. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements. Forward-looking statements may be identified by the use of terms such as 'may,' 'intends,' 'plan,' 'will,' 'should,' 'potential,' 'reasonably possible' or 'anticipates' or the negative thereof or similar expressions, or by discussions of strategy. The Group has based the forward-looking statements on current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about the Group, as described under 'Cautionary statement regarding forward-looking statements' contained in the HSBC Holdings plc Annual Report on Form 20-F for the year ended 31 December 2024, filed with the Securities and Exchange Commission ('SEC') on [20] February 2025 (the '2024 Form 20-F'). The Group undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking events discussed herein might not occur. Investors are cautioned not to place undue reliance on any forward-looking statements, which speak only as of their dates. Additional information, including information on factors which may affect the Group's business, is contained in the 2024 Form 20-F.

Alternative Performance Measures

This announcement and the materials referred to herein contain non-IFRS measures used by management internally that constitute alternative performance measures under European Securities and Markets Authority guidance and non-GAAP financial measures defined in and presented in accordance with SEC rules and regulations ("Alternative Performance Measures"). The primary Alternative Performance Measures we use are presented on a "constant currency" basis which is computed by adjusting comparative period reported results for the effects of foreign currency translation differences, which distort period-on-period comparisons. Reconciliations between Alternative Performance Measures and the most directly comparable measures under IFRS are provided in our 2024 Form 20-F, which is available at www.hsbc.com.

Resegmentation Data Pack

4Q 2024

The financial information on which this supplement is based is unaudited and has been prepared in accordance with HSBC's significant accounting policies as described in the Annual Report and Accounts 2024. The financial information does not constitute financial statements prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board ('IFRS Accounting Standards'), is not complete and should be read in conjunction with the Annual Report and Accounts 2024, the Interim Report 2024, and other reports and financial information published by HSBC.

Unless stated otherwise, all information is on a reported basis. Constant currency performance is computed by adjusting reported results for the effects of foreign currency translation differences, which distort year-on-year comparisons. It is computed by retranslating into US dollars for non-US dollar branches, subsidiaries, joint ventures and associates: the reported income statements of comparative periods at the average rates of exchange for the most recent period; and the reported balance sheets of comparative periods at the prevailing rates of exchange on 31 December 2024. We consider constant currency performance to provide useful information for investors by aligning internal and external reporting, and reflecting how management assesses year-on-year performance. Definitions and calculations of other alternative performance measures are included in our 'Reconciliation of alternative performance measures' on page 120 of our Annual Report and Accounts 2024. Alternative performance measures within the Annual Report and Accounts 2024 are reconciled to the closest reported financial measure.

We separately disclose 'notable items', which are components of our income statement which management would consider as outside the normal course of business and generally non-recurring in nature.

The quarterly comparatives are translated at average 4Q24 exchange rates for the income statement or at the prevailing rates of exchange on 31 December 2024 for the balance sheet. The yearly comparatives are translated at average FY24 exchange rates for the income statement or at the prevailing rates of exchange on 31 December 2024 for the balance sheet.

Effective from 1 January 2025, the Group's reporting segments under IFRS 8 'Operating Segments' comprise four businesses along with Corporate Centre:

1. Hong Kong
2. UK
3. Corporate and Institutional Banking
4. International Wealth and Premier Banking

These replace our previously reported operating segments up to 31 December 2024.

This data pack provides a re-presented view, for illustrative purposes only, of selected financial information for the four businesses and Corporate Centre for (i) all quarters in 2023 and 2024, and (ii) the full years 2023 and 2024, to align with the Group's operating segments effective from 1 January 2025. This re-presentation has no impact on and does not change the consolidated financial results or financial position of the Group. No additional adjustments have been made to this information other than to reflect the presentation of the Group's new operating segments and all data presented is unaudited.

1 Banking NII for IWPB is computed by deducting third party net interest income ('NII') in our insurance business from total IWPB NII. Total insurance NII is presented in 'fee and other income' in Insurance in our Group Management View of Revenue. This has resulted in a re-representation of Insurance income in Wealth fee and other income that was previously reported in 'other' fee and other income in the Presentation to Analysts and Investors. The impact was an increase in Insurance fee and other income of \$0.4bn in 2024 and \$0.3bn in 2023 on reported rates of foreign exchange.

2 'Other' includes revenue from Markets Treasury and hyperinflationary impacts. It also includes other non-product-specific income, and notional tax credits.
